**ACE OF TWO WARS**

Air Commodore Raymond Collishaw, Canada's second ranking world war ace of the skies is again striking stark fear into the hearts of enemy airmen. The comparatively youthful hero of two wars and his bands of fighting pilots are playing a major role in the complete rout of the Italian land and air forces in the desert campaign that started at Sidi Barrani in Egypt.

**Ninth Ballot Before  
Ontario Warden  
Elected**

The keenest contest in many years resulted in the election of John A. MacDonald, reeve of Mara township, as the warden of Ontario county for 1941. Nine ballots were taken at the opening session of County Council before the new warden triumphed over Reeve Wm. Reesor of Pickering by a vote of fifteen to eleven. Balloting took up most of the afternoon.

Also nominated for warden were Reeve Oscar Downey, Whitby Township, and Reeve Irwin T. Ormiston, East Whitby. Excitement, mingled with snatches of humour, mounted throughout the contest and reached a climax when County Clerk R. Donald Ruddy's suggestion of a ten-minute adjournment was passed by Council after the fourth, fifth, and sixth ballots had produced identical results—MacDonald 10, Ormiston 8, and Reesor 8.

With all four nominees running on the first ballot, Reeve Downey garnered two votes, MacDonald ten,

with Ormiston and Reesor tied at six apiece and Downey trailing with four. Third balloting dropped Reeve Downey and the fourth, fifth, and sixth resulted in duplicates with no contestant obtaining the fourteen votes necessary for office.

"I've heard of Councils some years ago taking weeks to elect a warden. It seems as if we're going back to the old days," commented County Clerk Ruddy amidst laughter. The ten minute adjournment brought no change on the seventh ballot. Reesor and MacDonald moved into a tie, on the ninth with nine votes apiece, resulting in the elimination of Reeve Ormiston who trailed with eight.

Supporters of Reeve Ormiston then split their vote on the last ballot, with the majority count going to Reeve MacDonald who was thereupon declared warden for 1941 amidst applause and congratulations of his erstwhile opponents.

**URGENT CRY FROM  
ENGLAND FOR MITTS**

The urgent cry comes from England for as many wollen mitts as the women of Canada can send. Mrs. Wallace Campbell, national chairman of the Women's War Work Committee of the Canadian Red Cross Society, reported yesterday.

Two-way mitts, whole mitts and rifle mitts, directions for which are found in the Red Cross knitting book, are needed in large quantities, the Chairman said. Rifle mitts are made in khaki wool only, but navy blue, grey, khaki or air force blue wool may be used for whole mitts and two-way mitts.

Shortage of mitts in Britain is due to the fact that huge quantities of these articles are being handed out at eastern Canadian ports by the Canadian Red Cross to men of the British Navy who arrive in desperate need of clothing. In this connection

Mr. Fred Jones visited his father last week.

**"THE TASK WILL BE GREATER IN 1941  
THAN IT HAS BEEN IN 1940**

**... it is going to demand more effort,  
more sacrifice and far more change  
in our daily lives ..."**

**RT. HON. W. L. MACKENZIE KING**  
(NEW YEAR'S EVE, 1940)

**A**LREADY the pattern and pace of life in Canada have undergone a profound change. Gaps in employment are rapidly filling up. Some 350,000 Canadians who were unemployed before the outbreak of war are now employed. Another 200,000 are with our armed forces. Factories, which until recently were turning out goods for civilian consumption, have been transformed into humming arsenals, pouring out instruments of war. Night and day shifts have become the rule rather than the exception. But the peak of effort is not yet in sight.

In 1941 still more factories will switch to war production... new plants will be established, thousands more will be employed. This rising tide of activity must continue until we reach the flood of effort when every Canadian will be employed and working to his utmost, every possible square inch of plant will be utilized, every wheel will be whirring in the race we are waging against time and the enemy.

More men are working... working longer hours... making more munitions... earning more money... producing more goods... putting more money into circulation. Most Canadians are sharing in this increased national wealth—have extra dollars in their pockets.

The effort the Prime Minister calls for is gaining momentum, but many Canadians, as individuals, have not yet felt the real pinch of sacrifice.

Canadians of all classes are sharing tax burdens, but it must be admitted that up to date the larger part of the money needed for Canada's war effort has come from business firms and individuals with large incomes. They are paying high taxes. They have already invested heavily in War Loan Bonds.

**This is not enough.** The plain truth is that Canada's rapidly expanding production for war purposes will require increasing sums of money. That is why the Prime Minister warned Canadians in his New Year's broadcast that the year ahead demands more effort and more sacrifice.

Every man, woman and child is asked to lend. Every dollar you lend will help to put another man in a job... making more munitions. Every dollar you lend may save a soldier's life... help to shorten the war. Small wage earners must carry their share of the burden, too.

No one need go without necessities, but you are urged to forego the purchase of unnecessary articles... however small the cost... no matter how well you are able to pay for them... which take labour and material away from the great task of providing goods needed to win the war.

This is your war. Everything you have... everything you believe in... is now at stake. This is a message to you... a challenge to every Canadian... a call to the colours... a call for volunteers.

Be sure to make provision to pay your Income Tax—payment is made easier by the new instalment plan. But be prepared to do more—budget your earnings to make sure that you will have money available to buy War Savings Certificates and to subscribe for War Loan Bonds. You will help Canada—you will help yourself.
