EXTENSIVE CATTLE SALE
Messrs. D. Storry and W. Tramer will offer for public auction 60 milk cows this Friday afternoon at the Tramer farm, on the 9th concession, three miles north of Stouffville. Every animal has passed the "T. B. Test," and may pass the blood test if purchasers desire it. The herd consists of Holsteins, Durhams Hereford, mostly springers, also some young cattle. Farmers in need of cows will do well to attend this sale on Friday, Nov. 27.

PRINCIPLES OF ORDER MUST BE UPHELD

Grand Master Warns Members of I.O.O.F. in Rousing Address

About one hundred members of the Independent Order of Odd-fellows heard an inspiring address delivered in Stouffville last Friday evening by their Grand Master for Ontario, Mr. T. W. Kingston, who in private life is a druggist down in the Belleville district.

The occasion was a banquet and reception in honor of their Grand Master tendered by the lodges of the local district, and was held in the I.O.O.F. rooms in Button's Block. In delivering the address of the evening following the banquet Mr. Kingston issued a challenge to his brethren to make the most of the principles for which they stood of Friendship, Love and Truth for only by so doing, said he, "will our order maintain its stand in this day."

W. E. Morden Deputy Master, officiated as toast master, and Mrs. Ross Winterstein, reader, and the Peachs' Quartette added interesting numbers to the program.

BETHESDA

It feels as if winter is here to stay.

Miss Reta McIntyre spent Sunday with Miss Helen Atkinson.

Mr. Luther Allen called on Mrs. D. Snider of Stouffville on Monday. Mr. and Mrs. Roy Morley and Mr. and Mrs. Wm. Morley spent a day with Mr. and Mrs. Louis Brillinger.

Mr. and Mrs. Elmer Pollard and Lloyd, also Mrs. Rye, of Ravenshoe, were Sunday visitors with Mr. and Mrs. C. E. Atkinson and family.

Quite a number from here attended the meeting of the W.M.S. held in Melville church last Wednesday. We notice two unfamiliar cars on the road these days—a Pontiac and a Star. The personages behind the wheels are Mr. John Empringham, and Miss Ina Brillinger.

We hear some of the younger fry were enjoying themselves on Pike's Pond a couple of days ago. That sounds pretty good to those who like skating and hockey.

We learn that the Whitechurch Council has been officially advised as to the amount of land required for the proposed widening of the big hill on the 4th concession just south of Vandorf. The council are now getting into touch with the property owners with a view to purchase of land, and next spring we may look for real activity on this, one of the worst hills, if not the worst, in the municipality. When cut down it will be greatly appreciated as a fine highway along the fourth. We always thought it was a big mistake that the highway did not run along the 5th where so many farm homes would have been served instead of largely serving the rear ends of properties in this municipality. However, everybody will be glad to see the big hill reduced.

GLASGOW

Winter's here! Skating has already begun on our mill pond.

Miss Gertrude Slack spent Wednesday with her sister, Misses Addie and Eula Davis.

This Friday evening, the young people of the Toronto Mission will be in charge of the service conducted in the Glasgow church.

We are glad to report that Mrs. G. Hood, who has been confined to her bed, owing to convulsions and quinsy, is able to be about again. Also Mrs. Henry Slack is somewhat improved.

Many old friends, gathered at Glasgow church on Friday evening to hear Rev. Oscar Burkholder deliver a Breslau. Mr. Burkholder delivered a very fitting message which was appreciated by all who attended.

NATIVE SON OF GOODWOOD PASSES

W. T. Robinson Lived There all His Long Life of Nearly 82 Years.

In the death of William Thomas Robinson, in his 82nd year, a prominent figure of the Goodwood district is removed. After a valiant fight suffering from hernia, he passed away at the General Hospital Toronto on Saturday. Son of the late Thos. Robinson who came from England, William was born and raised in the Goodwood district. After his marriage to Sarah Watson he settled on the farm at the north end of the village and was a prominent potato grower and buyer. He served as a public school trustee from 1890 to 1895, at the time the present school building was erected, and took a keen interest in political and municipal life of the township and district.

The clean-up campaign, waged against T.B. infected cattle and advocated by a majority of county farmers, has resulted in the greatest wholesale slaughtering of cattle in the annals of Ontario county dairy farmers.

The value of the cattle that had to be destroyed in Ontario county because of T. B. infection runs into thousands of dollars according to figures given the Gazette and Chronicle. It will not be a total loss to farmers, however, since the government gives compensation up to as high as \$60 for an animal that has been ordered killed.

In the four weeks preceding November 15, according to Dr. William Tennant, Oshawa Veterinary, there have been tested for T. B. in Ontario county a total of 6,211 head of cattle. Of this number it has been found that 1,146 cattle were found to be infected with T.B. The percentage of cattle in Ontario county which have been found to be T.B. infected is 18 1/2 per cent.

1,146 Cattle Destroyed

For the 1,146 head of cattle destroyed the owners will receive compensation to the extent of \$35, 617. This may not be as much as they would have received if the cattle were not affected since many of the owners valued their cattle as high as from \$100 to \$150 a head.

When the cattle have been declared T.B. infected, following an intra-dermal test, they are taken to Toronto to be killed in an abattoir under the supervision of a qualified veterinarian. If the carcass as well as the bones of the animal is found infected the animal is totally destroyed and the farmer gets as little as \$35 for the animal. If only the bones are infected then the carcass is sold and the proceeds given to the farmer from whom the animal was taken.

ENGAGEMENT

Mr. and Mrs. J. W. Lehman wish to announce the engagement of their eldest daughter, Marjory Olive, to Mr. Bernice Wesley Gayman, son of Mrs. N. Gayman, of Almira, marriage to take place early in December.

PARTY OF 12 SHOT 11 DEER

When Sam and Christie Armstrong, Frank Baker and nine others set out for the annual deer hunt from their camp at Zebra Siding, the boys must have hung the proverbial horse shoe over the door, for the 12 "sharp shooters" brought home eleven deer. Ralph Flint of Toronto, takes the credit for the whole thing, for he was the cook for the party, and just as Napoleon realized that to handle a rifle with precision and good aim, stomachs must be well filled, so Chef Flint saw to it that the hunters were contented and well filled at each meal.

One buck brought to Stouffville tipped the scales at 190 pounds, while every deer brought down was in excellent condition and of good size, indicating that the season had been favorable in the north for the "fleet roods" to feed.

"Red" Strong, former garage owner of Stouffville, joined the Zebra Siding camp lads when they went north through Gravenhurst.

The Byer camp near Parry Sound had not completed their hunt when the local members of the party left for home. However, N.W. brought back with him a fine looking buck which would run around 190 pounds according to estimate.

Messrs. Ernest Ratcliff and Harry Wideman brought back one deer shot 50 miles north of North Bay. Mr. Wideman was the lucky hunter, while Mr. Ratcliff states that he never even saw one on the run. From North Bay to the camp they followed the snow plow north which was necessary to get an open highway.

DIED IN SASKATOON

Mrs. Sylvanus Phillips, late of Minden, Ontario, and daughter of the late George Silvester, merchant at Ringwood 50 years ago, died at the home of her daughter Mrs. Bradford in Saskatoon, Sask., on Wednesday, Nov. 25, aged 79 years.

Mrs. Phillips whose maiden name was Alice Silvester, was born at Ringwood and when a young woman married Sylvanus Phillips, a high school teacher and late inpector of schools. He died 3 years ago, and there survives to this union two daughters and three sons. Mrs. Phillips is also survived by one sister Mrs. Archie Leaney, Stouffville, and two brothers, Fred W. Silvester in California, and George Silvester, Toronto. Deceased had spent a few years with her sister in Stouffville, but a year ago went West to visit her daughter. She had been in ill health for some time, but only very recently was her condition regarded as serious.

The body will be brought East for interment on Saturday afternoon, November 28. Public service in Christ Church (Anglican) Stouffville, at 2 p.m. to be followed by interment at Brougham Cemetery.

ONTARIO COUNTY CATTLE UNDER TEST

Almost One-Fifth of Cattle Tested Were Found to be T.B. Infected and Were Ordered Destroyed—Owners Get Partial Compensation

Hundreds of cattle of prominent dairy farmers in the County of Ontario have been destroyed under regulations in the last four weeks as Government inspectors prepare to establish this county as one of the registered counties or restricted areas for cattle in the province according to the Whitey Gazette and Chronicle.

The clean-up campaign, waged against T.B. infected cattle and advocated by a majority of county farmers, has resulted in the greatest wholesale slaughtering of cattle in the annals of Ontario county dairy farmers.

The value of the cattle that had to be destroyed in Ontario county because of T. B. infection runs into thousands of dollars according to figures given the Gazette and Chronicle. It will not be a total loss to farmers, however, since the government gives compensation up to as high as \$60 for an animal that has been ordered killed.

In the four weeks preceding November 15, according to Dr. William Tennant, Oshawa Veterinary, there have been tested for T. B. in Ontario county a total of 6,211 head of cattle. Of this number it has been found that 1,146 cattle were found to be infected with T.B. The percentage of cattle in Ontario county which have been found to be T.B. infected is 18 1/2 per cent.

1,146 Cattle Destroyed

For the 1,146 head of cattle destroyed the owners will receive compensation to the extent of \$35, 617. This may not be as much as they would have received if the cattle were not affected since many of the owners valued their cattle as high as from \$100 to \$150 a head.

When the cattle have been declared T.B. infected, following an intra-dermal test, they are taken to Toronto to be killed in an abattoir under the supervision of a qualified veterinarian. If the carcass as well as the bones of the animal is found infected the animal is totally destroyed and the farmer gets as little as \$35 for the animal. If only the bones are infected then the carcass is sold and the proceeds given to the farmer from whom the animal was taken.

Restricted Area

York, Ontario, Northumberland, Halton, Durham and Peel are the counties in which a restricted area is being set up. Ontario county dairy farmers showed themselves as being in favour of joining the restricted area some months ago.

With the loss of so many cattle following the tests many of the farmers are said to be not as friendly to the idea as they first were. It is pointed out, however, that the killings will be best in the long run as it will clear the county of T.B. cattle and make it better for all concerned.

Dairy farmers in the immediate vicinity of Oshawa have not been hit as hard as other centres more distant. In the Pickering area many farmers have had their entire herds of cattle taken away to be killed. This would mean anywhere from 10 to 35 head of cattle.

"Production" Blamed

The cause of the T.B. is explained by some farmers as forcing the cattle to high production which they are unable to continue for a long period. The cows "get run down" just like a human being would.

"The idea of making Ontario county a restricted area is a little premature," stated Dr. Shirley, local veterinarian. "Foundations of disease is laid at birth. The government should have gone around some time ago and educated the farmers to keep stables clean in which the cattle are giving birth."

Dr. Shirley recommended a post-mortem examination of the cattle in order to see that the initial test for T.B. infection was O.K.

A big shortage in dairy cattle in this district was predicted following the completion of the clean-up campaign, reports the Whitey paper.

Mrs. F. W. Silversides, Albert street, is very ill, having suffered a slight stroke, friends will regret to learn.

TAX NOTICE

Ratepayers are reminded that the final instalment for taxes for the village of Stouffville must be paid by December 1, to escape any added penalty.

The collector will be at the office of the treasurer on Monday and Tuesday, November 30 and December 1.

H. C. Quibell, Collector

TOKYO'S MODERN STORES IMPRESSES LOCAL MISSIONARY

John Crook, Temporary Pastor in Stouffville Landed Safely at Chinese Destination After Five Weeks of Travel

Temporary pastor of Stouffville Christian Church this year from June to September, Mr. John Crook, who has recently reached China to take up mission duties, tells in the following letter his experiences and impressions on arriving in the Orient. We publish the letter believing all our readers will thoroughly enjoy it.

Hwaining, Anwhel, October 21, 1936.

Dear Friends:

How wonderfully God has answered your prayers on my behalf, in that He has brought me safely through this ten thousand mile journey. I cannot praise Him enough for all His goodness toward me, surely it will be a great day when we can praise Him aright.

The only bit of bad weather we had was at Yokohama, we arrived there at four o'clock in the morning. It was dark and drizzling rain; every one was up early because we could hardly wait to get our first glimpse of Japanese life. At six we had quarantine and immigration inspection and at nine we were to dock; but just while we were eating our breakfast someone came with the joy-killing news that the ship was going to remain at anchor in the harbour because of a threatening typhoon; well that was all right because most of the passengers had never seen one and were anxious to see it come. We waited all day but no typhoon showed up all we got was the tail end and we Christians were thankful that was all because they are dreadful storms. Later we heard that a small boat sank off the Korean coast and fifty people lost their lives.

We managed to dock at six and after dinner took an electric train and went for a trip to Tokyo, a journey of twenty miles. The trip was most interesting going through one village after another and believe me I never saw so many noon signs in all my life. The Japanese certainly believe in advertising. Another thing that struck me was the clutter of the wooden sandals (which most every one wears) on the cement walks and roads. It was interesting, too, to walk through the stores of Tokyo. They surely have some fine department stores. Were it not for the features and the dress of the people one would think one was at home.

At nine next morning we were given a very fine send off and arrived in Kobo the following morning where we spent the day sight seeing. The joy of the trip was a visit to a Gospel Hall, in the centre of Kobo's business district. How we did praise God for this testimony night in the heart of a group of theatres. Every night on this street is held open-air meetings as well as a Gospel meeting in the hall.

We arrived at Shanghai Oct. 7th, one day late because of the threatened storm. It was eight o'clock when we got through customs and was I ever glad; talk about the confusion of tongues that had nothing in that two hours I spent in that customs shed where people of all nationalities were busily running hither and thither talking, shouting and laughing; in search of something that resembled their baggage. On top of this was the noise of about 500 collies shouting at the top of their voices for people to get out of their way as they came with trunks and cases of every description.

Our six day stay in Shanghai I assure you was a busy one. All of our belongings had to be packed in Chinese containers; we were allowed to take up the river two pig skins, or Chinese trunks, a basket with all our tin-ware and what ever else we could get in, and a bed roll. Then, too, we all had to give our testimonies at the Mission prayer meeting as well as over the radio; further I had the privilege of taking the Sunday evening service at Shanghai Free Christian Church. Lastly, we did a little sight seeing and I had my first ride in a ricksha.

At the time of my writing this letter I am sitting on the deck of the S.S. Ming Shin, a river steamer about the size of your lake vessels. We are travelling quite comfortably having very nice cabins on the promonade deck, the food is prepared in European style and believe me we get plenty of it. We don't get a chance to tell what we want—they just go right through the menu of about ten courses. We boarded the ship at 10 p.m. the day before yesterday. She was to have sailed (Continued on page 8)

MRS. HUGH BOYD'S DEATH FOLLOWED VERY BRIEF ILLNESS

The community was shocked on Monday morning to learn of the death of Mrs. Hugh Boyd which occurred late Sunday night, following an illness of only a few days. Mrs. Boyd had quite recovered from a serious illness of some years ago, and was enjoying fair health. On Wednesday evening prior to her death she attended a meeting of the Eastern Star held in Markham, but early Friday morning she was seized with illness and sank very rapidly.

Born in the Township of Uxbridge Mrs. Boyd was a daughter of the late Timothy Forsyth, prominent hotel man for long years both at Roseville and Goodwood. Mrs. Boyd is survived by her husband and two daughters, Miss Gertrude in Oshawa, and Mrs. Wilmot Stover, Stouffville. There also survives one sister Mrs. William Todd of Goodwood, and four brothers, namely: Albert, Wilmot and Timothy, all in Toronto, and Fa Forsyth of Goodwood. Mrs. Boyd, after her marriage, lived on the 9th concession of Markham just south of Stouffville, and later resided at Rinwood until the family located in town. She was a cherished mother and a woman of very kindly impulse. She was an active worker as a member of the Stouffville Women's Institute and the local chapter of the Eastern Star.

The funeral on Wednesday afternoon from the late home on Main street took place to Stouffville cemetery for burial. Rev. W. H. Fuller conducted the service, the pall bearers being Messrs F. L. Stiver, M. E. Watts, Delbert Holden, Blake Sanders, Sam and Christie Armstrong.

RINGWOOD

Mrs. Don. Wilson was in Toronto on Monday.

Miss Edna Sinclair is spending a few days in Toronto.

The S. G. C. is packing a box for the car going out West.

Miss M. Hay was Sunday visitor with Mr. and Mrs. Flyler.

Mr. and Mrs. Henry Wideman and daughter Lucille, were recent visitors in Rochester, N.Y.

Miss Helen Abel student at the O.A.C. has returned to Guelph after spending a few days at home.

Several of our high school boys and girls are planning to visit the Royal this Thursday, Nov. 26.

Mrs. Harvey Quantz of North Markham moved into part of George Johnson's house on Wednesday.

Miss Helen Stouffer has just returned from a visit to her cousins, Mrs. Gordon Boyd, Newmarket.

Our roads have been very icy around here the last few days, but fortunately no accidents have occurred.

We hear the H. H. C. have been busy planning their winter work for helping those less fortunate than themselves.

We hear a number of our young people motored to the Maple Leaf Gardens, to attend the hockey game last Saturday night.

Mr. and Mrs. Delos Graham are entertaining Mr. and Mrs. Durling, son and daughter from Michigan. Mrs. Durling is a sister of Mr. Graham.

NOTICE! Special services now being held nightly in the Christian Church, under the leadership of the Misses Hollingshead and Diltz. Don't miss them.

We are glad to report that Mrs. Stanley Hastings is improving as readily as can be expected following her recent accident. We hope to soon see her out again.

We were greatly favored by having Miss Mary Hay, or Toronto, as guest soloist at our Sunday School and Church Service. Many wended their way to the church on this occasion, which was filled almost to its capacity. Miss Hay also taught the Excelsior Class in the morning.

SEVENTH LINE MARKHAM

An unusually happy evening was enjoyed by the ladies of our community who gathered on Friday evening with the girls of Miss Gertrude Wagg's class, and some ex-pupils, who combined arranged a surprise party for her. The evening was splendidly enjoyed in light amusement, closing with a tasty lunch served. The costumes of the guests were particularly striking, and reminded us of a real wedding party attended by many varigated guests. Mrs. Albert Cleverdon presented a bridegroom, with Mrs. John Hosking as her bride, Miss Elva Kirk and Miss Freda came as Indian chief and his spouse, Mrs. H. Warriner was a Japanese girl and Mrs. C. Wideman, the farmer. Then came Mrs. Brignal, the real gentle-
