

TOWN TOPICS

Mr. Cecil Sager, of Napanee, Ontario, spent the weekend with Mr. and Mrs. Blake Sanders.

Mr. and Mrs. Archie Stover and children were in town over Sunday, motoring from Milverton over perfectly bare roads all the way.

The Annual Women's Day of Prayer, will be held on Friday, February 12, at 3 p.m. in the Baptist Church, Stouffville. All ladies of the town and district are invited.

The final Junior O.H.A. league game of the season for Stouffville comes off here next Tuesday night with East York as the visiting team. Stouffville must win to remain in the play offs, and the boys are going their best right now. Fans will be assured real entertainment in fast hockey if they see this final league fixture. Ladies admitted free.

BRAHWAITHE HARDWARE
STOUFFVILLE, ONTARIO

Hear the Musical Saw Trio at the Horticultural meeting this Friday evening.

Floyd Tindall is nursing a fractured bone in one of his heels. Slipping off the litter carrier, he came down heavily with disastrous results.

One of Mr. Roy Wideman's Leghorn pullets, got behind with the egg laying business last week, but the following day the pullet produced a sort of double egg. One completely formed egg inside a second egg, but there was no yoke in the larger egg.

Don't forget to hear the Musical Saw Trio, at the Horticultural Meeting in Ratcliff's Hall, on Friday evening. These entertainers have been enthusiastically received at many functions throughout the province and will add pleasing variety to our Friday program.

Mr. Tom Irskine of the Bank of Commerce staff, Stouffville, has been transferred to the branch at Kirkland Lake, and left to assume his new post this week. Mr. Irskine came to Stouffville three years ago, and has proved himself an efficient clerk, well liked by the banking public.

A comparatively new family to Stouffville living on Mill street, Mr. and Mrs. W. H. Davidson have met with grave misfortune this winter from which both are still suffering. Mr. Davidson has been suffering from a serious bronchial condition, but is now on the way to recovery. About ten days ago when his condition was very grave, Mrs. Davidson rushed to a neighbor's telephone to summon a doctor, but she fell on a slippery sidewalk and fractured her left shoulder, and will be in more or less helpless condition for some weeks. Mr. and Mrs. Davidson occupy part of Mrs. George Taylor's home, and folks in general will sympathize with them in their double misfortune.

The complete text of the address made last week by Morgan Baker, M.P.P. before the Ontario Legislature appears in this issue. It sets out his attitude on the cancellation of the hydro contracts, which has saved millions of dollars to the hydro users. Mr. Baker contends that the dumping over-board of these iniquitous contracts was justifiable in order to protect the people against the violation of the trust placed in the legislature which made the deal with the power barons. Few of our readers will have any quarrel with the manner in which the Hepburn government has saved the hydro from the clutches of the power barons, whose contracts, if in force today, would mean much higher hydro rates than now exist.

Let's all attend the Horticultural Society annual meeting Friday evening this week. Your attendance will be appreciated.

Flu patients are beginning to get around again. Percy Tarr stepped out on Saturday after a bad shaking up, and he certainly looked like one who had had a big fight, but he is improving. The town cop, H. C. Quibell was another victim, but is again checking up on auto speeders.

The regular meeting of the Junior Farmers and Short Course Club will convene in the Mansion House Dining Room at 8 p.m. on Thursday, February 11. There will be a demonstration on wool work. All members make an effort to attend please. Miss L. Dowswell, secretary.

Rev. Oscar Burkholder of Breslau, made a hurried visit to relatives in town last weekend. Mr. Burkholder says the ice storm in the Grand River area last week, made travelling on country roads almost impossible for a time, but like most people, he is heartily appreciative of a beautiful mild weather of mid-winter.

A public meeting is called for Oddfellows' Hall on Friday, February 12, to discuss the possibility and advisability of re-establishing the Stouffville branch of the Loyal Orange Association. This meeting is called for 8 o'clock, and will be addressed by the provincial organizer. All Orangemen and others interested in the promotion of Protestantism are invited.

No matter how fine the weather during this month of February, we will still be in love with the weather of January. The only preference February could have is that it is one month nearer spring. The thermometer scarcely tipped zero all last month, and the abundant rain, fall will prove a great blessing to the land here in Ontario, where much of it remained parched after the drought of last summer.

A large owl of the great horned variety, held in captivity by Dr. E. S. Barker, has been turned over to the Toronto Zoo. The huge bird with legs as large around as a child's wrist, was captured near Musselman's Lake after being shot by a hunter. The wounded owl with one wing broken and shot in side, was found in the yard of a cottager, and thus came into possession of Dr. Barker. It was nursed back to condition again, but as the poet said, "the bird with a broken pinion never soared so high again," and so the Great Horned Owl, will spend his days entertaining the throng of people who visit the zoo.

On February 8th, Mr. Frank L. Stiver expects to be one of the large party gathered together by the Purina Mills of Woodstock who will leave on a four day special tour to the Experimental Farm and Research Laboratories of Purina Mills at St. Louis, Mo. The party will consist of several hundred farmers from all parts of Eastern Canada and reservation has been made for a special train to carry them direct to St. Louis. The train will be equipped with the Delux Special Coaches. At St. Louis they will visit what is reputed to be the most remarkable experimental farm in the world while in Chicago they will visit three great institutions where they will see more in a few hours, it is claimed, than may be seen on a six months tour around the world.

About 200 members of the Masonic craft including their wives enjoyed the Ladies' Night on Friday evening tendered by the officers and members of Richardson Lodge. The party foregathered at the Stanley Theatre at 8 o'clock where they were entertained to a splendid picture starring Jean Arthur in "Adventures in Manhattan." Following the theatre party the gathering repaired to Ratcliff's Hall where the men's committee served a light banquet. Mr. Jos. Borinsky, worshipful master of the local lodge presided over the brief toast list, at which Mr. William Griffiths proposed a toast to the ladies which was responded to by Mrs. Ball and Mrs. Freel. Mr. H. C. Tugwell, Toronto, an honorary member of Stouffville lodge, also spoke briefly.

The Stouffville Cemetery Commission is now sending out the yearly accounts for care of plots not placed in the perpetual care account. It will be noted by those receiving bills that the charge for the care of a single plot is \$1 per year, which conforms with the rate in Uxbridge, Sunderland, and other places that might be mentioned. Persons who own lots at the cemetery would be well advised to place their plots under Perpetual Care, thus being assured of proper attention long years after the family or anyone directly interested in their plots have passed away. It is much more satisfactory to the Commission to have all lots under Perpetual Care, thus eliminating the annual billing and a great deal of book-keeping.

Many small towns are being annoyed these days by so-called city salesmen, virtually racketeers, who hearing that money is somewhat more plentiful in rural districts are out to get their share.

They may be selling some type of stock or they may be promoting a card directory of some kind with advertising spaces for merchants to fill at five to ten dollars a throw. They call at the newspaper office to get a price on printing the job and then tell their prospects that the local newspaper is in on the scheme and is doing the printing. Upon investigation 90 per cent of these schemes are shown to be downright fakes.

Last summer a gent "did up" Stouffville in this manner under the pretext of issuing a new register for the Mansion House.

Mrs. Ross Soden, who for some thirteen years has been a resident of Stouffville living in the Terrace on Albert street, will move to Uxbridge at the end of this month, to be with her daughter, Miss Cora who recently opened a beauty parlor in the northern town, with good success. Mrs. Soden is a former resident of Claremont and with her husband located on a farm on the 10th concession just south of Lincolnton. Mr. Soden died from a kick from a horse which struck him while walking in the pasture field. Shortly after this terrible catastrophe Mrs. Soden and her young daughter located in Stouffville, and their departure is regretted. Mrs. Soden was a kind neighbor and will be keenly missed among her circle of friends.

OBITUARY NOTICE

After about two years in the Brierbush Hospital, Stouffville, Mrs. A. W. Baker died on Monday, January 11, in her 83rd year. A daughter of the late J. H. Steckley, one of the first M.B.C. Mennonite Ministers, her husband predeceased her some years ago while in the West. Mrs. Baker had lived a quiet unassuming Christian life. Born at Bethesda, she lived after her marriage in Toronto, for several years, also Cleveland, Ohio, and a few years on a farm.

Two sons survive, F. C. Baker, of Scarborough Bluffs, and O. A. Baker, California. A. B. Steckley, of Stouffville, and J. H. Steckley of Texas, are surviving brothers. Three sisters also survive: Miss Mary Steckley, Toronto; Mrs. W. L. McGill, Glencairn; Mrs. R. Coleman, Gait. The funeral took place from the home of her son F. C. Baker, on the 13th. Interment at Dickson's Hill Cemetery, Markham.

The ladies of Stouffville Christian Church will hold a sale of home-made baking in Turner's Dairy on Saturday, February 13th, at 2:30.

Mr. George Simpson, one of our former citizens is suffering from a serious case of gangrene, old friends will be sorry to learn. Mr. Simpson is living at Mount Joy, Markham, at the present time.

Charles D. Stewart, 31-year-old reeve of Barrie, who was elected Warden of Simcoe County for 1937 by one vote at last week's session of County Council, is the second youngest warden in the long history of the County Wardenship, dating back to 1843. The youngest Simcoe County Warden, the late Hugh Henry "Hal" Creswick, reeve of Barrie, was 29 years of age.

The February meeting of the Junior Institute will be held at the Blue Bird Inn on Wednesday, Feb. 10th, at 2:30 p.m. Motto for the month, "The Charm of Pleasant Speech." Roll call, "One form of Politeness I Especially Admire." Mr. Harold Sanders will give an address to the ladies. There will also be a demonstration of home made candy. Come one, come call.

DEATH.
Wilson—At his late residence, 62 Alton Avenue, on Sunday, January 31, 1937, William J. Wilson, husband of the late Margaret Powers, and father of Mrs. Frances Good-year and Mrs. Ida Over, formerly of 146 Lawlor Avenue, Interment Dix-on Hill Cemetery, Markham, Tuesday, February 2.

CROPS FAIR AROUND ISABELLA

Isabella, Jan. 25, 1937.
The Stouffville Tribune
Dear Editor:

In renewing my subscription I thought I would give you an idea how we are existing in this wild and woolly West, up till Christmas the weather was ideal but since then it has been steady hitting between 30 and 40 below. Of course that's all right when you get used to it.

The crops in our district were not too bad this year considering the hot-dry weather. Grain which was on summer-fallow was good. Then the price made it better.

Isabella is stepping into the limelight for hockey again. They won most of the local tournaments that were held last fall. They have been invited to play against some of the best teams in the province, but the transportation is poor. In spite of the cold weather they played with Neepawa, at Isabella. The game was even till the last when the visitors slipped in the odd goal. Nevertheless the boys have entered in the playoffs.

What has happened with the Ringwood Garage? Don't see anything more about it. Hope it goes through. Can't get a better drawing card than a fight. Probably Red Horner or Bill Thomas would help out in spare time.

We had a mistortune the other day. Our young lad, not quite two years old, let some dishes fall on the floor and amongst them was a lemon squeezer which broke, we were a little worried for fear another could not be got, but I see by the Tribune they are still made.

Yours truly,
Archie T. Stewart

Feed Your Hogs the Quaker Schumacher Way

Faster growth means less time, less feed, from birthday to market day. And the growing hog that gets Quaker Sugared Schumacher gets to market long before hogs raised the ordinary way. Quaker Sugared Schumacher is the complete carbohydrate feed; it puts on sound weight and helps to build long, stretchy hogs that bring best prices. Feed your hogs this up-to-date way and get the profit your work and time are worth. We have it for you.

JUNIOR FARMERS' NEWS

On January 21st, the monthly meetings of the Junior Farmers and girls Short Course Club were held in the dining room of the Mansion House. Miss Anne Paisley, the girls Vice President was in the chair due to the absence of Miss Jean Baker who has undergone an appendicitis operation in a Toronto Hospital.

The meeting opened with the singing of O'Canada. The Motto: "I Would be True" was given by Miss Doris Footé. The members responded to the roll call with a New Years Resolution. Misses Margaret Schmidt and Lillian Phillips gave splendid reports on the Community Life Conference at Pickering College.

A demonstration was given on the clothes closet project. Three orange crates, a roll of wall paper, a few yards of crotonne with a little patience and work make a fine clothes closet and linen shelves.

An excellent display of handiwork such as linens, woollens and art showed splendid workmanship. In the joint meeting the main features were Ye Olde Tyme Spelling Be, a contest of Wits and the Class Paper, read by Miss Marion Baxter. The next meeting will be held on February 11th. For further notice watch The Tribune.

COUNTY RATE MAY BE CUT BY ONE MILL

Proposed Rate of 8.85 Mills is Tentatively Approved—Agricultural Grants Determined

An 8.85 county mill rate proposed by Finance Chairman Dr. L. W. Dales was tentatively approved of last week by York County Council for 1937. This proposed rate is a mill under last year's figure.

An attempt of the finance committee to cut down on veteran grants was defeated by council after a lively debate in which Reeve Warren and Reeve W. Marsh Magwood championed the cause of the organizations. As a result the money set aside for such grants was raised from \$1,500 to \$2,000.

Grants approved to the various agricultural societies were as follows: Aurora, \$150; Richmond Hill, \$150; Scarborough, \$150; Sutton, \$400; Woodbridge, \$400; Royal Winter Fair, \$400; Markham, \$400.

Miscellaneous grants were: Department of Agriculture at Newmarket, \$500; Junior Farmers' extension and stock judging, \$250; Canadian Institution for the Blind, \$400; York County Hospital, \$2,000; Salvation Army, \$100; York County Municipal Association, \$100.

County police matters including the proposed formation of a metropolitan police system were discussed in committee. The whole issue will be thoroughly discussed at a later date in the session.

THE MEATS WE EAT

The Canadian people are not eating so much as they used to. The per capita consumption of beef and veal, pork and mutton and lamb in 1935 was 134 pounds. This was six pounds less than in 1934 and fifteen pounds less than in 1932.

Two or three years ago the Canadian people were eating very much more pork than beef, but that characteristic of the dinner table has disappeared and we are now consuming more beef than pork, over 66 pounds of beef last year per capita and less than 62 pounds of pork. We use comparatively little mutton, only about six pounds per capita.

It is in the consumption of poultry that we have been making distinct advances. Four years ago the per capita consumption was about twelve pounds. This has risen gradually to eighteen pounds last year. The amount of turkey was over one and a half pounds, or a total of eighteen and a half million pounds, so that most Canadians seem to have done very well in that respect last Christmas.

Our consumption of cheese is growing but slowly, the per capita being about three and a half pounds. As a people we eat less cheese than most other countries, less even than the countries from which most of us have sprung. The average Canadian consumes twenty-two dozen eggs in a year.

These figures come from the Agricultural Branch of the Dominion Bureau of Statistics, Department of Trade and Commerce.
