Digestive Troubles

Resulting in Indigestion—Gas and Stomach Distress

NYAL DIGESTIVE TABLETS

Bring prompt and effective relief, because they actually carry on the work of digestion, giving the stomach a chance to rest and recuperate, at the same time they stimulate the flow of digestive secretions and in a very short time restore normal healthy action of the stomach.

MARRIAGES

McMartin—Ogden

On Wednesday, Oct. 23, at Scarborough, Mildred Kathleen Ogden, daughter of Mr. and Mrs. Joseph Ogden, became the wife of Theodore Clifford McMartin, son of Mr. and Mrs. Albert Eddie McMartin. About 50 guests were present with gifts and in the spirit of good cheer. Rev. E. Morton performed the ceremony. The young couple look forward to making their home in the Township of Whitchurch.

AUCTIONEER WILL SELL FARM

On Saturday of this week (Nov. 2) an important auction sale will be held on the well-known Albert Paisley farm five miles north of Stouffville on the Uxbridge-Whitchurch townline, being lot 18 in Uxbridge. This property contains 120 acres and is to be sold in order to wind up the estate of the late Mr. Paisley. The place has always been regarded as a money-making farm, and should find a buyer. The reserve bid is said to be low.

At the same time a house and lot in Stouffville belonging to the same estate will be offered. The premises are located on the north side of main street, almost opposite tenth concession, being a frame dwelling with electric and water installed, and splendid lot. After a moderate reserve bid is reached the place will be sold to the highest bidder, and the terms will be arranged day of sale.

The sale will be held at two o'clock at the farm and A.S. Farmer will wield the hammer.

CONGREGATION DATES BACK 94 YEARS TO 1841

The first spark of Methodism was kindled in Stouffville away back in 1841, when Rev. Edward Sallows, a young preacher came here to hold services in the old school house then located on Church street, but it was twelve years later, or 82 years ago a regular mission was formed with Rev. Cornelius Plummer as minister, and inside two years the new body had purchased the school house and remodelled it. For nineteen years it was known as the Methodist church. In 1872 (sixty-three years ago) this building was found to be inadequate and a substantial brick edifice was erected at a cost of \$4,000. After 20 years the church, which had come to number two hundred members was forced to make another change. Thus we have the present structure on the same site, and which ten years ago the congregation merged into the United Church of Canada. More than 40 years ago the charge under Methodism became an independent one. The present church building was erected by Mr. Nathan Forsyth who was chief contractor and architect and who still lives to see the progress of the times.

Methodism was not the first denomination to start in Stouffville, for records tell us that to the Congregational church this honor belongs. Rev. Ludwig Kribbs was the first pastor, and he was the man who built their first church in 1847, doing nearly all the work himself. The present church in the east end known as the Congregational-Christians was built in 1874 to meet increasing needs.

Next Sunday the United Church congregation will observe another anniversary of the congregation started away back ninety four years ago at least. It is fitting that a native son of the district Rev. Thos. Mitchell, D.D., should preach the sermons both morning and evening.

NEW AUTO LICENSE GOOD 14 MONTHS

Plates for 1936 to go on Sale First of November

Hon. T. B. McQueen, minister of Highways, has announced that the 1936 registration plates and drivers' permits would be available at the head office of the Motor Vehicles branch, Queen's Park, on Nov. 1, and that shortly they will be on sale at upwards of 100 points throughout the province.

The motor car industry and dealers in second-hand cars have for some time been urging on the department the wisdom of putting motor permits on sale in the fall of the year. One objection has been that the department has derived some revenue through the sale of part-year licenses. It is felt, however, that it would be a means of stimulating the sale of new cars and assist the second-hand dealers to dispose of their heavy stocks of old cars, if they could do so without paying the additional fee required for a part-year license on new cars and a transfer fee in the case of a sale of a second-hand car.

MODERN LIGHTING FIXTURES RECEIVED BY UNITED CHURCH

An entirely new lighting system of indirect design, and rare quality and style fixtures are being installed in the United Church this week. The gift of an anonymous member of the congregation. The new fixtures will be dedicated at the morning service next Sunday.

GUN SCARES THIEF LEFT VEGETABLES AND FLED

When cauliflower is a good price the grower has a menace which does not confront him when the price is low. Thieves have been making off with the crop belonging to Brillinger Bros, but the other night a culprit was almost caught with the goods in the bag. Waiting for their quarry the watchman's gun went off and the thief fled away. He was in such haste that seven bags of cauliflowers were left in the field which he had cut intending to carry off.

MAY HOLD SHORT COURSE HERE

District Agricultural Representative R. E. White of Newmarket informs The Tribune that it may be possible to hold a short course in agriculture in Stouffville this coming winter, provided accommodation is arranged for by the municipality or municipalities of the district. These courses are considered highly valuable to the young folk of the district and of the town, and such a course has been held in almost every larger centre of the county. Now it is the aim of the District Representative to extend the privilege to every section. Stouffville is now in line.

Auction Prices Soar

A large crowd and top prices ruled at the public auction sale of farm stock on the farm of Aaron Story on the second concession of Uxbridge township on Tuesday. The entire sale mounted to \$1400, with grain prices, perhaps featuring the sale, mixed variety selling at 80c a hundred, buckwheat 40c and rye 50c. A very common work horse went at \$51, and young cattle \$30 each. Pigs were keenly bid and realized \$8.25 for 75 pound shoats. A sow and 12 pigs was dropped to a bidder at \$60. Auctioneer A. S. Farmer handled the sale to the general satisfaction of all.

IS OLD-TIME WATER TANK DUE TO DISAPPEAR

An electrical pumping system which delivers water direct from a river into the tanks of locomotives without the familiar water tank structure by the side of the right of way is described by P. D. Fitzpatrick, Chief Engineer of the Grand Trunk Western Railway in the current issue of the Canadian National Railways Magazine. The new installation, made at Holly, Mich., has obviated the need of the water tank which is replaced by a spout. The fireman, when the engine is spotted at the standpipe, presses a switch which sets an electric pump in motion by which means the locomotive tank is filled with water pumped direct from the Shiawassoc River.

It may be something of this nature that the C.N.R. intend to install at Stouffville as the company has served notice on the corporation to end the purchase of water here. For 25 years the town system supplied water for railway engines, receiving for the service \$800 per year. Last year a new agreement was entered into whereby the rate was set at \$500, the contract to become void by either party giving six months notice. This notice has been received and the present contract will expire at the end of this year. Some officials of the company believe they can do without taking water at Stouffville, as only the occasional engine fills here now. Larger engines with greater water storage capacity make it easy to run from Toronto to Blackwater under normal conditions without taking on water.

RINGWOOD

I am anxious to thank all the friends and neighbors for their many kindnesses to me during my recent illness, all of which is greatly appreciated by my wife and myself. David Gillham.

RAID REEVE'S HEN HOUSE IN MARKHAM

Markham Constable Finds Pair Searching for Suitcase—Then Finds Chicken in Case

Two men were arrested Saturday night by Constable John Walker of Markham, following an attempt to steal a number of chickens from the farm of Reeve George Padgett whose farm is just north of Dollar. The two, Ernest Rice and George Weaver, both of Toronto, were lodged in Langstaff jail.

Mr. Padgett heard noises in his hen house and after turning on the lights in an attempt to scare away the thieves, notified the constable. Mr. Padgett's son, a neighbor, Tim Patterson, and the constable searched the surrounding district and said they came upon two men in search of a suitcase which they had hidden in the ditch.

The constable said he found a chicken in the suitcase which he claimed had been stolen from a neighboring farm, and early Sunday morning, Reeve Padgett found one of his best geese dead in the barnyard, evidently killed by the robbers.

Police believe that the arrests have solved a number of chicken thefts which have occurred in the district recently.

GREAT SERVICES REWARD MELVILLE CHURCH WORKERS

Friends and former residents came from long distances for the 90th anniversary celebration at Melville United Church, Cashel, last Sunday and Monday. Ottawa, St. Catharines, Hamilton, Toronto, and other outside points were represented.

Rev. Dr. W. A. McTaggart and Rev. Dr. J. A. Cranston, both of Toronto, were the outstanding speakers for the Sunday services, each delivering a profound and scholarly message. Special music by Miss Carmichael of Penetanguishene and the Peaches Quartette added much to the spirit of the services, and greatly assisted the splendid work of the choir under Mr. Bruce Lehman. Ideal weather contributed to capacity congregations, so that at the evening some could not gain admission.

The anniversary was brought to a successful conclusion on Monday evening with a well served supper on behalf of the ladies of the church, followed by a concert by talent from choir Fred Victor Mission orchestra. Church officials, and Choir Leader Bruce Lehman made reference to the splendid work of everybody in bringing the anniversary arrangements to so successful a conclusion. Harmony and co-operation reigned throughout, and all seemed anxious to do their part so that the 90th anniversary will go down as one of the finest in the church's history.

Ladies pair of hockey skates and boots for sale—Apply to Mrs. Thompson, at Mrs. Mustard's, west street.

\$100,000 MAUSOLEUM AN ELABORATE MEMORIAL

Large Domed Structure of Marble and Limestone to be Finest in America

On one of the highest hills of Scott Township, about two miles from Uxbridge town, there is under construction a memorial mausoleum which, when completed, will be unique as the only building of its kind in North America.

Visible for miles, the large domed structure of marble and limestone stands out in contrast with the green pasture fields around it. Work has been going on for two months and much of the structural work is yet to be done before true conception of its shape can be gained.

Situated in the Foster Memorial Cemetery, the building is dedicated to the memory of Thomas Foster's forefathers whose weather-beaten tombstones are still standing. Mr. Foster, a former mayor of Toronto, was born in Uxbridge, descendant of a family of pioneers who settled in the district more than a century ago. The building will be known as the Foster Memorial Mausoleum. It is on the 7th concession of Scott.

It will serve as a public mausoleum only as a temporary burial place. Three crypts are being constructed in the basement for that purpose, while in the main hall three other crypts are being built to accommodate Mr. Foster and his family on their death. Although a definite estimate could not be learned, it is said that the building will cost more than \$100,000.

Erected on an octagon-shaped terrace, 80 feet square, the building will have four main towers, with a top dome, capped with copper tile. Each of the towers will be 36 feet apart. There will be 2,400 square ft. of floor space in the main hall, including two transepts, one at the north end of the building and the other at the south.

The final of the top dome will be of solid bronze. The pitched roof will be covered with copper tile, with each of the domed towers capped with the same material. Four large stone columns will support the dome in the main hall of the building.

Steps of Indiana Bedford marble will lead up to an extensively garnished altar of solid bronze. The floor in the main hall will be of marble with mosaic design. The three permanent crypts for Mr. Foster and his family will be of marble and bronze. The pulpit behind the altar will be finished in marble. Indirect lighting from the top dome will throw a faint light on the interior of the building.

The building will be constructed of reinforced concrete throughout the exterior. The only wood used will be two large oak doors in the basement, which will be cased in bronze.

PLOWING RESULTS AT 12TH ANNUAL MATCH

Never in the 12 years existence of the North York Plowing Association have their annual matches been on quite so splendid land for plowing at last week's competition, on the farm of Mr. Walter F. Blanchard, just east of Newmarket and due north of Vanderhof. There wasn't a stone to be seen, and the loamy soil acted well to the turn of the plow, especially in tractor field. Unfortunately the day was the coldest one this fall with squalls and biting wind which prevented a larger crowd from enjoying the match.

Alex. Black of Guelph was awarded the cup for best plowed land in the match, and it was a picture, and plowmen of long years experience marvelled at it. James Benton, a Queensville lad, 12 years, took the prize for youngest plowman.

The teams committee had ample horses, fine ones too, for all who wished to plow, so that the match went off without a hitch. Walter Wood, genial president, was here, there and all over the farm. W. H. Botham of Aurora won the special prize of \$5 for best outfit plowing.

Hope Ladies' Aid served lunch in the spacious drive shed on the Blanchard farm, but the unexpected turn to colder weather made the place not too inviting, and much of the crowd made for home rather than wait for the result of the prize awards. However, the shed was filled to capacity as it was. The prize results of the day were as follows:

- Class 1—Sod—1st—Lloyd Marquis, Sunderland, Reg. Bull. Cal.
- Class 2—Sod—Jointer—1, Alex. Black, Guelph; 2, Harold Pickett, Hornby; 3, Russel Jarvis, Milliken; 4, Arthur Julian, Milton; 5, W. Ferguson, Stouffville.
- Class 3, Sod—Green Class—1, R. Marquis, Sunderland; 2, William Shannon, Sunderland; 3, Ralph Smith, Uxbridge.
- Class 4, Stubble—1, Floyd Steckley, Stouffville; 2, John Medd, Port Perry; 3, Donald Gillies, Nobleton; 4, P. Paddington, Stouffville.
- Class 5, Stubble—1, Walter Booth, Locust Hill; 2, Frank Thompson, Agincourt; 3, Norman Steckley, Stouffville; 4, Ed. Ferguson, Stouffville; 5, James Lee, Greenbank.
- Class 6, Stubble—1, Lewis Wells, Lemoville; 2, Scottie Hunter, Mt. Albert; 3, Harold Rose, Mt. Albert.
- Class 7, Stubble—1, Joe Tran, Claremont; 2, Andy McClure, Woodbridge; 3, Ronald Marquis, Sunderland; 4, N. Jarvis, Milliken; 5, Bert Smith, Gormley.
- Class 8, Stubble—1, Melvern Emmerson, Stouffville; 2, Leslie Smith, Gormley; 3, James Rae, Stouffville; 4, Ross Stickwood, Sharon; 5, James Benton, Queensville; 6, Verne Sherilan, Queensville.
- Class 9—Tractor Stubble—1, Fred Timbers, Stouffville; 2, Geo. Hostrosser, Milton; 3, Elgin Walker, Markham; 4, Russel Grafton, Brampton.
- Class 10—Tractor Stubble—1, D. Oldham, Mt. Albert; 2, John Moynihan, Aurora; 3, Allan Crone, Mount Albert; 4, Stanley Hall, Stouffville.

HOT ROAST SUPPER

The Woman's Association of Stouffville United Church will serve a hot roast beef supper on Monday evening, Nov. 4, in connection with the anniversary celebration. Supper from 6 to 8. Adults 35c, children 20c. The choir will render a program of real entertainment following the supper.

HUGE ROAD OMELET

Sam Golden would put to shame some of those Toronto restaurant owners who pride themselves in serving up big egg omelets. The other day Sam turned out the biggest omelet probably yet made in these parts. It all happened when a rear tire blew out, and his load of chickens and eggs were scattered over the roadside. The force of the impact killed twenty chickens, while that egg omelet ran down the ditch resembling the bursting of the Holland dikes. How many dozens of eggs figured in Sam's omelet, he doesn't care to say.

"SONNY JANE"

This Friday evening, Nov. 1, the Markham Dramatic Club will present "Sonny Jane," a comedy play in three acts, in Ratcliff's Hall, under auspices of the Stouffville Junior Institute. Curtain rises at 8 o'clock. Be on time, and enjoy this splendid evening. Admission only 25 and 15 cents.
