

TOWN TOPICS

If anyone is in need of a refrigerator there is one for sale at L. E. O'Neill's. It may pay you to pick it up for next season, as such an article is hard to get.

Misses Lola and Margaret Forsyth enjoyed a trip to Chicago last week, where they visited with their uncle G. B. Forsyth.

Merchants state that business is at the low ebb of the year but anticipate a sharp pick up right after the close of Toronto exhibition. Trade however, was particularly brisk all summer in this town.

With the arrest of a store thief at Sutton, merchants expect this will end the round of break-ins perpetrated at Beaverton, Uxbridge and an attempt on local stores last week. "Be sure your sins will find you out," is everlastingly true, but some folks just keep on until it is demonstrated to them in no uncertain manner.

Gladys and Norma Stover are in Milverton visiting their cousin Dorothy Reesor.

If everyone was given to understand that punishment for auto thieving in Canada was the lash, there would be less cars stolen. Youths of 17 to 22, it is shown, will take a chance on a few weeks in jail, but if they were certain the lash would be administered without reservation, the gambling chance of being caught would not be taken.

Mr. and Mrs. Roy Clark (Mary Doten) motored Mrs. B. Doten, Mrs. Woodburn, Mrs. Ora Reaman and Miss Jane Burkitt to Stratford last Friday where the party spent the day at the annual flower show of the Canadian Gladioli Society. They returned in time for the local exhibition which was on the same evening here.

Last week-end the work was completed on the new illuminated front on the Stanley Theatre. The name Stanley is displayed across the front of the building in big modern letter, readily seen from Main Street. Beneath this is displayed in lights over a foot high and some sixteen feet in length the name of the current attraction and its stars.

Despite the machine age Dobbin is holding his own in this province—in fact at present there is a better market for good farm horses than there has been for some time. Horse Shows report increased entries while Canada's Premier Horse Show held in the Coliseum Arena at the Canadian National Exhibition is so flourishing that several classifications have been added this year.

Mr. and Mrs. Gordon Bailey arrived back in town last week and took up their new residence in the Fred Wilson brick house opposite the W. H. Todd property on Main street. Prior to their marriage at the close of the school term both Mr. and Mrs. Bailey were on the staff, but now of course, only Mr. Bailey will return to the faculty.

If there was any award made for the first person to come forward and pay the annual tax levy in Stouffville, the honors this year would go to a former reeve of the village F. W. Silvester. Last Monday he was in town and called at the clerk's office where the scribe found him tendering his taxes even before most people in town had received their notice of the levy. Mr. Silvester, of course, owns the Silvester block occupied by the Brathwaite Hardware and the adjoining cafe. Mr. and Mrs. Silvester are living in Toronto.

Mrs. Harvey Lawson of Toronto was in town visiting friends a few days last week.

Bigger and better is the plan laid out by the Veterans for Labor Day celebration Field Day in Stouffville.

Mrs. Forsyth of Toronto is in town visiting her daughter Mrs. Horace Walsh, Church street north.

Mr. and Mrs. Donald Storry have recently taken up residence in the Frank Sangster house on Albert Street.

The annual Baptismal service in connection with the closing of the M.B.C. Camp Meeting near Kitchener at New Dundee witnessed 23 persons baptised during the final afternoon service. Elder M. Bricker administered the ordination.

Mrs. Preston Morden who is now living in Toronto was in town on Sunday. Her mother Mrs. W. LaFraugh who has been visiting in town for about ten days returned to Toronto with her daughter.

Life-long residents of Mount Albert Charles Brooks died there on Saturday, and was buried on Monday. He was a carpenter by trade and is survived by his widow whose maiden name was Violet Brooks. A number of friends of the family attended the funeral from Stouffville.

Mr. and Mrs. Arthur Lehman are down from North Bay on their annual holiday. One of their children who came ahead of the parents has been ill at the home of the grandparents Mr. and Mrs. Wideman in Markham. Mr. Lehman who is the Toronto Star's circulation manager for Northern Ontario, in addition to visiting his mother Mrs. Amos Lehman on O'Brien Ave., is spending some time in Markham.

Still another fine residence is being added to the building boom in Stouffville when on Monday excavation commenced for a bungalow on Victoria street, one door north of Mr. Wes. Schell's residence. The Stouffville Planing Mill has the contract for a customer whose name is not revealed. It is planned to erect a one-story bungalow about 28 by 36 feet. Not in years has so much building been done in Stouffville as the last two summers has seen.

Last Sunday afternoon we spent a pleasant few hours at Lakeview House, Jackson's Point, inspecting the new annex built last spring. The annex which is really the sleeping section for the hotel guests is a lovely spot, beautifully located and fitted up with all conveniences. Hot water heating has been installed but it wasn't needed on Sunday. However, Mr. Sanders assures us there are occasions, especially in the fall, when a little artificial heat is appreciated by the guests. A large number of Stouffville girls find employment at Lakeview during the season, and judging from those we saw on Sunday all are thoroughly enjoying the bracing air of Lake Simcoe.

"Ten Commandments for Husbands," was the subject of the regular Sunday evening sermon by Rev. L. E. Atkinson in the United Church. Mr. Atkinson announced his subject as good advice for husbands and would-be-husbands. Next Sunday he promises a similar set of rules for a successful married life to be addressed to the ladies. On Sunday last the points enlarged on were, thy wife is thy partner, not thy property; thou shalt not expect a wife to be a wage earner and a wife at the same time; think not that thy business is not thy wife's business, hold thy wife's love by the same means that thou won it; make the building of your home your first business; co-operate with thy wife in establishing family discipline; enter into thy home with cheerfulness; let none criticize thy wife to thy face and get away with it, not even thy relatives; do not take thy wife for granted; remember thy home and keep it holy.

Mrs. H. Pollard was in Hamilton for a week visiting her daughter.

Sunday, September 3, at 2.30, a Drumhead Service will be held in Memorial Park, Stouffville, at 2.30 p.m. Good speakers will be there.

Mrs. Zoeller and daughter Marion of Toronto, also Mrs. F. B. Murray of Calgary are visiting Mrs. A. V. Nolan. Mrs. Murray is spending a few weeks with her parents Mr. and Mrs. J. F. Brownscombe in Uxbridge.

The North-Toronto Baseball League completed their scheduled games on Monday night of this week, and are now engaged in the league play-offs, winner to meet the winner of the Toronto Viaduct League. The Eglinton teams finished with Pears in the first place, Hillcrests second and Ostranders third.

Mrs. W. Lamb is visiting her sister Mrs. Ab. Stouffer on the old homestead adjoining town. Mrs. Lamb comes from a community 75 miles north-east of Prince Albert, Sask., where her husband has been engaged in the lumbering business. So far this fringe of the Peace River has never experienced a drought, and besides farming the forest lands offer fine opportunity for settlers. The territory almost unknown a few years ago, is fast opening up to settlers and a quickened trade and commerce.

An effort is being made to organize a Lions' Club in Beaverton. Such an organization can be a great benefit to any community, judging from the good work done here in Stouffville by the local Lions. However, as is so often the case, the work is left to the few, no matter how worthy the cause or worthwhile the enterprise. Look at the Horticultural Society for another fair example of this argument. The village would be the loser if it failed to function, yet the job of carrying on falls on only a few shoulders. Perhaps that is the way with all good things in life.

LOCAL MAIL COURIERS TO HAVE EXTRA MARKER

As a means of identifying local rural mail couriers and others while in performance of duty a special metal marker will be issued to each courier, the Hon. N. A. McLarty, K.C., M.P., Postmaster General has announced. These markers are approximately the same size as automobile license plates, to which they will be attached by those couriers operating motor vehicles.

The marker will display the Royal Crown and the words "Rural Mail." When the vehicle is not actually being used to carry the mails, the marker must be reversed and the blank side shown.

The Rural Mail Couriers' Association who had asked for identification plates, have unanimously approved the new marker.

UXBRIDGE MAN INJURED IN RUNAWAY

R. Thompson of the 6th concession, Uxbridge, was seriously injured when his wolfhound, lying in front of the horses, suddenly leaped after a car. The horses bolted and Mr. Thompson, who was loading grain, was thrown backwards to the ground—Dr. Joseph McClintock was called and took the injured man to the Toronto General Hospital. It is feared Thompson has a broken neck.

GRAVEL LANDS SOLD IN WHITCHURCH

Mr. Harry Paisley, drover, who took over 20 acres of land at Gravel Hill from his father's estate, has sold the property again to W. H. Chapman who already had 50 acres in the area. The land in question lies south of Roy Brown's and north of Ralph Connor's, and is said to be rich in gravel of a particularly desirable type. The sale was negotiated by Mr. B. W. Morton for the Purcell Realtors of Toronto.

"QUALITY" "SERVICE"

Quaker Ful-O-Pep Developer

You can grow BIG, Capable Pullets for more Egg Profits with Ful-O-Pep Developer.

Ful-O-Pep Mash sales are larger this year than ever—These sales have not increased by lower prices, farm to farm canvassing coupled with high pressure salesmanship.

THESE SALES HAVE INCREASED BECAUSE:

Ful-O-Pep mashes have proven their Quality.
 Ful-O-Pep mashes have an oatmeal base.
 Ful-O-Pep mashes are always uniform.
 Ful-O-Pep mashes are balanced in vitamins, minerals, proteins and carbohydrates.
 Ful-O-Pep mashes produce more marketable eggs.

With all these good reasons for the increase of Ful-O-Pep mashes, the main point is, "That we stand back of every bag of mash that is sold by us."

STIVER BROS.

Whitchurch Pays \$8,456 Secondary Education Costs

Under the new act for maintenance of secondary education in York County, it is found that in Whitchurch Township High School education cost the farmers \$8,456, exclusive of Stouffville union section.

Under the new arrangement the municipality pays on a per capita basis for all pupils attending secondary schools from the township. To raise the \$8,456 required for the purpose a rate of three and a half mills will be levied for.

It is estimated that under the new form of distribution of high school costs, Markham, Whitchurch and all townships in the county will share a smaller amount of the total monies spent for the purpose. They will at least know they are paying a fair share of the costs, which could never be ascertained under the old method of county grants.

Mr. Bill Nelson and wife of Brampton, Mrs. E. A. Walker and daughter May of Port Perry were all recent guests of Mr. and Mrs. K. G. Tarr.

THE WOMAN WHO KNOWS ABOUT FISH

CREAMED FISH
 Cover fish with water, bring to boiling point and simmer for a few minutes until fish is cooked—use top of stove or oven. Drain fish, place on hot platter with small pieces of butter on top. Return to oven to heat. Just before serving add 1/2 cup cream or whole milk heated. Do not let fish remain too long or cream may curdle. Garnish with parsley.

She has solved the daily problem... because FISH offers a welcome and wholesome change at mealtimes, something the whole family will like. There are over 60 different kinds of Canadian Food Fish and Shellfish from which you can choose, either fresh, frozen, smoked, dried, canned or pickled. All of them can be served in an infinite variety of recipes. And... one of the good things about FISH is that it is nourishing, and so easy to prepare! Serve Fish to your family often.
