

# TOWN TOPICS

E. A. Grubin, R.O. Optometrist and Optician, will be at his office in Stouffville on Monday, August 23rd.

Robert Hare has leased the 150 acre farm at Belhaven near Keswick, from George Middleton. We understand this is one of the best farms in North Gwillimbury.

Goodwood Woman's Association intend to hold an ice cream social on the United church lawn there on the evening of August 24. They invite all old friends to attend.

Dr. Sangster is being accompanied in his trip to Michigan by his sister-in-law Mrs. Frank Sangster, a fact we neglected to mention last week. During the absence of the Doctor the duties of Medical Officer of Health are being cared for by Dr. S. S. Ball. He will attend to any emergent business which might arise.

**de Mito**  
No pedestal, less overhead weight, steaming time 3 1/2 to 6 minutes. Complete freedom at all times.  
Beautiful self-setting curls that require little or no attention for months. Prices:

## See "Wings of the Morning."

We are in receipt of an interesting letter from Morgan Baker, M.L.A. for publication in our next issue.

O'Boyles meat shop is offering fresh juicy thrashing roasts at attractive prices. Phone 6715.

Ernest Crossen of Hamilton is visiting his parents Mr. and Mrs. William Crossen.

When things do not happen just as you wish in life, and you wish you were more favorably situated, just compare your position with the thousands of unfortunates in Spain and China, and altogether likely you will feel better.

Miss Marie Pike, of Badjeros, is spending her holidays with her grandmother, Mrs. J. F. Pipher, at Markham. She also spent a week with her aunt, Mrs. Edgar Lageer, Church St.

Miss Helen Kinnear, K.C., the only lady King's Counsel in Ontario, accompanied by Miss Jennie Kinnear, both of Port Colborne, were guests of Rev. Robert and Mrs. Young on Saturday.

The local population is considerably enhanced these days as the C.N.R. work gang are located here while placing ballast under the tracks. There are eighty men employed, and many of them are boarding in the cars, while quite a number have found accommodation over the town. All available local men have been engaged, and some have found employment as far away as Claremont. The gang will be here for probably ten days.

A young heifer strayed from the premises of Mrs. James Arsenault at Bethesda. The loss was advertised in The Tribune and the animal was located on the farm of J. A. Clark, on the 6th concession of the same township. This is just another evidence of the value of The Tribune small advertisements on the back page of every issue. Farmers should make more use of the service. The cost is very moderate, and so many come back to tell us of wonderful results.

Dr. Neil Smith and Reg. Button are home from their trip to New York. Returning on the Duchess of Atholl, to Montreal, they had the unique experience of crashing a big ocean freighter, a Danish boat, loaded with cement, from which 23 officers and men were taken aboard the steamer in a dense fog. The freighter, lost in the fog, was crossing the path of the big boat which rammed a hole in the freighter 40 feet long. The 900 cruise passengers on the Duchess felt the shock visibly and were provided with a good deal of excitement especially before the extent of their own damage was ascertained.

While lightning played some peculiar pranks down on the 8th of Markham as reported in this paper last week, it also did some funny and hair-raising stunts up in the Township of Scott. Mr. and Mrs. Wash. Paisley's son Herbert, who bought the Fred Silversides farm west of Leaskdale had an experience that he will long remember. During an afternoon thunderstorm, he was working about the garage when lightning tore the roof from his foot, and did it without any serious harm to Mr. Paisley other than scorching his toes and numbing his legs. His escape from instant death was miraculous. The lightning tore a couple of boards off the garage, and a whiffletree nearby was riddled into match wood. When the lightning struck Mr. Paisley was knocked flat on his back, and was assisted to the house by his hired man. The little boy had been sent to the house only a few moments before the storm broke, otherwise he might have been injured or killed.

"Uxbridge 40 Years Ago," a weekly feature in the Times-Journal of the northern town, last week reported a lacrosse match which is still fresh in the minds of some Stouffville people. The item reads: "Friday, August 13th, 1897 was evidently a sorry day for Markham Lacrosse team as that was the day Stouffville defeated them in a play-off at Toronto Island. Stouffville won 3-2 after 29 minutes overtime. The famous Mickie O'Connor generally admitted as being the greatest lacrosse player in Canada was a member of the Stouffville team on that day. Here is the line-up of both teams:

Stouffville—Frank Beattie, goal; Bill Sanders, point; Mickie O'Connor cover point; Bob Minns, 1st defence; Jeff Churchill, 2nd defence; Tom Graham, 3rd defence; Ad. Burkholder, centre; Jack McDonald, 3rd home; Grant Cooper, 2nd home; Ed. Pennock, 1st home; Dan. Tudhope, outside home; Frank Glendinning, inside home; Joe Calworth, spare.  
Markham: Wilson goal; D. H. Nalls, point; Pat Glover, cover point; Bill Hamburg, 1st defence; R. Pringle, 2nd defence; Art Snell, 3rd defence; Forrest Snell, centre; Chas. Querrie, 3rd home; Tom Wilkinson, 2nd home; George Armstrong, 1st home; Tapple Teft, outside home; George Wilson, inside home."

Dr. Thos. Mitchell, popular and well known orator, will occupy the pulpit in Stouffville United Church the next two Sunday mornings. Last Sunday Rev. Herbert Lee was the speaker.

Muriel Tidy had a visit with Lois Kester, Doris, with Grace Kaiser, and Kenneth with Kenneth Jennings. This week Grace and Lois are having a return visit with the girls in Toronto.

Although the lower half of his body is still paralyzed, Mr. Edwin Forsyth is showing some improvement in his condition, and it is believed that they will be able to move him from the hospital in Toronto to his home east of town, in about two weeks. Considering the seriousness of his condition from the time of his accident, his physicians are more than satisfied with the progress he has made.

About 7:30 on Monday morning a special train passed through Stouffville over the C.N.R. enroute from Toronto to Peterboro. The whole sixteen cars carried Conkling Circus, with a full circus of lions, elephants, giraffes, and monkeys, etc.

The trailer of their car piled well with provisions and tenting equipment Rev. J. Brubacher, with his wife and son Elgin started out last week for Kingston where they intended to spend a few days at the Free Methodist Camp in progress there, and later their destination was Toronto, where the M.B.C. church recently opened a promising field for their church. A summer series of camp meetings had been arranged, and Mr. Brubacher intended to assist in conducting them.

We read in an exchange paper coming to the office of The Tribune, a complaint about lack of road signs which the Ontario Motor League furnish gratis, if the local community undertakes to put them up. Several important corners need signs now pointing to Stouffville. With a wide awake Board of Trade such things as this would be looked after, but without such an organization it is hard to "tag" the job on anyone. How often the services of a business organization is needed here, and found lacking! It is not fair to expect our municipal authorities to assume the duties which rightfully belong to the merchants, although the reeve and councillors have filled the roll on more than one occasion.

Creemore students scored sixty-six per cent passes in the middle school departmental examinations last June, it was revealed when the results were announced on Wednesday evening, according to the Creemore Star. Out of 99 papers tried at the Creemore centre 66 passes were registered which figured out at a percentage of 66.6 for the class. Principal Murphy scored the highest ratio of passes with an average of 88.6 per cent of the papers written by students he taught, granted standing. The chemistry class scored a bull's eye with 15 passes out of 15 papers written. Mr. Murphy is the new principal of Stouffville Continuation School, and his success at Creemore will be noted locally with satisfaction.

## WEDDINGS

Miss Elizabeth Miller, of Littleton, and Daniel Pritchard Spell, of Raleigh, were united in marriage, Thursday morning, July fifteenth, at eleven o'clock, in the parsonage of the Baptist church of Raleigh, North Carolina. The ceremony was performed by the Rev. S. B. Donaldson pastor of the church.

The bride wore a dress of Wallis blue chiffon with dubonette accessories. Her flowers were a shoulder corsage of gardenias.  
Mrs. Spell is the daughter of Mrs. Katherine Miller and the late Rev. Harry Read Miller of Littleton, and formerly of Stouffville, Ontario. She is a direct descendant of William of Orange, and Jay Gould. She is a graduate of Littleton high school, and for the past year has held a responsible position in the Littleton post office.

Mr. Spell is the son of Mrs. Susan Cooper Spell, of Autryville, N.C. His great grand father, Fleet Cooper, was one of the signers of the declaration of independence. He graduated with honors from the North Carolina Baptist Institute, and is now connected with the "Resettlement" Administration of Raleigh.  
Immediately after the ceremony the couple left for a short wedding trip to Carolina Beach.

## MARKHAM AMATEUR SHOW

On Friday, August 20th, a Monster Amateur Show will be held in Markham Arena, under auspices of the Hockey Club. \$35.00 in prizes. Added attractions—Bert Harvey, Comic Entertainers: Canada Packers Choir, 50 voices. Dance after show. Lucky Tickets. Admission, 25c and 15c.

Mrs. Green of Bradford was in town visiting at the home of Mr. F. E. Rae. Other Bradford friends were Mr. Fred Cook and his mother, also Mr. Bayles, who visited with Mrs. Levi Hoover.

Several days last week were pretty severe ones for our oldest male citizen Mr. Dan Miller, whose condition for a short time was serious. Since then however he has showed improvement. Dan is unable to leave his bed, and his eyesight has failed him to such an extent he does not recognize anyone stepping into his room. Despite this he is quite cheerful and is really proud of the fact that he is a monogamian.

Preparations are under way for the construction of a few hundred feet of cement walks to replace some of those poorly built in past years. It seems a pity that year after year new walks have to be built to replace a piece of work improperly done in the past. These walks should last indefinitely if only properly constructed. Most of the walks that will be replaced are not worn out, they are just broken to pieces with the weather and the situation should be studied in an effort to build a street that will give long service.

It is less than two weeks until schools reopen for the fall term, the opening date being Wednesday, September 1st. In the case of Stouffville Continuation School students are urged to enroll the opening day, even if they have to be absent for a few days later. Especially is this important in second, third and fourth forms. Principal Murphy informs The Tribune that it is his hope to establish a curriculum with the subjects so rotating that in five years any student may complete their H. S. course without attending an outside school. He is anxious to arrange the subjects without delay, and therefore must have the enrollment promptly. The personnel of the staff is of a high order, and the School Board's announcement elsewhere in this issue will be of interest to all parents with scholars for the local school.
