DICKSON HILL

(Too late last week)
Mr. Ward Hallman is sporting a new tractor.

At last, spring music has begun. The hum of the tractors, the clanging of rollers, and the merry whistle of the farmers' at

work in the fields, are all welcome sounds in our neighbourhood this week.

Glad to hear that Miss Martha Hoover who has been ill with a cold is recovering nicely.

Mr. Simeon Hoover took a trip to Stayner, Thursday of last week to attend a meeting of the Camp Meeting Committee.

The future generation of the Wideman clan are going to find employment, as Mr. Wesley Wideman is setting out a new orchard. He is also going into the chicken business on a large scale this year.

Miss Eleanor Moyer spent a couple of days in Toronto last week, and attended the graduation exercises of the Toronto Bible School.

A casual observer says that Anthony Hoover's new red tractor goes so fast that he has to put the brakes on halfway through the field in order to stop at the end. We presume that that is the reason they have taken the fence down at the road.

TIN CAN DAY

On Friday and Saturday this week, the annual can collection takes place. Get your discarded stock set out for the collectors, and take advantage of ridding your premises of such material. Usual small charge.

Calling all girls! We will meet in the school yard next Tuesday evening to organize a baseball team. Come and have a jolly time. 7.00 p.m.

Mr. and Mrs. Roy Tarr and Mr. Clifford Tarr of the Ninth Line were guests at the home of Mr. and Mrs. Kenneth Campbell last Friday evening.

Misses Rowenna Hoover, Eleanor Moyer and Edith Hoover walked to Ringwood and attended the Christian Church on Sunday evening.

Rev. Percy Lehman of Markham, Mr. Harold Lehman and Mr. Brown of Toronto spent Saturday in the neighbourhood fishing.

Well Harbour Day is over, the school and grounds are looking fine, and the baseball nine are tickled pink over their good luck when they defeated both Sixth Line and Mount Joy teams in one afternoon. Congratulations.

CEDAR GROVE RESIDENT

A former Markham lady, Elizabeth R. Reesor of Los Angeles, Cal., died in the Toronto General Hospital on May 8th, in her 60th year. She was a daughter of the late Mr. and Mrs. David Reesor of Silver Springs Farm, 10th Concession Markham. The funeral this Thursday will proceed to Grace Church cemetery, Markham.

Victoria Square

There was great excitement in the neighborhood on Friday evening, when it was learned that Mr. Willows large garage and store house were on fire. The garage was just behind Mr. Willows house and general store and within a few feet of Mr. Walter Ridley's house, also dangerously close to Mr. Eli Dennies fine home and all of frame construction, except the store. Fire fighting apparatus from Unionville, Richmond Hill, and Stouffville as well as a host of helpers were soon on the scene and fought gallantly to save the surrounding buildings with a splendid degree of success. Had there been a high wind at the time it would have been impossible to have kept the fire under control. All sympathize with Mr. Willows in his loss, as the large garage and store house were completely destroyed and only partly covered by insurance.

The pupils of Victoria Square school and their teacher, Miss Erma Holden, extend a cordial invitation to their parents and friends to be present at their "At Home," which is being held Friday evening, May 12th, at 8.30 p.m. (d.s.t.) Features of the evening will include an exhibition and bazaar of pupils' work for the year, a short program by the school, guest speaker, Mr. A. Patterson of the Toronto Normal School. The pupils are making a castle, complete with lighting arrangements, in honour of the coming visit of the King and Queen. You are assured of an interesting and educational evening.

Congratulations are extended to Mrs. Stanley Boynton on having her brother chosen as engineer of the train which will carry the king and queen through Toronto. Mr. Clarke was chosen by the high officials of the C.P.R. Mr. Clarke was chosen for the same duty when the Prince of Wales, now Duke of Windsor, was in Toronto and also Sir Edward Beatty. As a result of this commission Mr. Clarke received the following letter:

G. H. S. Clarke,
Locomotive engineer,
C.P.R. Co.,
Toronto, Ont.

My Dear Mr. Clarke:
Our firm has been made acquainted with the fact that you

have been appointed by the Canadian Pacific Railway Co. to convey the train of His Majesty, King George and Her Majesty, Queen Elizabeth through the City of Toronto, May 22nd. It is our pleasure to inform you that we would like to present you with a suit of overalls, cap, goggles and gloves. If you would kindly accept this gift we would feel proud to present same to you. The overalls and cap will be of royal blue color and of the very best material. WHY I BOUGHT TITE-LAP ROOFING AHEAD OF ALL OTHERS!

"I needed a new barn roof and I went into the matter very carefully. The annual report of my mutual insurance company showed that last year out of 15 fire losses 7 were caused by flying embers, and 3 by lightning. I talked to my insurance agent and he advised a fire-proof roof above all else so I decided on metal. Metal protects against fire and lightning and also against wind, weather, rot and upkeep."

I chose Metal and I bought TITE-LAP

"Tite-Lap, to my way of thinking, has all the best features in metal roofing. It is rigid, has maximum provision for nailing, is absolutely weather-tight. I got the Council Standard quality, and the 25 year guarantee that goes with it. And I was glad to learn about the new reduction in cost because there's no sales tax any more."
