## S. W. HASTINGS

### HEPBURN PLANS TO LOP OFF SEATS

Reduction in the representation of Toronto and York in the next Legislature was forecast by Premier Mitchell Hepburn last week.

Promising that a redistribution bill would be brought down at the next session, the Premier said that there would be reduction in the total number of members of the House and he indicated that the biggest cut would be made in the representation of Toronto and York.

Mr. Hepburn described as "preposterous" the fact that 17 members of the House represent York County—13 of them City of Toronto ridings and four York seats.

He could not, he said, agree entirely with the principle of representation by population. He maintained that there were other considerations such as the area and accessibility of ridings which must be taken into account to assure adequate representation of the people.

### POOR WEATHER RETARDS CROPS START SEEDING

After a period of two weeks or more anxious waiting, with seed grain and implements ready for the spring operations on the farm, for the land to dry sufficiently and being kept back by the promise of suitable conditions, disappointed by snow and rain, the farmers in this vicinity are at last away to a good start.

The high well drained lands as usual are being cultivated first, the low and poorly drained fields will receive attention later. The soil at the present is working up well.

Fall wheat is not developing well as the cold nights are retarding growth and are turning them back, though the roots are still alive. With suitable weather they will progress. Last year the spring weather destroyed the fall wheat in nearly all the farms. Meadows are looking well, timothy, red clover and alsike are in fair condition.

Gardens in the village have not received much attention, except for the planting of a bit of green vegetables, which stand a very early start. In the flower beds tulips pushed through ten days ago, though their growth has been retarded, the earth lacking sunshine and heat. Lawns have been raked and cleaned up.

### REV. E. J. SPRINGETT ON BIBLE PROPHECY

#### British Israel Commission Makes Strong Appeal

Break-up of the League of Nations, because of its inability to bring about world peace, was predicted by Rev. E. J. Springett, of Toronto, Dominion commissioner of the British-Israel-World Federation (Canada), in an address before the Newmarket branch on Tuesday evening last (April 28).

Settlement of the Italo-Ethiopian conflict and of threatening eruptions in Europe must finally be brought under the leadership of a union of the Anglo-Saxon nations, Rev. Springett declared.

"Canada can and must play a significant role in the creation of this union and Anglo-Saxon nations which will mean everything to the peace of the whole world," the speaker asserted.

Nations which would form the Celto-Saxon union include the British commonwealth, the United States and the Scandinavian countries, he added.

"A new world order, sponsored and inspired by these countries, and administering its laws on the basis of principles found in the Bible, is our only assurance of a peaceful and contented Canada in the future," he said.

Mr. Springett fully agreed with Hon. Anthony Eden, British foreign secretary, that Britain must now play a leading part in building up a new world order.

"Not in the League of Nations, but in the union of Celto-Saxon nations, can the people of the world find hope for a permanent peace," he said. "The League of Nations will totter because it is not founded on the divine principles of Holy Writ," he predicted.

Although most people today were haunted by doubts and fears about the next great war, both Bible prophecy and modern military experts were in close agreement about the significance and the main outlines of the impending struggle for world power, the speaker declared.

For those who read the prophetic scripture with an understanding eye, it was clear that the next holocaust would be the long-awaited battle of Armageddon, Mr. Springett was sure. Recently he had discussed this question with staff officers of the Canadian militia, he said, and had found that in high military circles the opinion was general that Mesopotamia would be the next scene of hostilities.

This view was entirely in accord with Scripture, the speaker declared. Although it would be undiplomatic to predict what countries would be lined up on each side, he went on, the Bible shed much light on this aspect of world developments, and expert military opinion was here also in substantial agreement with Holy Writ.

"There is no need for guesswork about the next war," Mr. Springett summed up. "The stage is set, the actors are slowly gathering, the location is fixed, the result is sure. The part which will be played by the Anglo-Saxon peoples is clearly defined. We must know our part and be prepared to play it."

In discussing government in Canada, Mr. Springett said that millions of dollars of the taxpayers' money was being squandered every year, and that this waste could be drastically reduced or eliminated if clear directions laid down in the Bible were followed.

"Canada would be greatly better off if a system of government were developed which did not require a separate government for each province and another for the Dominion," Mr. Springett told his audience. This would not mean sacrifice of provincial rights in the usual sense at all, he emphasized, because under God's government all apparently conflicting interests would be harmoniously reconciled.

Pointing out that more than one-third of Canada's national income went for government expense, and that the total national debt was estimated at 7 billion dollars; he called for a nation-wide movement to relieve the country from "the ever-increasing burden of the cost of government."

"There is a way out, and only one," he claimed, "and it can be found by putting into operation the divine system whereby a national council of specially selected, properly equipped men would be appointed to administer the affairs of the Dominion."

Such a council, he explained, would be charged with the administration of the divine code and economic system prescribed by the Bible, the application of which would insure prosperity, in the true sense of the term, to all.

Certain provinces should strive toward the establishment of this form of government, he declared, rather than alarm themselves over supposed dangers to provincial autonomy inherent in proposals to amend the British North America Act. He pointed out that the establishment of a national council, to administer the Dominion's affairs along economic lines laid down by Holy Writ, would eliminate any anxiety the provinces might have on maintaining their provincial rights.

## Goodwood

(Toronto Flashes)

Well folks, I guess spring is here. Saturday, May 2nd the scribe was invited to have a ride. And do you know we landed at Stouffville for a few minutes. May be next time we might reach Goodwood. Yes we saw a few friends, Mrs. George Robinson, the good natured lady on Main street, she looks just the same and with the sunny days coming she still will feel better. And by the way another Stouffville lady came to the car to shake hands, none other than Mrs. John Lee, who said she had spent since last Christmas till Easter with her brother, Mr. Ed. Barkey, at Lemonville.

Miss Greta Hatley, formerly of Goodwood, has been on the sick list for the past two weeks. She is now able to take an auto ride. Her aunt Mrs. Lee is very much better. Like many other sick folks, both are looking for the warm weather.

Miss Elizabeth Davey, P. H. Davey Miss Anne and Jane Davey, visited Mrs. Hill in Newmarket, on Sunday last.

Mr. Lang Blueman, who has been laid up with the flu is up and around again and is looking forward to his weekly trips to see his mother who lives in the town of Uxbridge.

Our friends at Goodwood, Stouffville and Uxbridge, will be pleased to hear that our good friend John McCullough, K.C., has improved in health and has left the Private Patients, General Hospital, and is now at his apartment on Jarvis st. While no doubt it will yet be some time before he can resume his work at Toronto Street Office, we are thankful he is able to be back at his home quarters.

Miss E. A. Davey, her brother Peter, Miss Anne and Miss Jefferson visited at Mount Albert last week.

Mr. Bruce H. Peglar, a friend of the correspondent who for the past five years has been a student at Wycliffe College, Toronto, last week graduated for the ministry, and shortly we hear will go to the church of the Ascension in Hamilton as a curate to the Rector. Mr. Peglar for three or four years each weekend was stationed at Sunderland, Cannington and Beaverton, assisting the rector of the three churches visiting Uxbridge many times.

While on your summer holidays, there are two things which work well together: Sunshine, for the body, a copy of the Tribune for the mind.

For the past fall and winter season, Fred Harwood has been employed with the Coca Cola firm at their works in Toronto. Fred is well known in and around Stouffville. His aunt and uncle Mr. and Miss Barkholder live on the seventh concession in the Lemonville district. Fred predicts a dry summer and a large business in the Coca Cola drink which is a favorite quench to most every person.

Robert J. Feaster accompanied his friend Dr. Reid, on Saturday, to his summer cottage at Bala. The ice is very plentiful, still they managed to make the trip to the island where the doctor's summer home is located. Mr. Feaster when a boy lived at Ballantrae station, and at one time was employed at the well known Ratcliff Grocery in Stouffville.

On Monday, April 27th, at 21 McGill street, Toronto The Progressive Business Girls Club put on a social evening and Fashion Show. Lucky number prizes were given away, and an excellent orchestra played throughout the evening with vocals by Miss Jean Appleby and violin numbers by Miss N. Gibson. Mr. Bruce McKinnon supplied the clothes and Miss Murza Bell the hats. As the models appeared on the stage, Miss Anne Davey eldest daughter of our friend Walter, who wore a striking outfit described the models to the gathering. Between three and four hundred were present.

At the six day bicycle races held in the Maple Leaf Gardens, on Tuesday several of Stouffville's Goodwood and Markham folks were seen, not forgetting our well known reporter, Bunny Morgason. Everybody knows him.

In reading of the marriage of Miss Harding to our friend Reuben Middleton of Goodwood, may the scribe, and friends in Toronto be allowed to convey their best wishes to the newly weds. Strangers no doubt to Mr. Middleton the writer knows the other members of the family so well. We do hope that their married life may be a happy one. Also to the mother Mrs. Middleton we hope she is in good health.

On Saturday, May 2nd, St. Clements Anglican Church, Jones Ave, held their annual W. A. Junior Auxiliary tea. Mrs. Walter Davey who for years had been their superintendent presented the badges and prizes to the members who were successful in their examinations. At the close of the reception the Deaconess presented Mrs. Davey with a large bouquet of spring flowers on behalf of the members of the Jr. Auxiliary.

The sympathy of the scribe and Toronto folk is extended to George Wilson, of fourth concession, Uxbridge, in the death of his sister's husband, E. R. Jackson, at Winton, on April 30th. He was buried at Salem Cemetery on Sunday, May 3.

Mrs. Jackson before her marriage was Miss Mima Wilson. All roads lead to Goodwood next Sunday when Mother's Day will be celebrated in the service at the United Church where we read that the Baptist folk are uniting for this service. To the Toronto people, weather permitting, this would be a nice time to go back to the old village.
