

TOWN TOPICS

Mr. John Button, M.D., spent the weekend with his parents here, Mr. and Mrs. E. A. Button.

Miss Doreen Sherman of Toronto was a weekend visitor here with Miss Mae Mowder.

Miss Eulah Brillinger, employed at the Jas. Goodall Co. Office here, has been off work for a few days suffering with the flu, which is very prevalent in town.

An important campaign to boost the sale of war saving stamps is underway and will shortly be advertised. Are you buying as many stamps as you can?

Friends of Miss Mildred Burkitt, who last week became the bride of Mr. Don Fraser of Belleville, gathered at the home of Miss Mae Mowder on Monday evening, where this popular local bride was tendered a miscellaneous shower of lovely gifts.

The members of the Toronto East Presbytery of the United Church are holding a skating party in the Arena here this Thursday evening. Lunch will be served after the skate and many young people from other circuits are expected to enjoy the event.

Householders have their water bills which they are expected to pay by January 20. For a single tap the rate for six months to July 1st is only one dollar, or two dollars for those with bathroom and lawn tap service. The rates are so low that there is little excuse for anyone not making prompt payment. Let us all pay promptly and make a one hundred per cent collection for the town with the cheapest rates in all Ontario.

Mr. and Mrs. J. R. Barkey, Maple Villa, West end, left on Monday morning for a trip to Vancouver and Victoria. If they like the coastal town, it is their intention to remain in Victoria for a few weeks or longer. It has been their custom to travel to the southern states, but that is not convenient in war days, so the Barkeys will try a section of country which they are visiting for the first time.

Mrs. Clark of Omeme has been in town visiting with her mother, Mrs. Thos. Klack on O'Brien Ave.

Mr. Allen McConnochie of the local post office staff has been absent from his position for several days, suffering from the flu.

Jack McIntyre, is open to buy a colony house to accommodate about 200 chicks. If you have one to sell, get in touch with him at once, phone 8510.

E. A. Grubin, R.O., Optometrist and Optician, will be at his office in Stouffville on Monday, January 29th.

Miss Jean Collard has secured an extended leave from the Canadian Bank of Commerce staff, and intends to build up her health in the interval.

Relief will be hard to get this winter from the municipality in which you live. Every odd job should be eagerly snapped up by those out of work, and there seems to be quite a few jobs too.

There's a fellow in Markham who doesn't know whether he likes his Christmas present or not. It was a five dollar box of cigars from a friend in the U.S.A.—and it cost him \$10.92 tax and duty to get it out of customs.

Miss Jean Talbot, daughter of Mr. and Mrs. Walter Talbot underwent an operation for appendicitis at the York County Hospital, Newmarket, on Sunday, and is reported to be in a favorable condition, although this former school student of Stouffville was said to be rather in a weakened condition when she entered the hospital.

Those who had their houses insulated in town last fall, are now amazed with the difference it has made. Really cold houses are comfortable while a saving in coal is recorded. Testimonies given The Tribune who through its advertising columns solicited work for the Pneumatic Insulating Co., are available to any interested parties.

Messrs. H. E. Tyrer and H. C. Pennock were among the weekend guests at the country home of Mr. and Mrs. William Dean, Thornhill.

Mr. D. V. Roberts of the Bank of Commerce staff is relieving the teller of the Thornhill branch for three weeks.

Former Clerk J. S. Dougherty is making better recovery that was even hoped for a week or so ago, and is now able to be up a little each day.

Mrs. Jacob Heise has taken an apartment on Avenue Road and will spend the winter in Toronto with her daughter Miss Enna who is on the staff of the Toronto Children's Aid Society.

Skating at the Arena one night last week—Don Cadieux and Clarence Spang met with a head-on collision at top speed. Both boys were completely knocked out for a time, Don Cadieux suffering a severe cut above the eye which necessitated a couple of stitches.

The War Branch last Friday sent away for the soldiers and refugees 140 pairs of socks, 19 sweaters, 7 pairs wristlets, 3 B. caps, 12 large quilts, 4 small quilts and 23 articles of clothing. Sweaters and socks were given boys who have enlisted.

That was very thoughtful of Mrs. Neal to send this paper a few lines from Wellandport telling of that ground hog, which will be read with great interest by not only all the friends of the Neals but everybody else. In fact Andy Clark may see some interest in that item for his Neighboring News Sunday morning broadcast. Last Sunday he repeated our story about the farmer at Gormley digging potatoes in January and eating them. Gormley seems to be particularly in the limelight when it comes to these choice "morsels of news."

You've heard of stories about the world-wide travels of dollar bills, coins and stamps, etc, and this week a similar instance was revealed by Ross Ravis local tobacconist. "Shine" while serving in the Canadian Army during the last World War received in England a tin box from Scotland filled with tasty shortbread. In 1919 Ross brought home with a number of other war curios, the tin box and it has remained in his possession ever since. One day this week George Stewart of Stouffville stepped into the Davis establishment where he enquired if the proprietor had a container which would be suitable for sending a treat overseas for a friend in the army. The twenty-five-year-old tin box was wheeled out at once, still arrayed in its original heather paper covering and is again on its way across the pond with a bit of cheer to one of the boys "over there."

Niece of Rev. and Mrs. Lee and Mr. and Mrs. Nathan Forsyth, Mary Elizabeth Beynon was laid to rest in Aurora cemetery last week the funeral being attended from here by relatives. Deceased died at the home of her daughter Mrs. W. A. Sambrook in Aurora. Mrs. Beynon, whose maiden name was Mary Elizabeth Legge, was born at Oak Ridges. After marriage to the late W. T. Beynon she resided on the farm on the second concession of King until the death of her husband. Thirteen years ago she came to reside with her daughter in Aurora. Deceased was a member of St. John's Church, Oak Ridges and was a charter member of the Woman's Auxiliary of that church. She took an active interest in the church work.

Surviving her are one son Maurice of Temperanceville and one daughter, Mrs. Sambrook. The funeral service was held at St. John's Church conducted by Rev. E.W.G. Worrall, rector of St. John's. He was assisted by Rev. Mr. Wrixon a former rector and Rev. R. D. Beynon of Thornton. The pall bearers were three nephews, Robt. Legge, Kelley Beynon, Morley Beynon and John Chatterley, Geo. Phillips and John Gowan.

JOINS THE SERVICE

James B. Butterill, mathematics teacher at Lawrence Park Collegiate, and teacher in Markham High School up until a few years ago, who leaves this week to take up a commission in the RCOC. Mr. Butterill was very popular with the local students during his sojourn in Markham and while there handled all the athletic endeavors of the school.

Found—Sum of money on Church street. Apply Clayt. Baker.

Guests of Mrs. A. Leaney on Sunday were, Mr. and Mrs. William Carlson of Oshawa and Miss Helen Carlson, R.N., on the staff of the Ontario Hospital, Whitby.

Mr. Delos Morris made a weekend visit to the old home section from his Rochester, Michigan abode. He states that farm prices are much the same in his section as those prevailing in Ontario.

Earl Clendenning, son of Mr. Harvey Clendenning of Ringwood, and a member of the Royal Mounties stationed at St. Walburg, Sask., has recently been transferred to North Battleford, Sask., where he is at present on duty. A copy of The Tribune reaches him each week, at this far-off post and thereby he keeps in touch with the lads and lassies of his more youthful days.

Markham Juniors apparently were trying to emulate the Leaf-American game of Saturday night when they walloped Sutton Juniors 13-0 on Monday night. Despite the fact that they were short their ace defenseman "Ike" Harper, Markham had no trouble in handling the northerners. The Markham outfit will face Aurora again this Friday night which promise to be quite a battle, being tied up in their race for the top rung of the league.

Owing to the fact that so many demands are being made on the public purse the Lions Club feels very hesitant to come into the field for funds at the present time, but it realizes that it cannot hope to continue its work of financing eye and tonsil cases without public support. The very nature of this work makes publicity undesirable, but the Lions can assure the community that they are taking care of such cases regularly. In order to maintain the money for this work a Carnival is being put on at the Arena on Feb. 5, of which you will hear much more next week.

Several hundred people took advantage of the annual week of prayer participated in last week by the Baptist, Presbyterian, Mennonite, Christian and United churches of this town. Services were held in each church turn about, with the minister of each church taking the service in a neighboring church. On Thursday evening at the Presbyterian church a collection of over \$30 was lifted for the Telegram War Victims' Fund and again on Friday night at the United church \$50 was raised; all of which will be donated to the fund after a few incidental expenses are paid. The addresses this year were said to be particularly forceful and worthy of the great cause for which these churches strive.

Schumacher Feed

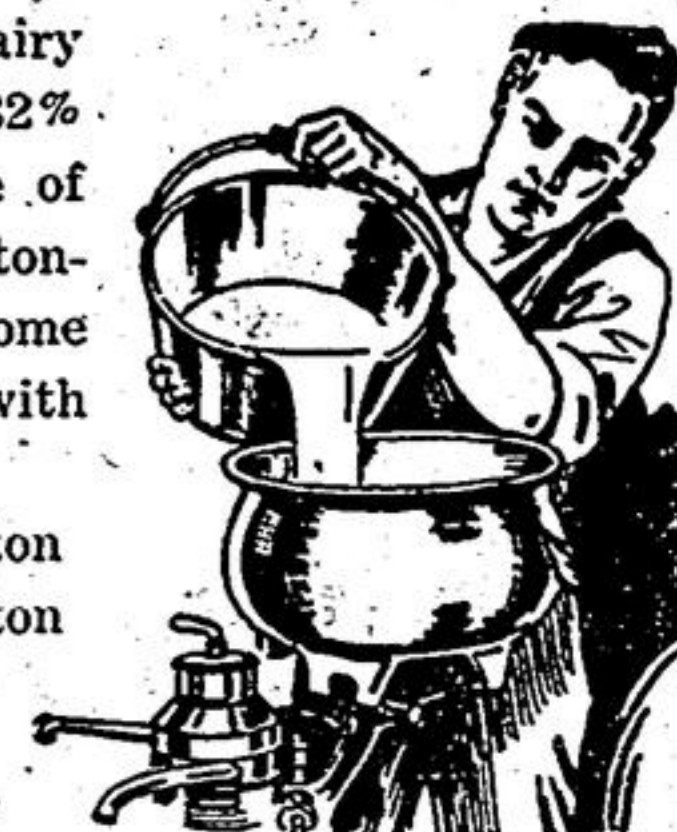

For Hogs and Steers use Schumacher Feed either alone or with your own grain. Made from Western grain products. Feed along with oilcake, Cottonseed, it has far better value than local grains. Schumacher feed is your best all-round feed supplement. The price is still \$33.00 per ton subject to raise without notice.

We recommend for Dairy Cows our 24% Milk-O and 32% Milk-O Dairy Feeds—made of oilcake, soy bean oil meal, cottonseed gluten. It is all wholesome feed and it is well fortified with essential minerals.

Milk-O 24% is \$40.00 per ton
Milk-O 32% is \$43.00 per ton

"Bell Cow" Bran

COULD IT BE A ROMANCE ?

Two aged patients at the Brierbush hospital, Mr. Obijah Jones over 80 years, and Mrs. Honsberger over 75, were able to visit each other one day last week. Away back when Mrs. Honsberger was Miss Annie Reesor and Mr. Jones was a budding young farmer, the two were very fond of each other, and had not fate intervened they would have been man and wife. At that times Mr. Jones lived at his parental home near Altona and Miss Reesor resided on the 7th near No. 7 highway. She is now a widow and he is a widower, and despite their great age, it is no denying the fact that Obijah's face was illuminated when his former girl of over half a century ago, was carried into his room to pay a visit. Many strange things come about, and surely this is one of them.
