

Lemonville Man 40 Years Dies Suddenly

About the home as usual last Friday, and conversing with his son Bert, with whom he was laying plans to move to Quebec shortly, William E. Taylor, was found an hour later in a unconscious condition suffering from a stroke, from which he never rallied and died in a few hours.

Mr. Taylor was 74 years of age last May, and had spent 40 years of his life around Lemonville. He married Sarah Piper who predeceased him in 1929. An adopted son Bert living on the Neighorn farm, provided a home for his father but they were planning on moving back to the Taylor locality at Athletone, Quebec shortly. Deceased was a carpenter by trade.

Besides the son there survives two brothers and four sisters living in California and Quebec. The funeral on Monday at Dickson Hill cemetery was taken by Rev. Percy Lehman and the pall bearers were, Messrs. Oscar Yake, Martin Hutchinson, Gordon Lemon, Elmer Wells, Sep. Foote, Herman Burkholder.

MARKHAM YOUTH WAS ON TORPEDOED CRAFT

Mrs. H. S. Clarry of Markham learned last week the ship on which her son Stewart, 21, had been an able seaman, was torpedoed. The press published the news that the Villa Namur had been sunk in the Atlantic by a German submarine, with loss of 59 men. Twenty others were picked up.

For the last week Mrs. Clarry has been visiting Toronto, arranging for a passport and tickets for a trip to New York in July when she would have seen her son for the first time in a year.

A second son, John, 19, sails the Great Lakes on the steamer Saracen. Mrs. Clarry is a widow and has four other children, James, David, Arthur and Effie.

LOST, OR WHAT?

Edwin Bell, farmer on the 9th concession of Markham, about five miles south of Stouffville, missed his team of dark horses from the pasture on Saturday, and when The Tribune was communicated with on Monday afternoon, the animals had not been recovered. An endless search has been made, but no one seems to have seen any stray animals on the road, and there was no indication as to how they left the field. The team is a bay Clydesdale and a bay general purpose.

Rev. G. Duncan Moving to Drayton

Rev. Gordon Duncan, minister of the Presbyterian congregation at Warkwork for the past eleven years, has been called by the congregation at Drayton in Wellington county, and will take up his new duties there about the middle of July.

Rev. Mr. Duncan, an old Stouffville boy, leaves his present charge with no little regrets, as he has come to look on the place as home, and is beloved by his people there, who likewise are sorry to lose their minister, who came to them from Montreal district in 1929.

Drayton is a village of 600 people and is situated about 30 miles northwest of Guelph, in a very fine section of country. On Thursday Mr. Duncan and his sister Miss Annie, were in town, and made known the change that is about to take place.

WILL NOT TAKE ROAD

At the June session of Ontario County Council, on recommendation of the County Road Committee, they repealed Bylaw 1370 which was passed on the 19th of January, 1939, authorizing the north townline of Scott Township or the allowance for road between the Townships of Scott and Georgina, a distance of 9 miles to be taken over as a County Road. In connection with the bylaw the committee reported:

The Department of Highways has not yet approved of this road as a County Road.

Your Committee are of the opinion that owing to the state of the country at present that it would not be opportune to have his road approved as a County Road by the Province of Ont., at this time or for the duration of the war, when it can be further considered.

Fireside Hour Had A Social Interest

On Sunday evening at a fire side meeting held in the basement of the United Church, the officials and members seized the opportunity to officially say farewell to Mr. and Mrs. E. M. Still who left on Tuesday for their old home in Orangeville, after nearly eleven years in Stouffville. An appropriate address read by Garfield Kellington, and the presentation of a handsome floor lamp by Harvey Moyer on behalf of the people, were feelingly received in a few words by both Mr. and Mrs. Still who were visibly affected by the show of love and esteem held for them.

The occasion was also seized upon to present Miss Luella Gayman with a splendid purse of money, the gift of the congregation and the Women's Association, A. V. Nolan read the address congratulating Miss Gayman on the eve of her marriage; while Mr. Clayton Stouffer formally handed over the gold or that which is said to represent gold. Luella made a fitting reply, expressing her surprise and deep delight and appreciation at the splendid gesture made toward her and her husband-to-be, Claude Brillinger, who was also present.

Rev. L. E. Atkinson acted as chairman, and invited everybody to enjoy a cup of tea and a social half-hour before retiring.

The Salvation Army will make a canvas for clothing, old furniture, waste paper and other discarded articles for the relief of the distressed and unemployed, on Friday this week.

MORE CALLED TO ARMS

Charlie Lintner, son of the local smithy, has been ordered to report for duty with the C.A.S.F. on Friday of this week. He passed his test examination some time ago. The garageman Arthur Swift has also been accepted in the Army Service Corps, and was ordered to report Wednesday this week. Mr. Swift did not know whether he would be allowed time to wind up his affairs after going down on Wednesday or not, but this was the expectation.

What's in a Name?

Some folks call it Providence Baptist church, others name it 6th Line Church, and still others label the Baptist edifice on the Markham-Whitchurch townline as Markham Second Church, but the official name henceforth is to be Markham Second Church, according to a vote taken of the congregation at a recent meeting.

We are unable to say where the name Providence originated with this congregation, appropriate as it may be, but to label it 6th Line Church in only natural, because it designates just what Baptist church is referred to in Markham. It being close to that concession. Markham Second Church is a name given because this was the second church of that denomination to be organized in the township, and bearing this in mind the congregation voted to retain this name for this very good reason. However, parties coming from the city frequently are bewildered, and only recently a group of people coming out made enquiry when they reached Markham village and were directed over to the second concession, and finally arrived very late and somewhat confused. Outsiders will probably continue to refer to the Second Church as the 6th Line Church to avoid mistakes.

Dominion Day Smiles On Effort of the Lions

THE STORK INTERPOSED

When the reeve and several other members of Whitchurch Council failed to put in an appearance at a special meeting slated for Monday of last week, at least one member who arrived was looking pretty glum. However, when he learned that Reeve Toole had just been presented with a lovely baby daughter at the York County Hospital, Newmarket, he too was wreathed in smiles. The reeve is now the father of two daughters and one son, a popular Canadian family.

YORK COUNTY'S \$27,000 WAR GIFT

York county council granted \$27,000 to war charities at its closing June session, and gave a committee power to grant further funds to the York County Children's Aid Society if that organization is called on to look after refugee children from Britain. The society reorganized about ten years ago, spent over \$50,000 the past year raised by taxation over the whole county. It was said a few years ago that this organization is plotting to expand to a \$100,000 organization. The quality of their work is of the highest type, and the blessing extended to motherless children is worthy.

BELIEVE IN SIGNS?

This paper was shown some young barley stalks on Monday which when closely examined revealed the letter "B" quite distinctly on the leaf. Barley with this letter on was noticed at Malvern, and when shown to a local man, he went out and found the same thing in his own patch.

The "B" is said to stand for Britain, and to mean that Britain will win. "It has not appeared on grain stalks since the last war, when the same significance was attached to it. Right or wrong, concerning its meaning, the B was quite discernable on the stalk all right.

NEW MASONIC MASTER

Harold A. Sanders, installed W.M. of Richardson Lodge, Stouffville.

BARKEY—SCHELL
On Saturday, June 29th, at Dickson's Hill, the marriage of Arthur C. Barkey and Mrs. Mabel Schell was solemnized by Rev. P. G. Lehman. Their many friends extend to them their best wishes for many years of happiness together.

HUCKSTER AT RICHMOND HILL 50 YEARS

The funeral of Mrs. Isaac J. Walder to Heise Hill cemetery on Friday afternoon, completed the last act in a life that had been lived in an interesting way for 82 years. For over 50 years the late Mrs. Walder and her husband who died a number of years ago, did a huckstering business at Richmond Hill, and it was a hard task with remuneration small.

Mrs. Walder before her marriage was Matilda Ann Shirk, daughter of pioneer parents to Richmond Hill district, Mr. and Mrs. Adam Shirk. To her marriage were born four children, of whom two survive the aged mother, being Mrs. Fred Banks on the 8th concession of Markham, and a son Laverne Walder at Redridge, Ontario.

Mrs. Walder died at the Brierbush in Stouffville, following a long illness. The remains were taken to the home of her daughter Mrs. Banks, from which place the funeral took place.

After 30 days of continuous cloudy weather the sun shone brightly all day Monday to the liking of holiday makers, and especially the Lions' Club of Stouffville who had gone to considerable expense to provide a holiday program of sports at Memorial Park, plus a big evening concert that is yearly becoming an outstanding event. Despite the fact farmers were behind with hay making, folks were worrying about the war, and numerous other excuses there was a crowd of over 600 people at the park for the opening baseball events, while many more were present at six o'clock for the football games, and then 700 people passed through the doors into the Arena at 8 o'clock for the final program of the day.

In men's softball Unionville won first, playing their final game against Musselman's Lake. Stouffville was a contender in this, but failed to be a winner. In the girls' softball Stouffville defeated Unionville in a popular game, and won the prize without further competition, indicating that there was a shortage of girls' teams. Mrs. Ormsby Hornsby, the former Blanche Slack, was on the mound for the local girls, who while not playing of late, mustered up a good team.

Claremont and Toronto Ulsters played football at six o'clock, ending in a tie and big excitement. In fact the crowd milled around as though there was a prize fight on, and were sorry to learn the rubber was not to be broken. These teams promise to meet again shortly. Football is still very popular, and drew hundreds of farmers to see the game who had worked in the hay fields all day.

The evening concert was hardly up to the standard of other years, due to a variety of circumstances. The popular Reva Sheevers could not come, and she was the star artist, last year. Reva is absent on an important assignment that could not be broken. Then another member of the cast was called to the army, while still a third artist only a few nights ago got so drenched in the rain on an outside program that she fell ill, and so the McLeods were at wits end to secure fill-ins. However, the public must have enjoyed the performance as scarcely a person left the Arena during the program of two hours or more.

The Lions Club hope to net around \$100 with which to carry on their child welfare work and are grateful for the splendid support given them by townspeople and outsiders alike. Folks had a day of enjoyment for which in these days of strain, they are the better, while at the same time, they have done a service for democracy.

Few Pupils Write On Entrance Exams.

Fourteen pupils wrote on the Entrance Examination at Stouffville centre last Thursday and Friday, and sixteen others wrote at Lemonville. Principal C. E. Watson presided at the latter place, while the local classes were under the eye of Principal L. C. Murphy of the High School staff.

The number who write the Entrance since there is a chance to get through on term work is so small that some of these centres could be discontinued. Thirty pupils could easily be accommodated in most any school, which is the total of these two centres this year.

Russel and Henry Captains at Raising

Nearly 175 men gathered for the barn raising last week on the farm of Harvey Burkholder on No. 7 highway, when the seven bents were rushed up in record time with no serious accidents, or incidents to report. Russel Grove and Henry Miller were the two captains, of which the Grove workers got their side up first, and were able to rush to the fine supper prepared by the ladies just a little ahead of the Miller group.

It is expected that a similar event will be held shortly when the frame will be raised on the Joe Gould farm right across from Burkholder's and which building was flattened by the same storm that demolished the Burkholder superstructure.

RED CROSS NOTES

Information has reached the Local Branch of the Red Cross Society that a Dominion-wide appeal for funds will be made in the week commencing September 25th. An exhaustive canvas will therefore be made in Stouffville and the portion of Whitchurch under the jurisdiction of the local branch at that time. In the meantime the sewing and knitting branches of the said Red Cross must depend on the voluntary donations of the citizens to carry on this very important work. So keen are the members of these branches that they have made up and knitted the material already purchased from moneys on hand, and have exhausted the supply and it has now been found necessary by the Executive to borrow \$200.00 to purchase other necessary materials in order to keep the knitting and sewing workers, going. It is pointed out by the executive that donations for the said purpose will be gladly accepted to carry on the work, until funds are obtained in the September appeal, part of which can be used for this work. The treasurer wishes to acknowledge the following donations since the last publication thereof:

Mrs. Hutchinson and Winnie \$2.00
Mrs. J. A. Heise 5.00
A Friend 2.00

WATER BY 25 MAJORITY

By a majority of 25 the ratepayers of Uxbridge declared themselves in favor of the installation of a domestic water system last week. The town has miles of mains for fire protection filled by pond water when a fire occurs, and these can be used in the domestic system. The vote taken stood, for the bylaw 179, against 154. The next step, says the Times of that town, is to obtain the consent of the Department of Municipal Affairs.

BRILLINGER--GAYMAN

In his home, the Rev. Robert Young officiated Tuesday afternoon at the wedding of Anne Luella Gayman, only daughter of Mr. and Mrs. Jos. Gayman, Stouffville, to Bruce Claude Brillinger, only son of Mr. and Mrs. Harold Brillinger, Stouffville.

The bride wore queen's blue sheer chiffon with white picture hat and corsage of red roses and gypsophyllia. Miss Eulah Brillinger the bride's only attendant wore a frock of beige flowered sheer with large white hat, and corsage of Talisman roses and bouvardia.

The groom was attended by Harry Maynard of Markham.

Following a small reception at the home of the bride's parents the happy couple left on a short motor trip to points east.

Mr. and Mrs. Orval Reynolds and family of Belleville visited over the weekend at the home of his parents Mr. and Mrs. Fred Reynolds, Stouffville.

Supply Appointed

Rev. T. Courtney Ryner of Lachene, Quebec, has been named as stated supply minister for Markham and Stouffville circuit of the Presbyterian Church, which has been without a minister since the retirement from the charge of Rev. W. H. Fuller over a year ago.

Mr. Ryner has been sent to the charge for a period of one year. Since the time of union he has been with the Presbyterian church, but prior to that he was a Congregational minister.

Storry Wins Supreme Court Appeal Over C.N.R.

The widely publicised court action of so much local interest of Edgar Storry vs. the C.N.R. has taken a more favorable turn for Mr. Storry whose action for damages was taken from a jury by Judge MacFarlane and the case dismissed against the company. Major H.A.C. Bruels, representing Storry appealed the judgment, and the case after being heard by the Supreme Court of Canada, the highest tribunal in the country, has won the appeal, and is granted a new trial. The costs of the appeal will be borne by the C.N.R.

Edgar Storry lost part of his arm, it will be remembered when a C.N.R. train passing over the crossing in Stouffville, threw Storry's car from the track and jammed him against a post.

They Honored the Dead at Dickson Hill Gathering

The annual Decoration Day service last Sunday at Dickson's Hill, was largely attended in remembrance of those who are buried in the adjoining cemetery. This burying place, under an efficient management, has been neatly kept, and took in new beauty, as friends decorated the graves. This service is eagerly looked for annually, not only as a memorial, but it affords those from afar and far an opportunity to renew acquaintance, and is a clear expression of good-will as the time of fellowship is enjoyed. The speaker on this occasion was Mr. S. H. Lockburn, pastor of the Christian church, Ringwood. In a stirring and eloquent appeal, the true realities of human existence were enumerated,

namely, life, death, God, and the human individual. A proper understanding from the heart of these facts result in a personal decision for Christ, and a readiness for whatever experience which may come. The speaker urged the hearers to secure a personal experience of salvation, stating that Jesus is the Way, the Truth and the Life. A quartette from the Stouffville M.B.C. Church rendered two musical numbers very effectively, which added to the inspiration of the service.

The liberal offering received, which will be used for the upkeep of the cemetery, was appreciated. The pastor, Rev. P. G. Lehman, was in charge of the service.

UP WENT THE ELDERLY

An aeroplane landed in town on Dominion Day and took up passengers at one cent a pound of your weight. Two of the passengers proved to be none other than Mr. Ab. Stouffer, also his sister Mrs. Jacob Roadway. Did they like it? Just ask them. The plane, a two-seater took off with Mrs. Roadway, zoomed heavenward, the lady waving to those on the ground, delighted and unafraid.

INDUCTION AT MARKHAM SECOND CHURCH

A meeting of more than ordinary interest and importance will take place this Thursday at Markham Second Baptist Church, when Mr. Stanley Medhurst will be inducted into the ministry. The ordination services begin at 4.30, the ordination sermon being preached by Rev. J. H. Peer of Galt. The evening service will begin at 7.30 when other outstanding speakers will be heard.

The Stanley will put on a free show Monday, July 15, for which the admission is paid in war stamps bought from the theatre, and which will come back to you with interest. The management of the theatre gives his house free. Read next week full details of the plan.

PASSED IN PIANO

Miss Ruth Clark, was successful in passing her grade V. piano examination with the Toronto Conservatory of Music. Ruth was a pupil of Miss Doris Baker.

COL. MULOCK, PRESIDENT

Colonel W. P. Mulock, M.P., on Saturday was elected president of the York County Veterans' Association for his ninth consecutive term at its sixteenth annual general meeting. Dan F. Cox of Toronto was re-elected to his eighth consecutive term as secretary, and James Butler, Richmond Hill, was returned as treasurer.

IMPORTANT SALE OPENS THIS SATURDAY

Carswell's big store, successors to W. H. Shaw in Stouffville, is not satisfied with the slow movement of summer goods, caused by the unprecedented wet and cool weather, and so this modern merchandising firm has planned a way to unload their big stock. A gigantic sale is the result. On Friday of this week the store will close for the day, so that the augmented staff may prepare for the big sale to open this Saturday morning and continue for two weeks.

Pages six and seven of this paper tell something of the slaughter made in prices at a time when everything is being taxed, everything going up in price. Mr. Carswell feels that one of the best ways to maintain the moral of the people is to carry on in a normal way, and while sales of this kind are few, Stouffville and district is one place to benefit from this patriotic view of this big store.
