Three of our eldest citizens all over 85 years died within the last calendar week, James Mowat in his 88th year, I. Brillinger in his 86th, and Truman Holden in his 87th. These men had lived their time, and all of them were ready for the great summons they realized was so near the past few years. The endless march of time is brought home to us with renewed force nevertheless when our life-long friends are taken in groups like this.

Former Markham pastor Rev. W. R. Auld of Midland will address the meeting this Thursday evening in Zion Church, Cedar Grove, in connection with the 50th anniversary of this congregation. Such events are interesting, and with a fine evening there will be many people who formerly worshipped at this place, return for the occasion.

Mr. and Mrs. David W. Dalton of Oshawa were in town on Sunday for a few hours. Mr. Dalton conducted an undertaking business here at a time when there were three establishments, but at that he always remembers the splendid kind of people he had to deal with, and rather regrets that he ever left. Mrs. Dalton has suffered a great affliction in the loss of her eyesight. They left Stouffville 24 years ago.

Quite a number of friends and relatives from Stouffville attended the wedding at Fenelon Falls last Saturday of Miss Fern Baker, daughter of Mr. and Mrs. Edward Baker to Mr. Osborne Legram. The wedding, a pretty church affair, had Miss Lois Hoover as maid of honor. Among the guests were Mrs. Harry Brillinger, Miss Eula Brillinger, Mr. and Mrs. Clayt Baker and Mr. Noah Baker, Mrs. Harvey Baker, and Mr. and Mrs. Frank Baker.

Saturday night the crowd in town rather peaked anything this year so far. The parking lot at the rear of the theatre jammed to overflowing after there was not an available place on Main street from Dr. Sangster's to the Presbyterian church, while side streets filled up too. Then a number found places for their cars in the park, so that everybody was within a few minutes of their car. The merchants did a great business by the appearance of the stores from the street. Those who did not get a good share should overcome the difficulty by advertising their wares in this paper.

Young people and older ones too belonging to the M.B.C. church in town, crowded the home of Mr. and Mrs. Reg. The guests brought along lovely gifts, furniture in the form of a beautiful writing desk. Rev. Herbert Shantz and Rev. M. Bricker offered the couple some good advice, while Mr. and Mrs. Stouffer each spoke their thanks and appreciation for all the kind things done for them, and for the shower and good wishes.

Sanders who are now permanently at Lakeview, Jackson's Point, for the summer and their son Mr. Harold Sanders, assistant county crown attorney, were among the many acquaintances who attended the funeral.

What might have been a fatal accident happened in town of Uxbridge the other day, when a trailer whizzing along behind a farmer's car broke loose, and ran over the sidewalk striking a small child, knocking out her teeth and injuring her otherwise, but not permanently. Chief Vessey of Uxbridge now declares that he will vigorously enforce the law regarding safety chains on all trailers. We hope that when the new cop is on duty in Stouffville he will take this matter up also and see that trailers are all fitted with safety chains so that if they break the king bolt, or whatever they are drawn by the trailer will not be able to ramble off and injure somebody. Since this accident happened we have examined several trailers coming into town and not one of them was fitted up properly. Let's not wait until someone is seriously injured.

He will sell his wares by public auction next Saturday afternoon beginning at 2.30 o'clock. Ken. Prentice, auctioneer, will wield the hammer. See display notice of furniture to be offered.

COME TAKE A RIDE IN MY FLYING MACHINE

Last Monday an airplane belonging to a private party landed on a large pasture field at Claremont on the farm of Mr. Mac Forsyth, and all afternoon was engaged in taking up passengers, children, at one cent per pound. The plane did a rushing business taking up two at a time, plus the pilot. It is planned to visit the field again next Saturday.

The President of the Stouffville Lions is a stickler for loyalty and no fooling about it. When his committee in charge of advertising for July 1st issued a huge two-color poster and failed to place thereon at the end of the advertising, "God Save the King," they were chastised by the president, who tried to get in touch with the Tail Twister for the club (Jess Cook) who would have been invited to do his act, whatever it is. In the meantime the advertising committee scurried around and got some stickers with the loyalty phrase printed in red letters and attached them to the bills issued, so that all is well again with the Lions, whose loyalty is never doubted.

The grounds in Memorial Park are being put in excellent condition this week, with the grass all being cut, which adds so much to the appearance of the place. While we are on the subject, there are a number of boulevards and vacant lots that ought to have the attention of the weed inspector. A few days ago a westend resident complained about a property that is overgrown with grass and weeds to the annoyance of all the householders who are trying to beautify their locality. The weed inspector should get busy immediately, and notify all who are liable to do cutting on vacant lots; that if the neglect continues, he may enter and cut weeds and charge the cost against the property.
