Dickson's Hill

Death claimed two of our former residents early this week in the persons of Miss Sarah Burkholder of Altona and Mr. Louis Hoover of Pickering. We, as a community, offer to the sorrowing families our sincere sympathy.

Wednesday of last week, the young people met at the home of Mrs. M. Wideman for an evening of song. During the intermission, candy was passed, which was hailed with delight, and after a few more songs they retired to their several homes.

We feel that we owe you people an apology for our poor column of last week. Fate surely seemed against us in more ways than one. However, we'll try to do better in the future and again ask you to lend helping hand whenever possible in the accumulation of news items. Thank you.

Hope you noticed how nice and clean the church looked on Sunday, thanks to the industrious ladies who gave it a spring cleaning and the men who kindly cleaned the pipes. A job like that is simply splendid for exercising the muscles, they agree, and those present enjoyed it as much as possible.

Arbour day was observed Friday of last week at the school here. The school house and surroundings received another annual clean-up and the day culminated with a baseball match with Ringwood School. As loyal supporters of the home team, we rejoice with them in their success.

"A parable for Mother's Day," telling of a mother's courage, patience and Christian example was narrated by Mrs. Lehman at Sunday School last week. And though somewhat belated, let us all unite to pay tribute to the noblest and best this world has ever known—our Mothers.

We were delighted to have Rev. Isaac Burkholder of Altona in our community this past week and also with us in the Sunday School where he recounted a few of his numerous experiences in colporteur work. Dickson's Hill has a warm place in his heart as 'twas here that he first started Sunday School. A subscriber to The Tribune, Mr. Burkholder mentioned that he reads this column with interest.

It's a Lot Easier than you think!

The model illustrated is the McLaughlin-Buick SPECIAL four-door touring sedan.

YEAR after year we see the same thing happening—people "stepping up" to bigger cars and better cars—people getting for themselves the better things in life. This year is no exception.

Many buyers of the good-looking Buick SPECIAL you see pictured here traded in a car from the lowest-price group. Some of them were merely fulfilling a long-time ambition to own a full-sized car, a big straight-eight, amply powered, steady-riding, roomy. Others were simply taking advantage of a bargain too good to pass up.

But all of them found it easier than you'd think to step up to a McLaughlin-Buick. For this big straight-eight costs less than some sixes. Its price includes many things you'd pay extra for elsewhere. It includes features you can't buy anywhere else, such as recoil-mounted Knee-Action, pressure-sealed cooling, and coil springs that never need lubricating, combined with torque-tube drive.

And above all is the simple fact that this is a Buick, precision-built to Buick quality standards.

Why don't you look into how easy it is to buy? Why not get the net figures, delivered price including equipment?

Work out the per-week cost, count in the lower, long-haul maintenance of a car that's built to take it for years and years.

Others are finding it easy to step up to Buick—and if they can do it, so can you!

"Best buy's Buick!"
