

MOTOR TRIP TO PACIFIC COAST COVERS DISTANCE OF 7,700 MILES

Ratcliff Party Enjoy Hospitality of Many Former Residents —Manitoba Field Crops Best Seen

Leaving Stouffville on the 25th day of May and travelling almost continuously for about five weeks to arrive home again safe and sound and without the slightest mishap was the delightful experience of Mr. and Mrs. Wm. Ratcliff and son Gordon, Mr. and Mrs. Robt. Ratcliff, Miss Ward. They turned Western Canada right through to the Pacific Coast. Going out they went via Milwaukee, Minneapolis and St. Paul and came back through Yellow stone, Park and Seattle. The entire journey registered over 7,700 miles on their car, and the amount of gas consumed was 450 gallons. The average per mile on gas was around 20, although climbing over mountains, travelling through sand storms which drifted like snow on the road is not calculated to give good mileage, and coupled with this the Ratcliff car carried a big load all the time.

Going, the party travelled to Detroit and on to Chicago where they all had their first glimpse of the windy city. They called on relatives at St. Paul and thoroughly enjoyed the scenery of the neighboring States. Crop conditions they soon discovered were just normal until they reached Winnipeg where prospects appeared even above normal in the farming areas. Manitoba was giving real promise of bumper crops, but this could not be said for the remainder of the West.

Stopping at Winnipeg and later at Brandon they found these cities nice places with excellent accommodation for motorists. The first point of call where they made a real visit was Pebbles in the QuAppelle district on the Southern R.R. Here live Isaac Lemon and Clark Lemon, brothers of Mrs. Wm. Ratcliff. At the home of Clark Lemon they were delighted to meet again Mrs. Wm. Ratcliff's mother Mrs. James Lemon aged 92. As an old resident of Stouffville district Mrs. Lemon was keenly interested in enquiring about old friends "back home." Despite the fact that she suffered a stroke some time ago, her mind is very clear. She enquired for Seneca Baker's health, and confided in her guests on how delighted and thrilled she was when she learned that Morgan Baker had been honored with a seat in the Ontario Legislature. "He was only a little chap, as I remember him," she said. It is 16 years since this grand old lady had last seen her daughter.

Three days with the Lemon families, and the motorists pushed on their way. At Waseley a small town about the size of Stouffville they were fortunate in meeting Sam Jordan. They were now 60 miles from Regina and the next stopping place. Being a city of 40,000 population there is ample accommodation for motorists and altogether a beautiful place to rest a while. They found the district about Regina needing rain badly.

Their stay in the city was made most pleasant and delightful because of the kindness of old friends whom they met. It was a royal welcome they received, and the visitors say they are deeply indebted to Mr. and Mrs. Chester C. Graham and Mr. and Mrs. F. E. Giles, their daughter, who showed them such kindness, as well as all the other friends there with whom they came in contact. Mr. Graham is son of our Andrew Graham of Stouffville and his daughter Mrs. Giles, they were pleased to learn, is a soloist and pianist of outstanding ability and reputation in the West. They visited Mr. and Mrs. Walter Aldin, (brother of Mrs. David Snider), also Mr. and Mrs. Asa Steckley.

Leaving this bustling business centre the party proceeded south to Assinaboia in the district of Moose Jaw. Here they encountered sand storms, and got a good glimpse of the desolation brought about by drought and complete crop failures for years back. They were impressed with the splendid barns and houses all painted, often empty. The occupants after years of waiting in vain for a crop had been forced, in hundreds of cases to pull up and leave. The sand storms were terrific, and in places on the road drifts impeded travelling like snow roads here in Ontario. To the unfortunate people of this area the government had furnished seed again this year, but the visitors failed to see even a blade of grass growing. No wonder every fourth farm is deserted of human beings. "It is utter desolation," was the way they described this district of Southern Sask.

Passing Shaunavon, a town of 1800 in the Maple Creek they pressed on to the little hamlet of Consul, near the Montana border. Here they were pleased to visit Mrs. Earl Nash daughter of our Mr. Abner Baker of Ringwood. She was the former Ruth Baker and the warm welcome received will not soon be forgotten. At Maple Creek, a town of about 1,000 population and the main village of this centre lives Mrs. Chant, another former girl from home, perhaps better known to many as Bessie Jordan. They were all glad to meet again.

Crossing over into Alberta the visitors found Medicine Hat an interesting town with a normal population of around 10,000. Their stay was made particularly pleasing by the kindness of Judge and Mrs. Ellis. Long years ago Judge Ellis preached on the Baker Hill circuit of the Baptist Church, but today he presides over the Juvenile court of Alberta. The first glimpse of the Rockies was had when they reached Lethbridge, and what an inspiring sight. Those great towering heights with their snow capped peaks and majestic shapeliness is something the Ratcliff's say must be seen for they felt they could never describe them adequately in mere words. The Turner oil wells were another sight never to be forgotten, but space will not permit dwelling on them here.

Nearing Calgary prairie mud was encountered, but its part of western experience and was accepted without murmur. Calgary, one of the largest western cities, with its 70,000 people they found a modern place, and here they met Isaac Miller, one of our old residents. He preaches in a Dutch Church there, while his sons run the farm. They also met James Jordan and family here and heard Premier Aberhart in one of his famous Sunday orations which was a combination of a political address and good religious sermon. Running out to Midnapore, a happy time was enjoyed with Mrs. Morton and her brother Fred Ratcliff. They have the leading store business at this village centre and conduct the post office. They are, as many know, son and daughter of Mr. John Ratcliff of Stouffville.

If this party ever go West again, the women declare they will never travel the Rockies to Vancouver. Those hair pin curves and treacherous banks were a bit too thrilling to be enjoyed, but now its past they are glad of the experience.

However, in the heart of the Rockies lies beautiful Banff, and here they pulled up on the Main street to see Bill Mather going into the post office — or did Bill see them first? Anyway our old townsman and business head gave the Ratcliff's the time of their lives. Mr. Mather took a half-day off to pilot the visitors about, and that bath in the famous sulphur springs was one of the most appreciated things Robert Ratcliff ever had provided for him, and he doesn't mind telling his friends. Mr. Mather is the leading funeral director and is a busy man. Mrs. Mather and Betty were glad to see them, and what a big girl Betty is now. Banff, the visitors were free to predict, is one of the main beauty spots of the West and no visitor should miss it. When they reached Lake Louise 70 miles on, the ice had just left the lake the day before they arrived. They marvelled at the magnificent hotel here and the attractive cabins. Much could be said about the Crow's Nest Pass and the trip through the mountains, also the picturesque Fraser River which will have to go unrecorded.

At Vancouver the beauty of the place was a revelation to the travellers and here they met Prof. Andrew Hutchinson of the University of B.C. He has a very beautiful home, and his hospitality was most cordial. The Professor is a twin brother of Martin Hutchinson of the 7th concession of Whitechurch. An interesting incident happened at Calgary. From their cabin they

DOMINION DAY IS AGAIN A SUCCESS

Although the weather on Dominion Day holiday, July 1st, was more like a day in late September, cool and breezy, there was a very good attendance at the baseball tournament in Memorial park, conducted by the Stouffville Baseball Club, which this summer has drawn a bye in the O.B.A. and will not meet any league teams until later in the season. There were three teams entered in the hardball session which ran all afternoon providing a lot of fun and thrills for the fans.

In the first game the Miracles of Toronto led by one of the city's ace twirlers, defeated Stouffville by the score of 6-2. The winners then went on and defeated another Toronto aggregation, "Service Cleaners" by the score of — to capture the first prize. The losing Service Cleaners played off with Stouffville or second place and were successful in defeating the locals.

The last game was not over until 7 o'clock and a lot of chaps were late for the evening meal. They were just out of their grounds when the crowd started to come for the Amateur contest staged in the arena.

Between 700 and 800 people attended this evening program and listened to the contest, which was thoroughly enjoyed for scarcely anyone left the building until the crowd sang God Save the King. There were eighteen numbers and one request number given by Mr. Carl Bowdway and Miss Luella Gayman, winner of last year's contest. They sang "The Rosary", and the number was well received.

Little Miss Bernice Ogden, Toronto contestant captured the first prize with her aerobic dancing, while a Stouffville girl Mrs. Harold Lewis soloist, won second. The only other village winner was Miss Thelma Atkinson, daughter of Rev. L. E. Atkinson, who played a piano solo. The other winners in order were Mary Hargrave, 11 year-old reader; Bruce Taylor and Howard Snowball instrumental duet and Mr. Ken Miller, tenor soloist. Messrs. Bert Harvey, Mr. Kerr and Rev. Arthur Greer acted as judges, and judging by the response to their announcement of the winners, their decisions met with very good satisfaction by a good many.

Beside the prize winners other contestants on the program were: Bernice Redshaw, song and guitar; Garfield Horton, song and guitar; Hazel Brander, recitation; Alvin and Morley Gibson, song; Mr. Allen, song; Louis Yankon, impersonator; Jim Allen, guitar; Ted Cadieux, guitar; William Yake, song and guitar; Bill Donnelly, traps; Etta V. Lill, instrumental; Mrs. Bone and Mrs. Byer, vocal duet.

Buys Car Of Horses

Mr. and Mrs. Harry Paisley are home from their motor trip of three weeks to the West in which they went up as far as Lloydminster. Going out they averaged 600 miles a day, and experienced no motor car trouble. Sand storms in Southern Saskatchewan were not relished, and one place they saw a threshing outfit completely submerged with the top sticking out of the mound. Mr. Paisley bought a splendid carload of horses which he is offering for sale.

were directed to a Baptist Church on Sunday morning. They attended service, and while doing so their Ontario license was noted by a man who came up and enquired about the section they came from. This chap proved to be none other than Albert Gray, brother of our David Gray.

The men folk were particularly delighted to pay a visit to the Fraser Saw Mills, one of the largest on the continent. They are located at New Westminster, and here they saw the set up for cutting 200,000 logs a day, manual labor mostly being performed by Japs and Hindus. The men took the perilous trip, when on Vancouver Island to climb ten miles up the mountain to see first-hand the logging operations from the time the huge trees are felled until they are rolled onto bunks, and hoisted to motor trucks, logs 3 to 6 feet through, and 40 to 80 feet long, and those trucks bringing down from 9-13 thousand feet each load over almost a straight up and down incline and twist. Life is perilous on this job and the visitors were only permitted to travel themselves by special arrangement. Occasionally a truck goes over the side of the road only to be hurled to eternity's depths. They are never recovered, and one was lost just the day before the Ratcliff's were there.

Striking for home the party headed for Washington, Idaho, Montana, Wyoming, Nebraska, Illinois, Ohio, and back into Ontario at Buffalo. In all they touched 14 States going and coming.

NEW ADDITION TO SCHOOL BUILDING IS SEEN IN OFFING

50% of Cost of New Wing Would be Met by The Department

With the pending changes in the public and more especially the Continuation school curriculum, with the view to giving a larger part of the study to manual training and art, the Stouffville school trustees in regular session on Friday evening decided to take steps to ascertain just where they stand. It is apparent that another wing will have to be added to the present building, and the Department of Education is prepared to make a special grant of 50 per cent of the cost of such addition. The regulations say that this 50 and a quarter per cent shall be for the building or addition approved by the Department and erected for special purpose of a general shop and home economic laboratory. They will also bear 50 per cent of the cost of equipping such an addition.

The last wing added to the school building cost around \$11,000, and it is said that a similar wing added to the east side of the building would run fully as much money. With the government paying half, the balance can likely be taken care of without increased taxation.

It is assumed that if this extra wing is added next summer, the section's share would be taken care of by reason of one of the school debtures of almost equal amount being retired in 1938, and this will be good news to the taxpayers.

The Board at this meeting determined to get in touch with the Department to ascertain their position, so that if they are forced to enlarge plans may be gotten out in plenty of time to proceed with the work next spring.

The offer of the Department to pay half the cost is something that has not been provided for in the past. Some assistance was obtained from the county but the municipality had to put up the money first, and the thing never seemed to work out too clearly. Under the new arrangement, however the position is quite clear, and if the proposal goes through our big school will become an even more important centre than it is to-day.

It is realized that under the new regulations teachers in sufficient numbers would not be qualified to teach manual training, and to meet the situation the Department propose to arrange that itinerant teachers shall be engaged for a time.

GAS THIEVES ARE FOILED IN EFFORT

Noticing a light in front of his garage at 12 o'clock mid-night, on Friday, close to his home at Ringwood, Don Wilson went out to find that thieves were busy breaking into his gasoline tanks. They jumped into their car and made a good escape. Mr. Wilson found that they had sawed off the padlock, and their hurry to escape left their working tools on the ground. It is not customary to leave gasoline in the tanks over night but this occasion was one exception.

EXPIRES SUDDENLY

Life-long resident of Stouffville district, Clara Jane Wismer, widow of the late Elias Degeer, passed away with shocking suddenness on Tuesday morning this week. Her lifeless body was found on the floor of her home, by Mrs. Wilson, a neighbor, in the east end of the village, where she had resided alone since the death of her husband three years ago. Deceased had arisen and opened the doors of the house, but evidently expired shortly after, for she was found early in the morning. The late Mr. and Mrs. Degeer farmed for many years at Bloomington on the Malcolm Ramer place. Eighteen years ago they sold out and moved to Durand, Mich., but returned to Stouffville in 1928 when they bought the Brown place just north of John McKinnon's home.

Mrs. Degeer was in her 76th year and is survived by one daughter Mrs. Wettlaufer, Toronto, and two sons, Morgan in Uxbridge Township and Hilliard in Flint, Mich. Mrs. Badger, Durand, is a sister, and Miss Wismer, Toronto a half-sister. Originally a member of the Turkard church, the service will be taken care of by Rev. E. Morton of the Christian church, interment on Thursday afternoon at Stouffville cemetery, following service at the home at 2 o'clock.

NEW TEACHERS ANNOUNCED TO-DAY

Successful Normal School Candidates were: Dorothy McEwen, Jack Clubine, Myrtle Rose.

A NEW FIRE AREA MAY BE ESTABLISHED

At the next meeting of Whitechurch Township Council on Saturday of this week consideration will be given to a bylaw for establishing a fire area east of Aurora. It is proposed that a district be set apart comprising lots 61 to 86 in the first concession, lots 5 to 25 in the 2nd concession, lots 5 to 25 in the 3rd concession and the west half of lots 5 to 25 in the 4th concession.

The farmers in this district will, if the by-law be passed, be assessed for the cost of bringing out the Aurora Fire Brigade at any time into any area defined. The minimum charge made by the Aurora Brigade is \$45, but it is up to the farmers of the district named. Any objection on their part and the bylaw would not be put through. It is purely a local matter, says one of the councillors.

DEATH MARS YEAR OF GOLDEN WEDDING

Following three weeks illness Mrs. John S. Latham of Goodwood died at the family home there from a stroke on Sunday, July 3rd, in her 78th year. Interment on Monday was at Glasgow cemetery the service being conducted by Rev. J. W. Johnston and Rev. Mr. Ostrum.

Mrs. Latham lived 40 years at Glasgow, and is a member of an old family, a sister of Jonathan Hutchinson of Bloomington and Mrs. Mary Meyers of Goodwood. Just 50 years ago she married and this year celebrated with her husband their golden wedding anniversary. Besides Mr. Latham there survives a family of three sons and four daughters, namely, Arthur, Cecil and Edgar Latham, Eva, Ida, Mrs. George Cain and Mrs. Harold Burnham. There are eight grandchildren. Mrs. Latham was a cherished wife and mother and her death is deeply mourned.

BETHESDA

Mr. and Mrs. Will March of Aurora called at the home of Mr. and Mrs. J. Steckley on Sunday.

Mr. and Mrs. Alfred Robinson were Sunday visitors with Mr. and Mrs. A. B. Shaffer.

Mr. and Mrs. Chas. Atkinson and family motored to Guelph on Monday where they spent the day.

Mr. and Mrs. C. Atkinson of Phelps, Ontario spent the week-end with relatives in the district.

Miss Jean Thompson and Miss Alfreda Bolton of Toronto were week-end visitors with Mr. and Mrs. Hicks.

The Jr. Institute have planned to have their picnic of Thursday July 22. The W. M. S. are meeting this afternoon at the home of Mrs. Hunt.

The United Church Anniversary is on Sunday July 11th. The Morning service at 11 o'clock is in charge of Dr. Thomas Mitchell of Ringwood, Rev. Levi Atkinson of Stouffville will conduct the evening service at 7.30. Music for the services will be supplied by Melville Choir and Baker Hill Quartette.

DOROTHY LAWSON WEDS

The home of Mr. and Mrs. A. Harvey Lawson, Atlas Ave., Toronto, was the scene of a pretty wedding Wednesday when their daughter, Miss Dorothy Irene Lawson, became the bride of Mr. William J. Prince, son of Mrs. J. Armstrong and the late Mr. W. J. Prince. Mrs. J.B. Baxter, the bride's aunt, played the wedding music. The bride, given in marriage by her father, looked lovely in a gown of white taffeta, with bandeau of taffeta and nee and a colonial bouquet of white roses and lilies of the valley. Miss Ena Hisey was her only attendant and looked charming in Wallis blue organza with matching bandeau and a bouquet of coronation and souvenir roses. Mr. Bruce Armstrong, brother of the groom, was the best man. A small reception was held following the ceremony where the bride's mother, gowned in gray suede lace with violet accessories, received the guests, assisted by the groom's mother, who was attired in a gown of floral chiffon. The couple then left on a motor trip to Northern Ontario. On their return they will reside in Toronto.

Among the Stouffville guests were Mrs. Leslie Rowbotham, Mrs. A. S. Collins, Mrs. S. M. Warriner, Mrs. Jake Hisey, also Dr. and Mrs. Burkholder of Chicago (who are at their cottage on Jackson's Point) Mrs. H. W. Sanders, and Mrs. Arthur Drew.

Widdifield-McClure — Married, at the manse Saturday, June 26, Everett Bruce Widdifield and Miss Viola Jean McClure. Mr. Bruce A. Rutledge acted as best man, and Miss Blanche McClure as bridesmaid. The groom is a son of Mr. and Mrs. Frank Widdifield of Cedar Valley, and the bride is a daughter of Mr. and Mrs. William McClure of Holt.

COUNCIL STRIKES THE TAX RATE AT 35 MILLS FOR YEAR 1937

Hepburn Gift of One Mill Keeps Amount Collected Below 1936 by a Half Mill—Provides Nearly \$1,000 for Sidewalks—Tax Sale Coming

After providing nearly \$1,000 for new sidewalks to be built in this summer, the Village Council on Monday evening was able to strike a tax rate of 35 mills for 1937. This is a half mill advance over last year's rate, but with the Hepburn Government rebate of one mill the amount to be collected is actually a half mill below last year. Some places where tax increases have taken place the Ontario government rebate of one mill to each municipality has all been spent, and the people will not feel the gift. The local council however have been able to pass on to the ratepayers, a half mill of the gift direct. In face of the proposed large expenditure on sidewalks the showing is excellent this year.

The various rates to be collected and the amounts raised are as follows:

Dollars raised	Mill Rate
\$5167 80	county purposes 8.2
3535 95	general rate 5.6
3088 99	road debenture 6.1
560 00	public library 1.
1512 00	street lighting 2.4
4080 00	school purposes 6.4
3070 02	school debenture 4.8
313 46	direct relief .5

Reeve Weldon presided at the regular July meeting and all members were present being Councillors Ross Brown, Walter Brillinger,

GOODWOOD

Miss Edna Foskitt is taking a summer course at Guelph.

Miss Elsie Brown is holidaying at home of J. E. L. Wagg.

Mr. and Mrs. Watson and W. R. Kindre have been fishing at Bobcaygeon. The Baptists struck an ideal day for their picnic at Musselman's.

C. W. Watson has brightened his residence with a coat of paint.

Mr. and Mrs. Reid were Sunday visitors in Toronto.

The whole community extend sympathy to John Latham in their irremovable loss.

Mr. and Mrs. Lyons have returned to the Western home after visiting with her brother Archie Storey.

All entrance pupils passed from Goodwood. Congratulations teacher and scholars.

Mrs. Charles Feasby's sister is visiting here. The United S. S. was favored with her musical talent on the guitar last Sunday.

Miss Fraser, primary P. S. teacher is called home again and is unable to take the summer course as intended.

Next Sunday is decoration day at Goodwood cemetery, when the Orange Lodge will join in to decorate graves of their brethren.

Cemetery Committee are preparing song sheets and a printed order of service. Your presence will be appreciated.

Get your tickets at The Tribune Office for the Raymer cruise next Tuesday.

Take time to meditate upon the innumerable blessings about you, then plan to go to the house of God to give expression of your gratitude unto Him.

Arthur Swift and Ira Rusnell. The reeve asked the press to issue a warning to water users advising them to obey the hours for use of lawn hose.

Engineer Hainstock of the Department of National Defence told the council it was his opinion that they could safely bore for water at the reservoir property to a depth of 90 feet and expect a good flow. He advised them to put down a test hole at a cost of \$200 or less. The council was impressed with the information and are giving it serious consideration. With such a flow as it is hoped to obtain, the supply would be greatly augmented for the summer demand. All present wells are down only 25 feet to a hard-pan, but by going through this pan to 90 feet the engineer said a supply could be expected from the level serving many other wells in this part of the township of Whitechurch.

A bylaw was passed forbidding the sale of unpasteurized milk in Stouffville. At the present time both dairies doing business sell only pasteurized milk, hence the passing of the bylaw would only affect any new business that might come. It was decided not to make the pasteurization of cream compulsory.

Provision was made for a tax sale to be held this fall to clean up \$1,200 in back taxes.

Harvesters Scarce

Mrs. Brechin is visiting relatives in Toronto.

Mrs. Wendel Knight spent Monday with Mr. and Mrs. J. W. Lehman.

Mr. and Mrs. Allen Hisey and son Ronnie spent the weekend with Mr. and Mrs. Orville Lewis of Altona.

The wish for a long and happy married life from Melville to Mr. and Mrs. John White who were married last Wednesday in Toronto.

Mr. Clarence Hayward, of Campbellford spent last week with Mr. and Mrs. Lewis Lehman.

Mrs. N. Gayman spent part of last week with Mr. Arnold Morrison of Langstaff.

Mr. Jack Nigh, Douglas Kinch, and Francis Nigh spent the holiday at Niagara Falls.

Misses Molly and Dorothy McCormick are guests of the Misses Carmichael of Penelag.

Mrs. Harvey Houck spent the holiday with Mr. and Mrs. G. W. Baker, Gormley.

Peachs and Melville Church and Sunday School services will be withdrawn in favour of anniversary services at Bethesda. Melville choir will provide the music at the morning service.

Many of our farmers are hard put to find enough help to harvest the bumper hay crop. We believe that some of the finest stands of wheat in the country may be seen in this district.
