NO ELECTION IN MARKHAM
 No election on Markham Village Council is re-elected by acclamation headed by Reeve O. B. Heise.

MAKE SURE YOU POLL YOUR VOTE
Re-Elect EARL TOOLE
 As Reeve of Whitchurch Twp.
 Under his leadership the township tax rate has steadily declined, while the municipality enjoys the best roads in its history.
 His record in county council is unique, with more money coming back into the township in 1939 and 1940 than was paid in county taxation.
Vote to Continue this Good Work

5TH UXBRIDGE

Mr. and Mrs. C. Jones and Lorna spent Thursday in Toronto.
 Mr. and Mrs. Alvin Redshaw spent Christmas at Geo. Redshaw's, 4th Line.

Dopking, Mr. Bud Norton and Miss Edna Taylor, Messrs. Douglas and Jim Norton, all of Claremont and Mr. Moses Norton of the 4th line.

NEWTON RAE GIVES BATTLE IN WHITCHURCH

(Continued from page one)
 and on the balance the township received the customary road subsidy. Mr. Cook said it was the problem of Hoover & Roberts who had his pit leased. It was this firm who put the proposition to the council, and we thought it a good one. The place had to be fixed owing to the fill on the 8th raising the road up very high as compared to the sidewalk. It was no personal benefit to me," Mr. Cook declared. Someone in the audience questioned whether or not all the costs were included in that bill.

The Deputy Reeve said he had no thought of stepping up this year since Reeve Toole was in line for the wardenship in 1942, and said "we want that honor to come to Whitchurch since we have not had a warden since 1907."

Councillor George Leary emphasized that despite the purchase of a grader and 6,000 feet of snow fencing, council could show a surplus the last two years. This year, too, a sum of \$1080 was spent for more fencing and two plows were purchased and paid for. Had that grader been bought today instead of when we made the purchase it would cost \$2,000 more, he said.

"This is my 21st nomination," said Councillor Kidd in thanking the ratepayers for another term. He admitted that snow removal cost a lot of money, but the people wanted it. There are no horses for the roads these days. Referring to the Old Age Pension Board for York county of which he is the chairman, Mr. Kidd admitted there had been abuses of the Act but notwithstanding it is one of the finest things on the statute books. 50 applications per month are dealt with. Not all are accepted and those that pass, are about balanced off by deaths.

Here are the number of old age pensioners in some of the municipalities: Aurora 69, E. Gwillimbury 80, E. York 322, Etobicoke 202, Richmond Hill 32, Georgina 66, King township 100, Markham twp. 115, Whitchurch 68, Vaughan 93, Stouffville 43, Markham village 39, Leaside 12, King Township 100, Newmarket 126, Scarboro 206, York with a third of the total county population 838, and the Industrial Home 30. Grand total receiving pensions 3,039, not all receiving full \$20.
 Councillor Herb. Wells said road foremen should see to it that shoulders are kept down in the road, that more roads would be widened. There should be 2 or 3 miles done each year, he declared.

The Clerk reminded the ratepayers there would be a vote polled on the two year term for council. Is council in favor of two year terms, shouted some one in the audience. "No," said Councillor Kidd.

NOMINATIONS
 For Reeve
 C. E. Toole, nominated by Jas. Hope and Joshua Stickwood; Newton Rae, by Don. Hall and John Gibbons.
 For Deputy Reeve
 Jess Cook, by W. D. Hall and Wm. E. Simpson.
 For Council
 George H. Leary, by Ross Keffer and Archie Monkman;
 Herman Kidd, by J. J. Empringham and George Anthony.
 Herbert Wells, by Ross Harper and Walter Taylor.

TOWNSHIP OF WHITCHURCH

Newton Rae
 As Reeve

TOWNSHIP OF WHITCHURCH
 Ladies and Gentlemen
 Your vote and influence to re-elect
Fred J. Middleton
 As Councillor for 1940
 Seven years a servant of the Twp., and a loyal subject of the King and for a progressive council
 Voting Monday, Jan. 6, 1941

TOWNSHIP OF UXBRIDGE
 Ladies and Gentlemen:
 Having served you faithfully and loyally for the past four years as one of your councillors, I again solicit a continuance of your confidence—vote and work to re-elect me as councillor for 1941. I assure you that I will continue to serve you to the best interests of the township.
 Wishing you all a prosperous and happy new year.
 Your obedient servant,
 Walter T. Beach

TOWNSHIP OF PICKERING
RE-ELECT
Heber Down
as Deputy-Reeve
HE IS A PRACTICAL FARMER
Five Years as Councillor One Year as Deputy
Experience Counts

TO THE RATEPAYERS OF PICKERING TOWNSHIP
 A meeting of the ratepayer's of Pickering Township was held at Brougham, on Monday, Dec. 30th, 1940.
 The purpose of this meeting was to nominate candidates for the office of Reeve, Deputy-Reeve and three Councillors. Having been nominated for Councillor, I am a candidate for that office.
 I have served you for the past three years and now solicit your vote and influence for re-election for the office of councillor for the year 1941. If I am re-elected I will again deal with matters pertaining to the Township to the best of my ability and without fear or favor.
 My ancestors settled in the County of Ontario about the year 1781 and I was born and have lived ever since on the farm which I now operate and so have the interest of the Township of Pickering and the County of Ontario at heart.
 Thanking you for the confidence you have placed in me in the past, I remain,
 Yours faithfully,
BLAKE ANNIS

Mixed Chicks

Pullets Cockerels

Hybrids and Straight Varieties

Now is the Time to Order Your

CHICKS-SEILING "BABY" and "STARTED" CHICKS

to Insure Satisfactory Dates

ONE OF THESE VARIETIES WILL EXACTLY MEET YOUR REQUIREMENTS

SUSSEX X HAMPSHIRE (hybrids) The most outstanding general purpose fowl today. Very hardy and beautiful. They lay like Leghorns and with none of the attending winter mortality. Cockerels weigh up to 10 lbs. at maturity, hens from 7 to 8 pounds.

ROCK X HAMPSHIRE (hybrid) A variety popular in this section since hybridizing became popular, because of their vigor, high production of large eggs, and splendid meat qualities; Cockerels weigh up to 9 lbs. at maturity, hens 7 to 8 pounds.

HAMPSHIRE X ROCKS (hybrids) A cross which gives you black fowl with gold lacing, very high egg production and a good market fowl. Like all other hybrid fowl they are usually hardy and vigorous.

LEGHORN X HAMPSHIRE (hybrids) A uniting of these two varieties gives you in a vivid form these characteristics: Fast feathering and growth in the young stock followed by machine-like production in laying pen of the very largest eggs within a minimum of laying pen mortality

MINORCA X HAMPSHIRE (hybrids) A business hen with the stamina and body weight to carry on; very prolific producers; snow white with an occasional black feather; eggs white and large; weigh 1-1½ pounds more than average Leghorns.

NEW HAMPSHIRE SEILINGS are Canada's largest breeders of this breed, having started years ago with genuine CHRISTIE STOCK. Unlike some strains Sellings Hamps are good market fowl; Our check pen of Hamps last year laid 70 per cent for months.

BARRED ROCKS. An old reliable variety, doubly reliable when produced by Sellings. Seiling Rocks are outstanding in the laying pen, in the show, or on the butcher's block.

WHITE LEGHORNS A flock of well reared Seiling Leghorn Pullets are the most beautiful sight to be seen in any farm yard. In the pen they will give you as many and as large eggs as any strain in Canada, bar none.

YOUR GUARANTEE. We guarantee 100 per cent live delivery and chicks to be satisfactory on arrival; 90 per cent accuracy in sexing; your count at 21 days of age on top grade chicks; all adjustments made in cash without red-tape or argument

SERVICE. We will pay all transportation charges to your door, or "start" them if you so desire; Dr. Phillips of the Ontario Veterinary College available in case of trouble, at no cost to the customer.

Why Quaker Feeds are the best Money can buy

Realising that feeds play a major important part in your net profits, the Quaker Oat Company, makers of Quaker Feeds and the largest cereal millers in the British Empire, have maintained for years highly scientific laboratories and modern experimental farms. The sole purpose of these proving grounds is to produce the most efficient feeds available per dollar spent. These modern experimental farms are always with one thought in mind, to produce the best feeds money can buy.
