We Observe Wednesday Half-Holiday All Year

Except During Christmas Season

In accordance with the step taken in many Ontario towns the undersigned merchants of Stouffville have agreed to close their places of business every Wednesday afternoon throughout the year, excepting during the Christmas season.

We believe that in taking this step we will have the full co-operation of the farmers and townspeople alike. It will enable us as business people to obtain a few hours from business and will provide some recreation for our hired help who are called upon to work three evenings a week most of the year.

The same arrangements that now prevail for remaining open three nights a week—Tuesday, Thursday and Saturday—will still prevail throughout the spring, summer and fall seasons. On the whole the business places recorded below will thus be open longer hours per week than that afforded by the average town merchant.
