### IRWIN GREETED BY LIBERALS ON TUESDAY

Robert Irwin, Liberal Candidate in East York, told his listeners at a public meeting in Stouffville on Tuesday night that his past experience should fit him as their representative in the next parliament. Mr. Irwin said he was a farmer born, spent 20 years in banking, before enlisting in the last war. His great grandfather, he said farmed at Buttonville and he naturally had a particular interest in the township of Markham. Speaking on the present campaign he declared there never was a time when it was easier for the people to decide what to do than it is in this campaign. He scored the Evening Telegram for publishing what he said was deliberate untruth. He never said at any time that the first overseas unit was not properly clothed, yet the Tely comes out with this statement. "I'll not take this lying down, for I resent anyone putting words in my mouth," said Mr. Irwin.

The Veteran W. H. Moore of Oshawa, son of a one-time Baptist pastor of Stouffville, said that the charge of unpreparedness made against the King administration was unfair. No democratic government was every prepared for war. However, since the Liberals came into power in 1935 they had built up the defences of the country. Nevertheless, he said, Canada like England, was far behind Germany. Mr. Moore could not understand how Dr. Manion could change the name of the Conservative party to the National party. He was made leader of the Conservative party, and I know some good supporters who are very angry about the change. They feel that the Conservatives have been sabotaged.

Miss Lee of Aurora was another speaker, and Mr. A. D. Bruce was the chairman. The attendance was small, barely half filling the hall. The meeting was poorly advertised, being decided on after the last issue of the paper went out.

It was Mr. Irwin's first opportunity to meet a Stouffville audience, and his reception was most favorable.

This is Tuesday morning and as we write the sun is shining beautifully but the thermometer outside hovers around the zero mark, which is unusual for so late as the 12th day of March and everyone is longing for spring and the end of cold weather. This month made its debut in a most spring-like atmosphere, the day in fact being one of brilliant sunshine, which circumstances, according to the axiom brought down from the middle ages, is supposed to presage a late spring, and the antics of the weather thus far bears out the claim of those who believe in these things.

Candlemas Day, February 2nd, was also bright and clear, with the bear and woodchuck easily lamping their shadows on emerging from their winter lairs; which, according to another old moth-eaten myth is also the forerunner of a tardy spring. As many of the older generation still retain faith in these adages as spring weather prognosticators, they are prophesying a belated break-up for this year. However, the more modern generation stake little in this regard and pay no heed as to whether March came in like a lion or a lamb. As both Candlemas day and the entry of March this year foretell that a cold backward season is in the offing this will be an excellent year for the skeptical ones to test these bewhiskered beliefs and ascertain if the weather will water, so to speak.

### Whitchurch Council

(Continued from page one) A. E. Wilson & Co. were paid the premium for renewal of road liability insurance at the same rate as last year \$192.50. In view of the fact that this is the same rate as last year, it was regarded as satisfactory, when some places have had to pay double the amount of the former premiums because of accidents. Whitchurch had no accident claims last year, largely because roads were kept in a

# The Quality Tea "SALADA" TEA

high state of repair. R. Andrew presented the auditor's report for 1939, and reported the books and accounts kept in a satisfactory manner. The highly technical manner in which auditor's reports are issued make them difficult for the average layman to understand, but they are in accordance with the system prescribed by the Department. The report shows tax arrears reduced by \$2,000, while bank loans were down \$3,000.

A long discussion ensued on the new bookkeeping system being set up to meet government requirement, especially for road accounts. It was decided that the treasurer should give necessary assistance to the road superintendent in setting up the road accounts.

Notification of the county levy was received, amounting to \$20,411.97. Secondary educational costs are shown at \$8,175.06, and vocational training \$681.59. The county is making a grant of \$27,000 to the Red Cross, and Whitchurch's share

of this is \$432. The township's share of county road system is \$11,123.32.

Reeve Toole presided over the meeting, all members being present.

General Accounts Paid: Dept. of Health \$5; James Cook, stationers \$6.30; List of Sales, reg office \$13.37; Hydro Electric light \$3.33; Postage for office, \$15.50; Ont. Hospital, Woodstock, \$45.50; B. G. Whitelaw, book clips \$2.75; R. B. Brown, Union Jack, \$10.10; S. W. Hastings, 2 tons coal \$28; W. Over, shooting dog \$5; Share old age pensions, \$95.57.
