Closed every evening excepting Saturday. Phone 18601

### Making Maple Sugar

When the snowballs pack on the horse's hoof,  
And the wind from the south blows warm,  
When the cattle stand where the sun beams beat,  
And the moon has a dreamy charm,  
When iceless crash from the dripping eaves,  
And the furrows peep black through the snow,  
Then I hurry away to the sugar bush  
For the sap will run I know.

With auger, and axe, and spile and trough,  
A visit to each tree I pay,  
For every boy in the country round  
Is eager to help to-day.  
We roll the back-logs into their places,  
And the kettles between them swing  
There gather the wood for the roaring fire  
And the sap in pails-full bring.

A fig for your arch and modern ways  
A fig for your sheet iron pan,  
I like the smoky old kettles best,  
And I stick to the good old plan.  
We're going to make sugar and taffy to-night  
On the swing pole under the tree,  
And the boys and girls for miles around  
Are all warm friends of mine.

The hens are cackling again in the barn,  
And the cattle beginning to bawl,  
And neighbors who long have been acting cool,  
Now make a forgiving call.  
For there is no love feast like a taffy pull  
With its hearty and sticky fun,  
And I know the whole world is at peace with me  
Since the sap has commenced to run

6th OF MARKHAM TWP.  
IS NOW A COUNTY ROAD

According to announcement made this week the 6th concession of Markham township north from Unionville, has been taken over as a part of the Toronto and York Roads Commission system. The taking over of this road by the County will relieve the Markham taxpayers of the upkeep of an expensive piece of road.

It has been the expectation of Reeve Padgett that the Sixth would be taken back by the county and he has succeeded in having the matter successfully carried out.

### ALBERTA REFUSES Mennonite PLEA TO RUN SCHOOLS

(The Christian Science Monitor)

Alberta has refused definitely to allow any special concessions which would prove contrary to the provincial laws, to a group of 7000 Mennonites who were desirous of settling in the northern part of the Province. When special concessions of a somewhat similar nature were refused them in Manitoba, where they had been settled for some years, and where they had refused to accept the responsibilities of citizenship, they left Manitoba in 1922 and moved to Chihuahua in northern Mexico, claiming they were persecuted in Canada.

Two representatives of their group recently interviewed Premier William Aberhart, stating that the Mennonites now residing in Mexico wished to settle on 150,000 acres of land, preferably in the Peace River area in Northern Alberta.

The representatives insisted that the Mennonites would use only the German language in their schools. They also said they would not in any way be controlled by or connected with the Alberta educational system, but would run their own schools without qualified teachers as required by the provincial school regulations. The Premier, who also holds the portfolio of Minister of Education, refused to allow any such concessions. This will stop the settlement of the Mennonite group in this Province.

### 200-MILE JAUNT ON GALLON OF GAS SETS UP RECORD

Winnipeg, Man. — Two hundred miles on a gallon of gasoline is the record actually accomplished by an ordinary passenger automobile equipped with a new carburetor invented by C.N. Pogue, of Winnipeg.

Experiments with the new device have been conducted over a period of 16 years. Satisfied that the invention is practicable, a number of Winnipeg business men have formed a syndicate to finance an organization to market the accessory. Patents have been taken out in Canada, the United States, Great Britain and other countries.

The latest test was made in Winnipeg on a day when the temperature was 10 below zero, with a stiff north wind blowing. An 8 cylinder coupe traveled exactly 26.2 miles on a measured pint of gasoline (imperial measure). This is equal to 209.6 miles a gallon (imperial measure) which is about one fifth larger than the American gallon.

At this rate, it is estimated, a tank full, 10 or 12 gallons, will suffice the ordinary motorist for a whole summer's driving. The gasoline bill of American motorists, which totalled about \$4,000,000,000 in 1934, would be cut to about one-tenth of this amount by the use of the new carburetor, or about \$400,000,000.

### A SENSIBLE MOVE

The blanket order by the F. W. Woolworth Company to its branches to discontinue all sales of play pistols merits a passing salute by the marchers in the army of peace lovers. It is, to say the least, disconcerting to parents, and to those who are not parents, when they are way-laid by children removed one step from the baby carriage with shrill shouts of "Put 'em up!"

Only recently a child in long Island, New York, was gravely injured when the strong spring of a toy arm suddenly went off cock. Teachers and pupils at the school the boy attended started energetic crusade against all such potentially harmful toys, but it is saddening to reflect that such alertness must wait upon accident. Apart from the physical danger, however, the universal wish for peace is not furthered by fostering a fondness for weapons which are usually used for mimic warfare or imitation of the cowardly acts of gangsters.

While the discouragement of the use of toy arms may not seem greatly to advance the sentiment against war—actual or mimic—the ruling of the 5 and 10-cent store management is a move in the right direction.

### RINGWOOD

Barton Ward of Jackson's Point, a former resident of Baker Hill called on friends here one day last week.

Carl Davis, of Toronto, spent Sunday with his parents Mr. and Mrs. Earl Davis.

George Harman has rented J. A. Mitchell's farm and is busily engaged moving his farm effects to his new home.

The sympathy of the community goes out to Mr. J. R. Campbell and

family in their sad bereavement Obituary elsewhere in this issue.

We welcome Mr. and Mrs. Henry Wideman as residents of our neighborhood again after an absence of nine years. Mr. Wideman will be employed by our leading landowner Mr. George Rodanz of Toronto, and is settling this week in the house where Jim Cronan lived. When here a decade ago the Widemans were on the Robert Miller farm.

Last Monday night the people of the Ringwood church were privileged to have with them the Rev. H. Konkle of the "Mission to the Lepers." Mr. Konkle gave a stirring address illustrated by lantern slides of the work being carried on in India, Africa, China and Japan. The lepers do their own work, build their homes, do their harvesting even quarry stone. One slide showed us a picture of a very fine church building, for which the lepers quarried the stone and built the church. That church was set on fire by vandals, the walls only remained standing. The people of this colony felt so badly and the lack of money to replace the building, that they decided to go without their Sunday dinner for two years, thus saving the money to build the church. The lepers of this same colony also save enough from their daily portion of rice to support a missionary twenty miles from their colony. Such sacrifice is rare in our Christian land, but the lepers have caught the vision of a sacrificing Christ and are determined to follow Him. Mr. Konkle told us that they are always smiling, always happy. It costs twenty dollars a year to support a child and twenty-five dollars for an adult in one of these colonies. This work is worthy of support. Miss Minkler student at the Toronto Bible College was soloist rendering two selections. All attending felt that it was good to be there.

### HITCH-HIKING ROUND THE WORLD

The lecture by the Messrs Toll Brothers, which was announced for April 7th, has been postponed until May 12th.

## Goodwood

Toronto Correspondent

Sorry to read about John Reid's accident. The correspondent hopes for a speedy recovery. Only those who have met with an accident can sympathize with him. Speaking of accidents, Ernest Tweddle, 35 Rose-leath Ave., who was knocked down by a motor car nearly four months ago, has at last got the plaster cast off his leg, and is going around on crutches loaned by the correspondent. Mr. Tweddle is a well known figure around Musselman's Lake, living first-cottage east of our friend Chas. Lee.

Mrs. George Lee has improved somewhat and each day sits up. Her niece, Miss Greta Hatley, well-known in Goodwood, is nursing Mrs. Lee.

On Sunday, March 22, at High Park United Church, there was a Quiet Hour service. The address was given by Vaughan Blueman, and a very large crowd awaited his coming.

A Toronto boy whose father and mother lies in the Goodwood Cemetery has forwarded to the Toronto representative a cheque to pay not only for last summer's caretaking, but says he wants to pay for this year's care. He praises the work of the Board and stated the cemetery never looked better.

We read that our Masonic friends of Goodwood are travelling by freight train. When the spring flood comes along no doubt they will travel by canoe, even if they have to portage some of the way—What do you say John?

The funeral of Victor Allems, 41 years of age, of New Toronto, was held on Wednesday from his home, Fourth Street. He leaves his widow also two sons, 12 and 17 years. Mrs. Allems is the daughter of Mr. and Mrs. Gray and niece of Mrs. E. J. Davey, Stouffville.

Speaking of signs of spring, Chas. Blueman, of Woodstock, in the city this week reports his men manufacturing Spring Signs. These will be placed all over Ontario, on gas stations, factories, streets and County Highways. Mr. Blueman visits Goodwood quite often in the summertime. He is a Baptist and one of the leading business men of Woodstock.

To our friends, Mrs. Eli Forsythe, Calvin Stafford, George Brown, at Goodwood and to Miss Isabella Altchison, of Toronto, we send congratulations on their birthdays.

Attention!—Toronto Calling—Did you notice the last page of the Tribune last week. Sales, sales, and more sales. Farmer in one goal and The Farmer in the other goal. Someone certainly will score. George Baker's adv. certainly was very interesting, especially in the city.

The correspondent has an offer of interest to the women's Institute or some other organization if they will get in touch with him.

We are glad to report improvement in the condition of Mr. John McCullough. We have written him a letter and Mr. Vaughan Blueman calls daily at the hospital. This is a pleasure to Vaughan who also rendered similar service to the late Frank Middleton, and he will do it

for your friends in the hospital if you but let him know.

Easter must be just around the corner, as the egg production seems to be good. The scribe paid 26c a dozen for Al large at the corner store.

Major Bowes is all right, all right, all right. Brother Crawford's wife may be very unhappy. Andrew H. Brown may be registred, but Mr. and

Mrs. Alexander Brown will be pleased to greet any of their Goodwood friends visiting Toronto, at their up-to-date Dry Good Store, 227 Broad-view.

A copy of The Tribune to your absent friends will sure make a Happy Easter in the home.

And until this time next week Cheerio  
—W.D.C. Toronto

### New Purchase

## Swagger Suits

Suits from ..... \$12.50 up  
Coats from ..... \$9.50 up

A careful selection of very popular styles in Suits, Swagger and fitted Coats are each full lined and come in lovely new shades in all sizes. Materials of English All-Wool Tweeds and Crepes neatly tailored and priced very reasonable.
