WILCOX COTTAGERS CONFER WITH COUNCIL
Conference Lasted Over Two Hours on Saturday
 The reeve and members of Whitchurch Township Council were in a most tolerant mood last Saturday for despite the fact that they had plenty of municipal business to transact they listened to a delegation of ratepayers from Lake Wilcox for more than two hours. Headed by President Anderson of the lake association, the group talked everything from "nuddism" to garbage collection.
 Frank Pritchard was the chief spokesman. He asked for better parking arrangements, life saving equipment at the beach, dust layer, an investigation into the charges for garbage collection, due notice of all lands in the lake area offered for sale to meet tax arrears, and earlier notification of yearly taxes.
 Reeve Toole outlined his policy about dust layer, which is that it is available to farmers or cottagers at a nominal cost. Many had taken advantage of the arrangement, he said, and the township itself had spent around \$1,000 as their share. If a better arrangement could be devised for next year Mr. Toole said he was willing to consider it, but for this year there could be no change in policy.
 The Reeve also promised to look into the cause of garbage collection mounting in cost this last year over the previous years. He said the council would follow up the protest made by the ratepayers to the Department asking for a reduction of the speed limit around the lake. A bylaw passed to regulate this traffic had been turned down previously by the Department but now that the people had protested direct the reeve promised to co-operate with them.
 Deputy Reeve Cook promised co-operation in obtaining life-saving equipment and Councillors Leary, Kidd and Wells also assured the men and women present that they stood to co-operate within reason. They each said that many of the little difficulties could be adjusted.

Stop Reckless Driving!

If you drive recklessly and have not made up your mind to stop it, you are going to find yourself in serious trouble — soon! The Department of Highways is determined to put reckless drivers off the road and keep them off. If you need your car in business, stop and think for a minute what would happen if you had your driving license cancelled. You might lose your job. But what is your job compared to the death, crippling, or injuring of a good citizen!

Reckless drivers are criminals going along our highways breaking laws, maiming and killing defenseless people. Our laws are adequate and fair. Obey them and you will keep out of trouble; break them and take the consequences. You cannot say you have not been warned. Stop speeding! Stop cutting in! Stop passing on hills. Stop taking chances of any kind. If you must drive slower than the average traffic, keep well to the right side of the highway or use the side roads. Do not block other traffic.

ONTARIO MOTORISTS WILL CO-OPERATE
 to put reckless drivers where they belong. Here is what to do. When you see a motorist driving in a manner dangerous to the public, take his number, make a careful note of the actual time and place and when you reach your destination write to the Motor Vehicles Branch, Department of Highways, Toronto, giving full details. We do not invite reports of minor infringements of the traffic laws; you are requested to use sound judgment. We will deal adequately with offenders.

Bernie Gayman limited the homesters to six hits, and they obtained their only runs in the second to the last innings. The 6th Line solved Doc Daniel's delivery in the last innings and scored 6 runs. A rally by the home team was cut short by a snappy triple play by Harley Wideman. The local boys have been playing good ball this year, losing only one game.
