Police Magistrate C. B. Jeffs, and Mrs. Jeffs, of Barrie, spent Sunday at the home of H. Bannerman, Church Street. This was the first time either had been in this neighborhood and they were delighted with our village and especially with the wonderful displays of flowers that adorn so many of Stouffville's homes.

Miss Freda Little, daughter of Mrs. Janetta Little, of Oak Ridges, one-time resident of Agincourt, was married to J. Allan Bullock in Knox Presbyterian Church, Toronto, last Wednesday afternoon, July 13. Rev. Dr. Harvey Carmichael of Whitby officiated. Following a short honeymoon, the couple will live on the groom's farm north of Gormley on the 3rd concession of Whitchurch.

That Holiday Trip

Would be seriously spoiled if the car did not perform well by doing its part in carrying the family on your summer vacation. Take no chances on spoiling the trip by neglecting to have Boardway's Service Station tune up the machine for you. Our gasoline and oils enables a motor car to do its best, and that's what is wanted.

A quiet wedding was celebrated at the home of Rev. Herbert Lee, Church Street, Stouffville, on Wednesday, July 13th, 1938, when Mr. Harry Pottage Case was united in marriage to Miss Edith Gertrude Storry, daughter of the late Mr. and Mrs. Herman Storry, formerly of Markham. After the ceremony the young couple left for Toronto followed by the good wishes of their friends.

The Uxbridge Public Library have received a gift of \$2,000 for new books, magazines, etc., in memory of the late John Mustard and his wife Mary Pirt Mustard, who farmed in Scott Township. The gift was made by a daughter of the deceased couple. It goes without saying that the Uxbridge Board are delighted with the gift as are the citizens of the town generally.

Several local teachers enjoyed a trip to Buffalo, N.Y. last Friday, as part of a Health Course being taken this summer at Toronto. While over the line the party were taken on a tour of the Welland Canal and Buffalo's Museum of Natural Science. Those attending from the district were Reesor Steckley, Bethesda; engaged this year at Hillcrest School; Duard Rose and Miss Innis Williamson, Markham; Miss Grace Paisley, formerly of Stouffville; and Miss Verety, Tweed, recently engaged by the Ballantrae School.

On Saturday the two motored down to Musselman's where Mr. McRither was suddenly stricken Sunday morning, July 17. He leaves to mourn him, a wife and six children.

Street Dance, Stouffville, this Friday night, July 22nd.

Lightning struck a hydro pole in front of Harvey Topper's Ballantrae, during a thunder storm on Friday, but no serious damage resulted. At the same time a fuse was blown out in Porter's service station, indicating that the storm was at least interesting to those nearby.

Shirley Hand, daughter of Thos. Hand, Toronto, "came to her death on June 25th, on No. 7 Highway in a collision between her father's car in which she was riding, and a truck driven by John Jarotte," the jury found in an inquest that Corner Dr. S. S. Ball of Stouffville, held last Wednesday night in Unionville.

An unfortunate accident occurred at Brillinger's gravel pit, north of Bethesda on the 5th of Whitchurch, on Saturday morning, when Harry Lockyer, 23, of Lansing suffered a badly lacerated arm, having it caught in the gears of the new stone crusher recently installed there. He was removed to the Brierbush Hospital for first aid, the arm requiring stitching from the wrist to the elbow.

Monday, August 1st is Civic Holiday. It will be one of the biggest days on record at Musselman's Lake with two organizations offering unexcelled programs. The ratepayers Association will hold their annual Field Day while Davies' north side pavilion on Cedar Beach will offer an afternoon and evening program that is calculated to attract a few thousand people from long distances. All in all it will be a great day if the weather man does the right thing.

It was an old-fashioned custom for wedding parties to rush up and down street in cabs with cans and old shoes flying. It is still the custom to parade a bit in motor cars with horns honking, cans trailing and what-have-you flying in the air. With all this fun we have no quarrel, but when the rate of speed of such a procession reaches the speed some of them do, it is time for police intervention. We have seen them rush through traffic at 40 miles an hour, and there is no excuse for this. A noisy parade is accepted in the spirit the participants carry it out but they should not lose their heads to the extent that the procession becomes a dangerous thing. It would spoil the happy occasion if some youngster were killed by a car taking part in such a procession. Let's have a little less speed is the plea.

The heavy thunderstorm which drenched this vicinity last Thursday although most welcomed by everyone, brought a scare to at least one family in the district, and downfall to the Markham Township cop hurrying to the rescue. An exceedingly close clap of thunder and lightning blew out several fuses in the home of Thos. White, Almira, filling one of the rooms with smoke and sending his panic-stricken wife and daughter hurrying to the phone, to summon Ben Gayman, Markham Constable. Ben, hastening along the sideroad, had scarcely crossed the 6th concession, when something went wrong and both front wheels of his gas buggy folded up, leaving him stranded. He proceeded the remainder of the distance on foot, found that little damage had been done and succeeded in quieting the fears of the women folk.

LOCAL GIRLS WIN 4-3

Stouffville Girl's Softball team nosed out Claremont 4-3 in a twilight game here on Monday night. Claremont's lack of "shine" in the field coupled with the home girl's heavy hitting gave Stouffville their margin on the play. Claremont made their big threat in the sixth innings when they scored all three runs. Blanche Slack local pitcher slammed out a homer in the fifth frame for the only circuit blow. The line-up for Stouffville: p Blanche Slack, c Isobel Simpson, 1st Nelda Lehman, 2nd Dorothy Wagg, 3rd, Edith Grubin, ss Phylliss Davis, lf Ilene Lewis, cf Beth Kellington, rf Margaret Wagg.

The factory at Delhi, Ontario, where Bruce Lehman of Almira, is employed, was severely damaged by lightning in an electrical storm there last week. No one was injured Bruce reports.

The other day the scribe met Ralph Jones of Altona up at Musselman's Lake, and he declared it was the first time he had seen the place since cottagers started to build homes there. That is probably 20 years, and when you think of it, what a change there has been in that time. From barren fields at that time to a community of around 1000 people in residence for the two summer months, is certainly an amazing thing. The place also has modern grocery store and perhaps the largest and finest dance hall in all Ontario. Of course Ralph didn't try it out but it was something to look at.

A local lady who missed the train in Toronto one evening last week was feeling very disappointed about the matter, but when on leaving the depot she discovered two other ladies who were rushing to catch the same train, the situation somehow didn't seem so bad. The old saying that misery likes company, seems to have something in it. These three ladies, (two bound for Stouffville and one for Uxbridge) all declared the train pulled out a few minutes ahead of time. The time-table says the train leaves Toronto at a quarter to five. It's a good thing to have a minute or two to spare when planning to catch a train and especially so if as the women say, they pulled out a little ahead of schedule.

A DOUBLE HONOUR

Last week when this paper stated that Stouffville L.O.L. won the prize for having the best lodge in the parade at Cannington we only told half the story. Goodwood L.O.L. and Stouffville united their forces and engaged the Stouffville band which made the big showing that took the eye of judges. Goodwood lodge is a strong organization and provided the largest proportion of the members and of course deserve their share of glory. The omission last week was made in good faith, for we did not know of the arrangement until the matter was called to our attention after the paper was issued.

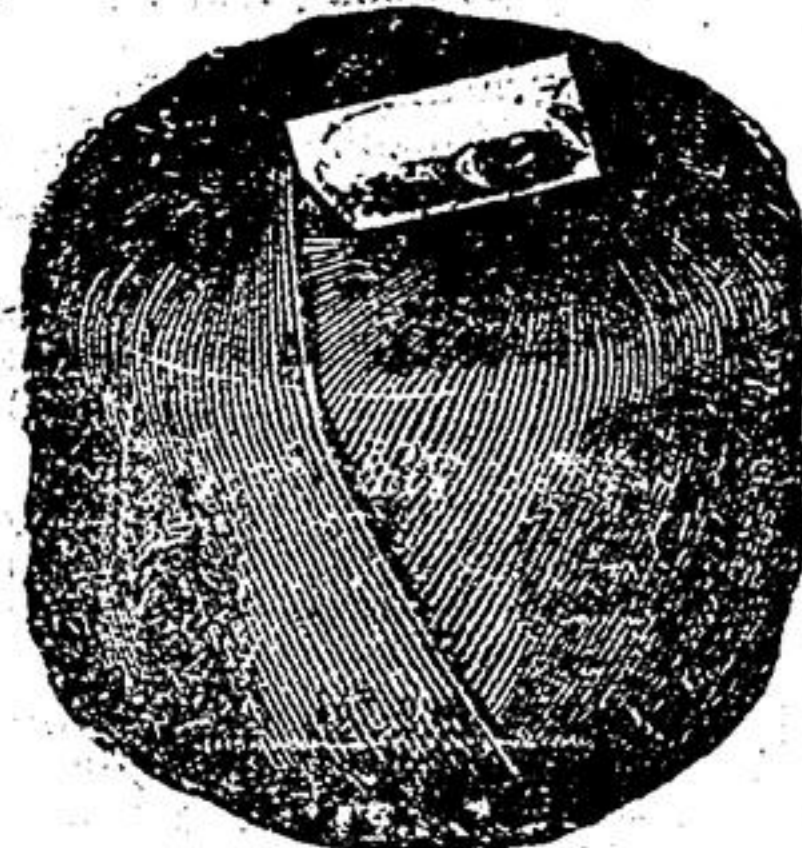

Mrs. L. E. O'Neill and two children were holidaying in Haliburton last week.

Sam Borinsky is at present in the Western Hospital, where he underwent a nasal operation on Monday.

Mrs. Sam. Craig and son of Detroit have been spending a few days with their aunt and uncle Mr. and Mrs. Leslie Hodgins, east of town.

Street Dance, Stouffville, this Friday night, July 22nd.

"Renew our Tribune for another year," writes George French of Hagersville, who explains that the paper was sent to them for six months and now they would not like to be without it, for it gives them the news from home. His wife was formerly Miss Sheffer, and Mr. and Mrs. Franch lived in Gormley before they went to Hagersville. Still another letter we appreciate very much comes from Mr. J. Burkholder of Vine-land who is kind enough to write: "Just recently I saw a copy of the new set up of The Tribune. I like it very much. Find enclosed \$2 for a year's subscription. I don't know of a better weekly paper." Subscribers to The Tribune are dotted all around the world, China, India, Africa, Scotland, France, etc. On Tuesday the following letter reached us by air mail: "I am enclosing one dollar to start The Tribune coming to my address. If you will acquaint me with the rate to the U.S.A. I will remit balance for a year's subscription," signed O. A. Baker, San Gabriel, California. Locally this paper's list of subscribers is a paying thing for advertisers. Almost 100 per cent coverage in Stouffville and a circulation in the surrounding district equalled by few weeklies.
