STREET DANCE AT NIGHT

*Walking with the traffic on the Highway*  
**THIS MUST STOP!**

If there is no sidewalk or path and you must walk on the Highway, walk toward the traffic, not with it! When you walk toward oncoming traffic, you can watch every car as it approaches, and the driver can see you. Don't risk your life needlessly, especially at night. Walk on the left side, and keep close to the edge of the road.
