With three April brides on our horizon and the accompanying "showers" is it any wonder that our thoughts turn to May flowers and singing birds, but not being of a poetical turn, as some of your other correspondents seem to be, we must state the happy facts in plain prose.

On Thursday evening, April 6th, a large number of J.W.I. and Jr. Farmer members met in our community Hall for their annual banquet. Major G. R. Lane was the guest speaker and a special feature of the evening was the draw for the very beautiful quilt made by the Junior Women's Institute. Mr. Fred Constable of Maple was the lucky recipient and all agreed that Dame Luck had chosen wisely in view of coming events.

The Easter thank-offering meeting of the W.M.S. was held at the church on Wednesday of this week with a splendid attendance. The W.M.S. Ladies are invited to Unionville to meet with the W.M.S. ladies of the United Church there, to share with them their Easter meeting and assist with the program on Thursday of this week.

The W. A. held a very successful supper in the basement of the church on Easter Monday from 6 to 8 p.m., followed by an address by Mrs. (Rev.) McCrimmon of Maple and some much appreciated musical numbers.

Among the Easter visitors we noticed Mrs. A. McCague of Cumberland with her sister Mrs. L. L. Nichols; Mr. and Mrs. W. Bone, of Maple, with Mrs. Jack Frisby; Misses Hagerman calling on several old friends, also Mr. Lorne Mortson and Mrs. R. Mortson. Club was well attended on Thursday night. Following the business Fred Reid's group took charge, the program being in the form of a radio broadcast and we believe that Jim Hunter now has a rival in Mrs. Wicks who acted as announcer. Mrs. Dike gave Tea-Time Topics, Ruth Armitage a piano solo, Billy Dike, reading, Mrs. Sproton the Enterprize, and last but not least "A Fashion Show."

After viewing the styles of the middle eighties down to the present time we believe that the ladies have struck a happy medium. Although you maybe got quite a laugh over some of Easter bonnets on Sunday they very much resemble the hats worn by our dignified ancestors.

WHY I BOUGHT TITE-LAP ROOFING AHEAD OF ALL OTHERS!

"I needed a new barn roof and I went into the matter very carefully. The annual report of my mutual insurance company showed that last year out of 15 fire losses 7 were caused by flying embers, and 3 by lightning. I talked to my insurance agent and he advised a fire-proof roof above all else so I decided on metal. Metal protects against fire and lightning and also against wind, weather, rot and upkeep."

I chose Metal and I bought TITE-LAP

"Tite-Lap, to my way of thinking, has all the best features in metal roofing. It is rigid, has maximum provision for nailing, is absolutely weather-tight. I got the Council Standard quality, and the 25 year guarantee that goes with it. And I was glad to learn about the new reduction in cost because there's no sales tax any more."
