OSCAR BURKHOLDER Breslau, Ontario

IN MEMORIAM

Brown—In loving memory of Shirley Lorraine, dearly beloved daughter of Clarence and Margaret Brown, who passed away April 16th, 1936.

Deep in our hearts lies a picture Of a loved one laid to rest; In memory's frame we shall keep it, Because she was one of the best.

Sadly missed by Mamma and Daddy.

IN MEMORIAM

Jones—In loving memory of our dear father, William H. Jones, who passed away, at Claremont, April 14, 1936.

One beautiful morn at opening of day A voice was calling that seemed to say,

Ye that are weary, come and rest, Lay down your head upon my breast, Come follow me and I will guide Thy footsteps to the Jordan side; Our father heard the sweet command, And gently took the Saviour's hand.

Ever remembered—Family.

Build Bigger Broiler Profits!

Ful-O-Pep Broiler Mash helps get top-quality well-meated birds at low feed cost!

● Raising broilers the Ful-O-Pep Way means bigger profits for the feeder. From day-old chicks until broiler size, through 9 to 10 weeks of brooding, Ful-O-Pep Broiler Mash meets the nutritive needs of the chicks.

It is high in oatmeal content. That is why it develops big, uniform broilers that are well fleshed, well feathered and command attractive prices.

Use Ful-O-Pep Broiler Mash this year and feed it the Ful-O-Pep Way. It grows premium birds at low cost.

FUL-O-PEP BROILER MASH

FOR SALE AND RECOMMENDED BY

STIVER BROS.

Authorized Quaker Feed Dealer

Stouffville, Ontario

Quality or Price or Both

Many people are inclined to feel that the low costs of SHUR-GAIN feeds are made possible through the use of inferior ingredients, rather than through the superior manufacturer to consumer marketing methods employed. True, impractical features and trick ingredients are avoided. But! there are no products made higher in quality or under more rigid inspection than SHUR-GAIN Feeds. Ontario's largest producer of baby chick, once sceptical now makes this assertion. "I felt that at the price SHUR-GAIN Breeders mashes and Starters could not be of high quality. However we have now found that eggs from flocks on SHUR-GAIN Breeders mash produced not only more hatchable eggs but also chicks of higher quality also that results from SHUR-GAIN starters equalled those of higher priced feeds available. Needless to say we are recommending SHUR-GAIN now to our flock owners and chick customers."
