

TOWN TOPICS

The new county road from Uxbridge east to the Lindsay highway south of Greenbank is almost completed.

Mrs. Eliza Rose of Hartman was tendered a party on her 90th birthday when over 40 guests were present. She has resided at Hartman 90 years.

Mr. Ernest Ratcliff is serving on Grand Jury in Toronto. He is the only farmer to have been selected to act on this occasion.

FOR SALE—A Raymond Sewing machine, in good working order. Also a Corona typewriter, portable style, in good working order. Frank Whetter, phone 222 Ringwood.

Toronto truckers were bidding only 35c a bag to the farmers for their potatoes on Monday in this district. New Brunswick tubers are coming into the city this week in car lots for which Toronto wholesale dealers are paying 50c a bag.

F. W. Silversides was in town on Monday after being absent for most of the summer being at his farm up in Scott Township. F. W. states that he will have 3500 bush of grain this fall, with a bumper crop of corn and roots as well.

Aaron D. Grove, Ringwood, who is a local preacher in the Wideman Mennonite Church, as well as being one of the young farmers of the district, will be able to economize on birthday celebrations in his family, for on Sept. 20 their first child was born to Mr. and Mrs. Grove, which date also happens to be Mr. Grove's natal day.

COMING—F. E. Lake, Optometrist, 167 Yonge Street, Toronto's Eyesight Specialist, may be consulted at Roadway's Drug Store, Stouffville, Thursday, October 18. Eyes examined.

"Death Takes a Holiday"

Do not fail to see Martha in "The Price" at Ratcliff's Hall on the evening of Sept. 27.

Olive, the baby girl, 4-years of age, of Mr. and Mrs. Walter Pipher, of Lemonville, is making satisfactory progress toward recovery at the Sick Children's Hospital, Toronto. The little one is suffering from infantile paralysis.

Mr. Otto McMullen, 10th street south, pulled a garden beet the other day which weighed 7 1/2 pounds. It is a Dark Detroit Red variety, and has attained such a size as to take the cake for bulk even in this year of abnormal growth. Can you beat it?

The Uxbridge players will present "The Price" this Thursday evening in Ratcliff's Hall in aid of the Order of Eastern Star, an organization which did a great deal of charity work in town last winter thereby depleting their funds. Buy a ticket and see this drama.

Mrs. James McCullough, O'Brien Avenue, is bereaved in the death of her brother, William H. Jackson, who passed away at the residence of another sister Mrs. J. H. Risebrough, 29 Summerville Avenue, Toronto, on Sunday last. The late Mr. Jackson had resided at Kenmore, New York, but recently retired in Toronto. He had been ill for some time.

The loud complaints against the beer parlors is subsiding in this community at least. For a time so many people were coming this way with the Markham wobble that folks were alarmed about the matter. Either the old soaks are filled up and fewer people become soused than in the opening weeks of the beer parlors, or folks are just becoming accustomed to such conditions, but in any event there is less talk about the matter. The closing of the summer camps and resorts, we believe, has improved conditions some, for fewer young folks are to be seen roaming in or from the beer dispensaries.

When we saw Seneca Baker and Truman Holden shaking hands with each other at The Tribune office door one morning last week, we had to reflect on the great ages of these two octogenarian citizens and on how they truly represent the best type of Canadian citizen. Mr. Baker is 84 years of age, and Mr. Holden 81. As far apart as the poles in political thought they are nonetheless akin in many other respects. They represent the sturdy type of pioneer farmers, for both of them were tillers of the soil in this locality all their long lives, and necessarily have experienced all the hardships incidental to pioneer farm life in the days before machinery entered the picture. Fathers of large families, these men have been nation builders in more than one respect. Mr. Holden has just recovered from a serious illness, while Mr. Baker has been sorely grieved in the passing of his beloved life partner, but these venerable men still live manfully on, tolling as their physical strength will permit, and thus do we pause for reflection as we think of the long and busy years of these grand old men.

Two and a half hours solid enjoyment with every convenience, hardwood floor, garage, Main St. Apply Miss Gertrude Todd.

Next week we enter the final half holiday month for the local merchants this season. They will appreciate the fact that there are five Wednesdays in October.

HOUSE and LOT FOR SALE—Semi-detached pair, frame, one side now rented. Must be sold to close estate. Property located on Mill St., Stouffville. Apply to Harold A. Sanders, Solicitor.

Patrons of the Stanley Theatre are asked to co-operate with us, in parking cars, so as to avoid obstructing roadway to Creamery as traffic is heavy in this vicinity. Do not park in driveway, ample space at rear of the Theatre.

Commaning Wednesday evening next week a dance will be held in the hall at Victoria Square, and continuing every Wednesday evening for the fall season. Good orchestra music and a happy time assured. Come and join the modern and old time numbers. W. Ferguson, floor manager.

When the electric bells failed to function at the school last week, it was ultimately discovered that lightning had entered the building and damaged the transformer in the school. No other damage was done by the bolt. The bells are used in the Continuation School to signal the class periods.

Mr. F. L. Button, K.C., is giving a cash prize of \$5 for the best team of horses on the ground during the County contest in connection with the International Plowing match to be held this year at Maryvale Farms, the home of Mr. Frank P. O'Connor at Wexford. This prize will be competed for by probably 50 teams, and before 25,000 spectators on Tuesday, Oct. 9th.

Some 20 professional men of the Medical Association of East York, with Dr. Gilbert Richardson were guests of Mr. and Mrs. Lloyd Turner, at the Turner farm on Tuesday afternoon. The party composed of the executive members made a close inspection of the fine herd of the Turner's farm dairy, and the milking method employed, and otherwise enjoyed the afternoon and evening in social and business matters connected with their association.

The youthful Brillinger lad from Newmarket who was arrested on a series of cheque forgeries, has been committed to the Industrial School at Mimico until he is 21 years of age. As the lad is only now 13 years his term is a fairly long one. The father, Kenneth Brillinger, who was also taken into custody here was fined \$10 for cruelty to animals in neglecting their horse, and awaits a further charge in connection with aiding the youthful son in the cheque racket which they carried on, as reported in this paper two weeks ago.

Sunday, Sept. 23, will undoubtedly long be remembered as one of the biggest days in the life of Mr. C. H. Devey, of North Toronto, for in addition to being the guest organist for the dedicatory services in Stouffville United Church, he also became the daddy of a lusty baby boy early that morning. Thus if the organist that day had been a little "jumpy", he might well have been excused. However, Mr. Devey is too skilled an artist to allow such a thing to happen, and his playing was that of the skilled musician. As we said at the outset it was a big day for the guest organist, who will agree with these lines:—
Little boys are mighty nice,
Take 'em any day they come;
They are always worth their price;
Life without 'em would be glum.

Mr. John Agnew of Hartney, Man., had a brief over-night visit with his brother-in-law here, Elijah Pennock last week, having been unexpectedly summoned to his home in the West. Mr. Agnew is an Acton, Ontario, boy, but his wife is Mary Connor, a native of Lincolnville and a sister of the late Mrs. Elijah Pennock. She was a Salvation Army Officer stationed at Acton when she came into contact with Mr. Agnew, which had such happy culmination. Mr. Agnew was the son of a hotel keeper, but never knew the taste of liquor. He is an old railroader, and for years was located at Winnipeg, but retired to Hartney in the Souris district, where his married daughter lives. Although this section was a marvelous farming district, it is now five years since the district had a real crop. Mr. Agnew's son-in-law possesses fine barns and equipment, but this fall the buildings are empty. The drought and grasshoppers spoiled every vestige of crop. Last winter farmers killed their cattle and sold them in town at only \$1.50, for a quarter of beef. More recently Mr. Agnew reports, a farmer selling sixty head of cattle—2 and 3 year old steers—for \$120, or \$2 per head. Hartney is located 166 miles south-west of Winnipeg and contains public and high schools, opera house and elevators.

House to Rent—Six roomed house with every convenience, hardwood floor, garage, Main St. Apply Miss Gertrude Todd.

Markham Fair, October 4-5-6. Watch for display adv. in this paper next week with details of the program each day.

A spell of very warm weather in some of the States across the border where there was a good market for Ontario turnips, has caused a slump in the turnip market. One or two cars ready for shipment this week, could not go forward because of lack of demand. Cool weather will pep up the market, it is believed.

The fine Durant motor car belonging to Mr. Abner Baker of Ringwood, turned over on its side travelling north of Lindsay on Monday afternoon, with Mr. Baker at the wheel attempting to make a curve on the road at a fairly high rate of speed. Although the windows in the car were all completely smashed, and fenders crumpled, the passengers escaped with only minor bruises. In the car with Mr. Baker were Rev. W. E. Smalley and Rev. C. S. McGrath, of Stouffville, Mr. Wm. Johnson of the 9th concession, Markham, and a passenger from Lindsay. The party was enroute to Fenelon Falls to attend the funeral of the late Bro. Carew, a valued member of the Baptist Union, who is known personally by many local people. Mr. Baker was following Mr. Jas. Ratcliff who negotiated the curve successfully, but somehow Mr. Baker lost control of his car and struck a large white boulder set out to mark the line of traffic. Some of the passengers returned by train while Mr. Ratcliff was able to bring others who were in the wrecked car.

Have you bought your season ticket for Chautauqua?

This locality is fortunate in securing the well known Canadian Chautauqua to appear in Ratcliff's Hall, Stouffville, giving two entertainments on Monday next, Oct. 1st, at 3.30 and 8.30 p.m., and the remaining two on Oct. 15th, at same hours. Each of the four entertainments will give an hour and a half of high class program. Dr. Tehyl Hsieh, well known international Chinese statesman will lecture. Music and drama by a company of actors. All four concerts for the minimum cost of \$1.00. Tickets may be used by different members of the same family. Apply to your merchant for a copy of the program

Built about 40 years ago, the spacious solid brick residence erected by the late John Bray, merchant tailor, was sold last week to Mr. Harry Paisley of Stouffville. The sale price is said to be less than half the cost of erecting a similar residence today. This property is located on Main street immediately east of the Congregational-Christian church at the corner of Main and Stouffer streets. When first erected the place was regarded as among the very finest properties in the village and there were many new ones at that time. Of more recent years the property fell into disrepair, but Mr. Paisley intends to trim up the once beautiful hedges and otherwise improve the grounds again. The house is finished in beautiful oak and is said to be one of the warmest homes in town. Recently the property came into possession of F. L. Button, K.C., who intended putting on some repairs and generally improving the place had he not found a purchaser.

A FURTHER STEP on the Road to Recovery

A Statement by the Prime Minister of Canada

THE Dominion of Canada will offer for public subscription within the next few days the 1934 Refunding Loan. It is an undertaking of such significance to every citizen that I think it fitting to present this brief explanation of its close relation to the welfare and continued progress of our country.

The 1934 Loan is not an incidental effort. It is a part—and an essential part—of the great debt conversion programme in which Canada has been engaged since 1931, and by which we are refunding at maturity the large sums borrowed for wartime purposes. The national importance of this programme—and of the 1934 Loan as part of it—cannot be over emphasized. It is important from three aspects: 1—National Credit; 2—National Economy; 3—National Recovery. I shall deal with each of these in turn.

1. National Credit

National credit means to a nation what an honest reputation means to a man. Its maintenance is a primary essential and necessitates that each obligation be met, fully and promptly, as it comes due. Our debt conversion programme is then, in the first instance, our method of meeting our obligations and thus maintaining our credit.

By this programme Canada has already refunded \$58,000,000 of maturing wartime debt, and completion of the 1934 Loan will bring the refunded total to over one billion dollars. As a result, Canada's credit stands notably high, both at home and in the great money markets of the world.

Striking evidence of our high credit standing was given within the last few months when Canada secured immediate over-subscription of a long-term loan in London at a price to yield the investor less than 3 1/2% and, in New York, obtained a one-year Loan of \$50,000,000 bearing interest at 2 per cent. And there is equally striking evidence at the present moment in the fact that every internal issue of Dominion of Canada Bonds now outstanding is selling today at substantially above its issue price. The twelve-year 4% Bonds of the 1933 Refunding Loan, issued at 96 1/2, are now selling at 104 to yield approximately 3 1/2%.

2. National Economy

The debt conversion programme, in the second place, is providing substantial savings in public interest charges. The debt which we are refunding was incurred with interest rates at artificially high wartime peaks. Refunding is now being accomplished with interest rates throughout the world moving steadily downward toward more normal levels—an encouraging world movement which is essential to business recovery. By refunding under these conditions Canada has already obtained a reduction of the previous interest charges amounting to more than \$9,000,000 per annum, and completion of the 1934 Loan will provide a further saving of over \$5,000,000 per annum.

The annual saving of over \$14,000,000 thus secured has a direct cash benefit to every tax-payer. This saving has much more than offset the interest charges on the debt which has been incurred to meet the extraordinary burden of unemployment relief. It has, to a considerable extent, offset the heavy burdens which the depression period has imposed with respect to railway and other current requirements. It will also pave the way to tax reductions with the return to better times.

3. National Recovery

The debt conversion which Canada has achieved since 1931, by thus maintaining national credit and securing national economy, has been a major factor in our progress toward business recovery.

A year ago, preliminary to the 1933 Refunding Loan, I took occasion to express the belief that Canada had passed the low point of depression and was definitely upon the road to recovery. Today, our progress toward recovery is a matter of established fact. Since the low point of February 1933, the trend of business has been moving steadily upward in an improvement so marked and so consistently sustained that we need no longer doubt its reality.

The facts of business recovery are written beyond dispute in our statistical records. The most significant indices relate to physical volume of business, industrial production, carloadings, electric power production, employment and prices. Here is the record in each case:

	During Past Year*	Since Low Point of Depression February 1933
Physical volume of business...	13.8%	42.8%
Industrial Production.....	15.7%	56.9%
Carloadings.....	10.3%	29.4%
Electric Power Production.....	12.4%	32.7%
Employment.....	14.7%	17.1%
Wholesale Prices.....	4.0%	13.7%
Farm Products Prices.....	7.7%	43.3%

*In the case of carloadings, employment and prices, the latest figures available are those for August; in other cases, those for July.

Our external trade figures are equally encouraging. During the first eight months of the present year, exports of Canadian products increased approximately \$99,000,000, or 32.7% over the same period last year. The corresponding increase for imports has been slightly under \$93,000,000, or 33.2%.

A Further Step

Anyone who reflects upon these three aspects of credit, economy and recovery will at once appreciate that the debt conversion programme is vitally important to every Canadian and that, consequently, the success of the 1934 Loan is the personal concern of every man and woman in the Dominion.

The 1934 Loan is a further step in a great national undertaking; its success means a further step on the road to recovery. I know that I need not stress the attractiveness of the Loan as the soundest possible investment, for that will be universally recognized. I do, however, earnestly call upon my fellow Canadians to support this Loan to the limit of their abilities as an opportunity to promote our national welfare. I know of no way in which the individual citizen can render greater service to himself and to his country.

W. L. Bennett
PRIME MINISTER OF CANADA

DOMINION OF CANADA 1934 REFUNDING LOAN

Ford USED CAR DEPOT

The best place to buy your used Car is from a reliable New Car dealer. For 10 years we have been giving satisfactory service to Ford owners in this territory. See these specials:
