

Local Happenings

Recent Toronto guests at the home of Mr. and Mrs. E. C. Penlock, were Misses Doreen Nichols, Edna Button, and Messrs. Kenneth Kernaghan, and Donald Shepperd.

COMING—F. E. Luke, Optometrist, 167 Yonge Street, Toronto's Eyesight Specialist, may be consulted, at Boardway's Drug Store, Stouffville, Thursday, October 18. Eyes examined.

Recent visitors at the home of Mr. Isaac Brillinger Main st., east, were Mr. George Phillips of Toronto, accompanied by his sister Armande, who is the wife of Mr. Albert Gilbert, J.P., Wayland, Ohio. All three are former residents of Stouffville.

The Canadian Chautauqua is coming to Stouffville this fall with a two-day program instead of the four days entertainment which was customary in the past. October 1

and 15 are the local dates. Dr. Tehyl Hsieh, one of China's foremost lecturers who delighted a Stouffville audience on a former engagement some years ago, will appear on one of the programs, which will be presented in Ratcliff's Hall.

Mr. Alex Low, one time station agent at Stouffville and prominent member of the Presbyterian Church when here, died some time ago in Western Canada, so we are reliably informed. The late Mr. Low was well known here, and was a brother to the late William Low, one time furniture dealer and undertaker in Uxbridge. It has been impossible to obtain any information about Mr. Low, other than the bare announcement of his death at his Western home.

MISSIONARY CONFERENCE AT STOUFFVILLE
Inter-Denominational
 Under the auspices of the Ceylon and India General Mission, a Conference Day will be held on October 10, in the Congregational-Christian Church, of Stouffville, under the leadership of the Rev. George W. Hunter, president of the Canadian Council, when a band of missionaries from India will be present to speak. Pictures of India are to be exhibited, also curios will be displayed and the Missionaries are to be in native costume.
 There will be an afternoon meeting of a devotional and inspirational character and in the evening a great missionary rally.
 The Ceylon and India Mission has a staff of 42 missionaries from England, Scotland, Ireland, Australia, New Zealand, U.S.A., Canada and 150 native pastors, teachers and evangelists with schools and homes for outcast children. The mission is inter-denominational and it is hoped that all denominations of the Stouffville district will use this opportunity for Christian fellowship.

Farmers' Information
Killing The Flies
 Most efforts to keep clear of stable flies have been restricted to spraying the flies on the cows. The suggestion is now made that the flies be fought in the stable as well. The idea is to spray while they are settled in the walls and ceiling. If this spraying is done in the early morning it will be more effective as the flies are then sluggish in their movements. Late afternoon is also a good time. Close the stable and spray with a fine mist that fills the air. One part of formalin in 19 parts of milk or sweetened water makes a good and cheap spray. The same mixture may be left around in plates for the flies to drink. Keeping all manure cleared away from the stable and yards will remove breeding places for the flies and reduce the nuisance. Where it is not convenient to move the manure to the fields, it should be kept in a screened shed.
Points on Hog Feeding
 The big thing for the hog feeder to keep in mind, according to the Dominion Animal Husbandman, is "the feeder needs the frame but the packer wants the finish;" and the ideal type which sells as the "select" bacon hog must have both. Grow the frame first. Never feed more than pigs will clean up; overfeeding, particularly of heavy or unbalanced rations, causes unthriftiness which in turn is the common cause of short, thick pigs. For the first four months the pig should clean his trough and look for more.
Current Crop Report
 Frequent showers during the past two weeks in most parts of Ontario have freshened pastures and created good growing conditions for late crops which escaped frost injury. The rain has also materially assisted plowing and many farmers have already begun this fall operation. Sowing of fall wheat is now under way. Prospects for fall feed are still below normal and dairy cattle in some districts are being fed corn and other late fodder crops to supplement pasture. Generally speaking livestock are not in as good condition as usual owing to lack of feed. The early apple crop has been moving freely to the trade with Duchess virtually cleaned out and Wealthies selling at fairly good prices. The yield of tomatoes will be light, but quality good. Some reports of excellent yields of grain are coming in from various counties. Cutting of corn is under way and a good general harvest will assist to offset the shortage of other winter feed. Root crops promise an average yield, except sugar beets which will be 30 to 50 per cent under normal. The apple crop will be one-third or more below average, while peaches are estimated at only one-half an average crop. Good weather is needed to complete the harvest of flue-cured tobacco, already greatly impaired by frost and hail.
Air and Stored Potatoes
 Careless storing of wet potatoes is responsible for unnecessary annual losses. Potatoes ought to be stored dry in a cool, well-ventilated cellar which is perfectly dark. Piling potatoes in heaps in warm and poorly ventilated cellars creates the most favourable conditions for rotting. Before placing the potatoes in a cellar, wooden slats slightly apart should be nailed about six inches or more from the wall, and a temporary floor with cracks between the boards should be laid about six inches above the permanent floor. This will ensure air to circulate around and under the pile of potatoes. If it should so happen that the pile has to be very large, square ventilators made of wooden slats and running from top to bottom of the pile should be put in here and there. Together with the circulation of air at the sides and at the bottom of the pile, these ventilators will keep the

potatoes in a much better condition than if they were in a solid pile. Another good plan is to keep the potatoes in large crates made with slats the ventilation between the crates assisting very much in keeping the potatoes in good condition. The temperature of the storehouse or cellar should be kept as nearly 33 or 35 degrees F. as possible.

MELVILLE
 The Guild will meet this Wednesday in the Church.
 Mr. and Mrs. Harold McKay were home over the weekend.
 Mr. H. S. Lehman spent Sunday with Mr. and Mrs. Jos. Gayman of Stouffville.
 Miss Annie White of the staff of the Whitty Hospital, was home over the weekend.
 On of the burning questions of the day is, just how much rain will the potatoes stand.
 Mr. and Mrs. A. J. Sheffer of Stayner, and Mrs. Hall of Bala; are visiting with Mr. and Mrs. P. E. Steekley.
 Mr. A. D. Bruce is attending the General Council Meetings of the United Church, now in session at Kingston. Mr. Bruce returned home from his duties at the council to take charge of the Sunday School, motoring back to Kingston immediately after the church service.
 We are sorry to hear that Mrs. Wm. Bruce is laid up with a cold.
 Miss Blanche Topham, unfortunately injured her foot with an axe last week.
 Lou Lehman has almost completely recovered from the bad spiking he got in the opening game of the present series with Cayuga.
 Miss Jean Spang of Sandford, and Gladys Lehman, motored to Montreal Sunday with Mr. Ward Hallman, and will be guests of Mr. and Mrs. P. J. Lott, while there.
 This community was well represented at the special services in the United Church at Stouffville, last Sunday, on the occasion of the dedication of the splendid new organ. If you like organ music we suggest you take in the next Sunday evening service when there will be a recital after the close of the regular service.
 On Monday evening of this week the Young Peoples' Guild of Melville, held their annual Corn Roast in Almira, on Lehman's lawn. There was a good crowd in attendance and the evening was spent playing games and singing songs around the camp fire. Our thanks are due to the committee who had charge of the arrangements and carried them out so well.

MARRIAGES
Bain—Ponton
 An interesting wedding took place at the Presbyterian Manse, Newmarket, on August 28th, at 7 o'clock, when Dr. D. McIntyre, united in marriage Miss Charlotte Jacelyn Ponton, of Toronto, and daughter of the late Mr. and Mrs. David Ponton, Newcastle, England, to Mr. Cameron Bruce Bain of Newmarket, son of Mr. and Mrs. Austin Bain. The bride was charmingly dressed, wearing a yellow gown with blonde accessories, and carrying a bouquet of sweet peas and baby's breath. She was attended by the groom's sister-in-law, Mrs. Douglas Bain, and the groom was attended by his brother Mr. Douglas Bain. Following the ceremony the couple motored to Young's Lake, and returned to Newmarket on Tuesday evening.
 The bride is known in Stouffville where she was employed at Dr. H. Freels.

APPOINTED RELIEF OFFICER
 James Rattle of Milliken was appointed Relief Officer for Markham township at a special meeting of the Markham township council this week. He will be paid forty dollars per month and mileage.

Electors of North York

 In the by-election on Monday, September 24, you are called upon to make a clear-cut decision which will have a vital effect on your own future welfare, and that of the whole Dominion of Canada. You are called upon to decide whether you are satisfied with the utter lack of constructive policy and effort on the part of the Bennett government during the last four years, its failure to deal effectively with conditions which have brought unemployment, misery and hardship to hundreds of thousands of Canadians, or whether you desire the Liberal policy which will bring new and adequate policies for dealing with the conditions created by governmental inaction, and will create better times for the people of Canada.
 In 1930, Premier Bennett was elected to office by virtue of his extravagant promises that he would end unemployment, that he would blast a way for Canada's products into the markets of the world. He has utterly failed to do either. Unemployment has increased, Canada's trade has steadily diminished, and people of North York know, better than any words of mine can tell them, how bad conditions have become under the Bennett government.
 In the election of Monday, September 24, the eyes of Canada will be on you, the electors of North York. By electing me you will serve notice on the Bennett government that it no longer has the confidence of the people, and that a change to a new and better era is wanted.
 In asking for your support, my only thought is that I can be of service to you, my fellow-citizens of North York. I pledge myself to serve you whole-heartedly, striving always to put into effect those policies which I believe can better conditions.
 If you are satisfied that the time has come for a change, I appeal to you for your support and for your vote when you go to the poll on September 24.
 Yours very sincerely,
"BILL" MULOCK
 North York Liberal Association.

QUALITY PRICE
