

## TOWN TOPICS

The number of teaching days in the Continuation and Public Schools this year is 197, or 60 per cent of the actual working days for 1936. It is pointed out in an exchange paper

June 3, the birthday of the late King will cease to be a public holiday in Canada, and June 23, the birthday of King Edward VIII., will be observed instead. The statute says that: "The birthday or the day fixed by proclamation for the celebration of the birthday of the reigning Sovereign" shall be included among the national holidays of the Dominion. Thus unless the Government proclaims some other day, June 23 will be celebrated as a holiday throughout Canada during the reign of the new King.

### BIRTHS

Fockler—At the Brierbush Hospital, Stouffville, on February 9, 1936, to Mr. and Mrs. Gordon Fockler, Ringwood, a son.  
Strong—In Stouffville, on Feb. 4, 1936, to Mr. and Mrs. Ernest Strong, a son. (Allan Bruce.)

## STANLEY Theatre

FEBRUARY 17—18—19

"Bulldog Drummond Strikes Back"

Mickey Mouse Silly Symphony

The Greenwood Flour Mills was destroyed by fire last Friday night. Estimated loss \$35,000.

The Annual Hockey Tournament billed to open on Monday has been delayed, and the first games will be played this Thursday at the local Arena. In former years the free-for-all hockey round-up was the feature of the season, and this year with gold watches again for Junior and Senior Champions will be no exception. Toronto will be represented with several teams, also northern towns are expected to enter, so watch for daily announcement on bulletin board at church street and Main.

Skiing has taken hold in this part of Ontario and on weekends many young folks are to be seen slithering over the landscape or diving down an embankment. A popular slide has been found on Mr. Les. Hodgson's hill east of town. One day last week Ed. Goode, eldest son of the head of the Brierbush Hospital took a header there with disastrous results. Shooting downward on his skis, he somehow landed wrong way up, and as a result nurses a broken shoulder blade, which will lay him aside for some time. Edw. tips the scales at 170 pounds, which is some weight for a school boy, and still some weight with which to take a header with on a pair of skis.

The brick block opposite the Fire Hall, comprising Lehman's Shoe Store, and Harness Shop, also the Chinese Cafe, and Brathwaite's Hardware were erected for Mr. R. J. Daley who contributed so much to the early growth and development of Stouffville. Last week in our obituary notice it was said that this block of four stores had been erected by the late Sam, and Jake Burkholder. This was incorrect. The Burkholders having built the corner premises owned and occupied by L. E. O'Neill, funeral director and furniture dealer. The Lehman Stores and the hardware block are one of many monuments to the thrift and foresight of our former townsman who from his home in Western Canada can look back to his more active days and see distinctly how he left his mark on the village of Stouffville where he spent many years of his life.

## CANADIAN NATIONAL

Jim Lawson has been taking a couple of weeks holidays from his duties at the Bank of Nova Scotia, during which time he had his tonsils removed.

The well known Alex. Mitchell farm at Ringwood advertised for rent in this paper, has been leased to George Harman of the 8th concession of Waltham who will move on this spring.

Lorne Beare of Port Perry who has been goalie for Lindsay Juniors for two seasons past, has been asked to fill in an application form for the Boston Bruins and to report in the fall of 1936, Beare is looked upon as one of the best juniors in Central Ontario.

M. Linton, new C.N.R. section foreman, has just moved to town, and rented the house newly built by Harry Sawyer, situated on Main street south side, near the Presbyterian church. Mr. Linton comes from Orono.

The coming sale of Scotch Short-horns, formerly the estate of the late Robt. Miller, will be sold by auction on Tuesday, the 25th inst., at the farm at Ringwood. The noted auctioneer on pedigreed stock, R. E. Franklin, has been secured by the proprietor Mr. George Rodanz, and he will assist the local auctioneer A. S. Farmer. This is one of the outstanding pedigreed sales of the season which will attract interested farmers for long distances.

Seven teams of horses hitched to bob sleighs could be seen on the front street at one time Saturday afternoon from the window of The Tribune office, while a farmer informed us at the same time that the United church shed was filled with teams. All of which does look like old times, doesn't it. Many of the farmers are unable to get a motor car out the lane, while numerous roads have been blocked for a week, hence the explanation for the "come back" of old Dobbin.

Recently W. S. Widdifield, Chev. dealer, took his big brown hound dog to Toronto to be sent to the Happy Hunting Grounds through the humane route provided by the Humane Society, but when an O'Brien Avenue citizen took their cat down to be despatched, Miss Puss turned up at home again. Looks as if eight more trips will have to be made, but next time more care will be taken to see that the cat does not jump out before the car leaves the home precinct.

Little Doris Tidy will miss at least a couple of months schooling this winter, all because she fell on an icy walk and received a fractured knee cap. This is a regrettable thing, and a long time for a youngster to be confined to bed and home without the exercise that youth demands. Her father Mr. W. E. Tidy is located 85 miles west of White River with a government construction party where the thermometer registers 40 below zero. When home for Christmas he just smiled when we said "of course you don't feel the cold in the west."

By defeating Stouffville Junior Hockey team in the Yonge street town on Monday night by a score of 6 to 1 and thereby taking the round by 7 to 4. Aurora heads the league. Our local lads are through with the O.H.A. junior series for this year, but not without making a splendid show. Aurora looked better Monday night than when they appeared here the previous week to receive a defeat of 3-1 and at same time Stouffville boys were not at their best. The teams are very evenly matched, but the winning lineup is better, finished when it comes to work around the nets, and this accounted for the one-sided score Monday evening. Fact is, most of the play was around the Aurora nets, but without the necessary counters, Aurora will now meet the Dukes in the Maple Leaf Gardens, Toronto, and we wish them success, against the high-powered Toronto management which surrounds the Dukes.

The new Cemetery Board for Stouffville swung into action last week, when the Commissioners held their first meeting and elected H. O. Klinek as chairman and the local undertaker, L. E. O'Neill secretary-treasurer. Persons desirous of purchasing ground at the cemetery, or transacting business over property they now have there, should get in touch with the new secretary who is available at most any time at his business place on Main street. In a number of towns we have in mind, the local funeral director has made an efficient and interested person in charge of the cemetery work hence we look for Mr. O'Neill to introduce some changes and improvements in the way of getting-in more money to operate the cemetery. At the present time lots are sold at so low a figure the Commission are out of funds all the time, and needed work has to go undone. Mr. O'Neill calls attention to the fact that all money owing for the care of lots should be paid direct to the Commission, and we understand there is considerable outstanding all of which is needed in the treasury this spring.

Charlie Harver received a tempting offer of \$500 for his team of grays last week, 5 and 6 years old.

The Garret Evening Auxiliary are having a St. Patrick's supper on the 12th of March. The Rev. Honeysett and Co. are putting on the program.

D. M. Heise, was a caller in town on Saturday. He is back in the hardwood flooring business again, but such drastic competition as confronts most all trades, makes business not so pleasant, as it might be.

Dr. D. C. Smith, we are glad to report, is holding his own this week, and is reported as slightly improved in health. The doctor's illness commencing with a common cold, developed pneumonia, still his early recovery is confidently hoped for.

Mary H. Sharrard, aged 77, died on January 26, at Pueblo, Cal. She will be remembered by friends in the Atha and Altona district, as a sister of Messrs. William and Jas. Dunkeld of Atha and Stouffville. Last summer she enjoyed a visit here staying at the home of Mr. Murray Dunkeld, Atha, where she had a most delightful holiday. Mrs. Sharrard is survived by five daughters and two sons, as well as her two brothers here.

St. Valentine's Day has a greater meaning for at least one couple in Stouffville, than for the average person. Mr. and Mrs. Noah Baker, for instance, will on that day, February 14, reach the 54th anniversary of their marriage, a privilege extended to but few people. They have enjoyed long life together, and are still spared to each other, although Mrs. Baker has been quite ill of late, but now is somewhat improved. Their anniversary day on Friday will be most quietly observed, but we join with their many friends in this eventide of their lives in passing to them the thought expressed in the words of Longfellow who wrote:

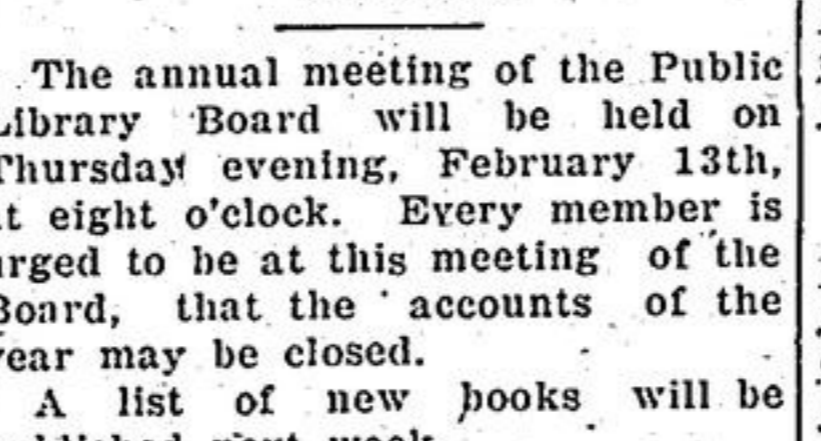

And their evening shall be filled with music  
And the cares that infest the day  
Shall fold their tents like the Arabs,  
And as silently steal away.

Mr. Wm. Morgason of Goodwood, called at The Tribune Office on Saturday afternoon to renew two subscriptions which he has done annually for many years. 86 years of age in October, few men in any of our acquaintance are so robust at the age of Mr. Morgason. He has the strength of a man of 50, and a strong voice. In fact the only defect that has come his way is his hearing, and that failed him when he was a lad. He can remember dates and incidents of long ago with the readiness of more than average man—Born at Garibaldi Mr. Morgason knows early history of Stouffville well. He bought harness from Godfrey Shankel in 1879, and well remembers when six hotels did a thriving bar business here. Speaking of Garibaldi he noted that it was a great place for raising large families for there were 85 children within a mile and a quarter, and this 86-year-old lad could give the number in at least a dozen families. Mr. Morgason was of a family of 13 born to John Morgason, and nine are still living, he being the eldest. His home at Goodwood is kept by one of his sisters who is 83 years old.

### PUBLIC LIBRARY ANNOUNCEMENT.

The annual meeting of the Public Library Board will be held on Thursday evening, February 13th, at eight o'clock. Every member is urged to be at this meeting of the Board, that the accounts of the year may be closed.  
A list of new books will be published next week.  
—Herbert Lee

Mr. Norman Baker of the Bank of Commerce staff, Unionville, has been relieving at Thornhill for a couple of weeks.

Whitchurch Township Council will meet for general business next Saturday, Feb. 15, the session having been adjourned from last week the regular meeting date.

The thermometer registered zero every day last week, with a cold weekend, which had a perceptible effect on the size of the crowd in town on Saturday. Diminished church attendance was also noticed on Sunday.

Mr. Howard Malloy has installed a hot water heating plant in his home on Market street. Turner's Dairy is also connecting up a steam plant for the dairy and ice cream parlor.

The latest edict from Queen's Park is that the 1936 tax demands must show the amount of taxes collected for relief purposes. Relief is proving an expensive proposition, and apparently the idea is to show the ratepayers just how expensive it is.

The annual social meeting of the Women's Institute will be held in Ratcliff's Hall, on Wednesday, Feb. 19. Members gather at four o'clock for business, followed by a pot luck supper at 6.30 to which every member is requested to be present and to bring a guest. A program will follow at which Miss Powell of the Department will be guest speaker. Everybody welcome.

You are invited to an open meeting in Melville Church, under the auspices of the W. A. on Sunday evening, February 23, at 7.30 o'clock. The speaker will be the Rev. Thos. Mitchell, of Ringwood. Music furnished by Peachs Quartette, assisted by Melville Choir. Everybody welcome.

Those who attended the annual banquet of Ontario Plowmen's Association from the home district included R. E. Ratcliff, Ralph Baker, Win Timbers, and Elmer Wells, also George Anthony, of Wilcox Lake, all officials of the North Branch. The affair was held in the King Edward, Toronto.

Two rinks of local curlers entered the Agincourt Bonspiel which opened last week. Thos. Birkett's rink including himself, Sam. Armstrong, Chris. Armstrong, Walter Brillinger, have worked themselves into the semi finals. M. E. Watts, W. R. Sanders, Clarence Agnew, H. Brillinger formed the other rink which fell out earlier in the bonspiel.

On Wednesday night of next week Uxbridge High School Debating Club will visit Stouffville school when the two societies will debate the question, resolved, "That the recent trade agreement with the United States has more advantages than disadvantages for Canada." The debate will take place in the school, and judges have been secured from Richmond Hill.

The town of Brampton is determined to provide a swimming pool for the younger element of the town, and are raising funds for the purpose by giving one or two concerts by local talent to which every citizen of their town is urged to buy a ticket or two. Stouffville needs a swimming tank as bad as Brampton, and it is not too early in the season, to give the matter some thought.

Mr. R. W. Goodin was able to leave town this week for his home near Kempsville, following his recovery from the flu. Mr. Goodin came to Stouffville early in January as assistant to R. E. White in conducting the classes in agriculture, but the last week of the course saw him laid aside with illness, and he is just now making recovery. Mr. Goodin was highly popular with the boys of the short course class, and his recovery will be gladly noted by them.

The annual carnival of the Business Men's Bible Class staged last Friday night drew only half the usual large attendance of other years, but the fault was all due to the antics of old Jack Frost. The weather was below zero all day, and went still lower as evening drew on. Despite this fact, the crowd was fair and a goodly number of costumes were in evidence. The rink was gaily decorated with balloons, which with liberal band music was all appreciated. Prizes were all awarded and paid despite the handicap of reduced gate receipts. Randolph Forsyth and Virginia Boadway carried off the prize for best couple in costume, and Gordon Quantz and Ila McGuire second. The best comers were Howard St. John and Leland Fairlies, as farmer and cow, which drew no end of laughter and proved a popular spectacle. Kathleen and Grant Turner came second in comic. Girls under 14 prize went to Edna Nicholson and Kathleen Lee. Egg, biscuit and other races amused everybody whether taking part or not, and the boys responsible for the evening's entertainment are to be congratulated.

Mrs. Henry Vanzant was called to Toronto by train on Wednesday evening owing to the serious illness of her son-in-law, Mr. George U. Menzies, whom she was shocked to find had passed away before she reached Toronto. The late Mr. Menzies is survived by his wife, Cora Vanzant, youngest daughter of Mrs. Vanzant to whom the sympathy of their many friends in town is extended at this time. The funeral on Saturday was of a private nature from the late home, 23 Biggar Avenue, Toronto. The late George Usher Menzies is the last surviving member of generations of great shipbuilders whose names are written indelibly into the annals of that industry in Scotland. George was a marine engineer, draughtsman, and authority on cactus plants. He was born in Leith, Scotland, and attended St. Andrews College. He came to Canada aged 24 years. He retired from business 15 years ago, and following his hobbies since of

raising tropical fish, cactus and other botanical plants. Mr. and Mrs. Menzies celebrated their 25th wedding anniversary last summer.
