A 6-year-old boy put his parents in somewhat of a dilemma this Christmas. When they asked him what he wanted for Christmas, all he would say was that he had written to Santa Claus and told him what he wanted and that it was a deep, dark secret between them.

Over 400 people attended the Junior Farmers' Carnival held in the Arena on Wednesday evening of last week. In fact so many were on skates that going was as difficult as passing along a crowded city thoroughfare. However as if to prove the truthfulness of the old saying, 'the more the merrier,' everybody had lots of fun, enjoyed the band music, and the great variety of races. Excellent prizes of which there seemed to be no end were handed out to winners. There was a lucky number draw for everybody paying admission and this resulted in Helen Ratcliff, daughter of Mr. Ross Ratcliff winning first and being presented with an end table. Erla Crosier, daughter of Mr. and Mrs. Dave Crosier, Altona, got second, an electric iron, George Saunders caretaker of the post office third, an electric toaster, and Joyce Swift of town fourth (groceries).

When their motor car in which they were driving to Toronto on Friday morning met head-on with Hissey's milk truck on Dickson's Hill Mrs. Noble received very painful and severe injuries. She was rushed to the Brierbush Hospital where it was found that in addition to bad face abrasions, she suffered a dislocated hip. However she is doing well now toward recovery. Mrs. Noble, who is the former Vera Hopkins, daughter of Mrs. Will Hopkins of this town, in company with her husband, Harry Noble of Glasgow, were proceeding to Toronto to attend the market. They had a good supply of produce with them. The vision was said to have been bad, and while proceeding up Dickson's Hill, they ran into Hissey's big truck which was coming down the hill. The truck driver's explanation of the crash is that he believed Noble's car was turning into the mill as he said it angled that way. He attempted to swerve to the left, and at the same moment the Noble car straightened out again on the road when the accident occurred. Produce was sent flying in every direction, with Mrs. Noble being the only occupant of either car to be injured. Constable B. Gayman has laid two charges against the parties. Noble is charged with failure to transfer his license to the car he drove, while A. Travis, driver of the truck, is charged with failure to carry his chauffeur's license.

Ruth Clark, daughter of Mr. and Mrs. J. A. Clarke, 6th concession of Whitechurch, is nursing a fractured left arm as a result of a fall on the pond at their farm. Coming so close upon the accident which her brother Bruce sustained and which for a time looked very serious, the family may well feel that they have been called upon to bear more than a fair share of the Christmas season casualties.

Calvin Stafford of Goodwood was in town on Tuesday for the funeral of the late James Morrison, an old friend. Calvin will reach his 85th birthday next March, but he does not give one the impression that he is of such advanced age. In fact he looks more like a man of 75. He is a veteran of Goodwood district, and belongs to a long-lived family. One brother in the West, Jonathan, is 83 and save for an injury just received a few days ago from a fall, he is active too. The Staffords have been looking on as pillars of Methodism in the Goodwood district. They must have been born of good parentage, because Mrs. Catherine Johnson of Stouffville was a sister, and she too was a saintly soul. One of the mission groups in the Stouffville church is named after her as a mark of respect for one who had done so much for the church and the cause of missions.

Daily Newspapers in Toronto advanced their subscription rates to 45c per month, \$9.00 per year delivered in Stouffville by courier boys. The sharp price increase was received with a great deal of complaint on the part of subscribers, and the number who cancelled subscriptions in the village are said to be considerable. Newsprint has advanced in price by \$8 per ton and other costs in publishing a newspaper have increased. The big dailies however, have passed the increase in by getting together and presenting a united front to the public. The new rate on rural routes of \$7.00 per year is a jump equally distasteful to the farmers, and they are meeting it by making wholesale cancellations. Whether this relief on the part of the farmer is only temporary or permanent remains to be seen. Despite the sharp upturn in costs the subscription rate of The Tribune will show no change from the regular \$2 per year in Canada, and \$2.59 in the United States.

Advertisement for News From Edmonton. Text: News From Edmonton. Dear Editor and Friends: I am pleased to be able to write and state how I am getting along. Last Christmas I was overjoyed to hear from so many old friends, and especially did I enjoy the note from a bashful one who did not sign their name. Last Friday I was in the Central Sanitarium when I was transferred to Edmonton as my arm was not doing so well. The Government bone specialist was here but has not examined me yet. I have enjoyed myself the last year, and think I shall like it here, Henry Barkey just called, and he certainly looks fine. He is a brother of your Isaac and Jacob Barkey, and a second cousin to me. It is our first meeting in 40 years. They are enjoying lovely weather here. They had good spring crops around Fleet, but dry weather came and later rains, and the biggest hail storm in years which left things bad. However the government and neighboring province helped out the people. I enclose my subscription renewal—I have been interrupted in this letter when a party of students examined my arm. They used the x-ray, but we do not know what will happen. Well farewell! Looking for more letters. Clarence Stollen. Send The Tribune to absent friends.
