IN MEMORIAM

DeRusha — In loving memory of Corporal Ross DeRusha of the 2nd Batt. formerly of the 116th Batt. killed in action in France, Sept. 27, 1918.

In France softly sleeping, Where the flowers gently wave. Lies the one I loved so dearly. The one I could not save. Deep in the heart lies a picture More precious than silver or gold. It's a picture of you dear brother Whose memory will never grow old. Ever remembered by, Mrs. Walter Hardy.

IN MEMORIAM

Taun — In loving memory of our brother Percy who left us so suddenly four years ago, Sept. 28, 1937. Remembrance is a golden chain. Death tries to break, but all in vain; To have, to love, and then to part, Is the greatest sorrow of one's heart. The years may wipe out many things, But this they wipe out never — The memory of those happy days When we were all together. — Ever remembered by, Lois, Harvey, Bert, and Nita.

IN MEMORIAM

Storry — In fond and loving memory of a dear wife and mother, Mrs. E.A. Storry, who passed away Sept. 23, 1938.

In all the world we shall not find A heart so wonderfully kind, So soft a voice, so sweet a smile, An inspiration so worth while, A sympathy so sure, so deep, A love so beautiful to keep. Ever remembered, Husband and Family

The Ful-O-Pep Plan Helps Poultrymen Save up to 30% to 50% on COST OF FEEDING NEW PULLETS

Some have asked why a commercial feed manufacturer advocates a plan of restricted feeding. The answer is simple. By advocating this basic principle in the Ful-O-Pep Rearing Plan, substantial economies are possible to alert poultrymen, and at the same time he can raise a stronger, healthier bird than by limited feeding.

With Ful-O-Pep Chick Starter and Growing Mash — so exceptionally rich in nutritive value — as a foundation of the Ful-O-Pep plan, poultrymen may complete the growing ration with whole oats and scratch grains, thus saving considerable money.

We believe this to be an important contribution to the practical poultryman's method of operation.
