ALTONA On Friday evening last Miss Kate Reesor was pleasantly surprised at her home when the people of the community turned out en masse to show their appreciation of her faithful services as teachers in the school at Altona. The evening was agreeably spent in playing games and in social intercourse after which a varied programme of vocal and instrumental music, readings, etc was rendered by local talent. Mr. Barkis Reesor ably acted as master of ceremonies. At the conclusion of the programme Miss Reesor was requested to come forward and an address was then read by Mrs. E. Drewery while two pupils, Fred Lewis and Douglas Drewery presented her with a walnut chest. Miss Reesor in a few well-chosen remarks, thanked all for their gift, as well as for their loyalty and co-operation during her term as teacher. Refreshments were then served and the happy evening brought to a close. Following is the address: Dear Miss Reesor: It is with mingled feelings of pleasure and regret that we, the pupils, parents and friends of this school community have assembled here, on this occasion. We regret to learn that our relations as parents and teacher are about to be severed but it affords us pleasure to think that, as one of our girls who has always lived in our midst, you will still be a valued member of our community. For six years you have faithfully performed your duties as teacher of our children and we realize that they are losing not only an able, efficient instructor but a true friend. During that time your industry, integrity and infinite patience with those under your care has been an inspiration to us as parents as well as to your pupils. You have, at all times, both by word and example, endeavoured to instill into your pupils those traits of character which are necessary for the upbuilding of useful, honest citizens. No doubt, you have often been sorely tried by their waywardness but you have dealt with them so justly and kindly that you have merited their love and respect. You have not confined your efforts to the school room but have always lent a willing hand to help along any worthy enterprise in the community. In fact we feel that in school, church and community you have done your duty nobly. We pray that God may bless your future efforts in whatever sphere you may be. As a slight token of our love and esteem for you we ask that you will accept this chest, not for its intrinsic value, but merely as a remembrance of our affectionate regard. We assure you that it is packed to the brim with the love and sincere good wishes of your pupils and friends at Altona. Signed on behalf of the community: - Mrs. S. H. Fretz, Mrs. B. Lewis, Barkis Reesor.
