At The Theatre

Showing at the Stanley Theatre this Friday and Saturday is the screen version of the largest selling novel of the day, "Private Worlds." Most people are fascinated, however reluctantly, by the odd and dangerous point of view of lunatics. So you will find the goings-on of this picture unaccountably absorbing. The chief characters are Charles Boyer, Claudette Colbert and Joel McCrea, and while they are all calm and competent and soothing when the picture opens it isn't long before the life of such a mental institution gets them down. It's all fairly eerie, and you may come away thinking you hear voices yourself. This program rates very high in the year's entertainment.

A big holiday special has been secured for the Stanley Theatre on Monday, August 5. R.K.O.'s Musical Success, the 'Gay Divorcee' with Ginger Rogers, Fred Astire and a host of dazzling beauties. Two shows at 7 and 9 o'clock. Tuesday, Wednesday, one showing 8.15.

FRETZ FAMILY LIKED THE PARK

So pleased were the Fretz clan with the conditions at Stouffville Memorial Park that at their annual reunion held here last Saturday a resolution was passed thanking the Park Commission and congratulating them on the cleanliness and quiet restfulness of the place.

Visitors were present from various parts of the Niagara district where the clan first settled early in the last century. Including local members of the clan about 150 were present, and many of them participated in the games and program contributed during the afternoon. The oldest man present was Menassah Fretz of Markham, father of our Sam Fretz living east of Stouffville, while the youngest present was none other than the little babe of eleven days born to Mr. and Mrs. Veryl Gambrill. Mrs. Gambrill is a daughter of our Mr. Martin Reesor living opposite the school premises.

President of the Fretz organization is Edward Fretz of Vineland, and secretary-treasurer Jos Fretz of Baden.

ALTONA

Mrs. G. Young and Dr. Grace Richardson of Toronto, visited over the weekend with Mrs. Frank Wagg. Grain cutting has commenced in this district. Several farmers have threshed alfalfa which looks like a good yield.

The August meeting of the Women's Institute will be held on the first Wednesday of the month, August 7th, at the home of Mrs. E. Lehman at 2.30. Stouffville Junior Institute will be the guests and provide the program. Motto—"The world is full of beauty and its days are filled with music." Roll Call—A Canadian Beauty Spot. All welcome to this meeting.

LOCALS DROP GAME WITH SUNDERLAND

On Wednesday last Stouffville succumbed to an 8-5 defeat at the hands of Sunderland to tie these two teams for first place in the O.B.A. league. Although the local nine took the field with the greatest of confidence the visitors appeared to have the edge from the start. Stouffville made a good start in the second when Clark and Clendenning hit safely. Reesor walked and Pennock went down on an error to start off with three runs. This lead was short lived however as the northerners took Pennock for four hits in the third which netted them five runs before the side was retired. Stouffville scored their final two runs in their half of the third on hits by Cook and Button. Sunderland scored again in the fourth and twice in the eighth to put them out in front by three runs. Pennock was relieved in the sixth by B. Lehman who also had some difficulty in stemming the hard-hitting visitors. Junkin replaced Fair for the visitors and had the local sluggers completely stumped.

Keslick umpired the game. Stouffville had several good chances in the seventh and eighth innings to tie the score, but they faded away when a couple of poor plays retired the side. A snappy double play by Button and Boudway showed to good advantage in the seventh.

	Hits	Runs	Errs
Sunderland	12	8	1
Stouffville	10	5	5

Keslick and Davis umpired the game.

To-day (Wednesday) Port Perry meet Sunderland in the final game of the league schedule and the locals play Oshawa in a return exhibition game.

ADVERTISERS OF OVER 50 YEARS AGO

It is just 58 years ago since one James Wideman established a weekly newspaper in Stouffville called "The Alert." Our attention is drawn to the fact because Mrs. John Lee brought to the office of this paper the other day a copy of The Alert of January 10, 1878. The issue is filled with interesting news of the village, and province.

There had been an election for the council and the result was that James Dougherty was elected reeve, Dr. S. Freely, J. G. Reesor, R. Gibney and J. J. Rae were councillors elected. James Speight was made reeve of Markham and Geo. Wheeler of Uxbridge.

E. Wheeler of Stouffville is building a skating rink says the local column, and continues the item: "If the weather continues as it now is, he will also have to build a freezer to make the ice."

Reeve Dougherty and his wife served a supper to their supporters after the election, which proved a very popular affair. Mr. Dougherty won the election by eight votes, but The Alert does not indicate who was the losing candidate.

Among the advertisers in the Alert were James A. Urquhart, painter; C. H. Chant, cabinet maker and undertaker; Daily & Shaw, opposite Wheeler's mill; Gibney & Son, foundry; J. Allan, watchmaker; Phillip Wideman, Ringwood issuer marriage licenses; S. V. Bray, one door west O'Brien's hardware, for general store goods; G. Graham, hardware; James O'Brien, hardware; W. P. Hartney, lime, shingles, etc.; J. G. Hoover, butcher; W. B. Sanders & Bros., crockery, boots and shoes; Wm. Keetch, dry goods; (S. M. Warriner, manager); Laidlaw & Co. general store; J. J. Rae, grocer and dry goods; Wm. Brown, carriages and cutters; Richard Roan, druggist.

Not All Trucks In The Sabbath Ban

Necessary Vehicles Exempt, Says Highways Minister
In enforcing its order against operation of unnecessary commercial vehicles on Sunday, the Ontario Department of Highways hasn't any intention of interfering with the operation of such necessary vehicles as fire trucks, police vans, ambulances and trucks carrying milk and other perishable foods. Hon. T. B. McQueen, Minister of Highways, said.
"We are not interested in vehicles such as these," he said "The notice to commercial vehicle owners is intended to cover only trucks and vans operating on Sunday for profit."

TOWN'S OLDEST MALE CITIZEN DIED SUNDAY

Abram Yako conducted Extensive Apple Buying Business Here at one Time—Built Houses After 80 Years Old.

In the death of Abram Yako at his late home on Main street at 6 o'clock on Sunday morning, July 28, 1935, the town's oldest male inhabitant is removed from us. Mr. Yako would have been 93 years of age had he survived until November 28 next. He was a remarkable man, small of stature, yet was over 80 years of age he bought an old frame house and remodelled it into the premises in which he died. He also built a modern cottage on north Church street after he was 80 years old. His was a long and active life. The funeral on Tuesday afternoon was in charge of L.E. O'Neill's parlors, proceeding to the Mennonite Church for service, and to Stouffville cemetery for interment. Rev. A. M. Stewart of Toronto had charge of the service.

In the death of Abram Yako the last of that pioneer family has passed away. He was the second eldest of a family of eight children born to John Yako and Susan Kester, and he survived them all. Within the past four months two other brothers died, John and Jacob. Originally the eight children were Adam, Abram, Annie, Michael, Barbara, John, Jacob and Daniel. Abram's father, John Yako, was born in 1818 and died in the year 1900. He married Susan Kester who was born in 1820, and who predeceased her husband. She was a daughter of the late Philip Kester who lived on the 10th of Markham.

Abram followed his father in the hotel business conducting the premises on the north west corner of the 10th concession, but his activity in this line was short lived. He became an apple packer and did a tremendous business buying for White & Co., Toronto. Forty years ago there were many orchards, and Mr. Yako's activity extended over a large territory. He would have as many as four gangs picking over a great area, and he rode about on a bicycle visiting the different gangs, arranging shipments, and inspecting the fruit. The firm had great confidence in Mr. Yako, and his pack was usually marked for export trade. Speaking to The Tribune about the apple trade one day, Mr. Yako pointed out that there did not seem to be as many pests 30 or 40 years ago as there are today. Beautiful orchards thrived without so much as a spray, but as time went on the spraying became absolutely necessary before good apples could be grown.

A Safe Investment

The Township of Whitechurch is offering debentures for \$4,200 to provide funds for building the new school at Ballantrae. The offer comes through the township solicitors Messrs. Naughton & Jenkins, and appears on the back page of this issue.

Mennonite Brethren in Christ CAMP MEETING

STOUFFVILLE PARK

AUGUST 1st - 11th, 1935

EVANGELIST
REV. FRANK E. ARTHUR
CHICAGO ILLINOIS

SPECIAL SINGING AND SPECIAL MEETINGS DAILY

There will be stirring messages given on Sunday by the evangelist beginning at 10 a.m., 3 and 8 p.m. Interesting Young Peoples' meetings each Sunday afternoon from 1.30.

Next Monday will be Foreign Mission Day, with returned Missionaries giving the addresses.

A Great Spiritual Feast is Expected Each Day

Special announcements made at each service. Meals served in the dining tent at a nominal charge.

BIG MENNONITE CAMP SWIMMING POOL IDEA OPENS THURSDAY EVENING

A POPULAR ONE HERE

The big Mennonite Camp Meeting opens in Memorial Park, Stouffville today, Thursday. Several hundred people are under canvas and they are coming in every hour until the large parking space is likely to be taxed. Every possible convenience and courtesy is being extended the visitors by the Park Commission, and the big gathering will be accorded every courtesy by the local people generally.

The big arena has seating for 1000 people, and many more can be accommodated. Here the opening meeting will be held this evening in charge of Presiding Elder Bricker. Rev. Frank E. Arthur of Chicago, will be the evangelist, and he too is expected on the platform for the opening session.

Special committees are appointed to have charge of parking arrangements for which there is ample room provided west of the Arena building where soft ball is frequently played. The big eating tent will be under the supervision of Mr. Noah Baker whose past performance in the office makes him a valuable man for the position. Some of the campers furnish their own meals at their tents, while others will take all their meals at the public dining hall over which Mr. Baker will be chief host. It is expected that around 60 tents will be pitched by this evening, and several hundred people from all over the district will be in camp.

More than 7,000 people attended the Sunday services in the Arena the last time that the M.B.C. held forth in special summer meetings here, and there was no camp meeting at that time. The affair was purely an evangelistic meeting. Next Sunday should see record crowds here again. The camp will continue until August 11.

FLOWER SHOW TO COME EARLIER

All the town is interested in the big annual flower show, but one scarcely realizes that it is but two weeks away, coming earlier this year than heretofore. The dates are August 15 and 16, and the prize lists are now in the hands of the printer to be issued this week.

All the special features of last year will be on the list again, and the space for the special displays at the south end of the arena is to be enlarged, while an entirely new program will be given in the evening.

On the night of July 15 Dick, the Amateur Gardener who will judge the show that day, will speak, and answer questions. He is well known and popular on the radio over C.K.O.C., and will be a drawing card for the local show on the first evening.

On the last evening, July 16th, the Danforth United Church orchestra, under the leadership of Mr. Honsberger, will provide a program. This musical group is very popular in Toronto, and will undoubtedly make a hit.

Stouffville's flower show is one of the largest in Ontario, a fact due to the untiring efforts of the officers, supported by the exhibitors who come in increasing numbers. Do your part again this year by showing your best blooms, vegetables, and by coming yourself.

When it was urged in these columns last week that a swimming place should be provided in Stouffville, we had no idea that the suggestion would meet with the approval of so many people, men and women.

Prominent citizens, business men, have intimated that they approve of the idea and would like to see a move made to carry out the project. The logical organization to do the "ground work" is the Parks Commission, and if that body gets busy they will have the moral support of practically every ratepayer.

The proposal has been made that a suitable place could be established east of the skating rink utilizing the water from the spring creek which runs parallel with the premises east side of Church street north. Still another business man would like to see a tank built on the stream but on the north side of Main street near James Moran's premises, or just across the road to the south.

If the idea of the creek for water is given up a cement tank could be erected in the park and filled in the spring and at intervals when the town water is running to waste at the "reservoirs. It is also claimed that the creek referred to in the last paragraph could be diverted to almost any place in the park by the use of a ram.

One business-man is reported to have said he would donate \$50 toward a swimming pool, and that is very generous and shows an excellent spirit, but what is required first of all is a plan.

Dr. D. C. Smith says he is of the opinion that members of the park commission would be prepared to visit other towns where such pools have been installed to secure information about costs and ideas about construction.

MYRA HOLDON PASSES IN SLEEP

The family of the late Myra Holdon, aged 54-years were shocked on the morning of July 19 to find their sister in bed, lying still in death. She had passed peacefully away in her sleep as a result of a stroke. She had not been in good health, but was about as usual the day before her demise.

The funeral was held from her late home in Agincourt where she had spent many years caring for her aged mother, and later making her home with her late brother Albert Blatch Holdon on the 8th concession of Markham. Rev. Mr. McDonald of Agincourt officiated.

Born April 1881 on the 9th of Pickering. Myra Christina Holdon was the youngest daughter of the late Sinclair Holdon and Mary Jane Sheppard of Balsam, and later of Agincourt. Of a family of eleven children there is now living four sisters and one brother. Two sisters and three brothers predeceased Miss Myra.

OVERCAME GREAT OBSTACLE

George Titus, formerly of Uxbridge town, died in Toronto this week, and will be buried at Uxbridge this Thursday from the home of Thos. Linton. George frequently came to Stouffville from his home in Toronto for medical attention at the offices of Drs. Freely. He was a remarkable lad in his day. Born of humble parentage, a confirmed cripple, he swaggered about Uxbridge on a pair of crutches, one leg completely wound around a crutch, and he looked a hopeless case. At the age of 15 or 16 this crippled lad struck off with a dog sleigh, worked his way to Toronto and got the ear of the Sick Children's Hospital staff. Ten years later he could stand erect and without the aid of crutches. He obtained work, and made good for himself, married and leaves a wife and family. George Titus is a shining example of what grit and determination can do for anyone.

His career is in marked contrast to the laudicial methods of many youth today who lie about crying there is no work, and contented to accept relief. Strenuous childhood undoubtedly shortened his life, for he was only 52, but he made a place for himself against seemingly unsurmountable difficulties.

Next Monday is Civic Holiday.

LOCALS IN AUTO CRASH HAVE A NARROW ESCAPE

On Sunday afternoon when Mr. and Mrs. Nathan Forsyth and Mr. and Mrs. Hugh Boyd started for a motor ride together, intending to visit relatives near Quaker Hill west of Uxbridge, they had no idea that they would end their tour with such disastrous results as befel them. When turning a corner near Uxbridge a car driven by a Toronto man ran into them from the rear, turning the Forsyth bus over twice and probably three times. Mrs. Forsyth and Mrs. Boyd, riding in the rear seat, were both badly shaken up, and Mrs. Forsyth is still suffering from injuries to her back. She was brought home in an ambulance. Mrs. Boyd escaped with less injury, but was severely shaken up. The two men were not badly hurt but Mr. Forsyth was cut by flying glass, still according to a description of the accident it is a marvel that someone was not killed.

The accident happened on the Stouffville road at the corner of the sixth concession just at Joe Kennedy's farm. As they neared the corner going east, it was decided to take a short cut to Quaker Hill and take Mr. Forsyth turned his Chevrolet across the road, making a left hand turn north. The Toronto car, a Whippet, was coming behind at a good speed, it is said, and not sensing the Forsyth route north, was not prepared for the situation, with the consequence that it ploughed right into the rear or side of the Stouffville car.

Occupants of the Toronto car were uninjured. Both cars looked ready for the scrap heap. The local bus was shorn of its top almost completely and every glass broken, while the Toronto outfit looked as though it had been doing tank duty at the front.

Constable Vessey of Uxbridge was called to the scene and is investigating.

"I never heard or saw anything until the impact," said Mr. Boyd to The Tribune. "Continuing he explained, we decided to turn onto the sixth concession. Mr. Forsyth was at the wheel driving his own car, and we never heard any warning from the rear. We were almost round the corner when struck, I believe."

BETHESDA

The young people must be congratulated on their attendance at the Young People's Society the past few weeks. Keep it up!

Blanche Atkinson has taken to a cooler climate, by going North where she is spending a few weeks at Lake of Bays, Muskoka.

Mr. Gordon Tidsbury has secured a position at Mr. Robert Rattliff's. We wish you success Gordon.

Mr. and Mrs. Ross Chapman and Bruce, also Mildred Hall motored to Owen Sound over the weekend.

Mr. and Mrs. Percy Winterstein from Detroit visited with Mr. and Mrs. Wm. Burkholder, on Saturday.

Mr. and Mrs. Ernest Steckley and family were the guests of Mr. and Mrs. McGinn at their summer home, Long Branch.

We understand that Everett Preston has purchased a motorcycle. Keep the road clear, everyone until he gets his machine trained.

We are glad to report that Ethel Empringham who was rushed to Toronto last week to be operated for appendicitis, is improving. We hope she may soon return home.

Harvest will soon be in full swing! The crops have suffered much from the wind and rain, still it looks like a bountiful gathering in. Fall wheat is being cut in the district.

Our Sunday School attendance is lowering. Has the novelty of having it in the morning worn away? Everybody come next Sunday morning and bring a friend. All visitors are welcome.

We hear that good progress is being made in the building of the Township Council Chambers at Vondorf, and that the new building will be ready for occupancy in September.

Walter and Edward Wideman motored to Stayner last Thursday, where they spent the day picking huckleberries. We hear that they returned with a number of laden baskets. But whether the berries were plentiful, or the boys exceptionally industrious, we have not heard.

BIRTHS

Smith—On July 13, 1935, to Mr. and Mrs. Abraham Smith, Con. 7, Markham, a daughter.

With The Churches

STOUFFVILLE PRESBYTERIAN
Rev. W. H. Fuller, B.A.
