

## TORONTO Goodwood FLASHES

Walter Davey  
8 Stanton Ave  
Toronto.

Mr. T. Dowswell's Sunday School Class held a party for their teacher.

Miss Dora Todd visited at her home during the weekend.

Mr. and Mrs. Beaver visited Mrs. Harper on Sunday.

Mrs. F. Thompson was visiting with Miss Anne Davey.

Many happy returns of the birthday to Mrs. Oliver Yakely of Musselman's Lake District.

Miss Anita Wagg is home again after spending a couple of weeks at Delos Graham's home.

Sorry to report that Robert Armstrong has been removed to the Toronto East General Hospital.

Reports from the McDonald home in Goodwood indicate slow but steady improvement in the condition of Mrs. McDonald.

Rev. Gerald Burch, curate of Christ Church, Deer Park, has been appointed to the parish of Scarboro Jct.

Sorry to hear Eldon Knight of the 2nd Line suffered a broken leg from a horse which he was leading to the barn. We hope he will soon be better.

Please to hear so many of the children on the Second Line are taking part in the Peace Foster Contest. We would like to hear of the winners.

Mr. and Mrs. Delos Graham of Ringwood had dinner with her parents Mr. and Mrs. Geo. Wagg who have been keeping quite well all winter.

Sorry to hear our friend Mrs. Greenbury is home and very sick, due no doubt to nursing her husband who passed away last week.

Mr. and Mrs. Sam Bacon and family had tea with Mr. and Mrs. Charles Forsyth on Friday evening, March 15, to celebrate the occasion of Lillian Bacon's and Joe Forsyth's birthdays.

Miss E. Davey, Miss Anne and Miss Jane Davey accompanied by P. H. Davey spent Saturday afternoon in Stouffville.

We all regret the death of Newton Wagg who died in Florida, and was brought back to his home in Midland for burial. He is an old Uxbridge boy whose parents Mr. and Mrs. Coleman Wagg lie in Goodwood cemetery.

Birthday greetings to F. J. Robinson, Mary Reynolds, Robt. Hope, Mrs. Jack Rae, Martin Jack, all Goodwood people, Lena Jane White of Altona, Kenneth Patterson, Roseville, Dick Taylor, Mrs. Orval Martin and John Beach, the latter two living near Musselman's Lake.

Our sick Mrs. Ottewell is improving a little each day. Our friend George Morganson also improves and will soon want his Tribune renewal fixed up. Robt. Armstrong not so well in Tor-

onto East General Hospital; and Mr. and Mrs. Lunau well known are better from their colds and much interested in the progress of our sick friends. Also Miss Leggate is quite well. She never forgets Goodwood.

We extend sympathy to Mrs. Feren in the loss of her brother Reuben Greenbury as reported in a front page article last week. We well remember him as a conductor running through Goodwood. He is survived by four daughters and two sons, Robert and Melville in Toronto. The girls are Mrs. Robinson of Toronto, Mrs. John Redhead of Agincourt, Mrs. Harold Bourne of Milliken, Mrs. Gordon Twining of Oshawa. A son Charlie was killed in the last war.

While a funeral is a sad affair, folks attending one often meet old friends not seen for years. While attending the funeral of Tobias Caster many old time friends were noticed. From Toronto Mr. and Mrs. Alex Brown, Mr. Clarence Naylor and Miss Maud Lewis, Mrs. Moore and in the church we met Mr. and Mrs. Wm. Maye of Goodwood, Mr. Morley Symes of Goodwood, our Editor and friends from Stouffville, also Mrs. Ed. Evans of Claremont.

The singing by the male quartette was specially commended to the Correspondent by a lady and gentleman from Toronto. People from the city are still enjoying the skiing on the hills around the McGuckin home. We acknowledge a letter from our little friend Marie McGuckin saying how she enjoyed watching the skiers in fact sometimes

tries them herself. My how these second line children love their teacher. The Correspondent was asked if he ever met this young lady teacher, and one letter asks the Scribe if he enjoyed arithmetic and history and even went so far as to ask the Correspondent if he received the Tribune paper every week. Well the Correspondent found it the same when he went to the old Goodwood school. Some subjects we liked and others we did not like. But of all our school days we never was lucky enough to have a lady for a teacher. One thing we like to see is children who show respect for their teacher.

### Roseville

## HER 95th BIRTHDAY IS FOLLOWED BY COLLAPSE

Mrs. Cornelius Dike Married in 1867, Recalls Crimean War

The oldest resident of Whitchurch township, and one of the oldest persons in the province, Mrs. Cornelius Dike of the second concession celebrated her birthday last week but is since reported to be in serious condition, with little hope of recovery.

As is her custom, Mrs. Dike went about her usual duties, although she spent part of the day reading telegrams, letters and cards of congratulation.

Mrs. Dike enjoys all her normal faculties and has a remarkably good memory. She tells most interesting stories of 60, 70 and 80 years ago. She has distinct recollections of the Crimean War. She had a brother killed in the U.S. civil war.

Mrs. Dike is of Irish descent, her maiden name being Mary Jane Watters. She was born March 13, 1845, and on March 13, 1867, married Cornelius Dike who ran the sawmill at Siloam but later moving to her present home.

During the passing of the years, nine children were born, all but one of whom are still living. They are: Lucy, Mrs. J. W. Widdifield, Siloam; Minnie, deceased; Annie, at home;

# FARMERS: Bob Manion's Policy Will Help You

The price of all implements advanced considerably between 1935 and previous to the outbreak of war.

Hon. Mr. King, placed an extra 2 per cent sales tax on all clothing and eatables, long before the outbreak of war.

Hon. Mr. King permitted 10,000,000 pounds of pork (75,000) hogs to enter Canada from the United States in January 1940.

The restaurants in Lindsay, Orillia, Toronto and numerous other centres have been using this corn fed U. S. pork to your detriment.

National Government will prohibit this importation.

The Board which has been set up to control the price of farm commodities, consists solely of representatives of the consumers. There is no representative of the producers on it. The dice are loaded against the farmer.

National Government will at once reconstitute this purchasing Board so that the producers are amply protected.

The National Government in Great Britain two or three years ago requested permission from Hon. Mr. King to send from 10,000 to 50,000 British pilots here to board in Canada. They also wished to buy about 100,000 acres of land for flying purposes. They also wished to have aeroplanes made here on an extensive scale, thus providing considerable employment. The expense of all these would have been borne by the National Government of Great Britain.

The King Government denied Great Britain all these requests, and thus assisted in jeopardizing our safety and denied you an additional market for our farm products and denied Canada considerable employment and a greater volume of money in circulation.

If the British Empire falls, Canada is the major war prize. We can thank the French for their Maginot line and the British navy for our safety today. National Government will take adequate steps for our defence.

About 20,000,000 tourists visit Canada annually. They leave with us from \$250,000,000 to \$300,000,000 annually of new wealth. To obtain this trade, the Dominion Government were spending \$300,000 annually in foreign advertising. The King Government previous to the outbreak of the war had reduced this expenditure to \$100,000 and our tourist trade fell off last year.

20,000,000 tourists for an average of one month, provides us with a 15 per cent greater market for your farm products. This is an important item and the tourist industry must be encouraged, for you derive marked direct economic benefits, and in addition many parts of Canada rely solely for their maintenance on this trade.

National Government will reinstate this advertising allowance in order to attract more tourists.

Hon. Mr. King's administration increased the cost of your radio license.

National Government will completely abolish this radio license nuisance tax.

You who farm know your problems. On account of the inactivity of the King administration, the farmers and the unemployed have been neglected and forgotten.

Hon. Mr. King properly summoned Parliament to declare war. It wasn't the Liberal Party or the National Conservative Party who declared war. Parliament almost unanimously declared war; our nation declared war and it is a national war and we should have National Government to prosecute it.

## R. H. McGregor National Government Candidate YORK EAST

Hon. Mr. King should have formed a National Government when war was declared. He didn't do so and states that he will have nothing to do with one now.

Hon. Dr. Manion appreciating the gravity of the world situation, will form a National Government for the duration of the war and the period of reconstruction thereafter.

To preserve, protect and enlarge the home market for Canadian farmers, Dr. Robert J. Manion has formulated a six-point program for agriculture. If called up to form a National Government has the following policies in prospect:

1. Vigorous encouragement of all forms of co-operative marketing.
2. Establishment of export boards to handle the export of some farm products, and to prevent the international market from breaking down a fair price level for these articles at home.
3. Protection of Canadian fruit & vegetable growers through the imposition of seasonal tariffs and protection for the dairy farmer and live-stock grower from foreign competition.
4. Establishment of machinery for the continuous investigation of price spreads. A thorough investigation into the complaints of the farmers against the packing industry.
5. Expansion of the Canadian Farm Loan Board activities and aid for the farmer in the drainage of his property through long-term loans. Assistance for him in procuring fertilizer.
6. Utilization of all available means of scientific investigation to assist the farmer in achieving efficiency and economic production.

Dr. Manion has declared that he would start another investigation of the relationship of the live stock raisers and the packers. This was a subject which received extensive investigation at the hands of the Price Spread Committee in 1934. For years there have been complaints from the live stock producers that the packing industry has been making unjust profits. He declared "I don't believe a proper investigation was ever made into the affairs of the packers. If we win, we are going to have a complete investigation into that industry and if the packers are making unfair profits it will be stopped."

Our problems, particularly our farm problems are of such a magnitude that the entire solution does not lie in any one person's mind and if elected, would favor a conference of farmers in East York to obtain the benefit of their suggestions and recommendations.

The National Conservative Party nominated me as their candidate once again. After Parliament was scuttled, Dr. Manion advocated a National Government and I heartily and sincerely approve of it. The National Conservative Party has given me complete liberty to associate myself with the National Government party. In common with all other National Government candidates, I am at liberty to pursue an independent course in Parliament.
