Reave Sanders is away attending county council this week. The deputy reeve of Markham Township, James Rennie, is also being introduced to county council this week for the first time. Mr. Rennie will make a valuable addition to this body.

While our former clubbing rate with magazines which was so popular among our subscribers, has been withdrawn by the magazine publishers, we have been able to secure a similar arrangement with a new set of magazines. Refer to the advertisment on this local page.

Mr. John Turner had a recent visit among relatives in western part of the province. Mr. Turner was at Ingersol and Tilsonburg when visiting his nephew R. W. Hawkins. There is a great deal more snow covering the ground in the Ingersol district that we have here in York county, while fall wheat went under cover in a very promising condition there.

Mr. Timothy Craig Eaton engagement to Mrs. Waddie is announced by Mr. Reginald Elliott of Belleville, brother of Mrs. Waddie, according to a Canadian Press despatch from Belleville. Mrs. Waddie is a daughter of the late John Elliott who was the first manager of the old Standard Bank which opened in Stouffville 40 years ago, and widow of Henry John Waddie, prominent Hamilton industrialist. Mr. Eaton is the eldest son of Lady Eaton and the late Sir John Eaton and a grandson of the late Timothy Eaton, founder of the 'T. Eaton Company, Ltd., and of the late Mr. John McCrea of Omemee. They are prominent in social and philanthropic circles in Hamilton and Toronto and both are accomplished riders. Mr. Eaton is Master of the Fox Hounds of the Toronto and North York Hunt Club.

The annual carnival held by the Town Bible Class at the Arena last Wednesday night, drew the usual capacity crowd, and it certainly was well worth attending. Reeve Sanders informs us that an agreement has been reached by the Canadian National Railways and the corporation whereby the company will obtain their supply of water for engines at \$550 for the next year, instead of paying \$800 as heretofore under an old agreement. The town has made a very fair settlement of the matter, and one we are glad is acceptable to all parties. Before the agreement was reached the company threatened to install an electric pumping system, and supply their own water supply, but evidently after considering the problem, they decided to accept the terms agreed on with the reeve and council for another year at least.

According to information from Queen's Park the dead line for autoists to procure their license plates is January 31. This is a little arbitrary, and the Department should be lenient. The cost of licenses is a heavy item, and while two months has been allowed in the past in which to catch up after paying taxes and living over the Christmas season, it should be continued in behalf of the rank and file of people. These plates are too costly anyway, in view of the six cents tax on gasoline.

The farmers in Markham Township belonging to the Ringwood Union school section, are receiving rebate this week from the Township treasurer on their 1934 taxes An error in the amount collected for school purposes brought in more than the just amount required, which accounts for the rebate to the few farmers on the south side of the townline who are affected.

> Judgment is reserved in the court action heard at Uxbridge last week of McDonald vs. Paisley. The action which drew widespread attention arose over a collision last fall when Harry Paisley's car and a truck driven by Bruce McDonald of Epson, east of Uxbridge collided. Mr. Paisley was travelling south on the second concession of Uxbridge, and crossing the Stouffville road at the foot of Garabaldi hill struck McDonald's truck. Paisley claimed he came to a stop before crossing the intersection but saw nothing coming over the hill. His own car was damaged to the extent of \$27 while the McDonald truck ran over a hundred dollar repair bill, the amount of which formed the action. Paisley counterclaimed, and was represented by F. L. Button K.C., while two solicitors from Toronto pressed the case for the insurance company in which McDonald's truck was covered

# Grain Market

Barley,-There is some activity in this grain but the price has remained about the same on account of the lower freight rate which the Canadian West has into the markets of St. Paul and Chicago. If we are able to keep our quality of barley up to the standard we have shipped, there will be very little harm with this reduction to our barley at the prevailing prices.

Oats-This grain is due for a long pull. There are heavy deliveries in other parts of the country. Through this section few Oats have been sent to the market. There will be heavy deliveries later on which will have a tendency to hold the market steady.

Buckwheat-It is getting to the time of the year when buckwheat should be put on the market. There has been a small raise in the market and we are in a position to take any quantity.
