The Church at Musselman's Lake

(By Charles Lauder)

At Musselman's Lake, services began during the summer of 1923, held at the pavilion owned by Mr. Ed. Baker, the first ones being conducted by the Reverends Young, Morton, McGuire and others, our first regular pastor being the late A. J. Ward.

At Mr. Ward's death, the Rev. J. A. C. Kell was our minister and began our services with us in July 1932, continuing his ministry for a period of two years.

The next minister was Rev. Charles B. Jeffery who completed his term with us at the close of the season of 1937 and was succeeded by the Rev. W.S. Irwin, the present minister to our congregation.

About twelve years ago, the former Presbyterian Church at Ballantrae which had been closed for services for a number of years was carefully taken down and re-erected on the 9th concession of Whitechurch at Musselman's Lake, and there every Sabbath morning during the summer season to the glory and honour of God, services are held for all who come to worship.

of the 2nd line, who is in her nineties, is confined to her bed most of the time and is very weak.

Owing to the electric storm during the latter part of church service, the crowd quickly left for home at the close. The people in this district rejoiced to see the rain as the crops were seriously in need of moisture. The oats are ripening too fast and are very short. The wheat will be cut this week.
