To Those Who Use The Highways At Night

for either driving or walking

I APPEAL to the motorists of Ontario to make night driving (and night walking) as safe and enjoyable as driving (or walking) by day. I believe it can be done -by the simple expedient of applying the principles of COURTESY.

Let us make it an infallible rule to dip or dim our lights when meeting other cars. It will soon become almost automatic for us to do so. Oncoming drivers will respond. Within a very short time, this "deliberate gesture" of Courtesy (as it now is) will become a fixed habit.

Do not crowd the other Fellow when meeting or, passing. If he is inclined to be a nervous driver, he may easily misjudge distance at night. We don't know. And it costs us nothing to give him several feet of clearance.

Let us give pedestrians MORE than ample space for walking. We have all the advantage when we are driving and the other fellow is afoot. Let us not use that advantage in a bullying way.

On the other hand, when we are walking, let us show true courtesy to those who are driving. When we walk WITH traffic, we place ALL the responsibility upon the motorist. Always walk facing oncoming traffic, and wear or carry something light that the lights of oncoming cars will pick up, even if you carry only a partly opened newspaper.

These are a few instances only, to demonstrate the SPIRIT of Courtesy which I am suggesting and recommending to the people of Ontario.

Practise and preach the golden rule of the road-"Show to others the same courtesy that you would like to have shown to you".

Sincerely yours,

HIGHWAYS PRQVINCE OF ONTARIO

POTATOES BEST UXBRIDGE

CROP

The good old fashioned murphies are still the farmers best friend in the Township of Uxbridge. According to the latest government statistics for the last crop report there was raised potatoes to market value of \$298,946, while turnips which have been steadily growing in favor as a cash crop in township were valued \$204,506, thus coming a good second. These two commodities far outdistance any commodity grown from the soil in Uxbridge Township and sold for cash. The hay and clover crop, of course, is the largest | being granted his pass certificate raised, but it is not sold from the farms and therefore is not termed

that we saw Mrs. Haines and her son Roy move from our locality last week. Before moving to Port Hope where she will reside she was presented with gifts from the Jr Institute, the Y.P.S. and the W.M.S. We wish her good health and prosperity in her new home.
