Mr. and Mrs. F. L. Silvester were in town a few hours one afternoon last week. They are now at the "Windsor Arms," Toronto, since they sold their summer home at Keswick.

Additional students from Stouffville this year entering university are Miss Agnes Klinek Donald Closson, Sam Borinsky and Charles Nolan, all four are attending University College. Donald Moyer will attend McMaster University at Hamilton.

Rev. Thos. Laidlaw preached a strong anti-war sermon to his congregation in the United Church on Sunday morning that must have met with the approval of every listener. He warned that the beating of drums and playing the regimental march was not war, however much we like to hear the martial music.

Mr. Joe Cooney's gelding Roy C. Todd took second money at the Barrie races on Saturday, in the 2.30 trot or pace. Harry Davis son of Mr. Jack Davis drove the gelding and handled the ribbons well for a lad in his first race. Mr. Cooney and Mr. George Lee took the horse north in the latter's truck, which is the first time this season that Roy C. Todd has been on the track.

Dr. Gilbert Richardson entertained about 25 members of the medical fraternity of Scarborough at his farm here on Friday afternoon with Mr. and Mrs. Lloyd Turner acting as host and hostess. The doctors discussed matters pertaining to their profession, but the program was quite informal, yet interesting. A delightful lunch was served by Mrs. Turner, and a pleasant time spent among the followers and enjoyment of the country.

Two of our oldest citizens have birthdays this month. On Sept. 15 Mr. Elijah Pennock passed his 85th year, and on Sept. 21, Mr. Nathan Forsyth was 83. Both men are quite active, and were capable of doing a big day's work right up to a very few years ago. They are not idle yet by any means, and so it ever is with men who have spent a busy life—they will always be busy for it is part of their very nature. These two citizens have lived all their long lives within the shadow of this village, and they did their share in making the early history of the town.

Mayor J. B. Johnston, Orillia, has announced that he has the machinery all ready to set in motion for the establishment of a municipally owned bank in the town, decided upon by the mayor shortly after his election last winter, when a bank allegedly refused to advance money to the town until it was satisfied as to the manner in which it was going to be spent.

Rev. Harry Miller of Littleton, North Carolina, is reported to be seriously ill at his home in the South, old friends in Stouffville will regret to learn. Only a few weeks ago he was here for the funeral of his sister the late Mrs. Kate Miller.

The Liberal rally planned to be held in Stouffville on the evening of Oct. 2nd, should draw a following from all four ridings of East and North York, Ontario and Muskoka-Ontario, when the candidates will all be present. Being on the boarder of all these ridings it was the logical centre for the candidates to hold a rally, which is sponsored by Goldie Fleming, East York Candidate. See advertisement in this issue, and keep Wednesday night next open—Morgan Baker, M.P.P. chairman.

Church street roadway which has been the subject of much criticism because of so many holes for motorists has been repaired, also O'Brien Avt. which was getting badly broken up has had attention. These two heavily travelled streets will never meet the demands of an exacting public today until they are treated to a tarvia top surface of some nature. The holes repaired the past week will reappear in an incredible short time. It's a wonder that ratepayers on these streets do not give some thought to the question of a tarvia road, the cost of which we believe would not be onerous, having regard to the narrow width to be surfaced.

Persons who read the financial report of the Stouffville Hydro system in our last issue, will be pleased with the financial progress made in so short a number of years. There is just one question that might linger in the minds of hydro patrons, and that is, "now that sufficient money is on hand to pay all our indebtedness, why is there not another substantial drop in rates?" Money has been made at prevailing rates, but the patrons want a cut in their monthly bills in preference to a hand-back every year or so of unused surpluses in the treasury of the commission.

Councillor Walter Brillinger paid a visit to the mining towns in Northern Ontario, and he reports that the north is not feeling any depression, excepting in the towns of Cochrane and Cobalt. These are the only places where there is any relief—Otherwise the country is booming, and mines are working seven days a week, paying big wages, thereby creating a condition which is only a sought after dream in many industrial centres in older Ontario. Mr. Brillinger visited the Experimental Farm at Kapuskasing, where the farm manager stated that cabbage was marketed from the farm exactly 27 days after being planted, and they are wonderfully well developed. In addition to the mining industry speeding along, the paper mills are also contributing to the business hum and development of the north.

The public meeting called for Ratcliff's Hall on Saturday evening in the interests of a National Government for Canada was very poorly attended, and only 20 people were in the hall when the first speaker rose to address the audience which was busy shopping and discussing politics on the street. It is evident that the proposal for National Government does not meet with even casual consideration in Stouffville district.

Mr. Noah Baker is very grateful and appreciative of the manner in which his friends remembered him on the occasion of his birthday. "It was like a post card shower," said Mr. Baker, "and I thank them all."

Sympathy is extended to Mr. and Mrs. William Allan of Calgary in the loss of their infant daughter of nine months. The grandparents here Mr. and Mrs. John R. Hodgins also feel keenly the passing of their little granddaughter, which occurred last week in the Western city.

The Young Peoples' Society meeting for the United Church took the form of a camp fire service in the park on Monday evening. It was also a social event that was thoroughly enjoyed by the goodly number who were fortunate to be present. The night was dark, but the light from the bonfire lighted the surroundings to ideal illumination, leaving us suppose a few dark shadows acceptable to the young folk. There was singing of hymns, prayer, a story well told by Miss Helen Rowbotham, and more singing—then weiners and rolls, yards and yards of both, sufficient it is said to encircle the village.

The death occurred at Gore Bay, Manitoulin Island, on Thursday last week of a native of Pickering Township and former resident of Stouffville, in the person of William E. George in his 80th year. As a young man the late Mr. George resided in Stouffville for a time, but 55 years ago he located at Gore Bay where he conducted an extensive planing mill business, in which he remained quite active all the rest of his days. It has recently been in charge of his nephew. Deceased was a bachelor, and is survived by four brothers and three sisters, namely: Russel and Richard George, Colorado; David in Missouri; Samuel of Aurora; Mrs. John Blakey of California; Mrs. Lemon of Milwaukee; Mrs. Jos. Hoover, O'Brien Avenue, Stouffville.

The home of Mr. and Mrs. A. R. Hobson, Raglan Avenue, Toronto, was the scene of a happy event on Saturday last, the 21st of September, when father and mother in the home celebrated their 25th wedding anniversary. A sister of Mrs. Hobson, Miss Nora Stapleton of Stouffville was present, as was the children of the bride and groom of a quarter century ago. The family of two sons and a daughter, presented the parents with a silver tea tray while during the evening the members of the East and West Club (social workers) dropped in and bestowed upon the bride and groom a silver tea service. Mr. Hobson also remembered his bride on this silver anniversary occasion by presenting her with a silver fruit basket and silver fruit plate. Mr. and Mrs. Hobson were married in Stouffville by the Rev. D. V. Van-Norman, then resident Christian Church pastor here, and the marriage was performed at the parsonage, now the residence of James Morrin, Main street. We unite with the town folk in sending hearty congratulations to Mr. and Mrs. Hobson on this auspicious occasion. They are frequent visitors to the old town and enjoy a wide circle of friendship.

RADIO AND ELECTION SPEECHES

Political parties are spending a great deal of money in radio broadcasts of their election campaign propaganda. "But does it pay?" We doubt it. The people depend upon the newspapers. In one case following a radio address by a political leader 26 people were asked next day whether they had listened in and only six actually done so. On the occasion, according to the Lindsay Post, of Mr. King's third radio talk, 188 telephone numbers, selected at random to avoid unfairness, were called, with the following startling result: Absent from home, 84; have no radio, 8; radio not in use, 65, not listening to King, 21; listening to King, 10.
