

TOWN TOPICS

Get ready for the Stouffville Horticultural Exhibition Thursday and Friday next week.

Harry Burgess is usually about the first to offer cob corn from the local gardens for public sale, and again this year he is supplying a good demand for his early patch.

Uxbridge town is to have another medical doctor, when Dr. Charles Wilcox of Toronto, will locate there. The medical men must anticipate a "sick bunch" in our neighboring community the way the students flock there.

Letters from Grace Chapel, Toronto, The Fretz clan with a donation for park improvement, and from the Tennis Club, as well as from private picnic parties have been coming in to the Parks Commission, indicating that our town park is appreciated, and as it is steadily being improved, is being more and more patronized.

The Stouffville Tennis Club are proving a very active society this year, having doubled their membership over previous years. The Club has held one tournament so far this year and it is expected that another will be run off in the near future. The dance held by the society at Cedar Beach Gardens, at Musselman's Lake a couple of weeks ago proved a very popular affair. Although the returns were not overly extensive, it has made a start on a fund with which the club hope to purchase lights for the courts.

Mr. and Mrs. D. C. Smith have returned from a short holiday at Woodville and Omemece.

Mrs. Jos. Martin of Whitechurch is enjoying a holiday at the summer home of her daughter Mrs. Jas. McDonald on Cameron Lake, near Fenelon Falls.

John McGrath, one-time citizen of Stouffville, has leased his business premises at Claremont to Alfred Moles. John would be welcome back to the old town here, should he decide to leave Claremont as it is rumored.

Since the new time clock has been installed at the west entrance of the village by the Hydro Electric Commission, we are enabled to find out at what hour of the month the peak load is created. For the month of June it occurred at 11.40 noon. The month before there was a night peak on a Saturday.

We hear that one Toronto man was assessed \$100 for attempting to sell booze at Lake Musselman last week. Evidently Constable Jack Windsor means business in attempting to clean up on those who are bent on supplying the old soaks who stand ready to patronize the illicit sale. This should be a warning to others, and there are others in the business who have been very fortunate so far, in evading the arm of the law.

Many of our readers will remember the Minus boys who lived in Stouffville probably 35 years ago. Well on Sunday Frank and his wife were in town, accompanied by another old timer of the village, Ben Wideman who once clerked in a drug store here. He was also accompanied by his wife, the party visiting an old friend in the Brierbush hospital, and calling on other friends of former days. Mr. Wideman is now a citizen of Toronto, and Mr. Minus is a resident of Ellesmere.

Mrs. Bessie Lett of Toronto has been spending holidays in town visiting her parents Mr. and Mrs. George Watson.

Last weekend Mr. and Mrs. Arthur Swift and family motored to Cobocok where they visited for a day. Master Jack remained at Cameron Lake to spend a holiday with Mr. and Mrs. Jim McDonald at their cottage.

Up to last Friday the Stevens Reconstruction Party had placed ten candidates in the field throughout Canada. That's just about the number wanting to run for this party in East York, where the turbulent south enders can be strongly appealed to by such a new group.

Mr. Jess Byer has a very fine sample of new crop honey from a large apiary he purchased in Victoria County. While we couldn't admit it surpassed the excellent sample from the local crop, the Victoria product is rare good honey and of beautiful color. The Ontario Hospital, Orillia, placed a substantial order with Mr. Byer for some of the Northern crop.

It is reported, unofficially that the C.N.R. intend to lay heavy steel rails from Scarborough to Blackwater this fall, permitting still larger and heavier engines being used on this line. The company may also construct a large well at the station to supply their own engines with water after the contract with the village expires next December. With larger engines it would permit the trains to run from York to Blackwater before taking a fresh supply of water, and the proposed well would only be used in case of emergency. As previously reported the company have served notice on the village to terminate their contract as of December 31 next. The water works will lose a revenue of \$500 per year, but the loss of the C.N.R. will mean that further expansion of new wells or new reservoirs will not likely be necessary for some years.

The mixed tournament, held on the local bowling greens, on Civic Holiday drew 22 rinks, teams being present from Toronto, Oshawa, Newmarket, Aurora, Claremont, Agincourt, and Markham. Toronto had three entries from its various clubs, and Withrow Park team skipped by Mr. Wheatley carried off first win with a score of 47 and plus of 10. The team was presented with end tables. Second prize for three wins went to Miles rink from Monarch Park with three wins and score of 43. James Ratcliff's Stouffville rink was the only local team to win a prize, carrying off third with three wins and a score of 48. Mr. Ratcliff's rink was made up of Mrs. Nolan, Mrs. George Sanders, and W. E. Morden. Dr. Brown's Markham rink won for two wins with 41, and Gordon Brown's Markham rink won for one rink with 36. Ideal weather prevailed throughout, adding much to the enjoyment of the day. The ladies served meals on the ground.

The Hoover Re-union held at the Rittenhouse in Vineland last week, was much smaller attended than in former years, there being less than 200 present. No doubt the busy harvest season explains the decrease, to some extent and also the fact that when the reunion is held in the local district it is nearer home for many of the clan. A large number were present from this district, and included the Association President, Mr. Alph Hoover, Mrs. Hoover Mr. Anthony Hoover and family, Dickson Hill; Lou Hoover and family of Pickering; Mr. and Mrs. S. H. B. Ramer, Mr. and Mrs. Willis Lehman, Cashel, Miss Marjery Mertens, Stouffville, Secretary of the Association. Mr. Hoover and Miss Mertens were re-elected president and secretary, respectively. It was also decided to hold the reunion at the same place next year. Mr. and Mrs. Alph Hoover left Sunday night or Monday morning to attend the "Haldimand" Hoover Re-union at Selkirk, at the summer home of Mr. Irwin Hoover.

Mr. Richard Ward may not be a very enthusiastic church worker, nevertheless he does look heavenward, and on Wednesday evening was rewarded by seeing a falling star which was commented on by the daily press. It was about 9.30 when he saw the phenomenon shooting like a rocket, seemingly travelling along Yonge street, and drop ping into Lake Simcoe. It radiated rare beauty leaving a streak of yellow light which remained in the heavens for some minutes. Officials at the Dunlap Observatory, Richmond Hill expressing disappointment that the powerful telescopic equipment, stated that they had no record of it. In their opinion the phenomenon would be quite possible and very interesting. It was thought that it might have been a meteor which fell and if as brilliant as reported, might readily fall to the earth. In that case, it was explained by the observatory official, the meteor may have been picked up from the earth by some observing citizen some where. There is no way of forecasting or announcing the schedule of a falling star, it was stated.

Mr. and Mrs. Jno Urquhart of Ayr, Ontario, were with his sister Miss May Urquhart here over Civic holiday.

Mr. and Mrs. Nelson W. Byer and family enjoyed a motor trip through the Muskoka Lake district over the holiday.

There were no failures among the candidates for entrance to High School from Stouffville public school this last year. In addition to those who were promoted on their term work, all Mr. Watson's pupils who wrote the final examinations were also successful. This is a splendid record.

Rev. W. E. and Mrs. Smalley and two children are on a motor trip to Ohio, where the pastor of Baker Hill Baptist church has a brother living in the southern part of the State. Mr. Smalley has been granted two weeks' holiday, and if he finds the southern climate any hotter than it was here in Ontario the latter part of July, he will be glad to get back to his own province.

Stouffville gained a new householder last week when Mr. and Mrs. Jess Tindall moved to town from Uxbridge Township just south of Goodwood. They have taken the east half of the Brownsberger double house on Main street. Their daughter Miss Vera Tindall will be on the local public school staff next term.

The regular monthly meeting of the Jr. Institute will be held at the home of Louise Lloyd, on Wednesday, August 14, at 2.30 o'clock. Roll Call—"A Favourite Pickle Recipe". Current events and a couple of papers. "Canning and Pickle Making" will form part of the program. All ladies welcome.

Mrs. Noah Stouffer, and Mr. and Mrs. Harry Stouffer also Mr. Will Dougherty motored to Orillia the other day. Mr. Dougherty who is a tooter of some ability himself, anticipated hearing the famous Orillia band, in one of their weekly concerts, but in this party were disappointed, and they had to be content with a breath of Couchiching sea air, and a look at the lovely park.

Visitors with Mr. and Mrs. John Turner last week were Mr. F. K. Goodfellow and daughter from Pennsylvania, Mr. and Mrs. Roy Turner of Chicago, Mr. and Mrs. C. Hamilton, and Mr. and Mrs. Taylor and little daughter from Toronto. Mr. Roy Turner commenced his business career with our former citizen Mr. Hamilton when he was in the charcoal business.

There will be a mixed twilight tournament on the local bowling greens on the evening of Friday, August 23, it is announced.

Mrs. Osborne and daughter Mrs. Causford of Aurora, Mr. and Mrs. Add Speers, Mr. and Mrs. Mitchell of Whitevale were weekend guests with the former's sister Mrs. Leslie Hodgson east of town.

Messrs. Norman Baker and Kenneth May two of our local bank clerks motored to Dorset for the weekend where they spent the holiday in the cottage recently built by Mr. Frank Baker.

Messrs. F. L. Button and Blake Sanders returned Monday from a successful fishing trip on the Bay of Quinte at Deseronto, bringing home the full legal quota of beautiful small mouthed black bass.

William Crossen and John Monkhouse took in the sights at Musselman's Lake, on the holiday. The tailor must have been profoundly impressed with the disregard for his wares at the lakeside resort.

The final figures for the Township of Markham under the proposed T. B. cattle area scheme reveals that only 74.2 per cent of the farmers voted for the restricted area plan. While some districts supported the plan almost one hundred per cent, one division reacted noticeably, being No. 2 from dollar south to the townline. In this division only 8 per cent supported the restricted area plan, indicating that some active interest probably campaigned against the measure, whereas the Department of Agriculture themselves appear more or less indifferent, leaving the matter entirely in the hands of farmers to adopt or reject.

"QUALITY" "SERVICE"

Dr. Hess Fly Spray

Mr. and Mrs. Oro Reaman and two children, Toronto, were visiting her mother Mrs. B. Doten on the holiday.

Visitors with Mr. and Mrs. J. R. Barkey at Spruce Villa, west end, last week included Mrs. Carver and grandson from Niagara, N.Y.; Mr. and Mrs. Willis Stouffer, and Mr. and Mrs. Mills from Mount Dennis; Miss Emma Hiltz, Howard Richard and Mr. A. Burton, Velma and Gordon Barkey all of Toronto; Dan Rayer of Markham; Mr. and Mrs. J. Cook, Mrs. Sarah Stouffer, Ernie Cook, and Miss Nichols all of Bradford; Will McKeown of Walkerville; also Miss Vivian Saylor who teaches Spanish in Chicago University visited Mrs. Barkey a few days.

We are informed that several vacant lots in town are over-run with weeds, and the owners are reminded of the Noxious Weeds Act and requested to destroy, as nearly as possible, all weeds. According to our informant one need only walk or drive but a short distance to observe how this act is being ignored, and weeds permitted to practically take possession of the land along lanes, vacant lots and back road ways. The Noxious Weeds Act was passed to take care of those whose foresight failed to protect themselves and others—therefore it would be for the benefit of all to see that all weeds are destroyed. If not the Weed Inspector will be compelled to take action on delinquent property owners.

STOUFFVILLE

Guaranteed!

It pays 3 ways to choose a MASTER CHEVROLET

You Get **KNEE-ACTION** plus Blue Flame Engine and Shock-proof Steering

You Get **TURRET-TOP** BODIES BY FISHER and No-Drift Ventilation

You Get **QUALITY** that Means Longer Life

PRICED FROM **\$885** (for the Master 2-Pass. Coupe)

Delivered, fully equipped at factory, Oshawa, Government Registration Fee only extra.

See the new Standard Series models priced as low as \$712

YOU begin to see the extra value in the Master Chevrolet the moment you look at the car. You notice right away that Chevrolet's smart Fisher Bodies feature the safe new TURRET-TOP solid steel roof construction—something you can't get on any other car unless you pay many dollars more than Chevrolet's low price. Step inside the car and drive—and immediately you'll notice another big difference that's all in favor of Chevrolet. It's the famous KNEE-ACTION "floating ride"! You float over bumps, ruts and holes in the road—steering is light, sure and shockless—it's hard to believe you're not riding in one of the big, expensive cars!

True it is that just one half-hour drive in the Master Chevrolet spoils most motorists for any other low-priced car. Because not one of the others gives you Turret Top Bodies by Fisher—Knee-Action—Blue Flame Engine—Fisher No-Drift Ventilation—or Shock-Proof Steering. Only in one car do you get them all combined—in the Master Chevrolet!
