

TOWN TOPICS

Don't forget the St. Patrick Tea to be held in Turner's Dairy on Saturday, March 14, under auspices of the C.G.I.T.

Mrs. James Lewis and daughter, Mrs. R. M. Paris, both from Peterboro, were in town for the funeral of the former's aunt, the late Mrs. Allin.

The Stouffville War Veterans will hold a general meeting on Monday night next, March 16, at 8 o'clock, in the fire hall. All members please attend.

The Toronto Globe recently suggested imprisonment for false weather prophets, and the Chesley Enterprise hits upon a still better punishment by suggesting that they be forced to spend the month of February in a nudist camp. What a chilly reflection!

In memory of her beloved father, Miss Mary Nicholson had a floral decoration placed in the United Church last Sunday. The late Mr. Nicholson resided on Stouffer street, where he worked a small piece of ground at one time. He was a member of the Methodist church, 20 years ago.

On Friday evening Dr. E. S. Barker received word from Winnipeg appraising him of the serious illness of his mother who is past 85 years of age. The doctor left Saturday evening for the Manitoba capital, but hoped to return the latter part of this week to resume his practice. The many friends of Mrs. Barker will hope for the best in her illness at this time.

Granulated Sugar \$4.85 per cwt. at Kitchell's Store.

Reserve the date of Friday, April 3, for the play by the Stouffville United Church Y.P.S. entitled "All on Account of Polly."

Mrs. Jos. Gayman was summoned to Alimra on Tuesday owing to the critical illness of her mother Mrs. Samuel Lehman.

Down at the curling rink where the boys make merry throwing the granite disks from end to end of the ice, there has just concluded a local bonspiel of more than usual interest. It was won by the veteran Tom Birkett with Reeve Harry Sanders' rink a close second. Eight rinks participated, the winners: T. Birkett, Frank Rowbotham, Harry Stouffer, Art. Weldon being presented with suitable prizes.

Mrs. D. A. Galloway, an old Stouffville girl, now of Mimico, in remitting for The Tribune for another year, reveals that she has been laid up with arthritis, and because of her confinement looks forward with welcome to the arrival of the home town paper each week. It's better than a letter from home, and is appreciated by hundreds of others just like Mrs. Galloway. If your children or friends from home are not getting it, we have a special offer for a second subscription. Enquire at the office of this paper.

Mr. Cephus Raymer, son of Mr. Ab. Raymer, Baker Avenue, is seriously ill suffering from hardening of the arteries. Cephus is 56 years of age, and has suffered two strokes during his illness, while his father, over 80, is recovering from a slight illness. Thus it is that life is uncertain and holds no promise of longevity for any man.

Writing to his former side-kick in the real estate and second-hand car business, Mr. Herb. Forsyth who is now in Paris, France, remarks on the feverish haste apparent all over Europe for rearmament. "They are all arming to the teeth," writes Herb. who is an old Claremont boy, but with his wife and family are trying it out over there in the native country of Mrs. Forsyth. At present they are visiting her parents in the great fashion centre of the world. The weather, he reports, is mild and only six days this winter did they have frost.

Rev. Freeman Boothby of Nook-sack, Wash., U.S.A., with his sister Mrs. George, Hughes of Watson, Sask., are spending a short time in and around Stouffville, having come east with the body of their beloved mother, the late Mrs. Hannah Boothby who was laid away in the Glasgow cemetery on March 4, as previously reported in this paper. On Sunday evening Rev. Mr. Boothby preached in the United Church where his mother was a devoted member for so many years. It was a pleasure for many old friends of the Boothbys to hear this native son from the local pulpit. Mr. Boothby is pastor of a Methodist Episcopal congregation just over the B. C. border on the Pacific coast, and within 17 miles from Mission City where his brother Charles resides, and where the mother died.

Choice large cooking onions for sale, by the bag or bushel. Apply Robert Stewart, phone 1208.

Miss Jennie McCallum, after spending the winter in Toronto, has reopened her home on Main street next to Dr. D. C. Smith's residence.

Mr. and Mrs. Elgin Granger, C.N.R. Agent, at Scarboro Junction, spent the weekend with Mrs. W. T. Byam, and Miss Ethel, at the Blue Bird Inn.

All girls and others are invited to the short course class this Thursday night, March 12, in the Odd-fellow's Hall. Miss Wallace will give an address to be followed by other entertainment, and social Ladies please bring refreshments.

One evening last week a number of friends and neighbors gathered at the home of Mr. and Mrs. James Mowat, to celebrate with them Mrs. Mowat's birthday. All enjoyed the good things provided, then entered heartily into the singing of familiar hymns.

Its not often that we have to endure zero weather in the month of March, but last Friday morning the thermometer registered that low, with cold weather for a few days following, although it was bright and sunny. It is now freely predicted that the end of zero weather is past for this winter, and it sure felt like it this week with warm springlike days.

Jos. Betz who conducts an extensive business in Registered Dorset Horn Sheep, shipping to all parts of the province and beyond, had a lamb born recently weighing 14 pounds at birth, and 40 pounds at one month. One of his ewes which had three lambs last year, has again repeated the performance this year. With sheep like these, they ought to find ready sale.

Miss Mary Cook of Lemonville, was severely burned on the hand the other day when she took a weak spell in her home there. It is believed she touched the stove by falling in a faint, and has been under medical care since. Miss Cook is a sister to our Mr. Dan. Cook, and has lived at Lemonville for many years where her mother died. She was the school mistress at one time at the sixth line school.

We had three callers at one time in the office of this paper on Monday afternoon whose combined ages total 245 years. All of them are over 80 years, but as two of the girls are widowers and may be looking for another girl we are not at liberty to mention names. One of the trio lives in Markham Township, one in Goodwood, and the third in Stouffville. The incident struck us as remarkable that three so great an age should be in the office at one time.

Working around the barn the other day, Ern. Steckley of Whitechurch in some manner struck his eye against the litter carrier, and effected such damage that he had to be taken to Toronto, where it was feared the eye would have to be removed to save the sight of the other member. The eye ball was punctured. Last year the good eye was damaged in some way, but was left somewhat weak and every care has to be taken that it does not fail him now.

Two gents breezed into town on Friday evening and as they had been too closely associated with John Barleycorn, Constable Quibell was summoned to look into their case. Both were arrested in the names of George Taylor and George Burns, and lodged in the jail at Langstaff. In court on Friday they were given ten days or ten dollars. The two Georges had more days on their hands than dollar bills so decided to put in the time.

Two farm stock sales by auction will take place this week in close proximity to Stouffville. Today (Thursday) Edw. Gillion just south here on the 9th concession will sell all his stock and implements, having sold the farm of 100 acres to Harmon Jones. On Friday George Staley who is giving up the Alex. Mitchell farm at Ringwood, is selling out, having been unable to secure another farm for rent.

The action of the municipal council as announced in the press last week of having invested in a modern fire alarm siren, which will be operated from a switch in front of the fire hall and from one to be installed in the telephone office is being most favorably commented on by the ratepayers. It has long been felt that some better system than that now in use should be installed, but until this action, nothing concrete had been done. The new system is the same as that used in places three and four times the population of Stouffville, so that it should be sufficient for our needs. A good feature of the new siren is that call boxes may be added later, placed at various points in the village to facilitate sending in calls promptly. Margison & Babcock, engineers, will superintend the installation of the new apparatus at the fire hall.

The Senior Women's Institute are arranging a St. Patrick's supper for the evening of Saturday, March 21, of which you will hear more at a later date.

The March meeting of Whitechurch Township Council will be held at Vandorf, on Saturday this week, for which we trust the weather and roads will be fit for travel. The February meeting was held under such bad conditions that the reeve and one of his colleagues had to hoof it for home, the chief magistrate finally deciding to stop for the night with a good samaritan on the wayside. However, it is hoped the roads will now remain open since the big task of digging them out has been accomplished.

On Sunday, March 22, Rev. Freeman Boothby, will preach at the little old church at Glasgow where as a lad he attended church and Sunday school. His boyhood chums of him now when they are all men, that he was an exemplary boy, and they suggested he did the only logical thing in entering the ministry, for his was always the straight and narrow path, which he walked in youth without the apparent temptations which beset the average boy. Perhaps Mr. Boothby thinks differently on this matter, but in any event he will be pleased to meet all old friends at Glasgow one week from Sunday at the hour of 3 o'clock.

Auction Sale!

Of 100 Acre Farm, Live Stock Implements, Etc.

The undersigned has received instructions to sell by public auction at

LOT 9, CON. 10, WHITECHURCH About 2 miles north of Stouffville,

Keep in mind the St. Patrick's Tea to be held in Turner's Dairy, on Saturday, March 14th, between the hours of 2.30 and 5 under the auspices of the C.G.I.T. The proceeds will go to the treasury of the club.

Vincent Baker, son of our Frank Baker, has purchased the 66 acres of land just west of Altona belonging to the Storry Estate. Vincent is giving up farming on a large scale and will hold an unreserved auction sale on March 24, at his present place on lot 2, con. 3, Uxbridge.

Its some time since we have seen a real Punch and Judy show but one is coming to town on the evening of Friday, March 27. The Willing Helpers of the Presbyterian Church have secured Robert Clarke, ventriloquist comedian with his 5-act entertainment to appear in Ratcliff's Hall. Punch and Judy, Talking Dolls and Magic will be featured.

Simcoe Presbytery of the United Church of Canada, at its meeting in Barrie, adopted the recommendation of the Committee on Evangelism and Social Service, that commercialized sport, including baseball, ski tournaments, hockey and ice carnivals, on Sunday, be condemned. Presbytery called upon the authorities to enforce the Lord's Day Act.

The big hockey tournament came to a close at the Arena on Monday evening with Stouffville Juniors just noosing out Altona by a 4 to 3 victory after ten minutes fast overtime on sticky ice. Everything was at stake until the final score was netted, which gave the Stouffville Juniors the right to the ten gold watches presented on behalf of Manager Clay. Baker. Last week the senior group was won by Yonge-Eglinton Motors defeating Markham 13-7. This game too was a toe-stretcher, with plenty of thrills for the spectators. W. E. Morden formally presented the gold watches to the winning teams on each occasion.

The highway from Stouffville to Toronto is bare and dry, thus excellent for motoring, but right in the village ice clings to the main street four to six inches thick. All this week it created a real slushway, but with men being engaged to open catch-basins, to allow the water to get away a gradual improvement set in. The predicted spring floods have been no where in evidence to date.

The funeral of the late Edward Stonehouse of Markham, who was shot by a bandit two weeks ago, was held from the United Church, Markham, on Monday afternoon to the cemetery there. It was one of the largest funerals ever witnessed in the district, the service being conducted by Rev. D. H. Woodhouse. Widespread grief is felt for Mrs. Stonehouse and the family in the overwhelming sorrow in which they have been plunged. The son, James, who was seriously wounded at the same time by bandits, is still in a very critical condition, although there is hope for his recovery. Mr. W. S. Widdifield, Chevrolet dealer of Stouffville, was one of the pall bearers at the funeral on Monday, Mr. Stonehouse having been associated with him in the car business.

The village council has decided to thaw out water pipes for domestic users free of charge if the freeze-up is found to be on town property, but if the pipes are found to have been frozen under private property, then the householder will be expected to settle with the men for thawing the pipes. The onus should be on the corporation to prove that the pipes are frozen on private property before asking the householder to pay, and that will be some task. After all the corporation superintends the laying of water pipes and should see to it that they are put down at a level immune from winter frosts. Of course pipes that become frozen inside a house presents a different matter again. In such a case the householder would never expect the corporation to thaw them out, but when the pipes are frozen outside, its some problem to declare at what point they are frozen. While it is thought that most pipes frozen this winter connect with the frost right at the foundation of the house, it is strange that all those frozen should be on the north side of Main street and as the difficulty was never encountered before the new road was put down, it is just possible that the trouble may lie in the fact that when the road was lowered to its present level the pipes crossing from the main to

service the north side users were left at the old level, and now have not sufficient covering. However that may be, few towns with a domestic water system, but encounter some winter trouble of this nature. About a dozen services were frozen up, here to be thawed out by the electrician N. W. Byer applying hydro current to the pipes.

OPENING ROADS COSTS VAUGHAN \$850 IN MONTH

Snow shovelling accounts to the total of \$858.09 were passed at the regular meeting of Vaughan township council. Of this total \$452.00 was paid for relief labor and the balance was paid to farmers and workmen throughout the municipality. This presents the cost to date of the big snow storm to the ratepayers of Vaughan.

BATTERY TROUBLE

Is most annoying and often expensive when neglected. Let us service your battery and if in doubt as to its condition, bring it in and have it tested by modern equipment with the most accurate result.
