And as an added attraction on  
the same program

"THE MARCH OF TIME"

Miss Marion Ratcliff was visiting her father in town for a few days.

Mrs. Will Hopkins has been holidaying with friends in Toronto and West Hill for several days.

York County jobless are asking for relief money to cover the cost of hair-cuts. Nothing has been said about permanents so far.

PRIVATE REST ROOM—Accommodation for convalescent patients. Professional references.  
Marjorie Stewart, Reg. N.

Mrs. Frank Gordon, who regret to announce, suffered a mild stroke the latter part of the week, but high hopes are held for her complete recovery.

Radio licenses are due after today. The new \$2.50 rate applies to electric sets, whereas we understand battery sets will still be licensed at \$2.00.

We receive many compliments about the results received by our small adlet patrons. Last week John Spence of Whitechurch inserted a small advertisement about apples for sale. He sold 47 bushels in three days, all going in small lots. For 35c you could not hope for better results, was the admission John made at the Tribune Office Monday morning.

Last week when copy in the Tribune office read that "Exclusion of women from beverage rooms," was advocated by Morgan Baker, the linotype operator made it read, "Exclusion from beverage rooms," but the error is perhaps not so serious as some readers might imagine, if they sensed anything wrong at all. We think Morgan Baker would not be far astray in having the female tipplers "secluded" as the first step in the reform program. Certainly if they were set apart as "exclusion" would require, there would not be so much demand for their "exclusion." The entire text of Mr. Baker's address in the legislature appears in this issue, and will undoubtedly be widely read by his constituents and others as a clear-cut statement of his stand on important public issues before the legislature.

Mrs. Harold Nichol of Hagersville has been spending a week with her mother Mrs. J. H. Ratcliff.

Roller skating on Main Street is again a popular pastime in the evenings, for young folk. They should be warned to be more cautious about motor traffic, and the motorist should be careful too.

Mr. and Mrs. James Lunau have returned to their home in Unionville after spending some time with Mrs. Helmkay, Main Street, who is now slowly improving in health, friends will be glad to learn.

The poor outlook for sap as indicated last week was slightly improved when a colder snap came on Sunday, and improved he run. Despite the improvement, the year is likely to be a poor one for maple syrup.

The farmer is getting the break on the hog market, for which he has waited a long time, says the Alliston Herald, in their interesting live stock column. A farmer selling a lot of eight hogs which a few years ago would have sold for a total of about \$60 brought the vendor \$163.

Rev. Herbert Lee and Mrs. Lee were in Toronto last weekend, and we hear that the retired minister was celebrating his birthday along with his young grandson at the home of Mr. and Mrs. Walter Lee and Mr. and Mrs. Lester Locke. Rev. Mr. Lee's birthday came last Saturday, while that of his young grandson was on Monday.

Among the scores who have taken in the flower show in Toronto from Stouffville, we note that Mr. and Mrs. Henry Brillinger were in attendance one day this week. They have both recovered from recent illnesses, and Mr. Brillinger who is among the eldest men in town, made a remarkable recovery after being in a most critical condition. His tenacious spirit stands him in good stead.

It is now too late to dispose of your pet dog, either by smuggling him out of town or any other deceptive means. The assessor has your number and will issue a tag. The dog census is certain to be increased in number this year with so many additional pups in the village. The assessor is now on his rounds, and will present a tag to those who have such animal on the premises.

Beginning with this issue The Tribune intends to publish the portrait of every reeve who has served the village since its incorporation in 1877, coupled with a short historical sketch of their activity in the community, particularly with reference to their municipal movements. Now that the portraits of these men have been placed on the walls of the municipal building, it is but fitting that further records should be made public, and will at the same time prove most interesting to our readers.

Robert Keyes of Redvers, Sask., dropped in on his old friends and neighbors, Mr. and Mrs. Martin Reesor, in town here this week. Seventeen years ago the Reesors farmed near Redvers, when the Keyes were close neighbors. The guest is visiting relatives in Ontario, and although 78 years of age is a great traveller, and as his action in coming to Stouffville would indicate, he does not soon forget old friends.

There was a large percentage of people from Stouffville and district who took in the National Flower Show in Toronto, and of course all were impressed with the beauty of it all. In one of the pagentry programs the girls of Moulton College presented the Tulip Court in which Miss Phyllis Klinck was one of the twenty students taking part. For the first time in its history the National Flower and Garden Show is being held in Canada, with Toronto as the setting. The big show closes Saturday. The National Flower Show is sponsored each year by the Society of American and Ornamental Horticulturists, and has been staged on 18 previous occasions in various large cities of the United States, such as Milwaukee, Indianapolis, Boston, Philadelphia, Cleveland, Buffalo, Minneapolis, St. Louis and Detroit. At Toronto the spacious Automotive Building in the Canadian National Exhibition grounds houses the 19th show, and so great interest has been shown among the various Canadian horticultural societies, that huge as the building is, it is none too large to accommodate the numerous exhibits and displays. While the National Show is primarily one for professional competition, there is much to interest amateur gardeners, and in the schedule of the show opportunity is provided for the participation of amateurs and amateur gardening clubs, such as the Canadian horticultural societies.

Every Saturday afternoon and evening a social hour may be spent at the "Brown Betty Tea Rooms" where Mrs. Hayball, expert tea cyp reader will tell you the fortunes of your cup, over a delightful tea table. Tea and reading 25c.

Two weeks from to-morrow is Good Friday, and Easter. Bonnet time.

The condition of Mr. Chas. Harper who has been in delicate health, is reported most critical. Mr. Harper is putting up a good fight, however, for recovery.

Mr. and Mrs. P. Hardy who have been farming on the 2nd concession of Uxbridge, moved this week to Clarendon, where they will work the Mac Forsyth place.

Mr. Gordon Bailey of the High School staff has been forced to take a week's vacation owing to ill health. He has gone to his home in Killburg during the interval. Miss Betty Booth, daughter of Mr. and Mrs. A. E. Booth, has been engaged to carry on Mr. Bailey's classes.

The young ladies composing the class in household economics and marketing have requested The Tribune to pass on their hearty vote of thanks to the United Church officials who granted them the use of the church kitchen for their short course. The young ladies were stuck for a place suitable for the purpose, and when they made a formal request to the church, the kitchen was granted to them without charge, the class supplying their own fuel.

The death of Miss Annie Campbell in Toronto, on Sunday, removes a very highly esteemed woman who had lived in Stouffville for at least a short period in her life. She was a sister of the late J. R. Campbell of Dickson's Hill, and when in town lived with a sister Mrs. E. Mulholland. Deceased was in her 81st year. The funeral on Tuesday took place to Thornhill Cemetery for interment. Mr. and Mrs. Harvey Moyer, Mr. and Mrs. Ken Campbell and other relatives from this section were in attendance.

Driving his car through the swamp road near Zephyr a few days ago, C. E. Bailey, the Uxbridge veterinarian, heard a dog barking, and a few minutes later a nice buck fawn jumped from the thicket and ran ahead of his car, then jumped into the bushes again, on the opposite side of the road. The Zephyr swamp extends for many miles and affords good protection for game.

"As this is the first day of spring," writes Archie Stewart of Isabella, Man., "I had better renew my subscription to The Tribune which we anxiously wait for weekly. I wish your paper every success." Archie was a son of the late Wm. Stewart, and a brother of Miss Sadie Stewart of Stouffville. He's a booster for his home district of Isabella, which if our geography is correct is in the Hamiota district west of Winnipeg, and probably 50 miles from Brandon.

Stouffville Memorial Park will be available this summer for family reunions, and picnics. Bookings should be made early with the park commission, so that there need be no confusion at the last minute respecting the use of the grounds. The Pugh-Evans re-union, it is announced, will be held in Uxbridge on the last Saturday in June. Miss Irene Pugh of Whitevale is secretary of the Association, and she has now made reservation for the Uxbridge Park, well in advance.

The "Hello Girls" at the B. & S. Telephone exchange had to revert to the old custom in vogue some year ago of cranking every call on Saturday afternoon. In readiness for such an emergency the local exchange board had the old appliances still affixed, since the days when they used their wrists as well as their heads in connecting two subscribers. On Saturday the hydro was off for several hours, and the water power equipment, while ready for use could not be resorted to owing to the drain at the rear of Ratcliff's store being blocked, and the waste water not being able to find an outlet. Thus did the exchange girls find it necessary to leaf back a page of history as it were, once more to find that the old crank system was at least a sure way to carry on when all mechanical power was out of the question. It was like relying on Old Dobbin, when the motor car just isn't any good in the snowbank, or deep mud. Anyway, business was carried on as usual, and the telephone subscriber making a call was all unaware of what was going on in the exchange office.

This is the time to kill the smut in your grain, ready for the spring seeding. We recommend

## FORMALDEHYDE

the liquid Fungicide, cheap and effective

For Powder use try

## CERESAN

Keep in mind we have  
GRAFTING WAX  
Price 50c

Boadway's Drug Store

## BETTY BEAUTY SALON

FOR EASTER

We suggest a Nestle Permanent Wave

Moderate Prices

Pastor of Knox United Church, Regina, for six years, Rev. John Mutch has accepted a call to Melrose church in Hamilton, Mr. Mutch is remembered in Stouffville, where he was a beloved pastor in St. James church during his younger ministry.

Andrew Thomas Hood, resident of Ballantree district for 6 years has rented the well-known Appleton property at Lake Musselman, for a term of one year. Mr. Hood intends to carry on a summer camping grounds for which the property is ideally located on the lake-shore.

### CELEBRATE GOLDEN WEDDING ANNIVERSARY

Fifty years ago on March 21, Geo. Feasby was married to Miss Jane Johnson at her home at Quaker Hill by the Rev. J. D. McDonald, Presbyterian minister there at that time. They went to reside on the groom's farm in Uxbridge Twp. where they lived for 29 years, and when they retired 21 years ago they came to Mount Albert where they have since made their home and where they celebrated their golden wedding a week ago.

Over a hundred took advantage of the occasion to call and offer congratulations. It was a beautiful springlike day and quite a contrast to their wedding day when the roads were blocked with snow and the groom had a rather exciting time driving from his home near Sandford to Quaker Hill as his horse upset him and before he got it stopped and himself picked up, had rather spoiled his wedding finery. However, he returned home with his bride along a better road and had no accidents.

Mr. and Mrs. Feasby both enjoy good health and are able to tell many interesting stories of the past. Mr. and Mrs. Leslie Feasby and son of Sandford and Mr. and Mrs. John Feasby and family of Kitchener were present, also their daughter and family, Mr. and Mrs. B. Risebrough of Sandford.

A kitchen shower was held at the home of Mrs. Telfer Rennie, Church street, on Friday evening, in honour of Miss Margaret Schmidt, whose marriage takes place this week. Between thirty and forty friends of the Bride-to-be, showered

her with a beautiful set of kitchen utensils and kitchen accessories. Miss Schmidt was taken completely by surprise, but managed to warmly and sincerely thank one and all for their kindly wishes and useful gifts.

### Don't Take Chances—Feed Startena!

THERE'S no question in the minds of more than a quarter of a million poultry raisers as to what starting feed they will use this spring. The results these folks got last year with the new Startena containing Pur-a-ene exceeded even their fondest hopes. They know what Startena will do so they're taking no chances this year.

Purina Startena for years has been the country's finest starting feed. Now, through the addition of Pur-a-ene, it is made even better. Poultry raisers who fed Startena last year had chicks weighing as much as a pound and a quarter and even more at six weeks.

See us today... have Startena on hand when your chicks arrive!

## FORD OFFERS TWO NEW CARS in the low-price field

THERE are two new Ford cars for 1938—the De Luxe and the Standard—differing in appearance, appointments and price—but built to the same high standard of mechanical excellence.

Both are big, impressive cars, and thoroughly modern in appearance. Both have the famous Centre-Poise Ride, Ford Easy-Action Safety Brakes, and the other distinctive Ford features.

Both bring you the basic advantages of the 85-horsepower Ford V-8 engine.

V-type 8-cylinder engines were used only in expensive cars before Ford made them available in The Universal Car. Eight cylinders give great smoothness and flexibility. Compact V-type construction leaves more room for passengers and luggage.

Both new cars are economical to operate. Economy has always been a Ford tradition. The facts of Ford V-8 economy are confirmed by the findings of owners, who report 22 to 27 miles per gallon of gasoline. Value is also a Ford tradition.

Both cars, in proportion to price, represent true Ford value. The De Luxe costs slightly more than the Standard but provides extra style. De Luxe closed Sedan body types have considerably more passenger room and luggage space.

More people bought the 1937 Ford V-8 than any other 1937 make. It was a good car. But these are better cars, because Ford improvement goes on constantly. You'll realize that when you see and drive either new Ford V-8 for 1938.

\$30 A MONTH, with reasonable down-payment, buys any new Ford V-8 car under T. F. C. National Finance Plan.
