

# TOWN TOPICS

Mrs. Jane Bacon has returned to Chicago following a couple of months' visit here with her brother Thos. Farrow, Lincolnville farmer.

Little Phyllis Burkholder, aged 7 years, daughter of Mr. and Mrs. Ira Burkholder, was taken home from the Brierbush Hospital last week, following a month's treatment there. Her condition is still quite poorly, the child appearing to be suffering from anemia.

Don't fail to hear Rev. R. J. Irwin of Donlands United Church, at the U.F.O. Oyster Supper, on Friday, Feb. 8. His subject "The Economic Dilemma and the Christian Way Out" should be a matter of general interest to all our citizens.

The Deputy Reeve of Whitchurch will have no difficulty in remembering the first day he ever sat in York County Council. After his initiation into that honorable body, he motored home that evening to find that he had a young son and heir born to his wife during his absence. Reeve Rae said he noticed the deputy reeve was a bit uneasy during the initiatory stages of the new council, but this was nothing new to one travelling an unbeaten path for the first time. Now he's not so sure about the cause of his deputy's restlessness. Well, congratulations 'pop'.

Markham Phone 120

A motor car belonging to Carman Rose took fire and was totally destroyed near Cedar Valley recently.

The initials on the license plates going out from Unionville are HA, but Art Davidson denies that it stands for the Hepburn-Axe.

The county tax in York for the current year is 9 1/2 mills, the same as in 1934. About one third of all the taxes raised in Stouffville are passed over to the county council thus it will be seen that this spending body has a very definite effect on what our local tax rate shall be from year to year.

Farmers! Come and Hear—H.H. Hannam, Secretary-Treasurer of the U.F.O., Toronto, at Ratcliff's Hall, on Friday evening at 8 o'clock. Mr. Hannam will speak on "The Farmers' Problems in Relation to the Economic Set-up."

An exchange paper has no quarrel with Premier Hepburn and members of his government (including our M.P.P. for North York) going up to Calendar and holding the Dionne quintuplets in their arms—but 20 years from now, it would be different. Quite so.

The dangerous condition of the sidewalks lately, leaves us to marvel that no one has received a broken bone or bones from falling on the slippery spots. Mrs. James Mowat took a tumble recently, and although she made the fall very gracefully, she was quite shaken up for a few days, but is now none the worse. The other evening Mrs. Lud. Hoover fell on the sidewalk coming down town, and was almost knocked out by the jolt. Fortunately no bones were broken, but our neighbor will avoid trespassing over the same piece of ice again this winter, we venture to predict.

H. J. Malloy's motor car, driven by his son Lambert figured in a collision at Dickson Hill on Thursday morning, and came out of the accident second best. This was to be expected, however, in view of the fact that the Malloy car slammed into a powerful big milk truck belonging to Mr. Baird. Lambert and three other students of Markham High School, namely Claude Brillinger, Donald Closson and Jack Hill, were proceeding south enroute to the daily grind at the school house. Attempting to pass the big milk chariot, Lambert says he used plenty of horn, and the big truck, slowed and pulled to the right just opposite the farm of Harvey Moyer. Taking this as a polite notice to push by, he stepped on the gas to take the lead, when the truck suddenly swung right across his path headed for Moyer's lane. The passenger car was like a fly charging a concrete wall, for the truck made the lane all right, but the boys in the car were ditched, after taking off the milk stand which stood in the path of the car. Fortunately, no one was injured although the Malloy bus was minus one wheel and suffered other damages, whereas the big truck came out of the charge with only a broken fender.

If you have money and no work it is called leisure, and if you have no money and no work, it is called unemployment.

Luther Middleton of Brougham and Harriett E. Walker of Claremont, are executors of the will in the estate of the late Rachael Walker who died at Claremont on Nov. 16 last, leaving an estate of several thousand dollars.

The weather is certainly changeable this winter. After a very mild weekend on Saturday and Sunday, a high wind came up on Sabbath afternoon, and ere nightfall, the thermometer dipped to zero, which held the weather stiff over Monday.

Last week Mr. A. S. Collins journeyed off to Toronto where he spent a few days visiting his family. After listening to the babble and noise of the big city, our east ender concluded he could stand most anything, and brought back a radio for use in his home.

Mrs. Harcourt of Toronto has been at the home of W. E. Morden for the past two weeks with her sister (Mrs. May) who has been confined to her bed since Christmas. Other visitors were Mr. and Mrs. Jones and Mrs. McKenke and John Jones, all relatives of Mrs. May.

1934 auto markers are as scarce in town as hen's teeth. Certainly the government's warning that they would be tramped on hard was taken seriously, and its just as well perhaps. Its another bill out of the way, which most of us had to look forward to until March in other years.

Mr. Frank Rae, and three sisters were in Toronto on Monday afternoon, attending the funeral of their uncle, the late W. H. Ford, who died at his late home, 55 Springmount Avenue. Deceased was a brother of the late Mrs. James Rae. The funeral took place to Prospect cemetery.

Messrs. Henry Wideman, Jacob Wideman, and Anthony Hoover, were called to Toronto on Wednesday to act as pall-bearers for the funeral of the late Mrs. Mary Burkholder, wife of the late Alfred Burkholder, who died at the advanced age of 80 years. The remains were taken to Edgeley cemetery for interment.

Mrs. Blake Sanders has been spending a week in Welland, visiting Mrs. Oscar Baker. Mr. Baker, who found employment back here in the old home district last summer, has secured a position at Queen's Park, being engaged in the relief department, which owing to its ever-increasing functions, has been considerably enlarged in personnel.

Two of our widely known ladies, who sustained broken limbs early in the winter, are progressing favorably, we are pleased to announce. Both Mrs. Archie Leaney and Mrs. Ira Freil met with unfortunate accidents about the same time, each sustaining a broken leg. Mrs. Freil who fell in her home in some manner last November with such disastrous results, is now able to be removed from her room, and is down stairs almost daily, although unable to move about unaided. Owing to the crippled condition of her hands she cannot readily use crutches, and this is a serious handicap. Mrs. Leaney, who fell some time later, is hoping to get rid of the cast shortly, when it is believed she too will rapidly recover.

It would be good business for the local village council to give early consideration of the laying of a water main on Second street, from the north corner of Dr. Sangster's property to a point near the Ninth concession. Last year this work was strongly advocated by various of the council, but for some reason or other it was never gone on with. We were informed only the other day, that certain householders on Second street have not a sufficient water pressure, and when water is being drawn off the small pipe which supplies the locality, other householders cannot get any. While not a great hardship, this is a real inconvenience, and there is no valid reason for it to exist. However, the chief need of a water main on Second street, is to supply the houses on the north side of Main street should their services at any moment play out. It is regarded as inadvisable to do anything with the pipes running under the Main street pavement, and when they are worn out in the west end the logical way is to re-service the houses from the rear of their properties off Second street. On the whole the new water main is needed to improve the service in the north-west part of the village, the water works department have plenty of money in reserve to do the work without adding one cent to taxes or water rates, and finally we have men in dire need of the work. Reeve Sanders and Chairman Watts of the Water and Light Committee will be making no mistake by getting after this extension at the first possible moment before the weather conditions warrant proceeding.

Mrs. George Dowswell has suffered a relapse and is again confined to her bed, we regret to report.

For Rent—House with six rooms and house with five rooms. Both centrally located in Stouffville. Apply to Less Rowbotham.

J. L. Byer, the honey king (how sweet) of the district, is offering an attractive price on 60 pound containers owing to a surplus he has on hand. Some families in this district use over 400 pounds per year of this honey, and after all, it is the finest thing one could eat. If people knew more about the health qualities of honey, they would eat more of it. Read the notice on the back page of this issue.

If we are not mistaken in our dates, one of our readers, Elijah Lagerer, will celebrate his natal day once again ere another issue of this paper goes to press. On Feb. 13 Mr. Lagerer will be 88 years of age, but he is very bright and active for so advanced an age. Our townsman was one of a family of ten children, but all of them have passed to the realm beyond excepting Elijah and one other brother. Congratulations Mr. Lagerer.

Here we are in to February, and trucks and cars are operating on the roads between Stouffville and Toronto, almost as easily as in mid-summer. Yet one need not be very old to remember the days when even Main roads were so full of snow and deep ditch-holes, that horses almost went out of sight negotiating them. Certainly it appears from the fact, that climatic conditions are changing in Ontario, so far as snow is concerned. Sub-zero weather however, is still experienced.

Wilbert Burnett, the Imperial Oil distributor in Stouffville, has a young nephew in the hospital at Sudbury, as an amputation case. His name is Frank Ward, and the young man had been engaged in a gravel pit of some sort in the north country where he was really doing missionary work of a religious nature, but was caught in a land slide while working at the pit. He was pinned in several feet of gravel, resulting in one foot being badly crushed. It was later, amputated just above the ankle, and young Ward is now doing very well. The father of the unfortunate lad also suffered serious injury last week, when he was kicked in the leg by a horse. The limb was broken, and the patient is resting at his home in Sutton.

Hydro light and power continues to steadily expand among the local farmers. The latest patrons of the "Great White Light" are Charlie Harper and Frank Timbers just south of the village on the 9th concession. These energetic and advanced farmers have had their premises wired for the current since early winter, and had high hopes that the Commission would be prepared to serve them more promptly than has proven to be the case. However, Mr. Burns, of the Markham Rural Hydro, anticipates making contact with these new customers this week. For a start both farms will require current for lighting houses and barns, but ultimately they will add the many devices that will save time and labor by letting hydro do the work.

## IT'S A SUCCESS

In most homes the old guess-work baking days have gone, never to return. Then it was a matter of anxious conjecture as to whether or not that batch of bread would rise properly. All of our baking is a scientific success. Our bread should be one of your standard family foods.

STOUFFVILLE BAKERY

O.E.S. will hold a public euchre in their rooms in the Ratcliff Block this Thursday evening (Feb. 7.) An enjoyable time is assured.

Home-made quilts for sale by the Ladies' Aid of the Stouffville Christian Church. Apply to Mrs. L. Rowbotham or Mrs. A. S. Collins.

The O.E.S. will hold a euchre in their rooms in the Ratcliff Block this Thursday evening (Feb. 7.) An enjoyable time is assured.

Guests with Mr. and Mrs. Les. Rowbotham one week were Mrs. Fegen and daughter Marie of Goodwood, Mrs. Ken Resor, Altona, and Miss Gladys Gilroy of Calgary.

Canadian Corp 1914-1934 Record—"Reunion Souvenir Book," popular edition \$1.00, plus 20c if mailed. Secure your copy now. Place your order with Syd G. Schmidt, local representative for the Canadian Veteran Associates.

The Women's Liberal Club will meet at the home of Mrs. Borinsky, O'Brien Ave., on Tuesday evening, Feb. 12. Good program is expected. Mr. E. M. Still will give an address on Banking. Ladies are cordially invited to attend this meeting.

Farms are in demand in the Aurora district notwithstanding the hard times. J. M. Walton had thirty applications in one day, says the Aurora Banner, for a farm he advertised to rent. Very few farms in this district are available to tenants and the situation in Aurora is very similar to Stouffville. James Brodie advertised for 150 or 200 acres to rent, and didn't obtain one application. A few farmers who have returned from the Western provinces are taking up farming again in this county. A few years ago, each spring saw a large migration of young Ontario farmers going west and from every station carloads of settlers effects were moving West at this season.

Do you listen to Dick the Amateur Gardener at 12:30 daily over C.K.O.C. Hamilton? If not you have been missing a treat. The local Horticultural Society have been fortunate in securing him for a date (April 4) giving his radio friends a chance to meet him in person. At a well attended meeting of the Directors of the Society at Mrs. Doten's it was decided to hold our Annual Flower Show, on August 15th and 16th. By so doing we will be able to have Mr. John F. Clark act as judge. As this is an earlier date than usual it is hoped those interested in exhibiting will plant their gardens accordingly. There is also to be a bird-house building competition put on for the benefit of the local and surrounding school children. Fuller particulars will be given out later.

## Eastern Canada Potatoes Now Under Regulation

The Eastern Canada Potato Marketing Scheme submitted by representatives of the potato industry, has been approved by Hon. Robert Weir, Dominion Minister of Agriculture, and the Governor in Council, upon the recommendation of the Dominion Marketing Board.

The scheme embraces the provinces of Prince Edward Island, Nova Scotia, New Brunswick and Ontario.

Under the scheme outlined in this issue, it is expected orderly marketing will result primarily through control of the grades of potatoes entering the commercial channels

of trade and potatoes of inferior grades will not be allowed to glut the market. Consignment selling, which has been contributing largely to price demoralization will be prohibited and sales will be made under firm contracts. The scheme also provides for the development of export markets and for increasing domestic consumption of potatoes.

Moreover, it is believed the utilization of potatoes in various forms which might be marketed in this country or find an outlet in other countries, has not been fully explored and that organization of those concerned with potatoes will greatly facilitate the type of work necessary to develop such possibilities.

## "SERVICE"

# Grain Market

## GRAIN

Markets are in a nervous state due to the decline in American prices and also to the fact that it is becoming apparent that we are going to have a lot of wheat left here in Canada. A few months ago all thought that this was the year that the wheat prices holding very well indeed. We bid for good Malting Barley 76c, Oats 35c, Mixed Grain (limited quantity) \$20.00 ton, Buckwheat 44c bus.

## SEED GRAIN

If you have good Barley, Oats, Spring Wheat, Peas etc., that is good enough for seed we would advise getting in touch with us now. On account of the splendid crops here last year we are looking for a light demand for seed grain this year. It may be a case where the early seller will get the best price.
