

TOWN TOPICS

Veterans are asked to attend meeting on January 29, at 8 p.m. Important business.

Mrs. Harold Quibell returned Monday morning from a visit to her parents Mr. and Mrs. Albert Brooks, Hastings.

Visitors with Mr. and Mrs. John Beach who recently moved to town from Gormley were—Mr. L. B. Heise and Miss Heise of Victoria Square; Mrs. J. Cherry and Miss Cherry, Mrs. Clemes of Gormley; and George Beach and family of Aurora.

The final few hundred tons of cabbage went out from this district at the fancy price of \$25 per ton. However, a very good price prevailed all through the season, and growers generally were well satisfied with the returns. Next week the tariff will be taken off the new imported cabbage, so that local producers have nothing to fear.

A farewell party was tendered Mr. and Mrs. J. H. McDonald who are shortly giving up their residence at the corner of Main and Albert streets to live in Toronto. The evening was sponsored by friends and neighbors of the couple at the home of Dr. S. T. and Mrs. Bodendistel, and a gift of a handsome cellarette was made. Memories of the short few years lived in Stouffville will ever remain a happy part of their lives.

All music lovers in Stouffville and vicinity will be delighted to know that the Senior Women's Institute have secured the splendid Uxbridge choral society of 60 voices under the distinguished choral conductor Dr. H. M. Fletcher for their concert on Friday, February 9th, in the United Church. The program is an exceptionally fine one embracing practically all school of music, 12 choral numbers, sacred, secular, opera, humorous, male and ladies choruses. The distinguished and well known violinist and radio artist Anthony Remouch, will play four numbers. The Bible School-orchestra of Uxbridge will assist in the program. The entire program will appear in next week's Tribune. The proceeds will be donated to the War Branch.

Whitchurch Hockey League is apparently in for quite a close season this year, the second double header being played in the local arena here last Thursday night with two more close scores being registered, King City 4 and Church Hill 1; Lemonville 3 and Vandorf 0.

Standing to Date

	W	L	T	Pts.

A recent milk test made by the Provincial Health Dept. gave the local dairy an A1 test, a report received a few days ago revealed.

25 years ago the people of this district made 85 per cent of all bread they used. Today commercial bakers supply almost all of it. Instead of loafing at home, we prefer to do it elsewhere.

Mr. S. Rattle of Milliken; Mrs. Clifford Penson and daughter Laura of Melita, Man., visited on Monday at the homes of Mrs. A. Eckardt and Mr. and Mrs. W.E. Risebrough.

In forwarding his renewal for The Tribune a few days ago, Mr. Emerson Sheffield of Dodsland, Sasks., reports the weather 32 below zero, while at Prince Albert the main town in his district, it touched 42. However, the winter has been fine excepting for the odd cold dip that was too much for comfort. Mr. Emerson, if we have things right, once worked in Stouffville, and learned the undertaking profession with the Burkholders. He says the home paper is like a letter to him every week.

At the Unionville bonspiel last week a Stouffville rink skipped by M. E. Watts won the prize for two wins with a plus of 41. The local quartette of rock throwers who with their skip were Thomas Birkett, Harry Brillinger, Wm. Slack, played three games, losing only the first one, which must have sharpened the lads up for thereafter they trounced the next two teams badly.

Another event of entertainment of major proportions will be staged in the local arena next Wednesday night when the Stouffville Veterans take over the big skating house for the evening. There will be races for young and old with good cash prizes. A special race will also be held for couples. The local band will be in attendance to supply the music.

Messrs. Samuel and Christie Armstrong were called to Toronto last week owing to the death of their sister Mary Ann Woods who died suddenly at her home 278 Withrow avenue on Wednesday, January 17. Daughter of the late Christie Armstrong, prominently known in town for many years back in the early days, Mrs. Woods is survived by two married sisters both living in Western Canada, and by five brothers, Sam, Chris., of Stouffville, and Will. of Toronto, and by Andrew and David in Western Canada, the latter being in British Columbia. Mrs. Wood's husband died twelve years ago, but three sons, Dawson, Fred and Chris., survive the mother, who is quite well known in town, especially among those who attended school around the turn of the century.

BACKFIRED

Protests made by Soviet minister to Stockholm, Mme. Alexandra Kollantai, have only resulted in an increase in the flow of volunteers to Finland, it was reported from Copenhagen.

MAY LEAVE CABINET

Hon. Ian Mackenzie (above), minister of pensions and national health, is likely to leave the federal cabinet before the next election, it is reported in Ottawa. It is said Mr. Mackenzie may go into the Senate. He may replace Senator J. W. Farris, said to be slated to succeed Chief Justice Martin of British Columbia. The chief justice will be 75 in May and it is understood will retire.

Mrs. Schell is visiting her sister Mrs. Elijah Lageer on Church Street for a few days.

Mr. Herbert Lageer of Toronto visited his mother Mrs. E. Lageer on Monday last.

Mr. Sam Borinsky was among the successful students to pass the Christmas exams at Osgoode Hall. Congratulations, Sam.

Mrs. John R. Hoover who lived for many years east of Stouffville in Pickering, is reported to be recovering from quite a severe illness, bordering on pneumonia. She is with her son Edward who a few years ago took over a property at Woodbridge. Mrs. Hoover is a sister of our Mrs. John Watson, and aunt to C. E. Watson, our school principal.

If you happen to see our east ender, Mr. Dan. Gibner, it is not necessary to ask questions or draw any hasty conclusions, because of his wonderful pair of black eyes, Dan was assisting to carry chicken crates from a truck when he slipped and came down on top of a crate. His head struck the edge of the crate across his nose which was fractured. The nose looks as though it belonged to one of those prize fighters, and the eye too!

Mr. George Saunders wishes to announce that he will re-open his Physical Training classes in Ratcliff's Hall next Monday evening, January 29th, at 7.30 p.m. All interested are asked to attend up to 16 years of age. A class for young men will be held at 8.15. Mr. Saunders is commencing his seventh consecutive year as leader of such classes, and his time is again at the disposal of all boys and girls too who are interested in these helpful exercises.

E. A. Grubin, R.O., Optometrist and Optician, will be at his office in Stouffville on Monday, January 29th.

The Lions Club banqueted at the Mansion House on Monday evening and attended to routine business. The dining hall is now on the second floor of the hotel, the main floor being occupied by D. F. Holden & Sons, garage, who recently purchased the building. Harding's barber shop retains their titorial parlor in the south-west corner of this floor.

Mrs. Wm. Risebrough, 8th Con., Markham, was bereaved recently when her sister Mrs. George Colwell died at her home in Saintfield east of Uxbridge town on January 15, in her 50th year, after an illness of only two weeks. The funeral took place to Foster Memorial Cemetery, Scott, on Wednesday, January 17th, services being conducted by Rev. J. C. Robinson, of Leaskdale.

The late Laura Ottolene Hill was born in Scott township in 1890, a daughter of the late Thomas Hill and Harriet Thornton and in 1923 married Mr. George Colwell. For three years they resided on Quaker Hill and fourteen years ago moved to Saintfield.

To mourn her death are left her sorrowing husband, and three sons, Richard, Ross and Bruce, all at home. Four brothers, Ray and Herbert of Scott township, Lorrie and Louis of Birch Hill, Sask., and two sisters Mrs. Wm. Risebrough, of Markham; Mrs. Oscar Welsh, of Sandford, also survive.

ARE FIRE DRILLS A FARCE IN OUR SCHOOL?

Have you ever given serious thought to the kind of fire drill held in the school your children attend?

One fire drill in five years is very inadequate and actually dangerous. The first essential in event of a fire in any school is to have the children leave the building in an orderly manner and to reach the point of safety without injury. Questions of fire fighting or salvaging wearing apparel or of attempting in anyway to save mere material things are secondary to the safety of the children.

Fire safety for school children must provide a definite programme by which the location of all the available exits will be known to all the children. To accomplish this it is necessary to have frequent drills, well planned, properly supervised, and intelligently co-ordinated. When an actual fire occurs, the selection of the proper exit should be made without any hesitation. Frequency of drills is more important in the primary grades. By the time pupils have reached high school, the panicky feeling of a drill should no longer exist.

Every school is different; the age, size of the children change yearly, and the teaching staff and building employees do not remain the same. It is necessary therefore for each school to consider the question of removing the children from the building. "Drills for this purpose might be subdivided as follows: Plan, purpose, procedure. Plan—Definite detailed plans must be prepared, explained to the teaching staff and to others who may be called upon to act in a supervisory manner, and they should be modified as little as possible from any standardized drills used in other schools in the district.

Purpose—The purpose of any drill is to perform the operation a sufficient number of times so that it is possible in an emergency to carry it out in a natural unhurried manner. Drills therefore should be started during the beginning of the term.

Procedure—In executing fire drills consideration should be given to the health of the children, but except at such times when there are epidemics of colds, the short time that the children will be out of doors seldom endangers their health even in severe cold weather. The wise course is to resolve that the school children of your community be prepared to meet the fire emergency.

A. D. Jennings, Fire Chief.

"Quality" "Service" FUL-O-PEP BREEDER MASH

Ful O Pep Breeder Mash was fed to nine flocks of which actual records were kept. These nine flocks produced 41,265 eggs which hatched 30,875 chicks or an average percentage of 74.7 p.c. In checking these with a leading Canadian hatchery the following was received.

"You will be interested to know that 63 flocks on home mix from 479,000 eggs produced 318,000 chicks or a hatch of 66.4 p.c. or in other words Ful O Pep Breeder Mash gave 8.3 p.c. higher hatch than flocks on home mix."

Q.O.C. Laying Mash is not as good as Ful O Pep Egg Mash, but is just as good, if not better than most laying mashes on the market today.

Q.O.C. Laying Mash is low in price but not in quality. Try a bag today at \$2.25.
