NOTES & COMMENTS

The Federal Election will be a harvest election—but for whom?

One of the first actions of the Ontario Government when the financial situation in the province becomes sufficiently settled will be to restore loans to farmers. There has been much criticism from farmers at the decision of the Hepburn government to stop all farm loans, but no other course was open at the time. It must be remembered that the former government operated the Farm Loans Board as a sort of political agency and millions of dollars were loaned unwisely. When the Liberals came into office, they found chaos. They had to set to work and rebuild the entire system and place it on a business basis.

Just when the reorganization was progressing nicely, along came the Dominion Government with its Farm Creditors' Act which certainly did not help the provincial situation. It was first decided by the Ontario cabinet to cease operations and merge the system with the Dominion Board. But differences arose and when it was evident that the Dominion authorities were not going to co-operate with Ontario, the local board was continued and loans were made.

Then came the battle with the financial interests. Faced with a crisis of great magnitude, the Hepburn government was forced to conserve all its resources and shake off the attempt to dominate the province by the big interests. On the "outs" with the banks, the government was compelled to stop the farm loans. But the farm loans board is still in existence, supervising the collection of monies from debtors. When the right time comes, and it may not be far distant, the loans will be resumed on the same businesslike basis that marked the work of the new board after the government took hold of affairs.

Twin Sisters Active at 85—Always Together

Mrs. Bowers and Mrs. Hodgson May be the Oldest Native Twin Girls in Ontario—One to Have Diamond Wedding Celebration Soon.

One day, 85 years ago twin girls were ushered into the world under pioneer conditions on a back-woods farm near Green River in Pickering Township. They went to school and lived together until they married—Marriage meant that they no longer lived in the same home, but during all their life-time they have remained within a short distance of one another, and to-day the twins, Mrs. George Bowers and Mrs. H. Hodgson, are residents of Stouffville, says the Toronto Star.

"We're the oldest twins in York County and perhaps in the province," Mrs. Bowers said. "I mean that we are the oldest born in Ontario." Both are in good health and take an active interest in life. Mrs. Bowers and her husband will celebrate their diamond wedding anniversary next winter on January 18. Mrs. Hodgson was widowed 12 years ago, but keeps house for herself on Church Street. The sisters see one another almost every day.

"We've never lived more than four miles apart," Mrs. Bowers said. "And we came to Stouffville about the same time. We've done everything—together all our lives. We joined the church when we were 17 at Whitevale, and now for 9 years in Stouffville we have attended the United church together." "We used to look so much alike that even father and mother couldn't tell us apart if our backs were turned," Mrs. Hodgson said. "We were alike in many ways. Mother always kept us dressed alike because we wanted it that way. Our natures were much alike too." The sisters are the daughters of the late Mr. and Mrs. James Middleton, who were pioneers in the Pickering district. Their father and mother came from England with their families when the father was 19 and the mother 11. They came on the same sailing vessel and the passage took 6 weeks. Later they were married and moved into what was then the bush on the 7th concession in Pickering, where the twin girls were born.

came to Canada there were only a few houses in Toronto, then "Muddy York." There was a hotel, the others dwellings, but all were built of logs. Father became interested in politics and did a great amount of work for Sir John A. Macdonald.

"Like all twins, Mrs. Hodgson and I have looked very much alike and just the other day one of the papers mixed us up, calling her Rachel and me Matilda," Mrs. Bowers declared. "People often made mistakes and we used to play jokes on the young men. We would go to church with one and come home with a different one, and neither would know the difference. Our husbands could always tell us apart when they were courting us."

"We're quite a bit alike in disposition, for we both like fun and both have been very active," Mrs. Bowers said. "There didn't seem much difference in the way we studied at school for we were both in the same class all the way through. The teacher had a great time telling us apart. Before he was certain sometimes he had to look for a scar on my wrist where my brother had let a hay knife fall. We've both lived quiet but busy lives. There were ten in our family, four sons and six daughters, but we two are the only survivors."

Mrs. Bowers feels that a great change has come over the world, and that it has not been an improvement. "I don't think I'd like to be young to-day," she said. "Everyone is looking for pleasure, but when we were young we were just as happy and contented. Lots of young people to-day have been married and have absolutely nothing ahead of them."

Mrs. Bowers has one great hobby, crochet work, but Mrs. Hodgson considers that keeping house all alone at her age is a fine hobby.

"Neither of us ever smoked and we were both strong for temperance," Mrs. Hodgson said. "I think it's ridiculous for women to smoke."

Mrs. Hodgson can remember only one quarrel with her sister and it was many years ago when they were girls. "We were papering the sitting room and we couldn't get the paper on straight so each one blamed the other," she said.

"It will be hard when the final separation comes, but it will come and we must face it as cheerfully as we can," Mrs. Hodgson remarked.

RINGWOOD

BOOZE PARTIES IN CARS END IN COURT

Constable John Windsor was called to Ringwood from Musselman's Lake the other evening to deal with a man and girl, who were parked opposite the home of Miss Lucy Schell and making more noise than a three-ringed circus. Pulling up on the pair the cop located a partially emptied bottle of liquor in their possession, and from their actions surmised where the remainder of the booze had gone. The gent was a middle aged man or more while his companion was some years younger. They were both charged with a breach of the L.C.A. and will be required to tell their story, or that part of it they can remember, to Magistrate Keith in county court. Our new constable at Lake Musselman is having plenty of encounters with boozed-up couples who imagine this section is the end of the earth where there is no law nor order. The sad awakening of these couples who come out from the bright lights is too bad for them. When Constable Windsor stepped up to a car at the lake the other evening, the woman threw a flask of gin out the window partially emptied. They too will settle with the magistrate.

INSTITUTE MEETING AND PICNIC

The Senior Women's Institute of Stouffville will hold a picnic in Memorial Park, on the afternoon of Wednesday, July 17. This is the regular meeting, but a program of sports will be conducted in charge of the program committee Mrs. Paisley, Mrs. Saunders and Mrs. Brown. The picnic will be a pot luck lunch. Come all, and enjoy the outing.

BIG TOE DISLOCATED

In a spectacular run for home plate at the big picnic in Ratcliff's park, townline, on Saturday afternoon, Ross Chapman of Bethesda, suffered a bad dislocation of the big toe. He had to be removed to the Stouffville hospital where the energy of two doctors was required to properly joint the member again. It was a painful accident.

SIXTH LINE WHITCHURCH

Mr. Leland Emerson, second son of Mr. and Mrs. Arthur Emerson, who has been suffering from an injured toe, is rapidly recovering.

Miss Edith Newman of Wiarnton is spending a week with a former school chum, Mrs. Harry Pugh.

Mrs. William Oliver of Long Beach, California visited for a few days last week with her girlhood friends, Mrs. Robert Ratcliff.

Rev. and Mrs. Robt. Price, and family of Caledonia, visited at the home of her parents, Mr. and Mrs. Levi Hisey, of the 7th concession, over the weekend. Mr. Price, who was a former pastor of the local church, gave a very inspiring message last Sunday morning in our 6th line church.

The annual picnic was attended by a large number of people in the park on Friday. About 250 famishing individuals sat down to the delightful repast. To the pleasant surprise of everyone, the occasion was not marred by a single drop of rain. The most interesting event of the day was the ball game between the married men and the single men. The acrobatic battery of the married men's team provided ample excitement for all. The battery consisted of Councillor Jesse Cook and Mr. Morgan Baker, M.P.P.

Mr. Henry Talbot of the 6th line of Whitchurch celebrated his 77th birthday on July 3, in good health, and a day full of interest. A few friends gathered including John Harper of Toronto and Mr. and Mrs. Watson of Agincourt, also his son and daughter-in-law Mr. and Mrs. Walter Talbot and family together with Mr. and Mrs. (Nettie) Ross Harper with whom Mr. Henry Talbot lives. The visitors presented Mr. Talbot with a handsome bunch of roses, while his wife who is 71 years of age made a birthday cake that would be the envy of many a younger woman, Mr. and Mrs. Talbot have six children in all, and a long line of old friends who wish him many more years of continued health and happiness.

POULTRY WANTED—Keep in mind that we want your poultry, and will pay highest market prices. Sam Golden, at Pennock's Livery.

Guitar

RATCLIFF'S HALL

AT EVERY INTERSECTION BE CAREFUL!

THERE were over 800 bicycle riders killed or injured in Ontario last year. Bicyclists, especially children, are often careless. This simply means that drivers of motor vehicles must be twice as careful. Remember that you are in the heavier vehicle. At stop streets . . . stop! Discipline yourself when you drive. Cut down on speed, especially at night. Make sure that your brakes, tires and lights are effective . . . otherwise, some day, you may find yourself in serious trouble.

IT IS BETTER TO BE SAFE . . . THAN SORRY!

MOTOR VEHICLES BRANCH
ONTARIO DEPARTMENT OF HIGHWAYS

Ontario must start THINKING safety!
In Ontario, during 1934, there were nearly 10,000 automobile accidents.
512 people were killed
8,990 people were injured
... a considerable increase over 1933. It must be evident to all thinking people that this must stop.
Hon. T. B. McQuesten,
Minister of Highways.

HINTS For HOT WEATHER

COMBINATION SPORT SUITS
