

TOWN TOPICS

Mr. and Mrs. F. W. Mertens and two sons, Fred and Cliff were in town Sunday in attendance at the Memorial service in Stouffville Cemetery.

Furniture sale Friday afternoon at the Arena. Auctioneer Farmer states the goods are clean and from a good home. See list on back page of this issue.

Miss Eula Brillinger has taken a position with the new seed firm, Messrs. James Goodall Ltd., as stenographer. Miss Isabel Collard fills the vacancy in Hodgins Grocery made by Miss Brillinger.

Reopening his father's home in the west end Mr. Barsto Miller is spending his weekends in Stouffville while Mrs. Miller is holidaying in town for a few weeks occupying the old home which is being offered for private sale.

TO RENT—Six roomed house, Available August 15th. Miss Valentine, Mansion House.

Mr. and Mrs. W. A. Quantz spent last week at Keswick, Lake Simcoe.

Miss Florence Barkey, Lemonville spent the weekend with her aunt Mrs. John Lee, west end.

Small advertisements are inserted for cash. Telephone orders should be settled for soon after the paper is issued. The Tribune is carrying a great many small claims for which settlement would be appreciated.

Mr. and Mrs. A. G. Snider of Vandorf were holidaying in town for a day or two. The general merchant from the Whitechurch capital was impressed with the good appearance of the crop over on this side of the municipality and about Stouffville.

Miss Gertrude Cassidy, of Stoco, has been visiting with her brother and his wife, Mr. and Mrs. Frank Cassidy, Victoria Street.

Mr. and Mrs. Del. Jennings and family motored to Pigeon Lake, Bobcaygeon, for the weekend. The two girls Aurelia and Margaret remained for a holiday there.

The Women's Association of the Goodwood United Church will hold an Ice Cream Social on the church lawn, on Friday, July 31st. Amateur program. Admission 25 and 15c.

The Tribune has several good properties for sale in town as well as one or two fine farms in the immediate district. The time to buy is now, for prices point steadily upward.

Mr. John Wetheral of Derryville, visited his daughter-in-law and little grandson Bobbie on Sunday. Mr. Wetheral is a former reeve of Brock Township and contested the provincial election in north Ontario in the interest of the Conservative party in 1925.

The potato crop in the Uxbridge district, that is, the early variety, will only yield 40 per cent of normal, because of the terrific heat and drought in the sand lands. The late crop is now suffering from the drought, and will be a 75 per cent failure if rain does not soon come.

Dr. S. S. Ball is in charge of the medical practice of Dr. Tomlinson at Claremont during the latter's absence on holidays in the British Isles. The local M.D. will have a busy few weeks with the duties of two practitioners.

We are getting into the second half of the current year and there are a number who have not renewed their subscription to The Tribune. It would be greatly appreciated at this time if remittances were made promptly.

Dr. J. Livingstone is back in town after spending a few days at the home of his parents in Collingwood. Dr. Livingstone a recent graduate of the Ontario Veterinary College, Guelph, is practising with the local Vet. for a period of four months to round out his course in this profession.

A victim of the heat last week, Stewart Plank died in Whitby, aged 36 years. He was the only son of the late well-known Mort. Plank of Uxbridge, and the remains were taken back to the home town for burial. Stewart, who was a very stout man was sitting on the veranda of his home, when he fell over exhausted, and passed away shortly after.

On Saturday of this week, July 25, there will be an important sale of horses held at the stock yards. The animals have been pasturing for a week or two just east of town and a look over the lot indicates some mighty nice horse flesh. There are 10 two-year-olds mostly mares, and three-year-olds. In fact the oldest animal is nine years and the colors run from beautiful blacks to browns and bays. Several make excellent matched teams, and the lot numbers thirty head.

The owners, O'Boyle and Paisley inform us that every animal must be sold. The terms are cash, and the sale starts at one o'clock. The horses are all good chunky animals, fit and ready for hard work. A. S. Farmer is the auctioneer for the afternoon.

Rev. Gordon Duncan, pastor of Warkworth Presbyterian Church Hastings County, offered the evening prayer in the United Church on Sunday on invitation of the pastor Rev. L. E. Atkinson. The congregation was particularly pleased to hear Rev. Mr. Duncan who is an old Stouffville boy, and one that enjoys each holiday season in the old home district. Rev. L. E. Atkinson and Rev. Gordon Duncan were born within short range of each other, just west of this village, but they had never met until they made each other's acquaintance at the Memorial service in the local cemetery on Sunday afternoon, and they were happy to greet one another. While death may be said to be the common leveller, the grave yard may be a place where many unions are made or remade.

Dr. Herbert Freel and family were in Muskoka over Sunday.

Miss Betty Urquhart, of Ayr is holidaying with her grandmother Mrs. Latchford.

Rev. Chas. McGrath and Glenn Ratcliff have gone North for a holiday. Mr. Chas. Feaver, of West Hill is preaching in the Baptist Church during Mr. McGrath's absence.

Position Wanted—A lady trained nurse, capable of taking full charge of refined home or children, furnishing every qualification and highest references. In town only. Answer in care of this office.

Christie Armstrong lost a gold watch on the day of the lawn bowling tournament, and it is presumed that it was dropped at the greens. Its return would be greatly appreciated.

Mr. and Mrs. F. W. Silvester who left Stouffville the latter part of May for Western Canada are now holidaying in Vancouver. They intend later in the season to motor down the west coast and winter again in Florida.

Mr. P. C. Carmichael, President of James Goodall Limited, has now moved to our town, occupying a house on O'Brien Ave. We are pleased to welcome him and wish him every success in his new undertaking, and we trust Mr. Carmichael's health will improve here from his recent serious illness.

On Wednesday of this week Mrs. Lou Morden returned from the Newmarket Hospital where she underwent an operation, which medical advisers believe will be very beneficial to her health. Mrs. Morden was operated on just two weeks ago, hence she has made rapid recovery, much to the satisfaction of all her friends and acquaintances.

Unless rain comes soon the turnip crop will be a "washout" for most growers. Acres of the roots have never come up at all, and at best a very short crop is possible. Several farmers put them in on the flat and while they have had some success, great difficulty in hoeing is experienced and they fail to grow enough to permit scuffling at this time.

Owing to the ban on lawn hose, the Bowlers have been forced to devise other means of getting water. Last week they engaged the Jupp Construction Co. to flood the greens from the creek which runs through the park, and on Monday Messrs. Jas. Ratcliff and Cliff Pipher were in Toronto looking for some pumping apparatus with a view to installing a permanent pumping system by the use of creek water. We understand that a service pump driven by gasoline power will be installed right away.

Mr. James Barry, the popular west end farmer, is making satisfactory recovery at the General Hospital in Toronto, after undergoing two operations, following a recent accident when a team of horses ran away and dragged a cabbage planting machine over his body. Mr. Barry was removed from the local institution a week ago for special observation at Toronto General. He was found to be suffering severe injuries about the back and it is expected that the operation he underwent will shortly improve his condition, and this Jim's many friends will be pleased to learn.

Last spring members of the Horticultural Society and the village council, in company with a tree expert from the Forestry Dept., Ontario Government, examined the trees along our streets, and the official made certain recommendations. Here and there a tree should be taken out, dying ones removed, and in many open spaces the gaps should be filled with young trees. It was all good advice, and would be fine if it were only heeded. After all what a barren place our beautiful village would be if the trees were all removed from the streets. The council and Horticultural Society can render no better service than to carry out the advice given by a tree expert who came here to assist us in the preservation of one of our best assets.

Miss Helen Hickson of Markham spent a few days with Miss Marion Hastings.

Stouffville dropped a baseball game to Sunderland on the local diamond last Friday by 2-7.

I am agent for Har-Nu the new easy cleaner for your car, and for No-Flatz which ensures your tires from punctures. Enquire Steve Thomson, Albert St. Stouffville.

Miss Frances Ratcliff was home for a day or two last week from Brantford leaving for a holiday in Muskoka.

Rev. Robt. Young suffered a stroke last week which has left him very ill and somewhat helpless. His condition, however, is said to be much improved over the past few days, and every hope is entertained for his speedy recovery. Mr. Young is the energetic superintendent of the United Church Sunday School, and since his permanent residence in town a year ago has been a valued citizen.

Our readers in Uxbridge Township and elsewhere have been treated to a special column of "Goodwood Flashes" designed to give news of former township residents now living in Toronto or elsewhere, and we believe the effort of the correspondent, an old Goodwood boy, is greatly appreciated. He's a "home-town booster" of whom the villagers are justly proud. We know this little reference to "Goodwood Flashes" won't swell the chest of Mr. Walter Davey.

On the editorial page of this issue we describe a map of Markham Township recently issued by the Dept. of Defence, Ottawa, a copy of which hangs in the Tribune Office. Along this line there is at the present time two young university students Jack Britton and James Gould, carrying out a survey of the local district relative to the water courses and wells. They are interested in the depths of farm wells and have fairly well covered the district and have moved on to Claremont.

Mr. and Mrs. Oro Reaman are holidaying with her mother in town Mrs. Ben. Doten. Oro's home in Mimico stands within a few houses of the fire-swept district which was burned ten days ago, when the village water supply failed. Mr. Reaman says that pressure at the house tap was so low only a dribble came out, yet no order to discontinue the use of lawn hose was issued by the Mimico Council, and no effort to conserve the supply, and the members are now having a "hot time" defending their apparent neglect of duty.

The annual men's lawn bowling tournament held on the local greens last Wednesday was greeted with ideal weather, and the bowlers in town were provided with good greens and meals that were appreciated according to the remarks overheard. Because of the large entry the day was a financial success, the five sets of prizes were donated. First four went for highest scores with three wins, the winners rink being skipped by E. M. Still, Stouffville, Kew Beach got second and J. M. Storey's Stouffville rink third, Rusholme rink, Toronto, fourth. Norwood Park took the prize for two wins and MacNabb's Uxbridge rink for one win. The Ladies Bowling Club served supper, and provided a refreshment counter.

The members of the Park Commission are giving added thought to the construction of a swimming pool at Memorial Park. If the scheme can be financed, a boys' camp from Toronto may locate here next summer numbering 400 or more lads. That would be something to stimulate business, 1200 or more meals per day, and everything bought locally. Up to the present time figures have not been obtained on the cost of a pool, but as soon as an engineer is procured we will have further information. To publish on this matter: One citizen comes forward with an offer of a \$50 gift toward the scheme, because, as he says, "my family need such recreation, and there is nowhere to obtain it excepting at resorts where I do not wish them to go."

IT COSTS YOU NOTHING to be COURTEOUS to other motorists

I ASK YOU to please remember, as you hurry along the highways bound for some distant point, that it costs you nothing to be courteous to other drivers and it saves you money.

- It costs you nothing to sound your horn on the highway as you are about to overtake a fellow motorist and it may prevent an accident and thereby save you money.
- It costs you nothing to give the other fellow a wide berth when you meet him and it may prevent a side-swipe and thereby save you money.
- It costs you nothing to hand-signal your intention to slow down, turn or stop and it may prevent a collision and thereby save you money.
- It costs you nothing to "nip" along at the speed of the traffic you are in and it prevents other motorists from having to "cut-in" in order to get "there" and thereby removes one of the greatest causes of costly accidents.
- It costs you nothing to be courteous and considerate of your companions of the road and it will prevent accidents and thereby save dollars and cents for everybody and prevent broken bones and broken hearts as well.

So I appeal to you from the standpoint of sheer economy to be courteous to other motorists on all occasions.

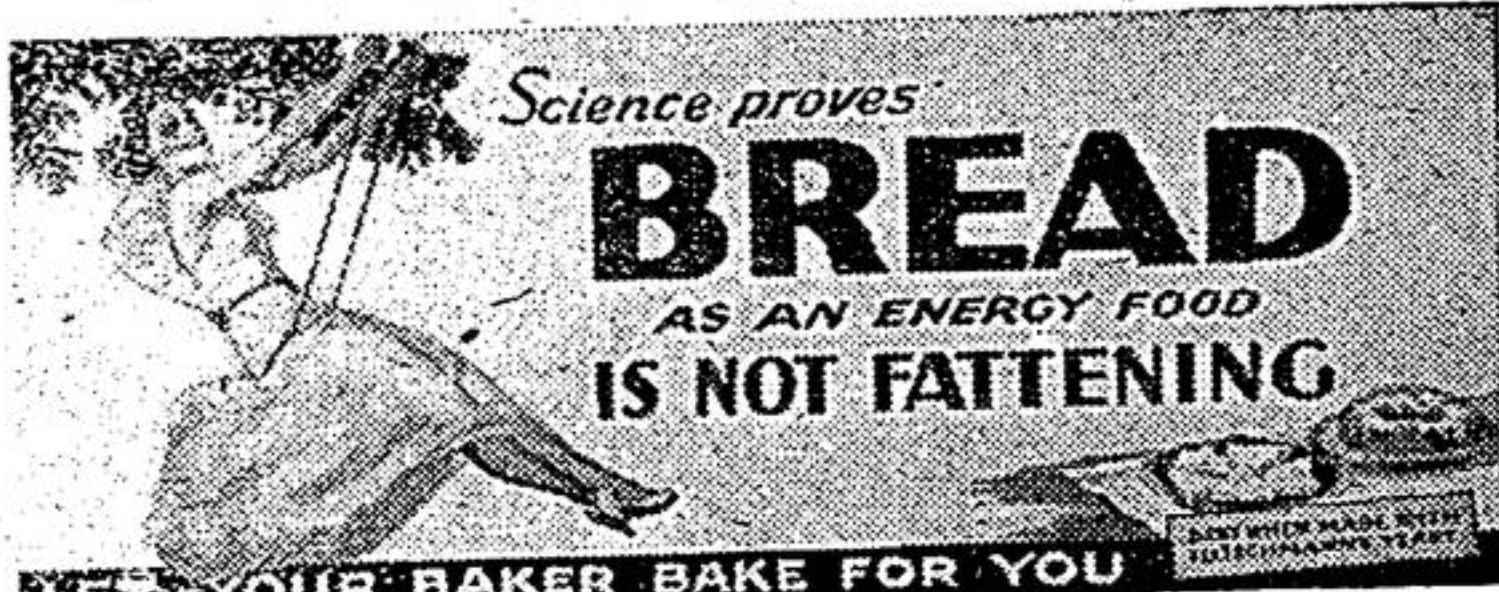

Practise and preach the golden rule of the road—"Show to others the same courtesy that you would like to have shown to you".

Sincerely yours,

B. J. Weston
