

TOWN TOPICS

Mrs. Delbert Holden was a guest at the Jackson-Coulter wedding in Toronto last Saturday.

Mrs. James Oldham of Mt. Albert who suffered a fractured hip some weeks ago, is now in the Brierbush Hospital and is doing as well as can be hoped for. Mrs. Oldham is the mother of Mrs. S. S. Ball.

The Tribune, representatives for the Remington Rand Typewriter, is offering several used machines for sale, at attractive prices. Underwood and Remington make. If you wish, you may try one of these machines. They are guaranteed the same as any new typewriter.

An entomologist says that a female housefly may lay 2,700 eggs in a three-months lifetime, and may be a great-grandmother in two months. It surely pays to swat these females, for in doing so you will be swatting thousands of grandchildren at one swat.

Alex and Bobby Fong who left their home here when their brother Harry closed out his restaurant business in the Silvester Block, are understood to have taken permanent jobs in the fruit market at the corner of Dundas and Bloor Streets in Toronto.

Markham Township is certainly turning out some sturdy stock these days, at least this is maintained by our local trucker Ab. Lehman. Having loaded on a calf at the farm of George Kerswell, 4th concession one day recently, Ab. set out for the Toronto stock yards never thinking for a minute but that his prize beef was securely fenced in the rear of the truck. However on reaching the city pens he was startled to find the calf had vanished. Not knowing whether the animal had been miraculously "hooked" from his truck he retraced his track out of the city and on the 4th line only about two farms from where he had set out found the missing baby beef none the worse for its dare-devil leap over the rack of the truck.

The usual big crowd is expected to attend Markham Fair this weekend.

Mr. Mat. Bell who was formerly on the Bank of Commerce staff here and received a permanent managership this year at King, is relieving in the Unionville branch.

Having undergone a tonsil operation at the Western Hospital, Toronto, last week, Mrs. Frank Baker is home again, and is steadily recovering from the ordeal.

We are sorry to learn that Mr. Bruce Dalton of Oshawa, while at his work, met with a bad accident, and was rushed to the hospital. We are glad to learn that he is doing nicely. Bruce is son of Mr. and Mrs. D. W. Dalton, formerly of Stouffville.

On Wednesday of last week Mr. and Mrs. Morley Barker attended one of Niagara Falls' fashionable weddings when Dr. Kenneth Shultis (nephew of Mrs. Barker) and Miss Dahlia Ainlay were united in wedlock. The ceremony was performed by Rev. George Douglas at Drummond Hill Presbyterian Church, in the presence of many guests. Mr. and Mrs. Barker attended the reception and luncheon later held at the General Brock Hotel in the room where the King and Queen of our Empire were dined during their visit to the Falls.

Mrs. John Hoover now a resident of Woodbridge, has been visiting her sister Mrs. Watson on the 10th of Markham and other friends in this locality. Born on the farm south of Goodwood on the 3rd concession, Mrs. Hoover had lived in the district and in Pickering just below Stouffville nearly all her long life of 85 years, and her husband was widely known in the district. It is interesting to note that Mrs. Hoover will mark her 85th birthday this week, and she possesses all her faculties, plus her friendly smile which the years have failed to dim. Mrs. Hoover is living alone in Woodbridge just now while her only son Ed. is employed at Beeton.

Mr. and Mrs. Al. Greenwood have been on a short holiday in the Sudbury district. Mr. Greenwood is town cop, and owner of the east end store.

The local horseman George Watson was called to Beaverton last Saturday where he officiated as one of the judges at the Beaverton fair, in the light horse class. In addition to a good show of animals, two harness races were run off, a 2.18 and 2.30 class.

Harvest Home service was recognized in Christ Church (Anglican) on Sunday afternoon, the occasion being marked by an increased attendance and a guest speaker, Rev. W. E. Kibblewaite. The building was artistically decorated with the bounties of the harvest, all of which symbolised plenty.

Rev. L. E. Atkinson, and Messrs. Hugh Bannerman and Gordon Bailey joined the members of the Toronto Bird Club last Saturday for a hike along the shores of Lake Ontario. They were introduced to several species of the feathered world with which they were not familiar, and declare the autumn afternoon was wonderfully spent, enjoyable and instructive.

Mrs. M. E. Watt's residence, corner of Main and Clark streets, has been rented by Mr. and Mrs. Thomas Forsyth of Toronto who are now getting settled in their new home. Mr. Forsyth was born on the 2nd of Uxbridge, a member of the well known Eleazer Forsyth family. The new residents will be heartily welcome here where they will find the old town a friendly place to live.

Mrs. Israel Shell has returned to her home at Stayner after spending a few weeks with her sister Mrs. Elijah Lageer, Church street, who returned with Mrs. Shell to visit in Stayner and Washago. Many years ago, before the death of her husband the Shell's farmed near Bethesda, and one of the boyhood friends of the late Mr. Shell was our Ezra Clubine. Thus it was that no one could say their names (Ezra and Israel) ten times hurriedly without fumbling.

Mr. Vernon Cressman of Kitchener, son of the late Rev. S. Cressman, M.B.C. pastor at Stouffville, was struck down by a hit and run motorist on Saturday night in his home city. He suffered a broken leg, and possible skull fracture, and was severely shaken up. Mr. Cressman had made frequent visits to Stouffville during the lifetime of his parents here. He has for long years been identified with a prominent fire insurance company in Kitchener.

A shipment of De-Forest-Crosley radios are now being displayed at L. E. O'Neil's furniture store. These machines embody the latest features and finest tones yet developed by radio technicians. It is interesting to see the newest and you are invited to call and not only see but hear these marvelous radios.

There is a bylaw somewhere in the archives at the council chambers which forbids riding bicycles on the sidewalks, but it would seem that too many boys do not know of its existence. Some of them are bold enough to ring the bell to warn people to get out of the way, then whizz by at a lively clip. One evening last week a lad collided with a woman, knocked her hat off and shook her up generally. We have called attention to the bylaw on previous occasions, and unless more care is taken, the cop will have to step into the breach and enforce the law that is now being winked at. Certainly fast riding should not be tolerated, and when there is not room to pass safely, cyclists should dismount or rid off onto the side. It would seem to be the duty of parents to caution their sons who have wheels to be careful and so acquaint them with the fact they have second place to pedestrians on the walks of the village. Otherwise the privilege may be cancelled, and the cop may be instructed to clamp down on riders using the walks for wheeling.

The Women's Missionary Society of St. James Presbyterian Church, will hold their fall thanksgiving meeting, in the Church on Tuesday, Oct. 8th, at 2.30 p.m. The pastor, Rev. T. D. Rayner will be the guest speaker. All the ladies are cordially invited to attend this meeting.

Miss M. Valentine has sold her house on Victoria Street to Mr. C. Thomas of Toronto, son-in-law of Mr. Ed. Stouffer who lives in the neighborhood, and who will occupy the house just purchased. Miss Valentine vacated the property on Monday, and expects to go to Toronto to locate.

The October meeting of the village council will be held on October 7th. At that time the question of two year election terms should have the attention of the council. If the members decided to reject the idea of submitting the question to a vote of the ratepayers, there would then be the chance for the ratepayers to force the hand of council by submitting a petition, which if signed by five per cent of the voters, would demand a vote on the question. However, it is possible that the council will submit the issue without any formal demand.

Two sons of Mr. G.R.W. Thomas, of this town, have offered their services for the army. Jim, youngest son has applied for admission to the air force branch of the service, while Alfred Thomas has passed all examinations necessary for acceptance, to the air force and expects to be called for training within a very short time. Under the call for training of 21-year-olds Jim Thomas was found medically unfit, but not undaunted he applied to the air force where his particular disability was not an impediment, and we understand, will be accepted shortly for training.

Mr. Carl Boadway, Shell Oil Station proprietor, is looking for a man who proved to be an imposter, when he passed a worthless cheque for gasoline and oil, and secured some change from the \$5 cheque in cash. Presenting himself to be working for a bond house on Bay street, the "fraud" put over his story and got away with it. Mr. Boadway on finding the worthless cheque refused by the Whitby Bank on which it was drawn, investigated to find that the cheque artist is a complete fraud, and it would appear had worked the trick before. The warning now is that business places should positively refuse any cheques not proven to be good if presented by strangers. This information and experience of the Shell Station may prove invaluable to other business places who care to profit by the experience. Toronto and County police are being notified to pick-up the cheque artist.

"I think many farmers are making a mistake refusing to stack their grain, during an uncertain season like this one, and as a result thousands of bushels of barley, oats and wheat are ruined," so declared an old and successful tiller of the soil to this paper on Saturday. He continued by pointing out that some farmers have made no effort to save the crop, after toiling over it all year. Hauling direct from the field to the threshing machine is all very nice, but anyone could see that this was a hazardous way to do this year.

Of course this old critic admitted that some farmers really could not save all their crops, but he knew of some who just left everything to chance, and have a monument of waste where a few weeks ago grain was seen.

A lot of the trouble was due to farmers waiting their turn for the threshers, and while their barns may have been full, they chanced what stood out in the fields.

Notwithstanding the fact there is quite a considerable loss in the Stouffville area, with much grain but, the great majority of farmers have completed harvest. Some grain threshed is considered useless, and is being dried on barn floors in the hope it may be fit for feed of some kind.

SUGARED Schumacher Feed

Here's a grand, general utility feed to help get extra profits from every animal on the farm. For fitting young heifers for calving, for rebuilding dry stock, for conditioning dairy herds for heavy production, or for beef cattle and swine for market. Sugared Schumacher Feed is an excellent, palatable, carbohydrate feed that fits into any system of feeding.

STOUFFVILLE

ONTARIO

CHANGES POLICE BLUE FOR R.C.A.F. BLUE

Constable Stanley Burkholder, son of Orville Burkholder employed at the Stover Bakery in Stouffville is one more member of the Toronto police force to join the Royal Canadian Air Force. The men of Keele street station last week presented him with a gold watch on the eve of his departure for Ottawa to take up new duties. Constable Burkholder is married and has one son. For years he was attached to Cowan Avenue and Keele Street divisions, and lately was a despatcher on a police radio car.

Coming to the Stanley Theatre on October 3, 4, 5—Return engagement of five smash hits, all in color: Walt Disney's "Snow White", "Ferdinand the Bull", "Three Little Pigs", "The Ugly Duckling" and "Donald's Lucky Day". One big show at

TRACTOR SHOW HERE TO-DAY AT 2 P.M.

This Thursday afternoon at 2 p.m. there will be a plowing demonstration in Stouffville with the popular Cockshutt '60' stream-lined tractor operating Cockshutt No. 33 tiller combine, new H. C. 2-furrow tractor and plow, and new No. 6 tractor disc harrow.

All this will be most interesting and instructive. It does not matter whether you intend to buy, every farmer is invited to see what those outfits can do on the land. Bell & Son, local agents at Stouffville, anticipate a few hundred farmers will take advantage of this miniature fair to see machines in operation that have not before been demonstrated here.

Mrs. Jos. Borinsky, Mrs. H. Brillinger, Mrs. D. Woodburn, and Mrs. Nolan are in Toronto this week for the Grand Chapter meetings of the Eastern Star.

the regular price of admission. Saturday Matinee at 2.30, 15c and 25c.
