

TOWN TOPICS

Miss M. Cook, R.N., of Toronto, and Miss Simpson, who is employed at the Parliament Building, Toronto, spent the weekend with their aunt, Mrs. Harry Gilbert, westend.

After spending the winter with her daughter Mrs. W. McLaughlin in Toronto, Mrs. James McCullough returned home to Stouffville last week and is being welcomed back by her many friends.

April came in on Monday with a little snow flurry, which almost turned to rain, making the streets very sloppy. The month will have to live up to its best record to compare with the beautiful sunny weather of March.

Hold! Hold!—A special representative for Tip Top Tailors will be at our store on Thursday, April 18 to measure you for that new spring suit or overcoat. Tailor made at \$23.75. A. E. Weldon, Stouffville.

William Stewart of Fox Warren, Manitoba has been visiting his uncle Mr. William Stewart, Main street. Misses Sadie and Gladys Evans, and Mrs. E. W. Evans of Claremont were also visiting the latter's father Mr. Stewart one day recently.

Mr. Robert Ratcliff has about 500 maples tapped in his Whitechurch Township bush, and the make of syrup coming to town is of excellent quality. The run has been much better the past week, and syrup is selling at \$2.00 per gallon containers extra.

The Toronto office of Messrs. McCullough & Button, Stouffville, has been changed from the Hamilton Trust Building to No. 908 Central building, 45 Richmond street west, where Toronto clients may consult Mr. Button every Tuesday and Friday. Telephone Adelaide 7380.

On Friday Mr. Fred Silversides was able to return home from St. Joseph's Hospital, Toronto, where he underwent a serious operation just ten days before. The veteran auctioneer made an heroic and marvelous recovery, which enabled him to leave the hospital in record time. He is still a very sick man, but everybody hopes he will be about again when the warm weather sets in.

Experienced nurse disengaged. phone 4915, Stouffville.

Rev. S. Cressman and wife have gone to Kitchener for an indefinite period, where the local Mennonite pastor hopes to recuperate his health.

Unpaid taxes in Stouffville for 1934 total around \$1900. Needless to say, it is a problem which not only causes concern to the councillors, but more especially those rate-payers who find themselves unable to meet their tax obligation.

Mrs. John Grove has rented the small stucco cottage on Baked Ave., owned by Frank Baker. The former tenant, W. S. Widdifield has moved to the other side of the same street to a house vacated by Fred Thurkell.

Word has just been received from Mission Texas, the home of Mrs. F. Whitteley, daughter of Mr. S. Herbert Foote of Whitechurch, to the effect that this former resident is making good progress toward recovery following a long and protracted illness. This will be good news to the many old friends in the home section.

The monthly meeting of the Jr. Women's Institute will be held on Wednesday afternoon, April 10th, at the usual hour at the home of Mrs. Joe Cooney. Mrs. A. Elson will give a paper on "Teaching Etiquette to children, and the Current Events" will be given by Mrs. Allen. Also an instrumental by Mrs. Ross Ratcliff. A social half hour is being arranged—All welcome.

A large frigidaire box has been built in Ratcliff & Co.'s grocery store, which is calculated to accommodate a large amount of perishable goods. The new fixture is unique in that it was designed by Mr. James Ratcliff, and was erected by local labor. In addition to being a thing of beauty, the fixture is a most useful and necessary storage plant for any up-to-date grocery today.

Although he was struck by a car a week ago while attempting to cross Main street near the Button Hardware, Mr. Harmon Yake, one of our eastside farmers, is about as usual, and has been on the go every day as if nothing had happened. Mr. Yake is a boy in spirit, although he will be 84 years of age next month. His energy is remarkable, and friends are glad that this farmer whose youthful days seem to stretch away back into the pioneer times of the section, is still going strong.

The girls of the Evening Auxiliary attracted no less than 185 persons to partake of the Irish Supper served in dainty style last Thursday in the basement of the United Church. The members, under their leader Mrs. Milton Storey, left nothing to be desired in the meal dispensed to all who came, and everything from pickles, hot meat, etc., to choice cakes and pies tempted even the most delicate appetites—most of 'em were not delicate however. Although the supper was only 25c per plate, the proceeds were most gratifying to the Auxiliary.

Mr. and Mrs. A. V. Nolan, were in Brampton on Saturday where the members of Ontario and Quebec division of the Canadian Weekly press were entertained by Mr. C.V. Charter of the Brampton chain of newspapers. Very interesting was a visit to the famous Dale Estate Nursery, where 35 acres of plants and flowering bloom may be seen. This great nursery, the largest on the American continent, employs 400 hands, and in addition to horticulture is an important producer of vegetables. Their annual output of hothouse tomatoes totals 30,000 pounds annually. Mr. and Mrs. Charter entertained their guests royally, which concluded with a luncheon at the beautiful home of the host and hostess.

The Town of Whitby is this year collecting its taxes in four instalments instead of the customary two. It is believed that more instalments and smaller amounts are easier to get from the tax payers, and we are inclined to think there is much in this contention. While Stouffville might well consider collecting taxes in three instalments instead of two as at present, we are not so sure that it would be feasible in townships to attempt to divide the tax bill into even two instalments. The farmers' income is more suitable to paying this demand in the fall season when their main crop is being marketed.

The Men's Lawn Bowling Club on Friday evening re-elected the old officers for 1935, and accepted the financial statement as presented by the secretary T.B. Rae. A successful summer was reported, and the club was said to be in good healthy condition financially, with liability reduced on the new club house which is one of the finest in these parts. The officers as re-elected for 1935 are:

President—M. E. Watts
1st Vice—Blake Sanders
2nd Vice—Willis Lehman
Sec'y-Treas.—T. B. Rae
Grounds Committee—James Ratcliff, W. E. Morden, W. R. Sanders, Cliff Pipher.

GARDEN SEEDS

In Bulk and Packages

Cheap seeds generally prove the dearest in the end
the difference in price is only a few cents but at har-
vest time it means the difference between success and
failure.

"SERVICE"

CANADIAN GRIMM ALFALFA

Our best GRIMM ALFALFA was grown on our
farm, threshed with our machine, thoroughly cleaned
and tested. We can stand right behind it and would
specially recommend it. Great care should be taken in
the purchase of Alfalfa Seed because last year's crop
was inclined to be weedy, and there is bound to be
lots of low grade offered.
