The \$30,000 which the member of Muskoka-Ontario got from the Ontario Highways to be spent just south of Uxbridge in our township, is melting away as the expensive culverts are installed. There is still a tremendous fill to make. When completed it will be a decided improvement to the road into Uxbridge. The new road passes south of the cemetery instead of curving around from the pond and running north of the cemetery. Walt. Gould informs us that the Cemetery Commission has purchased the field between the new road and the cemetery from the Hamilton farm, so that the grounds will still be on the highway. The cemetery will ultimately have new gates facing out to the south onto the new road.
