Arthur Jones, the new section foreman on the Stouffville beat of the C.N.R. is located in Mr. Isaac Boardway's house, recently vacated by James Muston who moved to Toronto. Since the so-called "bumping-off" system has been instituted by the railway unions employees are changed more frequently than bank clerks.

The veteran Jonathan Gould and his good wife, Locust Hill, are somewhat indisposed and according to reports are not making the recovery their friends would like to see Mr. Gould is widely known throughout the district and in Uxbridge where he lived before locating in Markham-Township. Their son Jos. has just returned from a holiday in Cleveland where his daughter resides.

Rev. John Paul Mackey, Cleveland, Ohio, will speak, sing, and play in Ratcliff's Hall this Saturday evening, December 12. He is a former show man, but after his conversion to christianity entered the ministry and is unquestionably a devout man. Mr. Paul comes to Stouffville largely at the instigation of Rev. W. M. McGuire, of the Church of the Nazarine, Toronto, who will appear on the same platform and will give a short 15 minute address. All old friends are invited to attend this meeting, and enjoy the fellowship of inspiring messages rendered by one who is qualified to entertain you in the right way. There will be a silver collection only to defray expenses.

"We are just harvesting our new potatoes, green peas and other vegetables," writes Mr. H. S. O'Brien who is now living at Fort Lauderdale, Florida. Is H. S. trying to make us jealous, or just impressing us with the fact that it is good old winter here in Ontario.

Nominations for municipal officers will be held in the Townships of Markham, Uxbridge, Pickering and Whitechurch on Monday afternoon, Dec. 28, and in the village of Stouffville in the evening of the same day. We predict that next year at least one of these municipalities will adopt the early election date and thus stage its election ere bad roads set in, and at a time when the turmoil of the election will not be so hard on the digestive system which should not be more overtaxed than can be avoided around Christmas time.

The management of the Stanley Theatre has offered to co-operate with the municipal council in providing a treat for the children at Christmas time, so it was announced at the council meeting on Monday evening. The council decided to arrange for the big Christmas tree to be erected in front of their hall and illuminated with electric lights, also to arrange for a canvas for funds to provide a treat for the children. The theatre offered to provide a Christmas show free to the kiddies, at which time the "treats" could be handed out. This would be on the afternoon of December 24. The council viewed the offer of a free show as something that would be appreciated, and appointed a committee to carry out arrangements.

Just 22 years ago Mr. Barkey handled the express at the G.T.R. here, when everything consumed in the locality from outside came in that way or by freight. Later he was employed as baggage-man in the Toronto Station, but is now labelled "a retired railwayman," and is enjoying life in the right way.

Stouffville will enter a junior team in the O.H.A. this season, and have been grouped with Scarborough, East York, and Aurora. It is said there is plenty of good material in the district that will enable a team to make a good showing. Markham will have a team in the Intermediate group, and are coupled in a district with Port Perry, Lindsay, Bobcaygeon and Fenelon Falls, a rather difficult district for Markham to cover in so far as travelling the winter roads is concerned.
