PUBLIC SERVICE REMEMBRANCE DAY

About a dozen local war veterans paraded to the Memorial Gates at the entrance of Memorial Park on Armistice Day where a public service was conducted with Reeve H. W. Sanders officiating. There was quite a turnout of citizens considering the raw weather and prospects for rain at the time. Rev. Thos. Laidlaw, Rev. W. H. Fuller and Rev. J. J. Robbins officiated as the speakers for the short service held. The rector of the Anglican Church warned that the biblical injunction was being utterly ignored which says, "They that take the sword shall perish by the sword." He pointed to the League of Nations as the only organized society to save the world today, and unless it is upheld by the nations, then the world is heading for annihilation and destruction. It is significant that another world crisis is upon us this Armistice Day just 17 years after the Great War, and the thought fresh in our minds that 17 millions men were destroyed in the last terrible battle. Mr. Robbins said that we are near today to another, the greatest of all wars, than at any time in the history of the world without hostilities actually breaking out. Reeve Sanders called upon Mrs. Hutchinson, mother of a son who paid the supreme sacrifice in France to place the Ontario Government wreath at the foot of the gates, while the reeve himself laid the veterans' wreath, and the meeting came to a close with the National Anthem.

WELL-KNOWN FARM SOLD

The well-known Jonas Boyer farm abutting Stouffville to the south on the 10th concession, being lot 33, was sold last week by the present owner Elmer Ferguson, to J. Cody, of Toronto. As Mr. Ferguson is to give immediate possession, he is calling an auction sale for Nov. 26. Mr. and Mrs. Ferguson who are hard-working industrious farmers bought the place in 1925 from Herman Jones, and now they may come to town if unable to pick up a 50 acre property as they would like to do.

It is said the new owner became attached to the property because of its great possibilities for developing the old pond, which since the flood washed away the dam a few years ago, is dry. The natural lay of the land makes it a simple matter to reconstruct the dam and quickly create a large body of water. Here for years was the old swimming hole for the boys of the town, as well as a popular place for skating in winter season, perhaps all these things will be renewed again with a new dam built, and thus history will repeat itself. Who knows?

MARRIAGES

Wideman—Mustard
A quiet wedding took place on Saturday afternoon, November 9, 1935, when Agnes Janet, daughter of Mr. and Mrs. N. Mustard, Unionville, was united in marriage with Clarence Jacob Wideman, son of Mr. and Mrs. J. S. Wideman, Markham Township. The ceremony was performed by Rev. John McEwen, at the Melville United Church manse. The bride, who was becomingly gowned in royal blue crepe, was attended by her sister Miss Mary Mustard, attired in navy crepe. The groom was attended by his brother Mr. Lorne Wideman. After a short wedding trip the young couple will reside on the groom's farm in Markham Township.

BALLANTRAE LOSES AN AGED MOTHER

In the passing of Mrs. Thos. Clark the district of Ballantrae parts with one of its estimable mothers who had lived in the district for 26 years. Mrs. Clark who was nearing her 80th year died on November 6, 1935, at lot 22, concession 8, following only a week's illness. The funeral on November 8th was at Churchhill for interment, service being conducted by Rev. C. B. Jeffrey, assisted by Mr. H. E. Worling. Born at Meadowvale, Peel County, the late Mrs. Clark was before her marriage Eliza Fleetham. She was married over 50 years ago to Thos. Clark who predeceased her by six years. A family of three sons and one daughter survive to revere the memory of a beloved mother. They are John Clark on the home place where the mother died, Fred Clark in Toronto, Albert on the 9th of Whitechurch, and the daughter Mrs. Albert Robinson of Toronto. The late Mrs. Clark was a member of the Ballantrae United Church, and was very active, right up to within a short time of her death.

THERE WAS GAS IN THE BARREL

Unfortunate Discovery Made when Lad Holds Lighted Match to Bung-Hole of Gas Barrel

LARGE BARN IN ASHES

An Italian family living on the 7th concession of Pickering near where the railway crosses, sent their young lad of about 13 years to the barn to see if there was any gasoline in the barrel. The boy lighted a match, there was gasoline or gas all right, but less than an hour the huge structure of a barn was reduced to ashes. Fortunately the lad was uninjured in the explosion following the lighting of the match at the bung hole of the barrel. The farm lies next the well-known Michell place, and has been occupied by the present owner for some time, he being a fruit merchant in Toronto. In addition to the large barn being a total loss, the crop, and everything in the building went up in smoke, including a number of pigs, the only live-stock to be destroyed. The accident happened at five o'clock on Saturday evening, and great was the crowd that assembled at the scene, for he sky was illuminated for miles around. Claremont Fire Brigade promptly responded to the call for help, but could do nothing, so rapidly had the flames shot through the building. There was no wind, and the fire was readily confined to the barn alone. Being a wholesale fruit and vegetable man, the crop of grain was not heavy, still the loss will be keenly felt.

HOCKEY MEETING

A meeting of all those interested in the re-organization of the hockey club for the coming season are asked to be at the Mansion House this Thursday evening at 8 o'clock. Come and help the winter sport along. A decision will be made on entering either junior or intermediate team in the O.H.A., and election of officers will be held.

FAT PEOPLE MAY EAT BREAD AND BE MERRY

Our local baker, Mr. Ambrose Stover, with his son Harry, an expert cake baker, were in Toronto last week for the annual Bakers' Convention held at the Royal York. In addition to obtaining new rinks about the bakery business, they heard and saw a good deal about bread as a daily diet, and its effect on the body as a fattening food.

Dozens of bakers, explained Mr. Stover, stood in line to pedal a bicycle fast and furiously in the banquet hall of the hotel. To prove their contention that bread is not fattening and should be included in all reducing diets. A combination bicycle and generator, with a series of lights measuring the muscular energy used by the rider, was a feature exhibit at the Baking Industry Convention, and showed how bread is completely burned by the body in the production of energy and cannot produce fat. The machine was claimed by the bakers to prove that one slice of bread is burned up by a person's body after one hour of sleeping and that a good night's sleep requires the energy supplied by eating half a loaf. Two slices are needed after an hour of typewriting, tailoring, knitting or singing; three slices after an hour of shoe-making, book-binding, floor-sweeping or ironing; four slices after an hour of carpentry, painting, or walking three miles; five slices after an hour of gardening, golf, hoeing or window-washing; six slices after an hour of brick-laying, moderate rowing or walking four miles.

HO ! FOR FRANCE

Mr. and Mrs. G. H. Forsyth of Claremont are planning to leave shortly for old France where Mrs. Forsyth was born and raised. An auction sale of their household goods is advertised in this issue, and it will be a large sale of excellent house goods, only in use a few years. Mr. and Mrs. Forsyth first met in France during the Great War 17 years ago or more, they married and she came to Canada with him, where she mastered the English language in a wonderful way. They settled in his native village of Claremont, and are now going back to Europe where her parents lived. Mrs. Forsyth before her marriage was a school teacher.

MELVILLE

Miss Gladys Lehman spent the weekend with Miss Hollingshead at King Horn. Mr. Cyril Myers left for the city in search of employment last Saturday. Eric and Ivan Lofkranz were the guests of Mrs. N. Gayman over the weekend. Choir practice will be held at the home of Mrs. Edgar, Night on Thursday evening. The Bethesda Young People will give the programme at our Guild meeting this Wednesday evening. We join with the whole neighborhood in wishing Mr. and Mrs. Clara Wideman a long and happy married life.

A splendid congregation was on hand on Sunday to hear and to renew acquaintance with the Rev. Jno. Mutch. Mr. and Mrs. H. Spofford and daughter Edith accompanied Edgar Bateman on a hunting expedition last week. Their camp is in the vicinity of Barnsdale.

The Maples

Annually at this time of year, the trees which line our streets, particularly Main street, are in danger of condemnation because their leaves form a source of repeated work. But this is only one of the several pieces of evidence checked up against shade trees. The man who digs drains has a grudge, also the village council know too well what the maples do to our cement sidewalks, while Mr. Average Citizen, now and then curses them when his toe comes in contact with a heaved block of cement. Yet in spite of it all we are here to uphold the rights of the trees, and to the woodsman we say spare that axe, which is just another way of saying to our councillors, protect the trees at all cost, for without them our village would resemble only a bleak prairie town.

One of the greatest enemies of the maple is the lime-man — telephone and electric — who hack their way through the limbs tunnelling a right of way for their wires, seeing that they must proceed up the streets rather than along the rear of the properties. Someday telephone and electric construction will be forced off the Main streets as it is already in numerous towns in Ontario. For another year the leaves have been fairly well cleaned up, and they have been removed from Main street where they become a menace to the storm sewer unless handed promptly from the pavement.

Yet with all the troubles they bring us we say to the maples, "we love you still, may you never leave us, your natural beauty charms us, your shade in summer cools us. Truly it is said, "only God can make a tree." Send the Tribune to absent friends.

PLANS CONSIDERED FOR WINTER RELIEF

The Statutory bylaw was passed by Whitchurch Township Council on Saturday, setting forth provisions for the annual municipal nomination, and election in the event if one is demanded. Nomination day falls on Monday, December 30, and election day Monday, Jan. 6. Polling places and D.R.O. were appointed, thus:—

No. 1—Wm. Brownings House, Deputy Returning Officer, Garnet Evans, Russell Gray, Poll Clerk. No. 2—Ralph Allan's House, Fred. March, D.R.O., C. Bolender, P.C. No. 3—Lemonville School, Ralph Baker, D.R.O., Stewart Rae, P.C. No. 4—Miss G. Kennedy's House, Watson Fairles, D.R.O., Herbert Mitchell, P.C. No. 5—Penrose House Edgar Dennis, D.R.O., Frank Drewery, P.C. No. 6—J. Clayton's House, George Drewery, D.R.O., Douglas McClure, P.C. No. 7—Mrs. Fogal's House, Jas. Hope, D.R.O., Edw. Johnson, P.C. No. 8—Geo. McCormick's House, Cliff Wallwork, D.R.O., Jno. Mitchell, P.C.

A suggestion that road work by relief labor be done on sidewalk between con. 6 and 7 known as Cherry street in the "Seldom Seen" division met with opposition. Deputy Reeve Toole said there were too many Main roads demanding attention, and that all sub-divisions had been reduced therefore he could not see his way clear to enter upon a road that was so little travelled.

Councillor Leary said another way had to get out. Council all agreed that some work of a special relief nature could profitably be done on concession 7 between lots 29-30, as outlined by P. M. Higgins of the Ontario Dept. of Highways. On con. 2 north of Lake Wilcox was another place where relief work was favored in cutting down a hill, as outlined by Councillor Lorne Evans. It was decided to view these places later in November with a view to opting probably a couple of jobs for winter work.

Total relief accounts paid amounted to \$100, with hospital accounts \$168. One sheep claim was filed from A. M. Sheridan who was paid \$25 for 4 animals killed by dogs. R. E. White, Agricultural representative received a grant of \$10 for the home plowing competition. Three lots sold under tax sale and later redeemed by the owners, were adjudged on the rolls by refunds made to the purchasers at the auction sale, plus ten per cent as provided by law.

The Council will meet on Saturday, December 14 to wind up the business of the year. Reeve N. Rae presided over Saturday's session, all other members being present, Deputy Reeve Toole, Councillors Evans, Leary and Cook.

MRS. D.W. HEISE GORMLEY, IS DEAD

Following a few months of serious illness Mrs. D. W. Heise, Gormley, passed away on Tuesday afternoon on the eve of her 73rd birthday. Clothed in that beautiful spiritual grace with which her life was marked, her illness and passing was a wonderful transition. The late Mrs. Heise was born at Gormley, in Whitchurch Township, the daughter of George Sheffer and Barbara Hoover his wife. She had that spiritual upbringing which prepared her for the position in the home she was in future years to occupy as the wife of Rev. D. W. Heise, preacher and missionary of the Tunker Church. Coming from a long-lived family, the secret hope was always cherished by her bereaved husband that his faithful life partner would long be spared to him, but such is the uncertainty of life. Besides her husband there survives an only daughter living at home, Miss Beulah Heise, and to father and daughter sincere sympathy goes out. The funeral on Friday afternoon will be to Heise Hill Church and cemetery, following a short service at the late home at 1.30 o'clock.

AGED LEMONVILLE LADY HONORED AT WESTERN HOME

Pioneer of Windhorst—Guest at Party as She Becomes 90 Years Old.

Special from Windhorst, Sask.—Birthday congratulations were showered on grandma, Mrs. James Lemon, who reached her 90th birthday Sunday, and a birthday party was held at the home of Mr. and Mrs. Isaac Lemon when 70, which included children, grandchildren and great grandchildren, gathered. Mrs. Lemon came to the district in 1908 from her home in Stouffville, Ont., and has made her home here since, with her sons, Isaac and Clarke.

Two other children are also living, Mrs. Scott, of Portland, Maine, and Mrs. Ratcliff, of Stouffville. In spite of having reached this grand old age, Mrs. Lemon enjoys excellent health and takes an active interest in everything. She still busies herself with her needle work, having completed a lovely quilt this year.

During the afternoon many congratulatory messages were read, and in the evening old favorite songs and hymns were sung. Miss Reta Roland, of Regina, also sang for the pleasure of the guests, and other musical numbers were enjoyed. A handsome birthday cake with candles-decked the table.

Out-of-town guests included Mr. F. Jordan, of Regina; Mr. E. L. Jordan, of Yorkton; Mr. and Mrs. S. Jordan, of Wolesey; Miss R. Roland, of Regina; Miss McPhall, Mrs. Cook, Mrs. Wallace and son, Douglas, all of Winnipeg, Man.
