Mr. Walter Davey, Toronto, was in town on Sunday.

Hoover Estate sale at Gormley today (Thursday) of farm stock, etc.

Mr. and Mrs. J. H. Ratcliff have been visiting for a week among relatives at Brantford and Fergus.

Mrs. James Turner (Carrie Rae), returned to town on Monday evening after a very enjoyable holiday among friends in Scotland and England.

Mrs. Dorothy Smith, O'Brien Ave., has gone to Toronto for an indefinite time. Her son Edwin is in New Liskeard, and George has employment in a Toronto restaurant.

Mr. and Mrs. Frank Rowbotham who will shortly move to Toronto for the winter season again, have rented their house at the entrance to Memorial Park to Mr. and Mrs. Roy Curtis.

Miss Duff, District representative of the W.C.T.U. will address the Sunday Schools of Stouffville at their regular sessions on Sunday morning and afternoon next, Oct. 21. Also on Monday Miss Duff, who is a talented speaker, will address a meeting of public school children to be arranged later in the week.

The old cement sidewalk broken up on Main street south side just west of the railway tracks, was laid by Lud Hoover over 30 years ago. It was one of the best walks in town because many of the more badly heaved are cracked before they are down ten years. Councillors have paid too much attention to getting a low price per foot, and not enough to the quality of the walk, and the foundation. Councillor Walter Brillinger, chairman of the committee this year is not binding the contractor to a stated price, but says he is willing to pay a fair rate for a first-class job. Thus if the walks do not give service, the fault will be with the contractor or contractors whoever they may be.

You can buy Robert Miller's Perfect Table Turnips, at Silver Bros.

Reeve H. W. Sanders and wife left last week on a trip to Chicago, where they are visiting at the home of her brother, Dr. J. F. Burkholder.

Rev. W. W. Fleischer, of Brantford, and former pastor here, was in town on Friday, calling on old friends. Mr. Fleischer addressed the Bible Class of the Baptist Church in the evening.

The inter-school competitors at Markham High School last Friday, saw the record for running hop, step and jump broken, when Charles Ratcliff covered 42 feet 1 1/4 inches. Charles who is a former student at Stouffville, provided one of the high lights of the day's programme.

Storey's drug store is conducting a one cent sale of stationery. That is, you buy a note pad at the regular price of 15c and receive a second one for 1c, or two for 16c. A purchase of a 35c letter pad, entitled you to a second 35c pad for only a cent. 50c paperies are obtainable at 2 for 51c.

The auction sale of furniture conducted by L. E. O'Neill local dealer on three days of last week, proved entirely successful, while the public were given some rare bargains with almost a total clearing of odd pieces, etc. The local home furniture man will soon be adding to his stock the latest creations in his line.

The conference of Regular Baptists for the Sunderland district to which Stouffville is attached, is now in session in the local church. This Wednesday evening Rev. John Cunningham, of Scotch Line, is the special speaker, while musical numbers will be rendered by the Christian Crusade Trio. The business sessions largely conclude with the day meeting, and the evening gathering is of a public nature to which everybody is invited.

Constable Pugh was called into action on Thursday evening when a couple of foreign-born individuals created a small disturbance on Main street, by calling at homes and boisterously demanding lodging for the night. One woman in the centre of the town slammed the door in their face, but because she wished to be rude, but through fear. The words she heard trickling through the keyhole immediately following the shut-out will never be found on any tomb stone. The constable took a bottle of rubbing alcohol from one of the pair, and it was evident both of them had been applying it where it would most affect their brain. The cop escorted them to a box car on the C.N.R. that has been the hang-out for more than one tramp.

We wonder if the milk users of Stouffville realize that they are obtaining the morning liquid at a very low rate per quart as compared with many another municipality. Recent advance in the cost of milk to the dairies has sent the price upward to the consumer in many places. Aurora dairies announce 17 tickets for \$1, or 12c per quart. In Stouffville the price is 8c per quart and although the production price has advanced on two occasions our dealers are holding fast to the low price with no complaint from the housewives. Of course there is always a fly in the ointment, and in this case it happens to be in the milk. College View Farm, Yonge street, comes along with an announcement that milk can be secured at their farm in large or small quantity at six cents per quart and householders are threatening to send a runner to the farm daily to bring the supply for a whole street. At the extremely low rates in Stouffville, the dairies have little fear from more opposition.

Miss Rosie Sander who came to Canada four or five years ago to nurse her aged relative the late Adam Betz, was in town this week visiting Mrs. McMullen. Miss Sander has just returned from a visit to her old home in Germany, and when she showed her Monday's Mail and Globe with an account of the Hitler reign against the protestant churches reported on the front pages, Miss Sander declared the story "terribly exaggerated." "Why," declared Miss Sander, "Hitler is trying to do just the reverse of what those newspapers report." He wants the protestant people to go to church, but they must all go to the same church, not be divided into different denominations." Miss Sander was in Germany when Hitler slaughtered several of his chief lieutenants, but she maintained that he did the right thing. These men had been his trusted friends for long years, and Hitler discovered they were plotting against him. The German people are not wanting war, and when Miss Sander told her family there that she read in the Canadian press that they were secretly preparing and looking for war, they thought that was a joke. All they want is to be peaceable, and permitted to earn a livelihood. Miss Sander prefers life in Canada to Europe, and living here is much easier. Food stuffs are very high in the Fatherland.

Come for your weekend Cookery, at Turner's Dairy, on Saturday at 3 o'clock.

Over the weekend Miss Ruby Yale of Whitby was the guest of Mrs. Chas. Perry.

Save your surplus vegetables for the western relief car to be shipped next week, and watch for details of loading.

Mrs. Nichols arrived from Winnipeg on Monday morning to spend some time here at the home of her daughter Mrs. (Dr.) Herbert Freese.

A sale of Home Made Cookery, will be held Saturday, the 20th, at 3 o'clock, at Turner's Dairy, under auspices of the Missionary Society of Christ Church, Anglican.

A severe frost last Thursday night completely put an end to all garden flowers, and any other growth out of doors. It came as a surprise, for various persons had left their automobiles outside only to find the radiators frozen, while one farmer at Ringwood informs us that his pump was frozen up. The water tap in the park grounds was frozen too, for it had not yet been turned off for the winter season. This heavy frost was said to be just the thing for the turnip crop, but potatoes not covered would be spoiled by it.

Mr. Harry Paisley, transport and live stock dealer, is moving this week into his newly acquired house, the large brick residence one door east of the Congregational-Christian Church, on Main street east. This house was built by the late John Bray, and was one of the beauty spots of the village 40 years ago. The interior trim is all solid oak, and the house is solid brick, and well constructed. Mr. Paisley is making necessary repairs as the place has been vacant for some years. He intends to beautify the grounds by trimming up the hedges, and removing the front hedge entirely for it is thought beyond repair.

The East Toronto Presbyterian of the Woman's Missionary Society will hold a rally in the Sunday School room of Sherbourne United Church on Wednesday, October 24.

The program is an especial one, and includes a bible talk by Mrs. S. M. Beach, and an address on the needs of the foreign field by Mrs. Anson Spotton. Mrs. A. N. Burns of Simpson Avenue will conduct a forum, and Mrs. D. E. Jones of Markham will be in charge of the devotional.

The morning program will open at 10 o'clock, and the afternoon at 2. Luncheon 25c at 12.30. Stouffville and district is expected to attend this rally in large numbers.

Nineteen citizens have been assessed \$1.40 each, which represents the shortage shown by the guarantors of the Canadian Chautauqua which completed their two-day program here on Monday evening. While it was freely predicted that the guarantors would each be soaked \$5, and many of them anticipated this payment, the smaller amount came as a pleasant surprise. "Never again," is the verdict of the majority when approached to sign a contract for 1935. And do you blame them? Just why should nineteen men become liable for this show coming to town, when the majority of citizens are disinterested. Dr. D. C. Smith with the able assistance of W. E. Morden and N. M. MacLean worked hard to interest the public, and with no thought of gain. It is felt that Chautauqua brings to the smaller communities a program of such rare quality as could not be secured under any other conditions. However, if at least 30 or 40 citizens are not sufficiently interested to take it up, it is better rejected by a smaller committee.

We predict that 30 men cannot be secured to sign for 1935, and so we say, "good-bye Chautauqua." The programs this year were excellent. The play "Grumpy" on Monday evening pleased the packed house assembled, while the afternoon program was especially for children. Claremont school came in a body, and other sections outside were also well represented.

## HELP FOR THE WESTERNER

Plans are underway for shipping a car of vegetables to Western Canada again this fall, to the stricken area in Alberta or Sask. For the past two years, now, cars well laden have gone out from the local depot, and some of those who contributed have received grateful appreciation by letter, while the church or station as a whole tell of the wonderful help the vegetables and other supplies were. This no doubt is partly responsible for the desire to send another car this fall. The need is just as great as ever, and the supplies forwarded will gladden many hearts. The work of loading the car will probably be done next week, but everybody is requested to watch for the announcement, when the car will be at the station.

## PLOWMEN'S BANQUET LARGELY ATTENDED

Concluding four days of competition, the Ontario Plowmen's Association held a banquet in the King Edward Hotel, Toronto, at which a goodly number from Stouffville were in attendance. Among the 1000 who sat down we noticed Reeve Kidd of Whitechurch, Tax Collector R. E. Ratcliff who is a member of the executive, Jess Cook, Ernest Ratcliff, Win. Timbers, Fred Timbers, John Crawford (Twp. Clerk) G. A. M. Davidson (Twp. Clerk) Archie Fleming and others. The banquet was given by the city of Toronto and the association. Among the speakers were Mayor W. J. Stewart; Fred G. Fuller, president of the association; J. Lockie Wilson; Jackson Dodds, president of the Bank of Montreal; Hon. Duncan Marshall, Jack Hulbert, English movie star, and Controller Samuel McBride.

Richard Jarvis, twenty, of Milliken, was awarded the first prize trophy for the best work in the intercounty matches, one of the most important competitions. He also won the Hon. John S. Martin trophy, awarded for the best plowed land in sod or stubble either by tractor or team, and the J. R. Herington special trophy for the best work done by a resident of York county in the intercounty matches. Jackson Dodds, president of the Bank of Montreal, compared the work of the farmer and the banker. "Both of us have to plow mighty straight furrows," he said, "and there seems always to be plenty of advice offered both of us."

Four or five speakers, all in the millionaire class, laid claim to being farmers. In fact every speaker had been a farmer at some time or other, according to his word. Jack Hulbert, British screen star declared "that I feel right at home because of my eight pigs and 52 chickens." Originally planned for 500 people, the banquet overflowed from the Crystal ballroom of the hotel into the balcony, then into the rotunda and finally into an adjoining club room.

## Sell Cream or Churn ?

In the large centres of population Creamery Butter has almost completely taken the place of dairy butter. Many farmers have been delivering cream to the Creamery for some years and have given up churning for good. Some did this after exhaustive experiments with the returns got by churning at home and those obtained by selling the cream. Selling the Cream is always the more economical because it saves a heap of labor and the skim milk stays at home in any event.

If you haven't been a Creamery Patron start now. More and more are coming to it every year.
