

# TOWN TOPICS

New Radio for Sale—General Electric, absolutely new. Will sell at half price. Apply to L. Keeping, Phone 8114.

Tomorrow we welcome in the month of March: Ah March we know what thou art kind hearted, in spite of ugly looks and threats. And out of sight, do nurse the April violets.

Mrs. John Raymer died on February 21st, at the home of her daughter in San Luis Obispo, California, after an illness of several months. Formerly Miss Emma Armitage, of Oakwood, Ontario. Mrs. Raymer lived in Stouffville for a few years after her marriage. She is survived by her husband who is a brother of Mr. Eli Raymer of this village and by two sons, and three daughters living in Western Canada and the United States.

In most homes the old guess-work baking days have gone, never to return. Then it was a matter of anxious conjecture as to whether or not that batch of bread would rise properly. All of our baking is a scientific success. Our bread should be one of your standard family foods

# Sawing Wood or Felling Trees?

You'll be happy sawing wood or cutting down trees this month, if you are equipped with our saws and axes. They're reliable in the steel, stay sharp longer, and enable the farmer to do more work with greater ease.

## BRATHWAITE HARDWARE

Stouffville, Ontario

Charlie Cooper, Claremont, has a good C.C.M. bicycle with new tires for sale at a bargain. A chance for your boy who is looking for a wheel. Phone Claremont 3308.

The tax rate up in Meaford for 1935 is set at 55 mills. The northern municipality is commonly called the fishing centre of the district. Well, the burdened tax payers certainly must feel they are themselves poor fish.

Mrs. Allan Bartholomew, daughter of Mr. and Mrs. George Cook, of Stouffville, underwent an operation on Friday last at the Newmarket hospital, and latest word is to the effect that she is progressing very favorably, with every hope for a successful recovery and early return to better health.

Yesterday one of our long-standing old ladies, Mrs. James Wagg, was 84 years of age. She is spending the winter in Toronto with her daughter, Mrs. Fockler, but for half a century was a resident just north of Stouffville on what is known as the Wagg sideroad. The old farm is now in the hands of one of her sons, Vincent. Mrs. Wagg is quite active for her advanced years.

The following pupils of Mr. T. W. Eagleson passed the Toronto Conservatory of Music Mid-Winter Examinations: Junior Piano: Murray Oster. Primary Piano: Marion Richardson, hon. Elementary Theory: John Chipman, hon. Introductory Piano: Lenore Baker, hon. Margaret Freel, Kenneth Oster. Master Murray Oster, ten years old, has passed five regular music exams, three of them with honours.

Farmers north of Stouffville are putting in their annual supply of ice from Lake Musselman. Since the more stringent regulations on milk shippers have been made, ice is now a very necessary commodity on most farms. Only those with a flowing well or good spring, can really afford to be without it. One thing, its free for the taking, and scores of farmers' may be seen cutting their supply and hauling it home in anticipation of that season when the very sight of it will be refreshing. Wouldn't it be a great boon here in Ontario if we had some source of fuel supply such as parts of Western Canada, that could be dug out of the earth as free as the lake ice.

The Stouffville Curling Club team gave a good account of themselves in the Ontario Bosphorus in Toronto last week climbing up into the semi-finals by winning three games defeating outstanding rinks. The locals were Harry Brillinger (sk), F. L. Button, K.C., Wm. McNair and Herb. Porter. They were droff their winning streak by the Toronto Granites in a close fought game by 11 to 14. Had they won this game the boys would have been in for one of the handsome prizes. Before they met their Waterloo Stouffville team trimmed the boys from London, then Brampton, and finally defeated the winners of the Mail and Empire prize in 1934.

It certainly is not the first mouse to cause some excitement among a crowd of human beings, and perhaps not the first to figure in a train wreck, but so far as we know it was the first one to be in a car accident. We refer to the little mouse which escaped from Henry Miller's auto when it was struck by the passenger train on Friday morning. With a crowd of men gathered round, the car door was opened and out rushed the frightened little rodent. Talk about women making a fuss, why there wasn't a man in the crowd who did not move back. The mouse hastened down the street to more safe quarters in some cellar. The feminine part of Mr. Miller's family will probably think it was a bit of providence that the car was shook up by the train, for the affair might have been mild as compared to what might have happened if the little mouse had taken refuge in someone's pocket at no distant date.

After conducting the small fruit and vegetable acreage on Main street east beyond the 10th concession on the property once owned by G.R.V. Thomas, rural mail courier, William Collins has decided that it is a poor venture, and will give up the property this spring and return to the "big white lights" where he was adept in slinging fish and chips for the general public. Mr. Collins does not expect to re-enter the fish restaurant game again, but will seek some other employment. A native of England, this citizen of such short duration, spent years in the Canadian West, and was once a Dominion government employee, but was thrown out of his position during the period of cutting down over-manned staffs. He then came to Toronto and bought a fish and chip shop, which looked better than homesteading in the West. Last year he rented the house and barn with several acres of land where he now resides, only to find he could not make money or a livelihood in this form of farm work. He will hold an auction sale of his farm tools, cow, poultry, and house furniture, on Wednesday afternoon, March 6, as per advertisement in this issue.

Owing to the popular response we have decided to continue the following offer: SPECIAL—

Mr. Arthur Swift has got moved into Mrs. Fred Wilson's late home, one door west of his garage premises. This will be most convenient for the garageman, who will now be close to his work, and readily available to his customers.

Dr. Marcus Crosby, clerk of the town of Uxbridge, and widely known veterinary of many years standing, suffered a heavy stroke last week at his home in the northern town. Old friends in Stouffville earnestly hope that he will make a complete recovery. Dr. Crosby is a native of Zephyr.

"The Scribe" in the Markham Economist directed a gas attack on Stouffville hockey team a couple of weeks ago but in our rush of more important business we didn't have time to return the volley, and merely put on our gas mask and carried on. A similar attack directed against the Lindsay hockey team last week had heavy repercussions however, which incidentally is providing a bit of fun for hockey fans and those who like that sort of thing.

The Stouffville Bakery has just completed the installation of a number of bread boxes of the thermos type. That is they are intended to keep in heat or cold at such temperature as is required. Hundreds of loaves can be put away in the wire trays and stored in the thermos box in readiness for the drivers. This will ensure bread leaving the bakery fresh and warm and in perfect condition. The local dough punching plant is always abreast of improvements, and few towns or villages can boast a more modern plant than that of the Stouffville Bakery

The annual meeting of the Park Commission took place on Friday evening last when the secretary gave a statement of the work carried on in the Park during the year 1934.

Evidently they had a busy year, and carried out many improvements, which add greatly to the appearance of the park.

As a result of Dr. Sangster's thoughtfulness and generosity, we have six additional acres added to the park, making in all an area of about 21 acres.

The old park area was all plowed, harrowed, levelled, and seeded, and is now one of the best baseball diamonds in the country.

The new addition on the west side was also plowed and levelled, and is now in fit condition for softball and other games. 75 to a hundred trees were planted on the west side, which will in time, lend itself to picnics and sports of different kinds. A serviceable bridge was built, connecting the old park with the new addition.

A new flag pole was erected near the Veterans' Memorial guns. In order to bring our town up-to-date, our business men financed the colored lights.

The Memorial Park is proving to be one of the best assets in possession of the town. The members of the Park Commission are deserving the thanks of the town for the greatly improved appearance of the park.

One of our prominent citizens, is presenting to the park a tourist cabin, to be built this coming summer. As those improvements cannot be carried on without finance, it would be well for our citizens to show their interest in the welfare of Memorial Park by doing what they can in contributing to its financial and moral support.

The officers elected for 1935 are as follows:— President—Dr. D. C. Smith Sec'y-Treas.—Dr. S. S. Ball Ground and Sports Committee—Dr. W. A. Sangster, Norman McLean and John Hodgins.

—RADIO— Representative for Philco, General Electric, Marconi and Victor Radios. New and used sets for sale. Expert service and repair on all makes. GEORGE J. STOREY Phone 102

For Sale—Electric stove in perfect condition. Will sacrifice. Noah Baker.

The town of Whitby struck their tax rate for 1935 last week at 45 mills, Uxbridge town at 48 mills and Richmond Hill 49 mills. In the latter two cases the rate is just one third higher than the rate in Stouffville.

Ladies please be advised that the Betty Beauty Salon will be closed Monday, Tuesday and Wednesday, March 4, 5, 6, as the proprietress will be in attendance at the Hairdressers' Convention in Toronto.

On Sunday next the evening service begins in the Christian church. We should be pleased to welcome all who previously attended this service. If you have no church home and have not been in the habit of attending church why not come out with us on Sunday. We extend a hearty invitation to the public—Harry Worling, pastor.

## STOUFFVILLE RING MEN

We judge by the remarks of the Newmarket Era that we have some real boxers here in our midst, as a couple of Stouffville lads participated in one of those events over in the Canal Town one evening recently. Concerning the part played by the local "glove" men the Era says: "Before a crowd of over 300, Promoter Thompson's Oriole A. C. show was held last night. From the standpoint of evenly matching, the Cadieux-Spencely scrap was the best. In the last two bouts the local boys both acquitted themselves well but experience and ring generalship by the boys from the bright lights were too much for the home-brews. The two bouts carded in the novice class to open the show were the Bone-Miller and Galbraith-Lee mix-ups. Lee subdued for Woodcock, who had been billed.

In the first, the battling tom-tits made a pretty fair scrap, Whitey Bone getting the decision. The curly-headed boy did all the heavier punching and leading Young Miller showed promise and can sure take it. Lee's aggressiveness won the second three-rounder by a wide margin; Galbraith can take the punching but left too much leading to Lee, who piled up a good margin in every round by his willingness to mix.

More damage was done in the third bout, than any of the rest. After two dead rounds, so dead all the boys needed was the music to make a perfect dance. Spencely went after the Stouffville expressmen in the third and finished up by cutting his lip. Scoring two knock-downs in the fourth and fifth rounds from fast, two-fisted attacks, the ruddy-faced lad from Mount Albert made his margin wide and

G. G. SIBBITT Watchmaker 13 Years with THE ROBERT SIMPSON CO. Mail Order Dept. Stouffville Work Solicited All work guaranteed MARKHAM ONTARIO

A much improved boxer over his last appearance here. Cadieux's stable-mate, Harry Davis, also from Stouffville, won a close decision from Walt Gilroy.

Although outweighed by two pounds, he had an advantage in the reach and made good use of it to do all the heavier punching and leading."

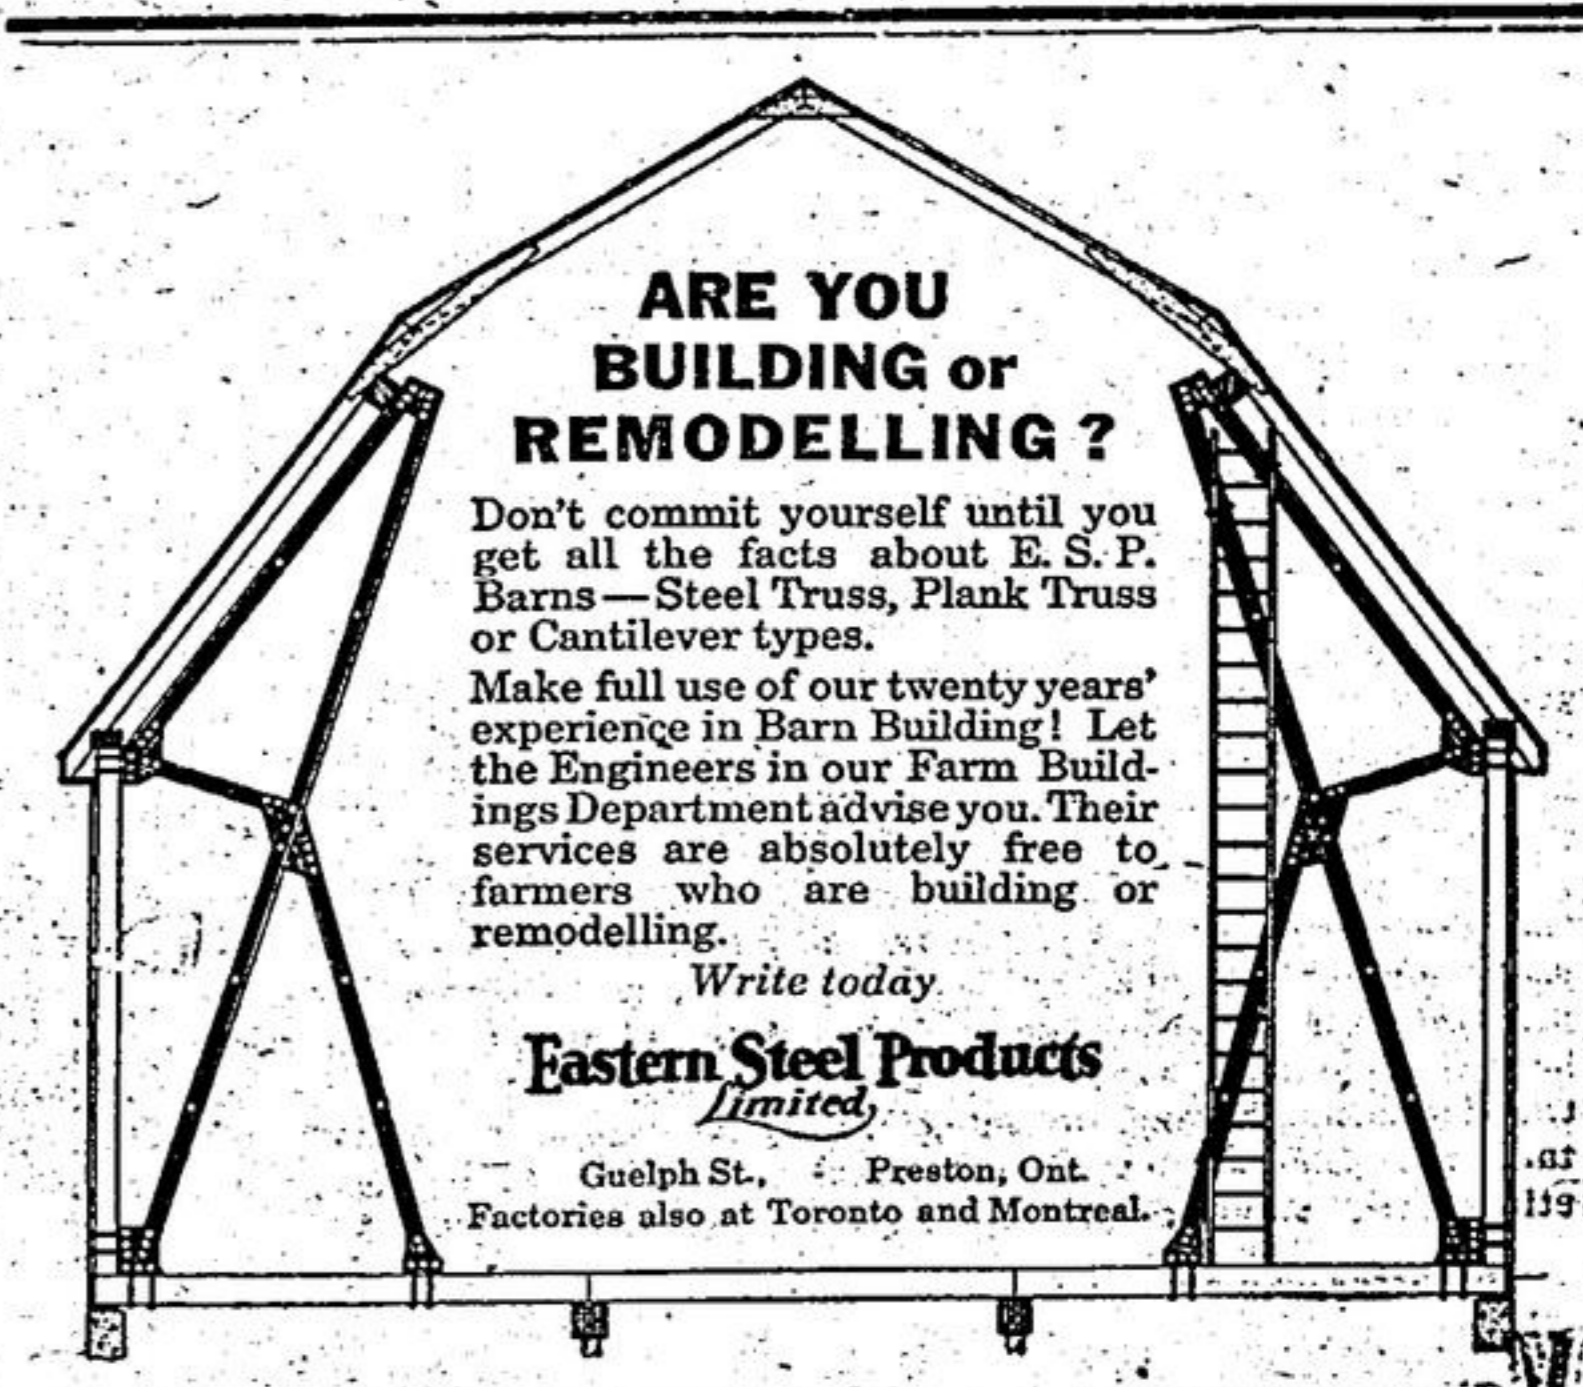

## "QUALITY" "SERVICE"

# Grain Market

Markets are in a nervous state due to the decline in American prices and also to the fact that it is becoming apparent that we are going to have a lot of wheat left here in Canada. A few months ago all thought that this was the year that the wheat would all be sold. Barley is the one bright spot with prices holding very well indeed.
