THE POWER QUESTION APPEALS

(Chesley Enterprise)
It will be remembered that in the session of the Ontario Legislature of 1935 there was a great hubbub raised in financial circles by the power barons of Montreal when Premier Hepburn and his cabinet put through a Bill to cancel the contract made by the Ferguson Government with four power companies to supply power and light for 40 years for hydro users in Ontario, at a cost of approximately 400 millions. The opposition to the Bill took the view that the credit of the province would be adversely affected by repudiation of a signed and sealed contract. Premier Hepburn and his supporters in and out of the Legislature contended that the high price for unwanted power for such a long term was a millstone around the neck of light and power users.

The next move of the power barons of Quebec was to seek redress in the courts, contending it was beyond the power of a Provincial Legislature to cancel an agreement entered into by a former Legislature. The Attorney-General refused a fiat to allow an appeal to be heard in the courts. Against this fiat the Ottawa Valley Power Co., one of the four companies to suffer from the long term bargain being cancelled, appealed, and the case was argued recently in Osgoode Hall, Toronto, and Chief Justice Ross decided the Attorney-General had the legal rights to refuse a suit being brought against the province. The defeated company took the case to the Ontario Court of Appeal and on Nov. 19th, the decision of Justice Ross was reversed, three judges being against Justice Ross's decision and two in favor.

The case now goes to The Privy Council of Great Britain, the highest court in the British Realm. Commenting on the Court of Appeal's decision Premier Hepburn in his well known layman's style declared the decision was a hoghead of law and a thimbleful of justice.

PEACE MAKERS

(Contributed)
The Women's Christian Temperance Union at first spent most of its energies in combating the liquor traffic, then narcotic drugs were included and more recently the organization has a department known as Peace and Arbitration.

The subject of war and peace should be of vital interest to every woman and especially every Christian woman. There are more forces at work for peace today than ever before and we hope to see the day when all women and men too will love peace and hate war. That day will come more quickly if all of us who love peace are really Peace Makers.

Let us consider some of the reasons why we should love peace. In the first place no thinking person can be happy unless they have peace. Peace is an inward thing which springs from a feeling that everything is alright, that we are secure and have nothing to fear. The fruits of peace are goodwill and kindness and it is based on righteousness. We say that we have peace because hostilities have ceased and a peace treaty has been signed forcing the losing nations to keep peace. In reality we know that true peace is not something which can be imposed on any nation and the treaty of Versailles is not a peace treaty because it was not based on righteousness and has produced the fruits of bitterness, resentment, fear, insecurity and even hatred. The Joint Commission to which all disputes between the United States of America and Canada are referred is an outstanding example of the successfulness of the Arbitration Method. It is possible to keep peace and to have a greater degree of peace than the world has ever known. We must have that peace if men are to be really happy and live the abundant life. Let us all share the peace ideal and be Peace Makers.

Let us remind ourselves of some of the reasons why we should hate war. First, we think of its results; the loss of life according to the Swedish Society for the Study of the Social Consequences of War, must be put down at 40,000,000 lives. The money cost was \$9,000,000 an hour for every hour of the duration of the war. This would give every person in the world a University education. The physical breakdown cannot be estimated but the specialists in eugenics have shown that the physical standard of all nations has been greatly lowered because of the loss of life of the physically fit men who would have been the fathers of this generation. Also the children of people who lived through the war years are nervous and high strung. The moral breakdown is the most terrible result of war. The first casualty of war is TRUTH because war propaganda is based on lies. Once a nation gives itself to war it must force its men to win at any price. No matter how low the enemy stoops you must meet him at his own game and use the worst gun, the worst gas or the worst trick, and use it first. Cruelty, deception and immorality hold sway and there is no honour in modern international warfare. War is demoralizing to the last degree.

We hate war because of its methods. The methods of war are based on the theory that the end justifies the means. The chivalry of ancient wars is gone and the brutalities of modern warfare are unspeakably awful. It is mass murder or wholesale butchery and no method is too diabolical.

We hate war because we are beginning to understand its causes. First, there is the story of man's greed. Nations are envious for raw material and natural resources of other countries and this leads to rivalry and exploitation. In the scramble for larger markets competition is so great that hatred is aroused. Then there is the greed of the vast armament concerns which have governments in their power and are spreading their propaganda everywhere. Investigations by Senator Nye and others have definitely proven that the armament firms have deliberately postured strife and thwarted efforts toward peace. This is one of the most sordid disclosures of our time and we cannot learn of it without hating war with a strong and righteous hatred.

Finally we hate war because it denounces the highest Christian principles. It denies the power of love, the sacredness of human personality and the unity of man. It is interesting to note that the early Christian took the teachings and example of the Prince of Peace seriously. For the first 300 years of Christianity, although soldiering was an honored occupation no Christian was a soldier. The historians tell us plainly that all men knew that a Christian was a conscientious objector, but later they began to compromise and join the army and later still we know how Christians participated in the Crusades or Holy Wars. The Children's Crusade is one of the darkest blots on the pages of history for it shows just how the so-called Christians departed from the true way. The attitude of some Christians in the last war greatly disturbed some deeply religious people and today there is a great host of Christians who declare that never again must pulpits be used as recruiting stations. If war is un-

Christian and wrong and useless and unnecessary we must use our God-given brains to bring peace.

What can we do to be Peace Makers? First we must have the peace ideal firmly in our mind and be enthusiastic about it. Any spirit spreads so let's have the peace spirit. Then we can through conversation and other educational methods spread the facts about the benefits of peace and folly of war. We can stand behind every movement which is endeavouring to bring peace and have faith in the League of Nations with its arbitration methods. In spite of its recent failures it is the only organization for promoting international co-operation and achieving international peace and security. The ideas embodied in the League Covenant are the wisest and most practical that have yet been devised and they need the support of public opinion. In the last place we need to be really Christian if we wish to be peace makers. We will always show kindness, love and goodwill and be true peace makers at home, in the Church and in community. When men have the spirit of the Prince of Peace the Christmas message will be a year-round fact. "Peace on earth, Goodwill to men." Let us be Peace Makers.

On Thursday December 3rd at the Riverdale United Church (Rev. George Coulter pastor) there was held, the Annual Bazaar of this church, also in the evening supper was served. The Scribe was informed numerous Stouffville and Goodwood folk were present at these events. Visitors to the city, especially the United brethren, are always given a warm welcome by Rev. Mr. Coulter and also by the many former Stouffville and Uxbridge Twp. people who attend, and at one time lived in these places in the country.

TORONTO FLASHES

Goodwood and District In Particular

(Paragraphs under this heading for the most part, concern the happenings of former residents of Uxbridge Township or perhaps their descendants. Items may be telephoned to Mr. Walter Davey, 8 Stanton Ave, any evening, and will be gratefully received.)

Rev. Mr. Lunan is at Aurora on his annual yearly visit to his sister, Miss Greta Lee visited her sister, living in North Toronto, on Sunday last.

Mr. Percy Brown of Stouffville was in the city this week with a load of stock.

Our Goodwood Y.P.S. is visiting Stouffville Y.P.S. on Dec. 7. We were pleased to read of this visit. Nothing like being sociable.

Mrs. Middleton of Goodwood has been on a visit to Toronto and took time to call up some of the former Goodwood friends.

To the Boyd family (not forgetting the late Mrs. Boyd's sister and brother at Goodwood,) the Scriba and all Toronto friends send their sympathy.

Mr. and Mrs. F. C. Butler visited The Michell home at Whitevale on Sunday last—Glad to hear the "Tribune" was found at the home of these Whitevale folk.

Speaking to our friend Mrs. Simeon Morganson last week, the writer was informed of our friend Mrs. Crosby of Stouffville visiting the city. We hope she will enjoy her visit here.

Will some of our Goodwood friends answer the question in the Goodwood news column of last week (Item No. 2) with a big (yes) —How about it? You have had one before. And you sure can do it again.

Glad to read the Arena Notes in last week's issue. This was read with much interest by the Toronto friends, and to Mr. Baker and to all

the hockey players and skaters, we hope this winter season will be one of your best.

The store windows are being dressed for Christmas. Osbornes Dry Goods store at Gerrard and Jones have a nice display, step inside, and meet our friend Miss Cora Howell, a well known girl at Unionville. Stouffville and Goodwood Mr. and Mrs. E. J. Davey attended the C.N.R. Veterans Annual Banquet at the Oakroom, Toronto Union Station. Many representatives and their wives attended this gathering on Wednesday, December 2nd. E. J. has been very ill since returning home.

The offer which was advertised in the Tribune last week to many in the city here looks to be a very good bargain. The number of magazines and with the Stouffville Tribune for \$3.00 should interest many especially at this time of the year.

Pleased to report our friend Mr. Gladwell is very much better in health.

On Thursday December 3rd at the Riverdale United Church (Rev. George Coulter pastor) there was held, the Annual Bazaar of this church, also in the evening supper was served. The Scribe was informed numerous Stouffville and Goodwood folk were present at these events. Visitors to the city, especially the United brethren, are always given a warm welcome by Rev. Mr. Coulter and also by the many former Stouffville and Uxbridge Twp. people who attend, and at one time lived in these places in the country.

Christmas of some fifty years past in the old home village is well remembered by many in Goodwood and the many former residents here in Toronto. Just about the same as nowadays we had the same as the church band and the two church Christmas trees. Well do we remember them and still have friends

who were present at these entertainments. Let's not forget the examination or closing day at the old wooden school. In the afternoon, before their parents, the pupils would recite, sing, etc. But the real wind-up was when the trustees would decorate or in other words shell out, by giving the paper bag of candy, nuts and the odd apple or orange. Those things to the ordinary girl or boy of Goodwood looked like a hundred dollars. I wonder how many folk remember the lady who used to skate at our rink with the rocker skates. And could she skate! If you care to know who this lady was, just some day ask Tom Dowsell and he will tell you.

Special Christmas Offer

With every purchase of any 2 of our well known products will Deduct 20 per cent of the price—Even the most severe cases you will benefit by the use of our remedies:—
