The Toronto Star is demanding that the Hepburn government close the flood gates of the brewerries, which the paper declares are opened greatly in excess of the wishes of a large majority of the electorate.

Arrangements have been completed for a series of special meetings to be held in the Mennonite Church in town, from Nov. 13 to Dec. 2. Evangelist P. Wiseman of Ottawa will be the special speaker.

A series of evangelists meetings will be opened in the Mennonite Church at Almira (near Almira) beginning Nov. 6. Evangelist C.F. Derstine of Kitchener has been secured for the occasion. All week-night meetings commence at 8 o'clock.

A NEW DEAL FOR TEACHERS

(The Whitby Chronicle)
The minister of education, Hon. Dr. J. L. Simpson, has been telling several organizations in Ontario recently how he hopes to better the lot of teachers, particularly in the rural sections, whose salaries have been cut to the bone during the past few years. Dr. Simpson says that the salaries, and conditions in the teaching profession generally improved.

Dr. Simpson's announcement will not be welcome to certain members of the County Council, particularly the deputy-reeve of Reach Township, who not so long ago on the floor of the Council Chamber in Whitby spoke as if \$500 for a teacher in the rural sections was a high figure compared with \$900 and \$1,000 paid in better times.

This paper has always claimed that the salary of a rural teacher should be in keeping with that paid in the urban centres, and that if the school section is not able to pay, then the government lend aid. This apparently, is what the new minister of education intends to do, for many school sections would find it rather hard at the present time to pay larger salaries, although it must be admitted, that in some sections salaries are extremely lower.

The Braithwaite Hardware announces a special sale of paint from Nov. 1 to 17, made by one of the well known reliable makers, and although all varnishes, enamel, white flat paint, and assorted colors, are offered at 55 cents per quart, they are guaranteed to the same extent as regular lines selling at twice the money. Persons will find it to their advantage to buy now for future use.

Friends will regret to learn that Mrs. Jos. Mertens (west of the village) was in a very critical condition over the weekend. She had been ordered to bed for a long rest cure some time ago, but despite the fact that satisfactory progress appeared to have been made, a turn for the worse was taken last Friday night.

The proprietor of the local theatre was doing his part to assist in entertaining the children on Halloween night by advertising a free show for youngsters under 12 years of age if accompanied by an adult. There was no limit to the size of the family either. If a parent attended the theatre, they were entitled to take in the whole family under 12 years without charge for the kiddies.

Mr. J. K. Agnew moved this week from Main street to Frank Rowbotham's brick house on Church street, one door north of the corner furniture store. Mr. and Mrs. Harold Sanders will occupy the premises vacated by Mr. Agnew, and owned by Miss Gertrude Todd. Mr. and Mrs. Ira Russell are also moving into their newly remodelled home one door east of Walter Dickson's farm home.

Appointed secretary of Baptist Convention of Ontario and Quebec at the annual convention held in Toronto last week, Rev. C. E. MacLeod, of Stouffville enters upon his 25th year in this position. His long service is a tribute to his efficiency, and to hold such a position for a quarter of a century at the will of the voters who attend this annual meeting, is something to be justly proud of.

Hill, Davis and Jack Davis of Glasgow, along with Arthur Forsyth and a party of Toronto hunters were the first to go north for a deer hunt from this district. They, of course, hunt in the North Bay district where the season opens earlier and returned home last week with one big buck shot by Hill, Davis using Nelson Byer's rifle, which of course is well trained for the job. The hunters found the leaves still heavy on the trees in the north and this made the vision difficult for good hunting.

Mr. Norman Bunker, the cement contractor, reports that he does not remember when he had a fall more busy than the present. In fact Mr. Bunker says, "I was forced to reject as much work as that which I undertook to do. I simply couldn't get it done." At present Mr. Bunker is rushing in a couple of cement foundations for new residences in Markham village, and when these are completed, he has various jobs to complete among the farmers. It is encouraging to see the building trade improving again, for it indicates that the people are taking heart, by showing faith in the future.

Last week our esteemed contemporary The Markham Economist entered upon its 80th year of publication. This Journal has served its community long and well, and is deserving of one hundred per cent support by the villagers and the district surrounding. Markham. Congratulations.

The business men of Claremont organized last week with the energetic Chas. Cooper as president. The new organization decided to adopt early closing to the extent that all stores will close at 7 o'clock each Monday, Wednesday and Friday evenings. Heretofore Claremont rendered almost a 24 hour service.

The mild weather which made the fall season beautiful, suddenly changed last Saturday to a semblance of moderate winter atmosphere, and a stiff of snow. Although it moderated by Monday, farmers are taking the tip to rush under cover all roots in the fields, in preparation for a more severe freeze up.

The Young Peoples' Society of the Mennonite Church are entering on a very commendable and profitable work, by taking up a course of bible study. They have chosen Mr. Paul Boardway as teacher, and it is expected that the course will continue over a few months. The first meeting will be on Monday evening, Nov. 5 in the Stouffville Mennonite Church, beginning at 7 o'clock. While the young people of this particular denomination sponsors this undertaking, it is particularly pointed out that any who desire the benefit from this study will be made welcome. It is open to all churches.

Markham Economist:—"Mr. T. W. Underwood who will on the first day of November enter the octogenarian class is to be congratulated upon his still robust appearance and his retention in a very high degree of all his faculties. His outstanding interest in the affairs of his country and his community will apparently never grow less and his remembrance of events in the long ago is unique, affording a great stimulant to his declining years. In politics he is thought to have made a decided advance of late along lines of independence and has apparently become an out-and-out champion of the "under-dog"

The local Justice of Peace A. V. Nolan, is still acting in this capacity, it is announced in response to numerous enquiries. The proposed change in the magistracy broadcast last August by Attorney General Robuck, has not been carried out in its entirety. There were changes made in the appointment of magistrates and certain J.P.'s coming under special duties for which they are to be paid by the government, but the local J. P. is still carrying on as heretofore, taking declarations and affidavits, chiefly for the legal fraternity of the district. Those Justices who are to be paid for their services will be required to issue warrants and act as clerk of the magistrate's court. It is considered that Stouffville's requirements in this regard can be served by the paid J.P. located at Markham. This may work satisfactory until the present J. P. is ultimately dismissed, when the situation will create a greater inconvenience than before the change, with no J.P. to take declarations, etc. After all, with a J. P. at Markham and another at Richmond Hill, why not one at Stouffville for the local district?

A car load of vegetables and other needed things was shipped last week from Louest Hill station to Tyvan, Sask., where the contents will help a needy district.

Fred Nighswander motored out from Toronto on Saturday afternoon to make contact with the deer hunters, in anticipation of the annual hunt.

The United Church W.M.S. meets this Thursday afternoon at the home of Mrs. F. L. Button. The ladies are to be addressed by a guest speaker from Toronto.

The following were guests of Mrs. Sam. Hisey, Clark Street last week: Rev. and Mrs. Roy Hisey and baby, of Verdun Quebec, Rev. Lorne Hisey, Ottawa, Miss Hilda Broad and Mr. Bruce Hisey, Toronto, the latter two being 4th year students of the Toronto Baptist Seminary.

All the leaves and accumulation of dirt was lifted off the Main street pavement on Monday by a couple of extra men employed. Nothing is more unsightly, providing a poor advertisement for the town, than to see piles of dirt continually on the pavement, and it certainly was appreciated to see the street cleaned, as it should be kept all the time.

An interesting event occurred at the home of Mr. and Mrs. F. Marshall on Sunday last when members and friends of the family gathered to do honor to Mr. Marshall's father and mother, Mr. and Mrs. John Marshall of Toronto, who celebrated their golden wedding anniversary on Monday the 29th instant. Besides the honored parents out of town guests included Mr. and Mrs. H. Marshall, Ottawa, Mr. and Mrs. F. C. Marshall, Cobden, Miss Rae Marshall, Toronto and Mr. and Mrs. E. G. Hall and Master Murray Hall, Toronto.

As a result of a hydro pole being broken at Ringwood by a motorist crashing into it, the power was off for more than two hours on Monday afternoon when repairs were underway. As usual it caused a good deal of inconvenience to some users, but apparently it could not be helped. Hydro men from Toronto assisted in the work of repairing the high tension wires which were snapped entwine. Up to this break there had been a long run of steady uninterrupted service, which record we hope will be repeated.

Mrs. George Flint of Wynco, Pennsylvania, celebrated her 90th birthday on October 25 at the home of her daughter, Mrs. Sidney Blaisdell. Mrs. Flint states that if it were not for falling eyesight she would not feel her great age. She received many callers during the day. Mrs. Flint had anticipated spending the day with her son Chancellor Chas. E. Flint, but was unable to do so owing to his illness. Chancellor Flint only recently underwent an operation at the University Hospital and latest reports indicate that he is making satisfactory progress toward recovery. It is a pleasure for this paper to join with the many friends and relatives of the Flint family here in extending hearty congratulations to Mrs. George Flint on the attainment of so great an age.

After spending Sunday afternoon with her mother in Toronto, who at the time was in apparent good health Mrs. Jos. Borinsky, was shocked early Monday morning to receive a message stating that her mother had died suddenly that morning from a heart attack. She was buried in the Jewish cemetery under the ritual of the ancient church. The late Rebecca Shackman at one time soon after coming to this country from Russia, farmed with her late husband near Vivian. They left the farm to locate in Toronto, where they lived some years. Mr. Shackman died less than two years ago, after he had returned to Palestine. This was the burial as he had hoped to be in the land of his forefathers. Five daughters survive including Mrs. Borinsky, to whom every sympathy is extended in this time of bereavement.
